# Chapter 1: Bus First Sexual Encounter

My neighbor Uncle Zhang Qian used to be one of my father's subordinates. After my father retired from the military, he helped uncle Zhang out. Coupled with Uncle Zhang's smart business sense and his hardworking military habits, his lackluster business made a turn for the better. Just last year he made a gamble and emerged victorious earning over 100 million dollars (\$15 mill US).

Uncle Zhang is a loyal man; perhaps all of the older generation of military are like this. Because he was grateful for my father's aid, he specially bought a flat next door making him our neighbor. Furthermore, he would treat me extremely well, frequently telling me to come play and secretly giving me money.

Zhang Qian is just like his name: his body lacks (qian) something. During the Vietnam War, he was hit by a bullet in the kidney. Nevertheless my father carried him back on his shoulders. Afterward, because the hospital equipment was too bad, he lost his kidney causing his sexual desire to decline. To this day he has no children so he treats me like his son.

Yet it seems like the heavens are fair, Zhang Qian has a gorgeous wife that cannot be found locally. Her name is Xiao Yun Yun. She has pair of dark clear eyes, full soft lips, a delicate nose, smooth slim cheeks, a face that plucks at your heartstrings, a good figure, elegant long legs, ample and round butt, a mature fragrance, full and towering breasts, and fine silky skin, truly a super-hot extraordinary beautiful woman.

Because she's only older than me by 7 years and the fact that I visit her home frequently, we are very close. She often tells me to come play, maybe to read novels maybe to play computer games.

Sister Yun Yun's literature level is very high. I think it's because of her that my Chinese is stronger than my other subjects. Right now she is my school's literature teacher. She teaches our class Chinese literature and Mandarin. At school I call her Miss Xiao but outside of class I call her Sister Yun Yun.

Sister Yun Yun likes to wear very revealing clothes. She likes to wear airy nylon dresses and high heels but mostly low-cut dresses because she feels like that's

the only way to show off her figure. At home she likes to wear skin tight pants and loose T-shirts, usually without underwear. Every time I see her plump butt sway, my 18 cm penis skyrockets up propping a tent.

Uncle Zhang gave Sister Yun Yun a Mercedes Benz but she never drives it to school. She said it would have a bad influence so she would usually ride the bus with me to school. And because I liked to play soccer, she would usually leave school first while I ran to the sports ground. But every time I would come home first and she would leisurely catch up making me really puzzled.

Until one day I found out her secret.

After school finished that day, I got on the bus like I usually did after soccer. At this time it was really crowded. Just getting on, I was pushed along by the crowd and people just kept cramming in. When I finally found my footing, I saw a young married woman dressed in a provocative manner. She wore a pink skin-tight super short dress. The neck-line of her dress went super low and the neck-line along her breasts was a pretty bow. Her back was pretty exposed too but what made me spray blood was that you could see there were no bra lines on her dress. From the looks of it her two huge breasts must be size E!! I couldn't help but take a look at her face.....

Ah! Isn't this Sister Yun Yun! I almost shouted out but I then thought to myself: "Why is she here? Doesn't she usually get on a different bus? Where does she go?"

In the short period I was thinking, I saw Sister Yun Yun's small eyes widen, her white teeth nibbled her lower lip with a pained expression. I about to open my mouth but then I saw a migrant worker a head shorter behind her, digging into her round butt. She kept twisting her butt, her face showing a pained expression. Seeing this caused my blood to boil making my little guy raise up.

I thought to myself: "That dam migrant worker."

Following the flow of the crowd I got to the migrant worker. He gave me an unsatisfied look but after seeing my eyes full of resentment he obediently moved away. I gradually got behind Sister Yun Yun. Like sardines in a can we were squeezed into a corner. Sister Yun Yun's soft body immediately became pressed against mine with not even a crack in front of us. But the people behind still tried

to push forward with all their strength. While being pushed so hard, I enjoyed the sensation of Sister Yun Yun's body

Sister Yun Yun's height is about the same as mine which meant that her butt was right at my crotch level. While being rocked by the swaying of the bus, my cock had long been stuck to her butt, constantly rubbing. It was only separated by her thin clothes letting me feel her nice and warm body.

I gradually rubbed harder parting her two legs and pressing forward. Grabbing her thighs I spread them apart and began cramming my cock between her thighs and my dick could feel her warm and tender flesh.

Unexpectedly she began to rub her butt harder against my cock seeming to enjoy my harassment. My courage gradually grew so my two hands explored forward and placed themselves on her waist. Taking advantages of how crowded it was, I slowly hugged her waist. Wow! It's even more slender than I imagined.

I immediately rocked her waist with my lower body firmly attached to her ass. I gradually increased my fondling and could faintly feel her body trembling. I got bolder step by step. I extended my hands under her short skirt and began to tease her tender skin.....

Under her thin miniskirt, her plump white thighs and butt were indulged by my big hands. I lightly caressed her smooth white butt, slowly rubbing, sometimes pinching hard, sometimes spreading them apart, and sometimes squeezing them together. When I looked at her tender face I saw it was crimson and she was breathing heavily.....

As I explored the sides of her thong, I comforted her tender belly and explored her secret bush. To my surprise it was completely flooded, so I pushed aside her dripping wet underwear and touched her mysterious garden..... Unexpectedly I came across something hard that was making a buzzing sound. Following that, fluid began to unceasingly flow out of her making my whole palm wet. Could it be a vibrator? I didn't expect Sister Yun Yun who was always so dignified and virtuous would have such a lewd side.

"Sister Yun Yun....." I breathed out her name next to her ear.

"Oh..... Xiao Jian..... why is it you..... oh..... oh....." Said Sister Yun Yun with her head half turned.

“Sister Yun Yun..... you butt is so soft. It feels really good.....” I said softly into her ear.

“Xiao Jian..... why is it you..... No.....stop....en.....oh.....” Said Sister Yun Yun as I pressed the vibrator further inside, making her wiggle her ass.

“Sister Yun Yun..... So the reason you come home later than me is because you dress up so sexily and let other people molest you.....” My left hand grabbed the vibrator and turned it on to the highest setting and my right hand went to her butt with my middle finger rubbing her wet asshole.

“Ah..... don’t..... Oh..... Xiao Jian..... I’m your sister..... Oh..... My husband is your Uncle Zhang.....” While saying that she lifted her butt and her asshole squeezed tighter against my finger.

“I can’t..... you’re too sexy..... I love you.....” With my lust surging, I took my penis out of my sports pants and pressed it against her asshole. She had already been wet for a long time so when I pushed my waist in with some force, it went straight in.

“Ah..... in front of so many people.....” Sister Yun Yun let out a faint hum with her teeth biting her sexy red lips and with her slender and nimble body slightly writhing around. My penis could feel her insides tenderly squeezing and contracting so I began to make tiny thrusts. And my right hand grabbed the vibrator and pressed it further inside her with my finger constantly playing with her clit. Once, twice, thrice.....

“Oh..... oh..... oh.....” With those little thrusts, my cock penetrated even deeper inside her. And Sister Yun Yun’s moans became even more unrestrained.

I began to attack her chest ripping off the thin layer of fabric to expose her plump tender breasts that were like hills on her slender body, perfect like her but. My thick fingers came up to knead her breasts.

The vibrator inside her honey cave began to spin making her even wetter. My penis inside her asshole could feel it spinning constantly stroking the tip.

“Sister Yun Yun..... you really are perverted..... when you left you actually stuck a vibrator in your pussy.” The tip of my huge burning rod kept scraping against the walls of her anus.

“Don’t.... Don’t tell Uncle Zhang..... oh.....” Sister Yun Yun’s body kept on writhing, and her raised butt kept pressing hard against my lower body.

“I won’t..... but you’ll have to obediently have sex with me from now on.....” Her ample tender white breasts were deformed in my hands because they were being kneaded like dough.

“Okay..... I will.....” Sister Yun Yun’s eyes slightly opened. Her body made a sudden jolt and she let out a sob like cry. This was because she reached an organism and was cumming.

“Sister Yun Yun..... your asshole is so tight..... and it’s so slippery inside.....” I cleverly used my middle finger to play with her clit and used my thumb to pinch her most sensitive part. Meanwhile the vibrator was pushed further inside her while my cock kept on thrusting into her.

“Don’t.... Don’t say such lewd things.... I can’t stand it.....” Sister Yun Yun’s asshole began to clamp even tighter on my penis and because of the vibrator, nectar came flooding out of the flower in front.

“But your butt is so elastic..... I really want to thrust violently.....” While saying that I grabbed her waist and thrust hard into her.

“Ah..... you can’t..... there’s too many people here.....” Her head was on my shoulder and her cheeks were flushed as she panted into my ear.

“To have my penis inside your asshole in front of so many people..... you sure must be excited!” My thick penis kept on entering and exiting her. My middle finger squeezed her swollen clit.

“Hmm..... it feels too good..... so thick..... Your penis is so thick.....” Sister Yun Yun’s butt desperately moved back against my penis, her breasts rubbing against the bus walls.

“Sister Yun Yun..... tell me you want it.....”

“No..... I won’t..... I.....won’t say that.....”

“Say it.....! Sister Yun Yun.....” My thick cock suddenly went all the way in.

“Ah..... I’ll say it..... I’ll say it..... I want your penis..... I want it inside me.....”

“A little sexier.....”

“Spare me..... I..... I can't say it.....”

“If you won't say it..... Sister Yun Yun.....”

I thrust my scorching penis deep inside her. Then I slowly rubbed it menacing inside her only to suddenly pull out.

“Don't..... ah.....I'll say it.....”

“Come..... Say it into my ears.....”

“Fuck..... Fuck me..... Fuck me with all your strength.....”

“Keep going.....”

“Fuck me..... Fuck me in the pussy..... Baby..... fuck me to death.....”

Sister Yun Yun breathed heavily into my ears. I cleverly used my body to block other people's line of sight and began to suck on her earlobe and her neck.

“What do you want me to fuck you with?”

“Your..... ah..... your penis!”

“Say dick!”

“Your dick..... Ah..... your dick.....”

“What about my dick..... Sister Yun Yun.”

“Your huge dick..... you huge thick dick..... Sister loves your huge thick dick.....”

“My dick..... how is it compared to your husband? Sister Yun Yun.....”

“Your.....ah..... Your dick is even bigger..... Even coarser..... It feels even better than his..... ah.....”

Even I couldn't handle this kind of stimulation, I began to indulge in my lust and finally came in her asshole. Her body shuddered as she did all she could to hold in her moans and I could clearly feel her anus contract against my penis almost squeezing it off. I pressed against her from behind and enjoyed this otherworldly pleasure.

When I took my cock out, it still wasn't completely soft so it was like a removing a cork from a bottle. From where we were connected there was a

slight “pop” and her asshole quivered.

Some white cum flowed out of her anus so I extended my finger into her asshole and get a whole handful of cum in my palms. Then I extended my hand to Sister Yun Yun’s panting mouth. She extended her cherry like tongue and lightly lapped my semen.

“Sister Yun Yun, did it feel good? How does my cum taste?”

“En, it felt good. Your cum is delicious!” She said while lapping up my cum.

I helped her get off the bus.....

## Chapter 2: Swelling Tieguanyin Tea

After that incident on the bus, I discovered Sister Yun Yun's obscene side and my life greatly changed after that. From then on I would frequently come to her house but Uncle Zhang did not notice anything. He was long accustomed to this because my parents were always super busy. Hence, I would eat breakfast, lunch, and dinner at their house and only go home to sleep.

Because Uncle Zhang's business was doing well, he didn't need to rush to work every day. He would often go fishing or sometimes go count how much money he made. A majority of his time was spent at home writing. When he was young he loved literature but because of the chaos of war he had to give up his dream. But right now he had time and money so he picked up the pen again.

Yet because I was a perverted little bastard, I would often molest Sister Yun Yun while he was nearby. For instance, while we were eating my hand explored below and stroked Sister Yun Yun's soft thighs. While Sister Yun Yun leaned forward and poured tea for Uncle Zhang, I would secretly stand behind her and play with her asshole causing her lewd fluids to gush out, and every time my whole hand would get wet.

Today after eating dinner, Uncle Zhang like usual went to the living room to watch the news and I went to help Sister Yun Yun put away the tableware. Today she wore a tight one piece dress where you could see traces of a thong and it was so tight that you could see the fullness and curve of her butt easily. As for in front, you could see the shape of her clit sticking out.

Her 36E breasts were wrapped so tightly by her clothes that you could see her nipples through her bra. While she walked, her butt would sway left and right causing my blood to boil. Instantly I became very bold, walked behind her and pressed my hard penis against her soft butt, and my hands climbed up to her smooth and round plump breasts.

"Ah..... Xiao Jian..... you can't..... Your Uncle Zhang is right there....." Said Sister Yun Yun with her head half turned in a seductive manner.

"No..... I can't stop..... Who told you to wear such sexy clothes....." While

saying that my long penis squeezed between her thighs and stopped at her pussy. Using my thumb and finger I pinched her nipples and played with her breasts. The side of the kitchen facing the living room only had a transparent sliding door between and a waist level sink. In other words, if Uncle Zhang turned around right now, he would see his wife being shamelessly violated. It was too exciting!

My hands went to the sides of her clothes and explored in. I indulged in her beautiful and large breasts while pinching her delicate and unprotected nipples. Her rich and flexible breasts kept on getting kneaded by me, making her nipples hard.

I violently rubbed her chest like a wild beast making Sister Yun Yun's originally plump breasts into an even bigger size. My lips sucked on her neck and ears while one hand continuing to ravage her breast and the other rubbing her down below.

As my finger slid down from her belly, I separated her tight pants and squeezed my finger into her plump pussy. Stroking the tip I began to explore her soft insides. With my thumb on her tip I used the remaining fingers to torment her depths. Under her thin clothes, her honey lips had to endure the shameful erotic play. And taking this chance I used my swelling rod and rubbed it against her honey cave through the thin layer of cloth.

"Hmm..... En....." Sister Yun Yun's body faintly trembled. She shut her eyes, and desperately bit her lower lip doing all she could to hold back her moans. Yet she kept on pressing her butt against me.

I also couldn't stand it so I pressed her head down to my crotch and pulled my zipper down. She took out my penis and put the whole thing into her beautiful lips. Her mouth sucked hard and she began to move her head up and down.

"Slurp.....slurp....." From Sister Yun Yun's mouth an erotic sound kept on coming out.

I took out my shiny wet penis and rubbed the tip clockwise against her smooth red lips. She extended her tongue and I slapped my penis against it making a "Pa.....Pa....." sound.

After rubbing it against her tongue, I slapped it against smooth and slender

cheeks, once, twice, thrice.....

“So..... so thick..... Give it to me.....” Sister Yun Yun grabbed my penis and pouted her two wet lips. She swallowed the whole thing, getting carried away with sucking.

In a moment she licked down the shaft and began to suck on my testicles. Alternating between the left and right her beautiful eyes glanced at me. Her mouth kept on letting out spit making the tip of my penis shiny under the light.

“Xiao Jian! Tell your sister Yun Yun to rinse a tea cup. Ah! Yun Yun?” Said Uncle Zhang as he turned his head to face me.

Hearing this caused my heart to jump to my throat. Fortunately between us was a waist level sink blocking his view. I quickly crouched lower and pretended to wash the dishes: “She..... She probably went back to her room..... I’ll rinse one for you.”

“Fine then, I want Tieguanyin tea. Xiao Jian! Next week Sister Yun Yun and I are going to my new beach house to play. Can you tell your parents to come too?” Uncle Zhang continued to speak.

“Okay..... Okay.....!” I nervously replied. Uncle Zhang was completely oblivious to the fact that his glamorous wife was kneeling before me and sucking on my penis. This made her really excited causing her to move faster up and down, indifferently sucking on my penis.

“Then tell your father when he comes back tonight!” Shouted Uncle Zhang with some spittle flying towards me.

“Got..... Got it..... Uncle Zhang do you want a small cup or a big cup.....” I said flustered as I tried to find a tea cup. Sister Yun Yun lewdly played with my penis, grabbing it and rubbing it against her pretty face. Her nimble tongue kept on spinning on the tip.

“A big cup, don’t put too many leaves, tieguanyin Tea leaves swell a lot.” Said Uncle Zhang as he took the remote and changed the channel.

“My little guy below is also swelling a lot.....” I lowered my head and mumbled to myself. My hand explored down and grabbed her breasts pinching her nipples and then shamelessly rubbing her breasts. Using my toe to rub against her

stamen a burst of honey juice came pouring out on my toe through her thin clothes.

“En..... oh.....” While Sister Yun Yun sucked on my penis she let out an obscene hum.

“Your..... penis is so coarse..... hmmm..... the tip is so big..... Sister loves it..... hmm.....” Sister Yun Yun’s tongue licked my whole shaft from the bottom to the top. Although she couldn’t take the whole thing in her mouth, she spared no effort and swallowed as much as she could as she moved her head up and down. Her fingers left my balls and began to scratch my thighs.

Sister Yun Yun opened her beautiful cherry mouth, and sucked the tip while her two hands fondled my balls. Then she removed the tip from her mouth and once again wrapped it around with her tongue. Her left hand furiously stroked my dick causing white liquid to overflow from the tip. She used the tip of her tongue to tease the opening and nibbled the head with her teeth. Both hands on my balls kept on gently fondling.

Seeing Sister Yun Yun’s infatuated look, I finally couldn’t bear it and felt a urge below. Intense pleasure from the tip went through my whole body. She apparently could also tell I was about to cum so she placed her lips on my penis and sucked hard. The cum that I had saved up exploded out into Sister Yun Yun’s mouth attacking me with a intense pleasure. I kept on cumming for 20 seconds yet Sister Yun Yun never stopped sucking. I could hear a “gulp.....gulp.....” where she swallowed everything.

While wiping her mouth and sucking the residue semen off her fingers she stood up. I grabbed her pretty face and wanted to give her a kiss but she pointed to the Uncle Zhang in the living room and made a “hush” sign with one finger to her lips. After considering for a moment she kissed me on the cheek and like a rabbit she gracefully sneaked back into her room. After arranging my clothes I poured a cup of tieguanyin tea and brought it to the living room.....

## Chapter 3: Bumping on the muddy road

One night, my father mysteriously pulled me into a room. He said to me: “Jian, you are already 18 years old, I think it’s time to talk to you about some things.”

“What things?” I asked a bit puzzled.

“You know, the kidney is where the blood essence of a man is located. Because of the genetics of our family, we have the best kidneys. And ten years ago, we had you go through a comprehensive examination and found out that yours was the strongest in our past ten generations. Your kidney does the work of ten people.

But this is not entirely a good thing. Because the body can have too much sperm, it can have adverse effects which may lead to impotence. So I hope that you frequently discharge your sperm no matter what way. And because you have so much sperm inside you, your ejaculation time will be longer, and the strength would also increase. Generally between 20-40 seconds, I hope you don’t mind.”

“I, I got it.” I answered in surprise.

“It turns out my family had such a secret. I guess I’ll look for Sister Yun Yun more often then, haha!!!” I thought quite pleased.

Today is Saturday, Uncle Zhang invited us to his newly built seaside resort to play. I got up early and went to the stadium to play soccer with my friends. Then went home round 8:10 to see that my cousin was home. Mom said aunty is working overtime today so we had to bring our cousins. Grunting in response I ran to take a shower. After showering I saw my parents packing clean clothes so I first went downstairs to wait for them.

Just after walking downstairs I saw Sister Yun Yun in the distance. Today she was wearing a purple strapped dress and just walking would cause her two breasts to shake. Her flat belly was without a trace of fat and her soft skirt barely concealed her plump round butt. Under her feet were a pair of purple high heel sandals. Seeing me she smiled and walked towards me.

“Xiao Jian, I bought youtiao and soy milk. Do you want it?” Sister Yun Yun

revealed her white teeth and her eyes squinted into crescent moons.

“I want to give you my soy milk to drink.....” I said close to her ear.

“You’re so naughty.....” Sister Yun Yun patted my arm revealing her charming little dimples.

A while later, Uncle Zhang, my parents, and my cousin came down. Because the ride would take about an hour, Uncle Zhang told everyone to chat and have a good time and he told my dad not to drive. As we all sat in the car, Dad took shotgun, while mom, my cousin, and I sat in the back leaving no room for Sister Yun Yun. Dad told me to lean back and make room for Sister Yun Yun to sit in front of me so they can set off so I spread my legs and made room. Then Sister Yun Yun sat down in between my legs.

The car began to move. Seeing so many people in the car, Sister Yun Yun sat up straight and didn’t dare lean back. Since we were going to the beach, I wore very thin beach shorts and my big thighs constantly rubbed against Sister Yun Yun’s smooth and delicate thighs. In front of my eyes was her white neck and round earlobes. Wrapped in a purple layer of cotton in front were her faintly exposed breasts.

My hands became restless. My right hand gently supported her narrow waist, while my left hand removed the thin layer of cloth across her chest and gently stroked her breasts from a hidden spot. My fingertips stroked her nipples in a circle gradually feeling it harden. Pushing my lower body forward I crammed my penis against her plump butt sandwiching against the two and constantly rubbed. Sister Yun Yun’s whole face soon became crimson and she was short on breath. She couldn’t sit still and her whole body leaned against mine. Her ass constantly rubbing against my penis.

As the car began driving on the highway, my Mom and cousin gradually begin to drift off into sleep, while my dad in front chatted with Uncle Zhang in a low voice. I continued to molest the glamorous and beautiful woman in front of me. My face got close to her neck and I began to suck on her earlobe. My left index and middle finger pinched and twirled her nipple making her lactate. And my right hand went down to her fragrant meadow.

My rough fingers rubbed against her tender flesh and my fingernails lightly

scraped her insides. Then I pulled her honey lips up humiliating and kneading them. Then my thick fingers suddenly squeezed into her honey lips in a sneak attack.

Sister Yun Yun's stomach twitched involuntarily. My fingers continued to stir her insides and her pure petals gradually succumbed to my abuse as nectar began to seep out.

"Ah....." Yun Yun's mouth let out a hoarse sob, her whole body excited.

I pulled out my burning stick and raised her butt. I could see her thong pressing against her delicate buds. My hot and strong penis became soaked as I rubbed it against her thong. Rubbing against her too hard I caused her buds to twitch involuntarily.

"Ah..... I didn't expect you to be so obscene....." Said Sister Yun Yun as she bit her lips and almost cried out.

My naked penis pressed against her equally naked petals. Then my burning stick squeezed into the small opening of her thong and easily pushed aside her tender honey lips filling up her delicate honey cave. As it went in, there was a soft "puchi" sound. And her elastic thongs wrapped around my penis so that it would be more firmly stuck to her flower lips.

"Woo..... oh....." At that moment, Sister Yun Yun let out a sad cry from the depths of her throat. She curved her back elegantly like a bow and my penis which just went inside moved out as I began regularly thrusting.

Her tight honey hole was completely filled. My iron hard penis forcibly pounded her insides suddenly attacking her peaceful womb. My hands hugged her waist driving her lovely body down into my penis as it penetrated her. My thick and sturdy shaft expanded her insides to the limit as the car jolted heavily.

"Woo....." Sister Yun Yun whimpered with a deep breath. The charming white skin on her face was already dyed red and she was like a delicate pearl shuddering. From her lower abdomen to her waist there was an unnatural jitter.

From below came a "Puchi." It was the sound of my cock thrusting into her tender cave. Mixed with the sound was a "jiji" that came from the excessive amounts of fluid spraying out of her. From the deepest parts of her vagina the

sound of spurting could also be heard as I keep on thrusting into her. It was with such force that she almost couldn't breathe causing her face to swell red and her mouth to be an O.

At this time, Uncle Zhang saw Sister Yun Yun's chest heaving in the rearview mirror with her face sweating so he quickly asked: "Yun Yun, what's wrong?"

"There's..... nothing..... I'm just a little carsick....." She gasped out with her cheeks crimson. Under her skirt, her tender cave wrapped around my penis nervously and constantly wriggled because my strong bulging cock kept on rising and pulling back, teasing her flower.

"There are still 10 more minutes, the road section in front still hasn't been fixed and is a little difficult to walk on so try to endure it." Saying that Uncle Zhang turned his gaze back to the front.

"Okay..... I will try to endure it." Sister Yun Yun's charming eyes locked up.

As the car approached the broken road, the car began to bump and Sister Yun Yun lost control of her body as it jumped up and down causing her pussy to rub against my rod in a high frequency. With my iron bar constantly rubbing against her flesh it let out layer upon layer of wet white fluid as it was pounded again and again by my cock.

Sister Yun Yun's mind became almost fuzzy and her pink pussy started to twitch irregularly as she fell into my embrace

Her plump butt helplessly pounding against my penis with every bump on the road making a "papa" sound.

"Woo..... oh..... so stimulating..... I can't bear it..... I'm going to die" Whispered Sister Yun Yun incoherently with her sexy lips and her head on my shoulders.

Because my meat stem was wrapped layer by layer by Sister Yun Yun's vagina, her contractions kept on stimulating the head of my penis. And her butt constantly slapped against my testicles.

Following that I raised her round but and pulled my white coated cock out and rubbed it in an exaggerated circle against her labia. But her pussy stubbornly refused for my penis to leave so I helplessly let a road bump firmly drop her butt onto my penis as it also obediently forced upward up into her womb. In a

release, a surge of heat shot out of her cervix but it was plugged by my meat pillar causing nothing to leak out.

“Woo..... ah..... Oh my god.....” Never having felt such a wild and satisfying experience before, she was swallowed up in pleasure shuddering as she sat on my iron rod.

I slowly lifted her but with a lot of strength and then suddenly let go causing her insides to slide hard down on my rod. At the same time her insides contracted spraying out an obscene fluid as my cock submerged into her with the tip of my penis once again engulfed by her womb.

“I..... I can't stand it..... woo..... I want to scream..... woo.....” Breathed Sister Yun Yun out with her sexy lips and head on my shoulder.

Before letting her thin tender body savor her climax, I began thrusting into her along with the road pumps and pounded against her womb letting her body which was already at the peak fly to another intense peak as she tried to suppress her charming moans.

She tried choking back her moans: “Good..... so deep ah..... insert..... insert it into the top..... oh..... ah..... I..... It's so swollen inside..... oh..... Oh..... thick..... so thick..... Why am I cumming again..... I'm cumming again..... oh ..... oh ..... I can't stand it anymore..... oh woo..... oh..... I'm cumming..... cumming ..... woo..... ah..... Ah.....”

Sister Yun Yun kept on trembling with her pussy tightly locked on my cock. Her sex fluids kept on flowing out against the tip of my penis. I also couldn't help but clench my lowly body and finish violently. “Puff” a portion hot sperm went into her pussy and some went into her eagerly waiting womb. Then it quickly and continuous began to fill her insides with her vagina spraying at the same time. The two fluids combed at where they were connected unceasing squeezing out.....

# Chapter 4: Bedroom Spring Scenery

## Chapter 4

### Bedroom Spring Scenery

---

Evening, we returned from the resort. Uncle went to park the car, I went to the first floor together with Sister Yunyun.

I opened the door, turning on the chandelier, Sister Yunyun was charmingly standing beside the door.

I suddenly held Sister Yunyun pulling her towards my body, my both hands gathering on Sister Yunyun's fine and tender waist: [Were you comfortable on the car? Or else we can have another round ... ...]

Sister Yunyun pressed my forehead with her finger: [Are you insane? Quickly let go, your uncle's still at downstairs] I firmly held Sister Yunyun, moving my mouth closer, Sister Yunyun also didn't resist, in flash the two persons tongues glued together wrapping around each other.

I impatiently pushed her on top of the sofa, one side feverishly kissing her rosy and alluring mouth, one side roughly pulling down the back zipper of Sister Yunyun's dress, stripping off the silk dress from on top of her bosom, then lifting her skirt, immediately only a woman's black bra remained on the bosom while a section of female clothing gathered at her waist, at present that snow white body was exposed in front of a man. That mature exquisite and well developed body seemed to have even more enticing power under the golden lighting.

Sister Yunyun [Aah ... ...] lightly called out, hesitating and timidly struggled a little : [Won't do, don't, don't aah ... ...] that black bra was unable to bind those well developed round and erect jade breasts, more than half of those fair breasts were exposed outside, her thin waist drew itself inside the silk dress, exposing her two slender and smooth thighs, a very thin black panties, completely unable

to hide her protruding plump and swelling pussy, faintly showing a group of messy black pubic hair.

This special circumstance made my lust surge up, tearing open Yunyun's bra, my big mouth sucked on her right breast, sucking very hard, my left hand fondled her other fair breast, from time to time using my finger to fondle her gradually stiffening nipple, my right hand entered deep inside those pitiful panties, fiddling with her two well-rounded thin and soft labia.

[Aah ... .. aah ... don't aah ... .. how can ... ..] Yunyun struggled fiercely. However, she knew, every time I seized the opportunity forcing myself on her, she is unable to resist and finally surrenders. Only, having sex at home, moreover her husband downstairs could come up at any time, just in case she was caught she would have no choice to face the person!

But I didn't think much, if only my increasing lust is satisfied, then the rest of the matters are unrelated. I forcefully sucked Yunyun's lovely rising nipple, discovering her cave mouth become moist very quickly, I simply bent my two fingers, pushing those soft labia aside, stirring the sexual secretions inside her flesh hole. Immediately a [Guji guji] sound of liquid came from her pussy.

Yunyun [Aah ... .. aah ... ..] called out, her charming face became red, already renouncing to resist, feeling her desire quickly rise, her nipple stiffly swelled up, wishing for me to suck more forcefully, meeting with me smearing all over that place, gleaming liquid flowed out of her limp and numb flesh hole. I couldn't endure anymore, my cock rose up becoming hard arising an urgent need to vent out inside me.

I quickly pulled open my pants, stripping down the underpants along with my pants down to my legs, my thick and dark cock stood erect.[Yunyun, I think I'll die, today I'll ascend to heaven while holding you!] Saying this, I profoundly glanced towards the group photo of Yunyun and Uncle on the wall, after my cock became upright, straightening my waist, I inserted that coarse and long cock inside the tight and narrow vagina of a woman.

[Aah ... .. very big, my ... .. Xiao Jian ... .. Aah ... ..]

Yunyun moaned loudly on the sofa, her ample breasts swayed intensely along with the violent thrusting, every time I entered into her womb, Yunyun wasn't

able to bear anymore, incessantly giving out lovely moans. My big hands incessantly fondled her swaying breasts, my cock striding down forcefully thrusting causing sexual secretions to unceasingly flow out of that pussy, those two fertile and tender labia turned over inside due to the intense thrusting, revealing a plump and bright scarlet, sexual secretions flowed along her thigh from the vagina, making a portion of the sofa moist.

[Aah ... .. aah ... .. Xiao Jian ... .. aah ... .. aah ... ..don't be forceful like that ... .. I'll be drilled to death by you ... .. aah ... ..] The intense thrusting made Yunyun's lewd nature erupt out, her two legs closely wound against my waist, her well developed butt swayed matching my thrusting, her both hands hugged my shoulders, her charming face swinging left and right on the sofa, lascivious yelling incessantly issued from her attractive mouth. I speed up my thrusting rhythm, rushing left and right, going up and down, every time giving rise to Yunyun's unrestrained shouts.

[Aah ... .. pleasurable ... .. I feel extremely pleasurable ... .. Xiao Jian ... .. I ... .. I ... .. Yunyun has lost ... .. aah ... ..]

Along with her vagina's contracting, a blazing flood poured towards my cock from her womb depths, striding down Yunyun made her reach her first orgasm, but I still didn't ejaculate, my cock still rigid, soaking within the warm sexual secretions from Yunyun's orgasm, sensing that a the contractions of a woman's womb had a rhythm just like breathing and drinking.

After waiting till Yuyun caught her breath, I held Yunyun raising her, walking towards the living room table, releasing Yunyun on top of the brown shiny big table. Yunyun who just experienced an orgasm looked at me who seemed hysterical. her face frightened.

I released Yunyun, and began another round of thrusting, one side watching Yunyun's crotch while she moaned quietly, one side proudly seeing the newspaper on top of the table getting wrinkled due to being squeezed by Yunyun's naked body, my cock once again became coarse and hard, crazily going in and out of Yunyun's moist and dripping pussy, each time giving rise to a wave of sexual secretions.

Yunyun [Aah ... .. aah ... ..] crazily moved around, a portion of limpness

spreading all over her body from the place two persons have sex.

I felt a wave of elation, feeling very pleasurable, again suddenly raising and suspending the lewdly clamoring Yunyun on my body, I strolled around the living room, holding Yunyun and going towards Uncle's bedroom. I stood in front of the bed, looking around, unexpectedly finding a big stereoscopic mirror in a corner, with a couple of male-female's figure's using crazy stances to have sex. I waded in front of the big mirror, letting Yunyun face the mirror, my cock standing erect, looking at Yunyun's mellow butt incessantly swaying and trembling at my bumping.

Yunyun tightly held my neck enjoying incomparable pleasure, suddenly looking at her complete lewd appearance within the mirror, she climbed on top of my body moving and moaning, her shy two hands rigidly pressing on my shoulders, her face was red with shame, not daring to lift her head, merely the pleasure obtained from her lower body made her mouth give out unceasing faint moans.

I held Yunyun's well developed satiny buttocks recklessly thrusting, feeling a wave of essence bubble up, walking near the bedside, I pulled up Yunyun on top of the bed who was engrossed within the lewd sex wave, pressing her delicate shoulder, my mouth went down to suck her soft breast, continuing the wave of fierce piercing at her crotch, immediately delivering the already limp Yunyun to her peak orgasm.

Yunyun faintly panted, her fragrant sweat pouring down, her jade head looked up, her dark beautiful hair scattered around, with a very flirtatious appearance on her face, her eyebrows slightly knit, her ruby-lipped mouth issuing heart and soul shaking lovely moans, her perfectly round butt fiercely swaying, taking the initiative to cater to my violently thrusting cock.

[Aah ... ..finished at last ... .. I almost died ... .. aah ... .. aah ... .. you're going to fuck me to my death]

I pulled out my cock, my cock was covered in sexual secretions, shining under the lighting. Stepping forward, I held my cock inserting it[ aah ... .. aah ... ..] within her mouth, descending till the apex of the throat, my big hands fixed around Yunyun's swaying and struggling head, my cock recklessly thrashed inside her soft and moistened slippery mouth.

Her mouth swelled up, Yunyun was unable to struggle, also unable to make a sound, only her charming face was very red due to being stifled, brows tightly knitting, fragrant sweat dripping down. I roared, a huge uncontrollable portion of semen ejaculating out, most of it directly shooting inside Yunyun's throat, when my cock left Yunyun's mouth, semen flowed out of her mouth along with her saliva, a strong beginning of spring floating on her hazy expression, this appearance made me feel incomparably refreshed and satisfied.

In a moment, the sound of a door opening came from the living room, I and Yunyun quickly arranged our clothes properly, leaving the room, just looking at Uncle entering inside, escaping a calamity through this daunting experience.

### Wreaking Havoc At The Windy Moonless Beach Shore

---

Time passed by very quickly, in a flash winter had arrived. Today evening, my stomach was making noises due to hunger, father and mother were at work doing overtime, so I went to Uncle Zhang's home to find something to fill my stomach. Sister Yunyun opened the door.

[Ah, Xiao Jian, it's you, I was just going to find you, your Uncle Zhang had to accompany an important client tonight, and he might return very late, did you eat your meal? Or else we can go out to eat.]

Sister Yunyun was wearing a pink colour cotton gown, but it was still unable to hide her impressive body, a beautiful curve rose under the gown showing her perfectly round buttocks, her beautiful rolled up hair made her face lovelier.

[Ah, good, then I'll wait till you change your clothes.] I placed my hand on her butt and went inside.

[Little pervert ... ..you mustn't be like this ... ..] She swayed her butt left and right thinking of throwing off my hand.

I went inside the living room and waited for Sister Yunyun to change her clothes. A woman dressing up was a really troublesome matter, after going in; perhaps she may not come out for half an hour. I turned on the TV, holding a cigarette, trying to pass these helpless 3600 seconds.

Second by second, time passed by, I lifted my left hand to look at the wrist watch, the pointer was motionless, I shook my hand, but there was no result, I

lowered my head and laughed, recalling a stage dialog from Heibing: [There are three embarrassing moments for a man, pushing a car, throwing a fountain pen, shaking the wrist watch on his hand.] I untied the watchband, throwing away the wrist watch in the trash can.

[Fortunately I'm still a boy and still haven't completely become a man.] I muttered to myself, looking at the wall clock, it was exactly 8'o clock.

[Hehe ... .. You aren't a boy anymore.] Sister Yunyun's voice came from behind.

I thought of replying and turned back, however my eyes were shocked, my mouth opened wide, not knowing what to say. She was wearing a black sleeveless cheong sam\*, a black cloth was draped her neck, extending down to her bosom, her erect plump breasts were standing upright under the black flexible cloth, with two points sticking out on the summit. Her smooth back and shoulders, as well as her soft willow like arms were exposed outside, an open fork extended till her waist at the side of the skirt, exposing her snow-white and slender thigh, her perfectly round and ample butt was sticking up at an unimaginable angle, and her fine waist took the shape of a tempting curve ... .. After I looked once, flames spurted up inside my eyes.

*\*TLN: Cheongsam: A Chinese dress ... So Yunyun was probably wearing something like this : [Black Sleeveless Cheongsam](#)*

[How, aren't I pretty?] Sister Yunyun stood there elegantly while crossing her legs, her pink lips slightly rising up.

[Elegant ... .. pretty ... .. extremely pretty ... ..] I gazed towards her, barely squeezing out a few words.

[En, its fine if it's pretty, its cold outside, wear this overcoat, it's your Uncle Zhang's.] Sister Yunyun happily gave the overcoat to me; those dimples beside her lips were very beautiful.

I wore the overcoat, and went out hugging this beautiful and alluring rarity. Sitting in her Benz, we left to eat seafood at a pretty good beach restaurant.

Entering inside the seafood store, I continuously found people stealing glances at Sister Yunyun, the shoulders of the little brother who was holding the pen and

paper were trembling, his eyes desperately looking at her chest.

After I stared at him, he tactfully withdrew. My arm continued to hug Sister Yunyun as we went inside, her perfectly round breasts closely squeezed my arm, and how was her bosom so flexible today? That fluttering sensation couldn't be explained in words.

After eating the food, I proposed to take a stroll around the shore; Sister Yunyun said we had to return home by 12'o clock, as Uncle Zhang could return by then. I took out my cell phone and showed that it was 11:30; she simply pulled my hand and agreed. We followed the beach railing and walked around, stopping at a region, standing beside an obstructed path, we looked towards the boundless sea.

Sister Yunyun's elbow pressed against the beach railing, the sea breeze lightly caressed her long rolled up hair, smearing them against her lips. Her plump lips seemed moist and smooth, the place where her thighs intersected was exposed, her ample breasts and butt were upright, following her shoulder making a devilish S curve, her whole body distributing an endless charm.

Sister Yunyun said it was a little cold, without saying anything else I directly embraced her in my arms, untying the overcoat button, surrounding her with it. My hands restlessly detained her fine willow waist, caressing her perfect underbelly, my body pressed against her plump butt from behind, my hard and burning cock stood against her plump butt.

[Aah ... .. little pervert ... ..] Sister Yunyun made a lovely stance, separating her crossed thighs.

I extended my tongue and in turns teased her below the neck and her ear's edge, my pair of lips continuously kissed her soft and smooth skin, and my big hand vigorously caresses her underbelly. My other hand supported her perfectly round breast, crudely pressing my palm against the protruding nipple on her breast, kneading it. My rough and long cock separated her long dress comforting her flexible and plump butt cheeks.

Many people walked past us, but the spacious overcoat surrounded us, so no one could sense the indecent action going on under our clothes.

[Aah ... .. Xiao Jian ... .. don't ... .. there are many people ... .. aah ... .. very

thick ... ...] Sister Yunyun shyly moved her body, her breathing became rushed.

I pulled down the zipper, fishing out my \*hyperaemic fiery rod and pushed it against the place between her plump butt cheeks, my hands barged insider her clothes from both sides, grasping her swollen breasts and fondled them.

*\*TLN: Hyperaemic: Blood congested*

[Aah ... ... Xiao Jian ... ... don't ... ...] Sister Yunyun's two earlobes blushed like a teenage girl, making a charming appearance. I took out a condom I bought the other day from my pocket, covering it, because I didn't like the forceful feeling of my glans penis swelling up, so I covered it till the head. I felt it cover my 5 cm diameter huge monster, and then I pulled Sister Yunyun's hand and made her hold my thick cock.

[Aaah ... ... if you insert this inside me, I'll die ... ... don't ... ...] However Sister Yunyun's hand didn't leave my cock, continuously caressing it.

I pushed open her cheong sam from the side fork, exposing her red T-shaped lace panties, my big glans penis pushed against the honey cave entrance under her panties, becoming erect due to the lewd liquids secreting out of her. That mushroom head was effortlessly forced inside the lips under the panties, squeezing the glans penis inside it, the cave walls inside her petal lips supported it, that meat rod rubbed against her labia's petal lips, which were already wet due to the lewd liquid secreting out of her pussy.

[Aah ... ... It went inside from under the panties ... ... oh ... ...] Sister Yunyun's lovely body continuously shuddered, her breathing became heavy, and she tightly bit her lips.

My penis directly pressed against Sister Yunyun's blooming honey lips, turning her waist slightly; my thick cock teased her honey lips through her thin silk panties. My hands clawed deep inside her flexible and ample butt cheeks, pulling them apart and releasing them.

Sister Yunyun's breathing became rushed, her whole face was red, lowering her head, she exposed her snow-white neck, and her sexy butt was revolving around with my caressing glans penis, like it was looking forward to my next step. I raised her plump and sticking up butt, my thick and hard penis moved forward, the apex of that hot and hard glans penis broke into her vagina's abyss,

1 inch, 2 inch ... ..

The thin thong belt sank deeply between the tender butt cheeks, crowding at her small anus, my burning hot cock continued to go inside, the rubber sticking on my body rubbed against her tender flesh, at this time a *[si] sound was released*, the soft lace panties were torn by my glans penis; my cock didn't receive any other hindrance. *[pu chi]* that 18mm fiery rod pierced in, my underbelly slapped against her sticking up butt, issuing a *[pa] sound*.

[Aah ... .. it reached my flower bud ... ..]

Lovely calls continuously came out of Sister Yunyun's mouth, her body bent back a bit, leaning her head on top of my shoulder, her sexy lips faintly breathing near my ear.

I pressed my lips on her soft red lips, exploring my long tongue inside her mouth; she also extended her tongue and responded to my tongue. I grabbed the hair on the back of her head, sucking her lovely tongue, sucking her plump lower lip, again releasing it, again sucking her stretched out tongue, my penis began to thrust following a rhythm, thick milky white lewd liquids unceasingly came out of her pussy.

[Wu ... .. aah oh ... .. grr .. .. wu ... ..] Sister Yunyun crazily sucked my tongue, unceasingly swallowing my saliva. Her body was unable to bear my thick cock and slightly raised itself standing on tiptoe.

I departed her lips, sucking down her snow-white neck, sucking down the whole journey down her fragrant shoulder, fiercely licking at her bright and clean armpit.

[Aah ... .. wu ... .. Xiao Jian ... .. don't ... .. we'll be discovered ... .. wu ... ..] Sister Yunyun's breathing gradually became more rushed; a flustered expression was exposed on top of her face.

I let go of her arm, recovering the position of inserting from behind, my body closely stuck against her supple body, my hand moved the black flexible cloth between her breasts, exposing her westerner like plump breasts, the flexible and elastic cloth crowded into a black thread between her breasts, I moved on her honey breast, wreaking havoc at her indefensible breast, unceasingly fondling her flexible bosom, the points on her breasts protruded out more becoming

similar to cherries.

[Oh ... .. aah ... ..] Sister Yunyun issued an impatient breath, her cheeks became rosier, and her bosom moved up and down along with my fondling, her graceful small waist unconsciously rose up.

I extended my finger to caress that hyperaemic and lovely erect flower bud, my thick cock was tightly filling her small honey cave, continuously moving and swelling, those two honey lips closely pressed towards the cave entrance, the tender flesh covered with lewd liquids inside her honey cave clamped my dick while rubbing against it, my another finger tormented her ass which was soaked in lewd liquids long ago.

[Aah ... .. don't ... .. don't play so sexily with me ... ..] Sister Yunyun softly moaned near my ear with a flushed red face, a fragrant air came out of her sexy red-lipped mouth, honey juice seeped out of her pure flower bud.

Sister Yunyun's face became feverish; she made a great effort to hide her pleasant moan, my hands rubbed against her clitoris and anus as I pierced inside her tempting and lovely body. My cock penetrated deep inside her vagina, my swollen pillar was tightly wrapped around by her flesh walls which were expanded to their limits.

[Oh ... .. wu ... .. oh ... .. very intense ... ..] Sister Yunyun's breathing sound rose and fell, her devilish sort of lovely snow white naked body also trembled due to the pleasure at her pussy.

My hand raised her butt, my middle finger caressed her anus and slightly exerted itself at her smooth anus covered with lewd liquids, 1st joint, 2nd joint, 3rd joint ... .. gradually her lovely and tender chrysanthemum hole engulfed it completely, my finger went in and out while rotating, matching my cock thrusting inside her pussy,.

[Aaah ... .. inserting in my two holes at the same time ... ..] Sister Yunyun's body became limp; a wave of intense pleasure hit her lower body, weakening her nerves.

[Sister Yunyun ... .. I like playing with you like this ... ..] I moved my mouth near her ear and released a deep breath.

[Aah ... .. don't .... .. I mustn't speak out ... ..] Her body trembled unnaturally, tightly puckering her lips, issuing out a low breath, while revealing a shy appearance.

I squeezed my cock down till her flower bud, along with my cock's thrusting, the colloidal liquids on my body unceasingly rubbed against her cherry red flower bud. I caressed her face cheek, while ruthlessly slapping my lower body at her butts.

[Speak or not speak aah ... come ... look ... I ... .. I like playing with you like this ... ..]

[Oh ... li ... like ... wu ... I also like you playing with me like this ... ..] Sister Yunyun locked her brows, small beads of sweat seeped out of her crimson cheek, while opening and closing her moist lips, she revealed her lustful voice and expression, and her perfectly round buttocks moved unceasingly matching my thrusting.

[Sister Yunyun .... .. your turn to put on a good show aah ... ..]

[Wu ... .. oh ... .. oh ... .. piercing me in this way ... .. I also can't help it ... .. oh ... .. oh ... .. rough ... .. very rough ... ..]

[Want me to pierce deeply or lightly? ... .. you hussy\* ... ..]

*\*TLN : Hussy : an impudent or immoral girl or woman*

[Pierce deeply ... .. to the deepest part ... .. oh ... .. wu ... .. I'm a lewd hussy ... .. I'm your hussy to pierce ... .. aah ... .. deep ... finally deep ... ..]

At this time the alarm [*di di* ... ..] echoed, Sister Yunyun issued out lovely moans from her body: [Aah ... .. you unexpectedly pierced me for 1/2 hour ... .. wu ... ..]

[I feel very pleasurable piercing you ... .. do you still want it or not? .. ...]

[Pleasant ... .. I feel very pleasurable when you pierce me ... .. want ... .. I still want ... .. pierce ... .. pierce me till I die ... ..]

Her excited and blushing naked body catered my impulsive cock, her plump butt unceasingly pounded against that wet dripping cock inside her pussy. At this time, the cell phone sound came again; her husband's number was on the

screen.

We stopped our movement at the same time, stunned, looking at the flashing cell phone, my thick cock was still inside her damp honey cave, she adjusted her breathing and opened the cell phone: [Hey, husband ... ..] and said with a very sweet voice.

[En, I returned home, where are you?] My thick cock trembled with excitement inside her pussy; I couldn't help but begin thrusting again, my damp cock rubbed against her flesh walls, bringing out layers and layers of pleasure.

Sister Yunyun's body couldn't help but wriggle along with my thrusting, she tried to assume as normal voice: [I'm at an old classmate's house ... .. wu oh ... .. wu ... her mood's not good tonight ... .. en ... ..]

My hands grabbed her ample breasts and fiercely tormented them, forcefully fondling her breasts, making her lovely nipples erect.

I ruthlessly pinched her lovely nipples, pressing them down again, her breasts lost their shape while getting fondled in my hands.

[Oh, it's like that, it's already 12'o clock, quickly handle it and return home.]

[Oh wu ... .. I understand ... .. I ... .. oh ... I will return as fast as possible ... oh wu ... ..] Due to my excited and gradually expanding cock pushing inside her narrow pussy, every time I took it out, a portion of new lewd liquid sprayed out. Her curvy and exquisite beautiful body was unceasingly linked with my thick cock, intensely rubbing against her pussy.

[Nothing has happened to you right? Why is your voice so strange?]

[No ... .. it's nothing ... wu wu ... .. I just put her inside her room ... .. just a little tired ... .. oh ... .. that's all ... ..]

Sister Yunyun made a great effort to lower her breathing, tightly locking her eyebrows, I went near her ear and stated: [Sister Yunyun ... .. you're very excited right ... .. it's like you're getting fucked beside Uncle Zhang oh ... .. take a look ... .. so much liquid is flowing out ... ..]

Smearing my finger with the honey juice from her pussy, I brought it in front of her mouth and continued to say: [Lick it clean ... .. if not ... .. I will make you

shout oh ... ..] my finger around her anus moved around it, threatening her. Sister Yunyun opened her cute and sexy lips sucking my finger inside her mouth, her small tongue deftly rotated around it.

My finger at her moist anus caressed it back and forth, inserting it along with the arriving lewd liquid, following the movements of my fierce thrusting.

[Oh, it's good if it's nothing, remember to return quickly.]

[Oh wu ... .. know ... .. oh wu ... .. Ok! ... .. bye-bye ... ..]

[En, bye-bye]

Closing the phone, Sister Yunyun raised her body getting carried away, my glans penis ruthlessly pushed down within the cave, my cock rapidly drilled inside her stamen, deep till her flower bud, the pleasure at this moment made her open her small mouth wide: [Aah ... .. oh ... .. you're very bad ... .. you didn't keep you promise ... .. aah ... .. very rough ... ..]

[Didn't you feel very excited ... ..]

[No ... .. did not ... ..]

[Answer properly ... ..] My thick and erect cock suddenly went deep inside her, my lower body pushed against her plump butt, making her wriggle endlessly, she arched her body to match with me, so that cock could deeply bury itself inside her vagina.

[Aah ... .. yes ... .. yes ... .. I was excited ... .. wu oh ... ..] Sister Yunyun swallowed her saliva, breathing faintly while giving out unrestrained moans from deep within her throat.

Sister Yunyun trained her body everyday to make it flexible, even her vaginal sphincter\* was very strong, tough and flexible, the and more powerful contractions inside her vagina provoked my meatus\*, my glans penis became big due to excitation, getting sucked by the flesh inside her vagina.

*\*TLN : Sphincter: A kind of muscle , meatus : an opening leading to the inside of the body.. (at last found this word ... using horse eye would have been really awkward...)*

[Very ... .. strong ... .. oh ... .. you how ... .. oh wu ... .. still haven't released ...

... oh ... oh ... if we return late ... your Uncle Zhang can ... aah wu ... en ... have doubts ... ]

[You want to return so quickly ... ] I ferociously tore her soft panties, throwing them into the sea, at 12'o clock there wasn't any person at the shore, I grabbed her plump butt, forcefully battering my rough long penis inside her pussy, issuing a sharp and clear [pa, pa ... ] sound, waves of sexual secretions sprayed out along with the intense friction between my cock and her pussy, clamping my cock on both side, every time I squeezed in a [zeze... ] sound was issued.

Sister Yunyun had already forgotten to be reserved, releasing her desire as much as she liked, making a great effort to lift her body, and again making it fall. But due to my rough and long penis, her lovely body had to make strenuous effort while falling down. In the beginning she could only slowly rise and fall, letting my cock gradually thrash inside her pussy.

Gradually, the excessive excitement from her body aroused her mood, plus bodily fluids unceasingly flowed out of her contracting pussy, also her sensitive positions on her bosom were also forcefully invaded, this double provocation made her release soft and lovely moans : [Aah ... oh ... oh ... very ... very rough ... oh ... oh ... I ... I ... bear ... can't bear ... stop ... unbearable ... aah ... aah ... very ... very deep ... how ... how isn't stopping ... aah ... stopping at down ... aah ... oh ... really ... really rough ... wu ... wu ... aah ... oh ... very ... strange ... feel ... oh ... can't bear ... unbearable ... aah ... wu ... ]

[Piercing you is very pleasurable ... do you like it or not? ... ]

[Li ... like ... oh ... aah ... aah ... piercing me feels very pleasurable ... aah ... wu ... oh ... oh ... pierce me to death ... oh ... oh ... aah ... ]

[Your husband piercing you is pleasurable or me piercing you is pleasurable? ... ]

[You piercing me is pleasurable ... oh ... oh ... aah ... oh ... rough ... aah ... aah ... wu ... rough en ... your big rough dick ... en ... piercing me to death ... aah ... very deep ... aah aah ... ]

[Then till when are we going to fuck? ... ]

[Fuck ... .. oh ... .. wu ... .. fuck till ... .. aah .. .. aah ... .. tomorrow early ... .. early morning ... .. aah ... .. aah ... .. oh he ... .. want ... .. dying ... ..]

The attack of my thick cock produced an overwhelming feeling; unable to resist it gradually became big. Due to my throbbing big cock, Sister Yunyun moaned as if she was choking, brimming with youthful vitality, her whole body was burning in a split second, she was drowned within the great waves of pleasure, my rough and fiery cock increased the pumping speed, its boiling glans penis roughly jabbed at the abyss of her tender and lovely uterus, her flower flesh wet with honey juice tightly clamped on my cock, her snow-white breasts bouncing and bouncing ... ..

[Aah ... .. I'm going to shoot ... ..]

[Aah ... .. oh ... .. quick ... .. shoot ... .. shoot ... .. inside ... .. for ... .. for me ... .. I want ... .. want ... .. aah ... .. co ... .. cock ... .. wu ... .. quick ... .. for me ... .. shoot inside ... .. oh ... .. aah ... .. belly ... .. inside the belly ... .. aah ... .. shoot completely ... .. inside my ... .. ute ... .. uterus ... .. wu ... .. wu ... .. ye ye ... .. wu ... .. wu ... shoot ... shoot completely ... .. inside my ... .. wu ... .. oh ... .. inside my ... .. lewd pussy ... .. pussy ... .. aah ... ..]

My penis violently expanded and penetrated deep inside, from the meatus of my big purple glans penis, a portion of strong, milky white, wet and slippery bodily fluid attacked her wriggling uterus mouth endlessly, the semen spurted out, in a flash cramming inside her uterus, overflowing out of it, colliding with my cock crammed inside her honey cave, surrounding the tender flesh around the crammed meat rod, it [*pu chi*] sprouted out of the two thin tender lips at the hole where was cock was in.

## Chapter 6

### Ecstasy At The School Toilet And Classroom

---

Today I went to school, Sister Yunyun asked me to find her in the noon break. Shoot! After finding her, she suddenly pulled me, taking me to a very remote toilet.

After going inside the toilet, I and Sister Yunyun tightly embraced each other and started kissing, my hand went under her skirt and continuously caressed her vulva from on top of the panties. Soon Sister Yunyun's panties became wet, my hand went inside the panties, using my finger to rub her pussy, and my finger was drenched in her sexual secretions.

I took off my pants and sat on top of the toilet bowl, Sister Yunyun crouched between my legs, sucking my cock. [En ... .. en ... .. good ... .. tasty ... .. big cock ... .. aah ... ..] Sister Yunyun sucked my cock, while giving out soft and comfortable moans.

Sister Yunyun held my cock and sucked it in and out, using her mouth to engulf my cock, a *en en* satisfied sound was occasionally issued from her mouth. My hand supported her head; Sister Yunyun lovingly sucked and licked my cock, making me unable to bear it anymore. Like a pen writing on a book, I didn't want Sister Yunyun to separate from me.

My other hand stretched inside Sister Yunyun's clothes, fondling her breasts.

[En ... .. Sister Yunyun ... .. excellent oh ... ..]

I held Sister Yunyun and stood up. After pressing her against the side wall, I removed her light green panties and lifted her leg.

[Xiao Jian ... .. if you want to fuck while standing ... .. you can ... ..]

[Let's give it a try] saying this, I bent my body to match Sister Yunyun's height, pressing my cock against her vulva.

[zi ... ..] I straightened my back while half of my cock went inside.

[Aah ... .. Xiao Jian ... .. it won't do ... .. I'm not tall enough ... .. you cannot stick it in completely ... .. en ... ..]

I simply lifted Sister Yunyun's right leg, making her back lean against the wall while her legs soared in the air.

[zi ... ..] after it went it completely, I immediately started pumping.

[Aah ... .. this position ... .. very ... .. very wonderful ... .. my ... .. pussy's very pleasurable ... .. fuck me ... .. en ... .. zi ... .. zi ... ..] Sister Yunyun's hands surrounded my neck as she began to give out unrestrained shouts.

[Aah ... .. aah ... .. Xiao Jian ... .. from where did you learn this ... .. aah ... Sister Yunyun ... .. feels comfortable ... .. aah ... .. pierce faster ... .. more forcefully ... ..] Sister Yunyun's yelling became more louder, fortunately this was a remote region or else the entire school could have heard them!

I held Sister Yunyun's legs and pressed her against the wall, her clothes and bra were already untied. My head was on top of her breast, I opened my mouth and sucked her nipples, sucking and biting it, thrusting my big cock continuously inside her pussy.

[Argh ... .. Xiao Jian, it's itching inside very much ... .. fast ... .. fuck older sister more forcefully ... .. right ... .. right ... .. aah ... .. very comfortable ... .. I have never experienced this much comfort ... .. aah ... I'm really going to die from the pleasure ... .. aah ... .. I want to ... ..] Sister Yunyun's tender flesh opened and closed, her uterus also clamped on my big glans penis, sexual secretions continuously flowed out of her pussy.

I saw a kind of flirty expression go across her face, giving out lewd yelling, my big glans penis was unable to give out even a bit of strength after that place's sucking. After I rested a bit, I held Sister Yunyun on top of the toilet bowl, Sister Yunyun swayed her waist, moving up and down, engulfing my cock, closing her eyes occasionally, enjoying this pleasure, I also followed the swaying of her

waist, matching Sister Yunyun's up and down motion.

[Oh ... .. really comfortable ... .. en ... .. aah ... .. I can't bear it anymore ... .. aah ... .. en ... .. excellent en ... .. en ... .. aah aah ... .. very comfortable ... .. argh ... .. the pleasure's going to kill me ... ..]

Gradually, Sister Yunyun began to crazily engulf my big cock using her pussy, her ample breasts also intensely moved up and down continuously due to her swaying, my hands also began to fondle her breasts and nipples.

Sister Yunyun gasped while asking me: [Xiao Jian, is fucking me like this very comfortable? pleasing ... ..]

I also gasped and responded: [Sister Yunyun, fucking you like this ... .. I feel very comfortable ... .. pleasant ... .. Sister Yunyun's pussy is really excellent ... .. fucking you feels very comfortable aah ]

After Sister Yunyun heard my answer, she crazily used her pussy to engulf my big cock.

[en ... .. en ... .. big cock ... .. properly squeeze inside me ... .. very fulfilling ... .. very fulfilling aah ... .. aah ... .. en ... .. aah ... .. I'm dying ... .. oh ... .. oh ... .. en ... .. going to lose ... .. aah].

Suddenly a portion of sex fluids drenched my glans penis, I knew Sister Yunyun had already climaxed. However Sister Yunyun didn't let her pussy leave my cock because of the orgasm, instead slowly continued to engulf me. Perhaps because it was too intense, Sister Yunyun tightly held me, crazily kissing my ear, neck and lips. I sensed Sister Yunyun becoming wilder. Her sexual secretions also continuously flowed down, making my thigh drenched in them.

I pushed Sister Yunyun against the water tank, when I was piercing Sister Yunyun's flesh dripping with sexual secretions, I suddenly heard someone come in. At this time, we knew the original rest time was over! I thought this was it, many people would be going to class in the nearby class room, I and Sister Yunyun hid inside a nearby classroom, without any other choice I went back to class without ejaculating, during the whole class; my cock was swollen due to being sad.

I endured till the school ended; then I strolled around in the school, because I

and Sister Yunyun made a promise to meet again after school. After waiting till there were only a few students left, I returned back to that classroom.

After I returned back, Sister Yunyun was already waiting for me in the class, she lovingly gazed towards me, I knew she was also hungry and thirsty like me, I couldn't bear it anymore, I needed her wet dripping pussy to engulf my burning penis. I pushed Sister Yunyun on top of the lectern, flipping over the petticoat under her skirt till her back; her fair and ample butt was completely exposed in front of my eyes.

I removed her light green panties until her calf, her pink, sweet stamen and chrysanthemum bud was long ago covered in fluids, when I pulled my pants down, my penis leaped outside, Sister Yunyun placed her hand on the lectern, sticking up her buttocks, I used my hand to part her labia, I held my penis with my hand and forcefully pushed it deep inside her pussy!

[aah ... .. aah ... .. excellent ... .. aah ... .. more forcefully ... .. aah ... ..]

Maybe because we were inside the classroom, Sister Yunyun's yelling became wilder than before. I groped her breasts from on top of bra, fondling her tender breasts. I began to speed up my thrusting, I saw Sister Yunyun close her eyes, biting her lips, sweating all over her face and snow-white neck, her fair breasts were rocking like a wind chime.

[aah ... .. Xiao Jian ... .. more forcefully ... .. fuck your Sister Yunyun more forcefully ... .. aah ... .. en ... ..]

Sister Yunyun's mad yelling stimulated my desire, I forcefully pushed against her moist flower bud, every time my abdomen struck against her tender buttocks, and she issued a beautiful moan. [ aah ... .. very ... .. very pleasing ... .. aah ... .. oh ... .. en ... .. aah ... .. aah ... .. unbearable ... .. aah ... my ... .. aah ... ..]

Sister Yunyun's messy hair began to sway left and right, I increased my thrusting speed. [ aah .. .. I'm going to ... .. die ... .. aah ... ..]

[I ... .. I'm also going to release ... .. release ... .. aah ... ..]

[zi] I ejaculated, a huge amount of thick semen shot inside Sister Yunyun's pussy, I weakly held Sister Yunyun's plump and round butt, taking deep breaths,

and Sister Yunyun was lying on the lectern faintly breathing again and again.

After several days, felling very guilty, Sister Yunyun confronted her gentle and soft husband, she decided to break off her relation with me and properly treat uncle. In the past few days, Sister Yunyun suddenly became cold towards me; she always left as soon as she saw me.

### Being Licentious At The School's Sports Stadium

---

Enjoy this whopping 7k words long chapter!

Since Christmas had arrived, a Christmas evening party was held in the school's indoor stadium. The party had already ended around 10'o clock, all the persons were leaving the stadium and returning back.

Sister Yunyun stayed behind to do some things; I made her go and clear up the rostrum. She went behind the rostrum. Right now, only I and she were left in this empty stadium. I quietly locked the doors of the two exits and switched off the stadium's headlight, only leaving a CFL suspending at the ceiling, which seemed like a star in the sky, not emitting much light. I walked on to the rostrum, putting out the lamp light on top of it. Sister Yunyun was busy picking up the teacups, small towels, ashtray... etc, after turning off the lamp, I promptly shouted: [Why is the light turned off? Has the collection been done?]

*TLN: Rostrum: Platform*

*Sister Yunyun hadn't discovered that only I and she were left in the stadium. I smiled happily and reached beside her, and while she was still off guard, I charged ahead, and tightly embraced her from behind when she was stooping down to tidy up the table. [Aah ... .. you ... .. you want to fuck me?] Realizing my intentions, she screamed. My big hands tightly gripped her hands as my entire body stuck to her curvy perfect butt.*

*[You ... .. let me go ... .. release me ... ..] Sister Yunyun softly struggled.*

*[Sister Yunyun ... .. I ... .. I missed you ... .. don't tell me you don't want me?] I firmly pushed her down, not letting her raise her waist. Her belly was pressing*

against the table top, her bosom was stooping down, getting moulded by my hands, those tall and erect peaks on her breasts were tightly pressing against the table top. Since she was bent forward, her perfectly round butt was sticking up backwards, I lowered my abdomen to stick close to her, along with our continuous struggle, my long ago erect penis pressed at her gluteal fold. Soon, Sister Yunyun was panting while still protesting with her mouth: [Little scoundrel ... .. quickly release me ... .. you release me ... ..]

TLN: Gluteal fold : a prominent fold that marks the upper limit of the thigh from the lower limit of the buttock; the furrow between the buttock and thigh. While the belle's struggled, I could smell an orchid like musky delicate fragrance from Sister Yunyun's body, an alluring blush had risen on her face due to my forceful assault, tiny beads of sweat could also been seen there. Her flexible waist hip swayed left and right provoking a man's desire even more. I moved my focus towards the belle's butt, exploring it up and down.

Sister Yunyun could feel my rough and heavy breathing at her ears, and a hard thing sliding at her gluteal fold, from time to time touching her pussy, she knew it was my cock. Her whole body couldn't help but become limp to the bones as her repressed libido gradually rose up.

I sensed her body's struggling gradually loosen, and began the next step of action. I held Sister Yunyun's hands together, using my left hand to easily control them, my right hand caressed her soft cheek, following along her eyebrow, eye, nose, finally stopping at her soft and moist lips, caressing them softly, when she was opening her mouth to gasp, my two fingers explored inside her mouth, playing with her fragrant tongue.

My hand stretched past, stopping at Sister Yunyun's right breast, forcefully pinching once. [Aah ... ..] Sister Yunyun shouted loudly, trembling all over once. My right hand started to forcefully grope her ample breast while my dick rubbed against her gluteal fold more forcefully.

[Aah ... .. aah ... .. don't ... ..] Sister Yunyun's breathing became rushed; her whole body couldn't help but wriggle. I held her hands on top of the table, then I pressed her charming face on top of the table, [Don't ... .. don't do it here, someone can come] Sister Yunyun said weakly, trying to make me give up.

[Be relieved, no one can come, all the doors are locked, we can nicely enjoy!] I

said proudly. Sister Yunyun resigned herself to her fate and crouched on the table set up on the rostrum, thinking in her heart: I'm unexpectedly going to be violated at this place, I'm really insane! What if someone comes in? It would greatly shame a person. When she was thinking this, I already lifted my big hand, pulling her cheongsam above her waist, exposing her white panties along with her fat and plump butt.

[Aah ... .. aah ... ..] Suddenly exposing her fair butt in the air and in front of my perverted eyes, Sister Yunyun released a shy shout. I continued my movement, pulling down her small panties; her fair butt was dazzling with lustre under the small blazing light. I squatted down my body, holding her butt with my hands, I moved my mouth forward fanatically kissing her glossy and plump buttocks.

[Aah ... .. aah ... .. en... .. aah ... ..] After her tender and lovely butt suddenly received my wet kiss, Sister Yunyun continuously issued lovely shouts. My moist and warm lips quickly licked, sliding from her plump butt towards her deep gluteal fold, then again sliding from her gluteal fold towards her ... ..

Wherever my tongue swept, it left a wet trace, Sister Yunyun felt as if a reptile was scratching her, making her feel numb and unwell. When my thick tongue swept between her legs, suddenly stretching towards her pussy's opening, she was unable to restrain her emotions and moaned, wriggling her butt, as if she was struggling and inviting me at the same time.

I avariciously sucked Sister Yunyun's pussy, stretching my tongue towards the abyss from time to time. A portion of sexual secretions suddenly flowed out of her pussy, I quickly sucked them in my mouth, Sister Yunyun suddenly made a lovely shout: [Aah ... .. aah ... .. you neurotic ... .. don't suck aah ... .. I can't bear it!]

I simply refused to acknowledge Sister Yunyun's lovely shouts, immersing myself in continuously licking her lewd pussy, that flavor was very good, sexual secretions steadily flowed outwards, making my whole face wet. Sister Yunyun's plump butt was changing its shape according to my hands movements. I used my hands to grope it; it was flexible and glossy from the wetness, blushing due to getting gripped by my hands.

[So much sensitive aah ... .. my little baby ... ..] Suddenly, Sister Yunyun cried

out again: [Aah ... .. don't ... .. don't bite there ... ..] Originally, I found that her clitoris was sticking out erect at her pussy. I quickly sucked her erect projecting clitoris, using my teeth to nibble and suck it.

Sister Yunyun issued lovely moans again and again, [Heavens aah! It's itching, forgive me, sister, don't aah ... .. aah ... .. Xiao Jian, you're really my life's nemesis ... .. aah ... .. aah ... ..] a portion of sexual secretions flowed out again.

[It's good that you know I am your nemesis! Obediently do what you're told; then you can be unrestrained in a while.] I got up, quickly taking off my pants, letting out my long ago erect big darling. I restrained Sister Yunyun's neck with my hand, grabbing my darling with the other one, sliding it up and down at her gluteal fold, exploring between her lewd pussy from time to time, it's erect crown touched her small stem and wet pussy.

My cock explored inside her lewd pussy, it felt as if her lewd pussy was sucking and biting, its inside was long ago covered with her lewd liquids, feeling very smooth. Sister Yunyun still hadn't given birth to a child so her lewd pussy was still very tight, that soft vagina was very attractive, comfortably clamping around my cock. Truly a gorgeous rarity, I sighed in my heart, God really didn't look down on me, letting me enjoy such a belle without restraint.

[Aah ... ..] I and Sister Yunyun issued out a carefree yell at the same time. Originally, my cock was unable to endure the pecking and sucking of Sister Yunyun's pussy, it suddenly rushed inside, a portion of sexual secretions splashed out; my cock followed the slippery sexual secretions going directly until her vagina's abyss, pushing against her uterus's mouth. Sister Yunyun's slender legs violently stretched, her whole body moved back, her butt tightened up, the gluteal fold tightly clamped a part of my thick cock. [Aah ... .. you're ... .. very big ... .. really hurt me ... ..] Sister Yunyun gave a lovely shout, the nerves in her entire body tensed up.

[Sweetheart, relax! You can take that big thing in, this isn't the first time.] I stretched my hands towards Sister Yunyun's chest, fondling her erect jade breasts.

Sister Yunyun gradually loosened her body, [Don't be so forceful, I can't bear it, aah ... ..] She still hadn't finished her dialogue, but I already started pumping

*fiercely, piercing deeper inside her every time. She issued a moan mixed with pain and happiness.*

*[Little unrestrained hussy, you're clamping very tightly, very comfortable, aah ... ...] Under Sister Yunyun's tight clamping, I coarsely howled, every forceful pump, made lewd secretions spray out of Sister Yunyun, drenching our linked place, making her buttocks smooth, releasing a lascivious smell on the rostrum.*

*I looked around the empty stadium; I was wantonly toying with the school's lovely belle wife on top of this stadium, it felt as if there were several incorporeal eyes looking at me with envy, making me feel more pleasurable, my thick cock's pumping became more lively and forceful, going directly till the abyss of Sister Yunyun's lewd pussy.*

*[Aah ... .. aah ... .. en ... .. aah ... .. en ... ..] Sister Yunyun continuously released lovely shouts, her plump buttocks swayed, welcoming the present. Since she was lying on her stomach and getting fucked from behind, my rough and long cock touched her lovely uterus's mouth every time, a soft numb feeling continuously spread towards her whole body from that hidden wet core.*

*[Aah ... .. aah ... .. insane ... .. don't ... .. don't be forceful like that ... .. en ... .. aah ... .. you're very long ... .. very rough ... .. en ... ..] Sister Yunyun gave out lovely shouts, a man's dignified and lovely wife, after getting toyed wantonly by me, unconsciously issued out such moans which could make a man feel numb endlessly.*

*I tore open Sister Yunyun's shirt, breaking her bra's button, pulling down her thin silk bra, my hands directly caressed her soft and tender breasts. Her erect breasts were very flexible, changing into every kind of irregular form within my palms, the points on her breasts stood erect.*

*I started thrusting quickly, every thrust, made Sister Yunyun's body tremble, she opened her tiny lips to moan. Every moaning sound was accompanied with anger, her brows were slightly wrinkled, as if she was in pain, it again seemed as if she was comfortable.*

*Sister Yunyun's lovely small hands were propped up against the table, alleviating my continuous forceful ramming. Her slender beautiful legs were raised, exerting themselves to stick up her perfectly round butt, the pair of*

*breasts writhed at her bosom, her small pink nipples were shaking like snow lotus herbs on a snowy mountain, continuously trembling due to my big hand's fiddling. Her small and exquisite nose continuously issued out waves of ecstatic moaning sounds.*

*I proudly looked at this lovely belle giving out lovely moans at my crotch, it was indeed incomparably satisfying. Gradually feeling my semen bubble up, my cock suddenly expanded one fold, becoming more rough and hard, entering and exiting even more briskly. I reached out my hands to grip Sister Yunyun's wrist, pulling her body behind from the two sides, Sister Yunyun was forced to raise her bosom and head, taking the shape of an alluring posture with her stooping breasts and sticking up butt. I slightly bent my body to change the angle of fierce thrusting inside her lewd pussy. A lustful look appeared on Sister Yunyun's charming face, her lovely alluring erect breast peaks experienced waves of trembling along with my intense thrusting.*

*I tightly pulled Sister Yunyun's hands back similar to pulling a horse's reins, in a breath strongly bumping 10 times against her. Sister Yunyun was already drenched in sweat, her cheeks were crimson. She continuously issued big lovely moans, the incomparable pleasure attacked her, making her sway her face constantly. Along with my violent and ferocious milling, the lovely Sister Yunyun was powerlessly met with my strong bumping, faintly moaning, her short pretty hair was drenched, making her seem lovely, amorous and beautiful, she continuously lifted her mellow buttocks, again pulling it down, welcoming my every attack.*

*Every time our fleshs bumped against each other, a [pa pa] sound echoed. Sister Yunyun was already unable to control her excitement, she moaned while gasping for breaths. A surge of intense pleasure attack made her moan continuously, making her voice larger, and her gasps heavier, issuing uncontrollable lovely shouts from time to time. Sister Yunyun was intoxicated within the pleasure brought by my intense attack, forgetting everything long ago, wishing for me to forcefully fuck her again and again.*

*Sister Yunyun's expression became more and more charming; a bewitching happy look filled her flirtatious face. Her hands were pulled back by me, her breasts surged violently, her whole body was sweating, releasing continuous*

*moans, revealing a lovely look as if she was in the seventh heaven. Portions of warm lewd liquids continuously rushed out of her lewd pussy, flowing out along with my dashing, sticking at her buttocks and my underbelly, even still following down the thigh flowing on to the ground. I heard her ecstatic lovely moans, feeling the unprecedented intense pleasure, I started thrusting more violently.*

*After having sex many times, Sister Yunyun suddenly looked as if she had gone insane, [Aah ... ...] giving out a long shout, she forcefully threw off my hands leading her, exerting herself to straighten her body, her buttocks firmly pushed against my underbelly. After a long time, she released a long breath, lying paralyzed on top of the table.*

*At the same time, I felt her vagina's abyss suck on my cock like a small mouth, stimulating a wave of hard to describe intense pleasure, my cock firmly erupted against her uterus's mouth, suddenly shooting forward the semen amassed inside for several days inside Sister Yunyun's body. Every jerk gave incomparable pleasure similar to feeling an orgasm. The attack of every portion of semen made her body tremble.*

*After a long time, Sister Yunyun still hadn't recovered from the lingering effects of the orgasm, revealing an ecstatic look on her pretty face as if she was in seventh heaven, indistinct faint breathing came out of her red mouth; her whole body was powerlessly limp on top of the rostrum. I still didn't pull out my cock from that ecstatic pussy, supporting my hands on the table, so as not let my thick and solid body crush the lovely and amorous beautiful belle at my crotch.*

*I savoured the sweet as syrup delicious Sister Yunyun, looking at the lovely belle wife's that powerless post orgasm expression as if she was plucked by a monarch, made me satisfied with pride causing the powerful wind to ride again, making my cock slightly stand up again. Sister Yunyun weakly felt my cock writhing inside her pussy, becoming rough and hard again, she unconsciously gave out a [Aah ... ...] shout, feeling frightened, happy, ashamed and afraid at the same time.*

*Comparing a man with another man always infuriates a man. Although her husband's stature was tall and sturdy, it falls short in masculinity when compared with me; the cock below was also not as majestic and domineering as*

mine. After ejaculating just now, it has gotten hard again; its might was really astonishing, making the shy Sister Yunyun endlessly amazed.

I saw Sister Yunyun's trembling limp naked body, and sensed my cock stiffen quickly, filling inside her narrow lewd pussy once more. Due to my semen and her plentiful sexual secretions, the pussy was very slippery, making it very comfortable inside it.

Sister Yunyun's lovely body slightly started to tremble, a wave of numbness spread from her pussy; weak and lovely moans were issued from her mouth. Just a moment ago, she was already very tired, now she lied on her stomach at the tabletop letting me do what I want. I softly pulled out my cock a little, grabbing Sister Yunyun's long legs, I rotated her, along with Sister Yunyun's [Aah ... .. aah ... ..] yell, I rolled over the tired Sister Yunyun's naked body, now we were in the frontal sex position, our eyes locked against each other, Sister Yunyun's moist and glossy eyes immediately blushed, closing them, not daring to look at me face to face.

I raised Sister Yunyun's well developed thigh, supporting Sister Yunyun's mellow calf on my shoulder. Running down my eyes, her bra had already fallen down due to me madly pulling the two buttons, leaving two towering lofty breasts, due to receiving my energetic fondling, the areola was bright red, sticking up at the breasts peak, as if they were pitifully summoning my love.

I fucked her hardly, pushing my cock deeply against the abyss of Sister Yunyun's pussy, my hands attacked her alluring breasts, softly and skilfully caressed them. I wantonly pinched and rubbed her nipples, as I kept on caressing, under my tenacious and unyielding ravaging, they kept on becoming more erect. Sister Yunyun softly gasped, feeling her tender breasts swell more and more as they were toyed by me, she felt a mixture of pain and limpness.

[Aah ... ..] Along with Sister Yunyun's painful shout, I tightened the grip on her breast, using power at my waist, striking my rough and hard twitching cock at her sensitive uterus.

This posture was different from entering from the back, entering from the back was close to the sex between beasts, letting me feel one kind of intense conquering feel, forward type was me and Sister Yunyun facing each other,

*letting me enjoy the shy and lovely look of Sister Yunyun's moaning while knitting her brows as she was met with my powerful thrusting, still allowing me to see her lofty breasts transforming into every kind of form under my palms, this kind of vision made my male thing sprout up, energetically lashing it against Sister Yunyun.*

*I proudly and forcefully pumped, fondling her flexible breasts with my hands. Sister Yunyun's charming face became slightly red, the colors of spring were showing without boundary, her cherry lips opened continuously, releasing faint breaths, her round butt moved responding to me, her pussy trembled, contracting and contracting, sucking my big dick entering in and out, revealing a very pleasant appearance.*

*[Comfortable? Little unrestrained hussy.] I proudly asked. Sister Yunyun tightly closed her eyes, replying with shame. [Obedient Yunyun, tell me, is it unwell or comfortable?] I intensified the thrusting.*

*[Aah ... .. aah ... ..] Sister Yunyun didn't reply and merely gave out unrestrained moans.*

*[Say, if it's comfortable then speak out, if you speak out then you'll be able to feel more comfortable.] I suddenly stabbed my thick cock rubbing it against her sensitive uterus's tender flesh, continuing to lure Sister Yunyun into speaking out.*

*[Aah ... .. a person could die from the shame ... .. you're, very big ... .. very long.] Sister Yunyun's voice seemed like a mosquito's cry, her charming face blushing entirely.*

*[Piercing you is very comfortable, right?] I ferociously pushed down.*

*[En ... .. en ... .. yes ... .. is very comfortable ... .. I'll die from the pleasure ... .. aah ... ..] Sister Yunyun at last started to speak out under my gentle and soft enticement.*

*[Then let me frequently pierce your pussy, good?] I took the opportunity to question her.*

*[No ... .. won't do ... .. I ... .. I have a husband ... .. aah ... .. aah ... .. I cannot ... .. cannot harm my husband ... ..] Sister Yunyun still hadn't lost her rationality.*

*[The comfort will give you pleasure, it isn't harming you husband, moreover you're already unworthy of your husband.]*

*[Still isn't because of you ... .. fucking you ... .. is very meddlesome!] Sister Yunyun shyly answered.*

*The jealousy made me fiercely push down. [Aah ... .. aah ... .. don't be forceful like that, it hurts! Aah ... ..] Sister Yunyun tried to justify her red face; however I still very fiercely pushed down deeply.*

*[Aah ... .. aah ... ..]*

*I diligently worked myself on Sister Yunyun's body, deeply pushing down from time to time, making Sister Yunyun release weak and lovely shouts.*

*[Haha ha ... .. pleasant ... .. pleasant ... .. pleasant to death!] I couldn't help but repeatedly shout out pleasant, moving my crotch section nimbly, thrusting lightly and deeply. [Aah ... .. fucking what! You ... .. you .. .. neurotic! Aah ... ..] Sister Yunyun's cheek was flushed red, she closed her beautiful eyes, faintly panting through her cherry lips, and her butt softly matched and writhed.*

*[Sister Yunyun, are you comfortable? I feel pleasant to death, aah ... ..] I accelerated my thrusting, looking at my thick cock intermittently entering and exiting her tender and lovely lewd pussy, bringing out milky turbid sexual secretions from time to time, my cock was glossy due to getting immersed in lewd liquids, waves of numbness spread from my cock, making me release comfortable groans.*

*[You ... .. you ... .. very violent ... .. rough ... .. long ... .. pushing against my uterus every time ... .. aah ... .. I'll die because of you ... .. aah ... ..] Sister Yunyun delicately responded to my serious pumping and bewitchingly spoke with shame; perhaps ripples were caused in her body and mind long ago, getting conquered by my rough and long cock.*

*Sister Yunyun wriggled on top of the spacious rostrum, turning around her attractive naked body, her small graceful lily-white hands clawed wildly on the tabletop, her erect jade breasts swayed continuously along with my movements, she separated her ample mellow thighs, and wet liquids flowed down her smooth lewd pussy along with my powerful thrusting.*

*Unforgettable pleasure piled up on us, waves of pleasure attacks arrived, I felt my semen bubble up, and couldn't help but pump faster, and finally, my thick cock fiercely pushed against Sister Yunyun's long ago sensitive uterus.*

*[Aah ... .. aah ... ..] Sister Yunyun's mood gradually became more excited, her tempting body madly writhed, her buttocks desperately stuck out, welcoming my final sprint.*

*[Sister Yunyun, I want you ... .. don't refuse me again ... .. I want to everyday ... .. drill you to death!] I energetically pinched Sister Yunyun's erect ample breasts, swinging my thick and solid waist, exerting all my strength to strike the abyss of Sister Yunyun's narrow and satiny vagina, as if to vent off all the hatred filling my heart.*

*In a split second, Sister Yunyun felt my cock thicken a bit, becoming more hard, large and warm, powerfully rubbing at her uterus, a different kind of pleasure spread around her whole body, she couldn't help but stiffly raise her body up, as if trembling with malaria, her buttocks pressed against the ground, tightly clamping her thighs around my thick waist, her slender calf lifted above the ground, burning hot lewd liquids gushed out of her uterus like a fountain along with her weeping and laughing sort of lovely shouts.*

*[Aah ... ..] I roared madly, along with Sister Yunyun's lewd liquids bubbling out, a thick amount of semen quickly shot out, entirely pouring inside the depths of Sister Yunyun's trembling uterus. Although it was the second time, it's capacity was still quite big, I quite satisfactorily released my semen, continuing for more than 10 seconds.*

*During the whole course of spurting, I attentively watched Sister Yunyun's tempting look as she gave out violent lovely shouts filled with pain and gasped while reaching her orgasm, feeling the pleasure penetrate deeply into her vertebra and bone marrow along with my semen spurting inside her vagina, making her very happy!*

*I was also drained a bit, comfortably falling on top of Sister Yunyun's slippery soft body, feeling her hurried heartbeat and flirtatious gasps. Her entire body was wet, her remaining clothes stuck to her body, and her complexion was ruddy, she closed her beautiful eyes, continuously gasping for breaths, still*

*having a trace of slightly satisfied smiling expression on the corners of her mouth, apparently still reflecting on the merry moment just now.*

*I comfortably looked at the belle under my body; a pleasant sense of satisfaction involuntarily rose within me. Finally, I was able to taste this belle once again, this time I must put her in order, it wouldn't be amusing if she didn't let me touch her again. Thinking of here, my soft cock writhed once again. I thought, if I had Sister Yunyun every day, this kind of beautiful woman, who I could fuck whenever I wanted to fuck, then that would be very good, but it won't be possible now, after going over to a remote village's inn, then we could fuck haplessly.*

*However, continuously ejaculating two times made me a bit tired. All matters had their good and bad points, although ejaculation brought pleasure, it also uses up a lot of my physical strength. In order to conquer this young lady, I had no choice to risk my life; even death would be worth it.*

*I compelled my spirit, getting up, I took out my cell phone to see the time, 11'0 clock; it was still early. Sister Yunyun's charming face was wet, she closed her two eyes, breathing softly, totally oblivious of the bad plan I was hatching in my mind.*

*[This little belle, making my cock stifled for such a long time, today I will be playing with you until it's satisfied!] I thought, my cock which was similar to a soft rope before, gradually raised its head. It had slipped out of Sister Yunyun's lewd pussy due to getting soft just now, drooping between my legs, now after regaining its vitality, it became thick and solid again, sticking at her wet and slippery vulva, giving a pretty good feel.*

*I took a moment to look around, finding the CFL hanging at the ceiling to be too bright, it was actually still bright inside the meeting hall, if someone looked inside; they could see a man and woman having sex on the rostrum. I suddenly felt as if there were incorporeal eyes looking towards mine and Sister Yunyun's lower body, and that shame and pleasure made the cock at my crotch rise suddenly, stroking at the apex of Sister Yunyun's vulva.*

*[Aah ... ...] Sister Yunyun clearly felt me have an erection once more, it seemed very magical, just recently released semen two times, but it had again gotten*

*stiff. Sister Yunyun opened her beautiful eyes, her gentle and bashful eyes watched my body, sensing her pussy which was brimming with the mixture of my semen and her sexual secretions fall down drop by drop.*

*[Sister Yunyun, we'll have another round, okay?] Sister Yunyun's acknowledgment and passion made me a bit gentle and soft, my burning gaze explored deep into the bottom Sister Yunyun's heart, stirring up the amorous feelings in her which had long ago intoxicated her. [You ... .. you ... .. still want to come ... .. I ... .. I'm on the point of dying!] Sister Yunyun weakly and lovingly replied, her small hand softly rubbed and pulled my shirt.*

*[Who asked you to stop me for such a long time, letting my little darling swell with pain, today you have to compensate it very well! Take care of it until it's satisfied.] I said proudly, forcefully sticking my cock at Sister Yunyun's wet and sensitive pussy [Aah ... .. no ... .. won't do ... .. it's very late, your Uncle's waiting for me.] Sister Yunyun shyly refused, speaking of her husband; a blush attacked her charming face once again, making her exceptionally attractive.*

*[Hehe ... .. that happy man doesn't know his beautiful, tender and wise wife has already made him a cuckold right?] I proudly pushed my cock, pushing it against Sister Yunyun's wet and slippery cave entrance.*

*[You ... .. you ... .. you're ... .. shameless! Release me.] Sister Yunyun struggled due to the shame. Originally he liked her from the bottom of his heart, and the result was that she fell into the eternal damnation of an extramarital affair, and now he still sneered at her, making fun of her husband, it was really shameless! Sister Yunyun tried to struggle free from my hug.*

*[I'm shameless? I admit I am shameless; I like Sister Yunyun, like fucking the pretty Sister Yunyun. Actually I like you very much, looking at you body every day, I'm really unable to control myself, you don't know you were how unrestrained while walking this path, enjoying the time of making love. I really like you, if you weren't married, I would have surely pursued you stubbornly] I pushed Sister Yunyun's charming shoulders, not letting her separate from me, and spoke while rascally arousing her emotions.*

*[God really did have eyes, bringing me and you together, and again letting you fall into a trap!] After losing her body to me so many times, Sister Yunyun*

also accepted her decreed fate, terrified that if someone knew, then what would she do? Her helpless beautiful eyes glanced towards me with shame and resentment.

*[I sincerely like you, I will surely take responsibility for you, not letting anyone know, also, I won't disturb you family, I wish for us to be happy together.]* I used the abilities of my glib tongue, using sweet speech and honeyed words. Seeing the expression of Sister Yunyun gradually loosen, I stealthily laughed at my heart.

Sister Yunyun looked at the star like CFL at the ceiling, it had just witnessed the sex between her and me, but it still gently released its light, as if it was forgiving our lascivious behavior. Feeling hate and love towards me, a handsome and intelligent man, that annoying meat spear was also majestic with might, making Sister Yunyun feel as if she was in seventh heaven, wishing for me to not stop.

*[Baby, you still want to?]* My burning and warm gaze looked towards Sister Yunyun's attractive and charming face, my thick cock continued to explore her wet and slippery vulva.

*[Let me return home, it's already too late!]* Sister Yunyun shyly welcomed my burning hot gaze.

*[All right, but only after waiting for half-an-hour.]* I looked towards Sister Yunyun's beautiful moist eyes, exposing a mischievous smile; my hands grabbed Sister Yunyun, directly moving her pretty body at the waist, fiercely thrusting my cock aimed at her vulva, following the delicate flesh wall, directly reaching her vagina's abyss.

*[Aah ... ...]* Sister Yunyun released a long lovely shout, due to the recent continuous orgasms, her entire lewd pussy was still very sensitive, I softly thrust in and out, my hands kneading her beautiful round breasts.

*[Aah ... ... aah ... ...]* Sister Yunyun released a sweet humming, her buttocks matched my thrusting, her round and raised butt changed into every kind of form as it was kneaded and caressed by me.

*[You are my baby ... ...]* Sister Yunyun's cell phone suddenly started ringing, frightening the tangling male-female pair.

*[Quick, put me down!] The cell phone was at the other corner of the rostrum; Sister Yunyun struggled to get free from me. After realizing it was the cell phone's tune, I recovered from my calm, stretching my both hands between her waist and butt, deeply inserting my cock, my hands firmly held Sister Yunyun's body up.*

*[Aah ... ...] Sister Yunyun felt as if she was floating in the sky, she quickly held my neck tightly. I walked in front of the table while using my cock to rub against Sister Yunyun's uterus. She had never been fucked by me like this, moaning and shouting.*

*[Let's see which guy is interrupting our happy occasion.] I hinted Sister Yunyun to get the cell phone. Seeing that I was not ready to let her down, Sister Yunyun was helpless, she extended her hand to open the purse's zip, taking out the cell phone, after looking that it was her husband, her expression changed immediately, not knowing whether to receive it or not.*

*[Receive it, calm down, he doesn't know, tell him you're still working overtime.] After knowing it was Uncle's call, although it was a little unnatural, I still commanded Sister Yunyun to calm down and deal with it.*

*[Don't you move, aah ... ...] Sister Yunyun was still anxious a bit, exhaling a long breath, coughing once, she adjusted her breath, pressing the answer key of the continuously ringing cell phone.*

*[Hey, Husband, what's the matter?]*

*[Dear wife, you're still working overtime?] A sappy voice answered.*

*[Yes, recently there's too much work.]*

*[How can your leader be like this, making a person work overtime all day long.] If he knew that currently my cock was inserted inside his wife's lewd pussy, how angry he would have been? I proudly thought.*

*[Husband, don't speak like this, leader also works overtime many times.] Sister Yunyun respected her leader.*

*[All right, until when are you going to work?]*

*[Ought to be soon, are you still outside?] I secretly thought, soon or not, you'll*

*have to ask my big darling below, when it would stop working! Thinking of this, I couldn't help but move my cock, immediately receiving Sister Yunyun's strict expression to stop.*

*[I still have some work at the office and might be late a bit, its better if you have a light meal after returning and take rest, take care of your health.] I was also worried she still had what work.*

*[All right, dear husband, thanks for your concern, I'm going to rush to my work, goodbye!] Sister Yunyun also thought of quickly passing Uncle, and rushing to enjoy happiness with her lover, it really made me proud of myself.*

*[Goodbye!] The words over there were still not finished, this side Sister Yunyun had already pressed the end conversation key, after exhaling a long breath, she glared at me who had taken aim to pierce her body: [You're really going to kill me!]*

*I immediately moved, quickly thrusting: [Sister Yunyun, you're snatching time to make love with me?] Sister Yunyun blushed, shyly using her small hand to hit my chest, saying: [You're a scoundrel, making me betray my husband.]*

*[You like this scoundrel, yes? Letting this scoundrel give pleasure to you, making you experience the most wonderful orgasm!] I happily laughed, stooping down my head, receiving Sister Yunyun's erect and hard nipple, sucking it forcefully, using my teeth to bite it from time to time, thrusting my cock intensely, a zi zi sound of liquid rubbing with something issued out from the place our bodies met.*

*[Aah ... .. aah ... .. en ... .. I ... .. aah ... .. en ... ..] Sister Yunyun couldn't help but moan loudly, her lovely voice at my ears provoked my passion more, wrapping her slender legs around my waist, with her two feet sticking to each other, and their extremities were forcefully sticking upwards, her buttocks left the tabletop, pushing against my hips.*

*I made a powerful thrust, this normally dignified and lovely belle was continuously releasing waves of lovely shouts, these waves could even penetrate the bones, she was really a very beautiful rarity, my hands grabbed Sister Yunyun's smooth butt from both sides, forcefully raising her, and she couldn't help but embrace my shoulders.*

*I got up, and wandered on top of the rostrum. Stopping after some time, making a thrusting movement as if I was jumping up and down, then I again moved around. Sister Yunyun was tightly hanging from my neck, like a tree's vine, her entire body coiled around my body, releasing [Aah ... .. aah ... ..] lovely shouts from her mouth, unable to bear my deep thrusting, her mellow thigh tightly pressed between my waist and butt, her slender calf's shook, the high-heeled shoes dangling at her ankles, made a captivating arc along with her calf's shaking.*

*I looked around as I kept on thrusting; only Sister Yunyun's lovely loud shouts could be heard inside the empty stadium which was completely filled with a lascivious breath. Seeing her intoxicated expression, hearing her alluring moans, it felt as if I was fucking a female teacher at the school's stadium, it made my blood boil, a large amount of power along with intense pleasure bumped inside my body, seeking a place to vent itself out.*

*Feeling the incomparable pleasure and excitation, I took a deep breath. Walking past the front of the rostrum, as if I was patrolling in front of the spectators, I strongly moved upwards, pushing against Sister Yunyun's mellow and sexy butt, supporting her violent rise and falls, experiencing the huge pleasure produced from Sister Yunyun's body.*

*Sister Yunyun continuously made lovely cries, each wave a pitch higher than the previous. When I hinted her to look at the below stage, the huge feeling of being looked by incorporeal pair of eyes, looking at her shameless lascivious behavior, she [Aah ... ..] loudly shouted, convulsing on top of my wide chest, her legs ferociously clamped from either sides, a huge amount of sexual secretions flowed down from the place where we were having crazy sex, falling drop by drop on the scarlet carpet.*

*I quickly stepped towards the side wall, suddenly pressing Sister Yunyun against the wall, tightly holding her flexible and plump butt, I roared madly while fiercely colliding against her crotch region, my hard cock quickly entered and exited her tender, drenched lewd pussy, giving the sensation as if my cock had skewered her tender flesh reaching her abdomen. At the time of ramming against her cervix, an incomparably joyful pleasure cleansed my entire body like lightning.*

*At the time I collided with Sister Yunyun after pushing her against the side wall, her flesh suddenly became tensed, making her issue a weeping sort of moan, love liquids steadily rushed out. Only the frantic gasps and moans of two persons could be heard in the empty stadium.*

*I felt my cock keep on jerking within her pussy, swelling up several times, as if it was going to release! I tightly held her perfectly round butt, suddenly rising and submerging my crotch region, powerfully skewering my cock inside her tight pussy walls, directly twitching on top of the uterus's mouth, strong turbid semen quickly rushed out, completely shooting inside her convulsing uterus.*

*How could Yunyun receive this stimulation? My cock trembled at high speeds insides her body, continuously entering and exiting, piercing deeper till her body's abyss each time, that numbness was really hard to endure, she couldn't help but scream, releasing a lewd voice, and once again experiencing an orgasm for the 3<sup>rd</sup> time today.*

*In a moment, she opened her big cherry lips, with hazy almond eyes, she tightly hugged my neck with her hands, her uterus walls were intensely contracting, the flesh walls inside her body were also violently wriggling, sucking and biting my cock, a huge amount of love liquids rushed out once again, making my cock nice and warm.*

*After the orgasm, I supported the powerless Sister Yunyun's weight, softly putting down her legs, we two fell to the ground at the same time, Sister Yunyun was sitting paralyzed on top of my thigh, gasping and moaning on top of my chest. I affectionately caressed her smooth and wet naked body, silently appreciating the extreme pleasure which had ended just now.*

*Sister Yunyun gradually recovered her consciousness from the lingering effects of having sex so many times tonight with me in the stadium, her cheeks were red; her small hand caressed my bright cheek, she coquettishly looked at me and said: [You this scoundrel, I'm going to die because of you!]*

*Seeing her angry, shy, lovely, powerless and alluring expression, I felt it was very beautiful, and said: [Tired? Just now, your beauty at the time of the orgasm could scare a person; my darling was almost pinched off by you!]*

*Sister Yunyun weakly hit my chest, and said: [You neurotic! Cumming so many*

*times, my entire body feels numb!] My heart was secretly delighted, secretly saying: If it wasn't for my cock being unable to become hard again soon, then I still wanted to cum many times, genuinely holding you to death. My hands softly caressed Sister Yunyun's weak and flexible breast, moving my mouth forward, I kissed her ruddy and lovely cherry lips, she silently responded, happily serving me.*

*The two persons tongues intertwined a moment, finally feeling that it was already too late, and it was unsuitable to stay here longer, their tongues separated. I first raised my body, standing up while holding the still lovely and weak Sister Yunyun, taking the support of the wall, I helped Sister Yunyun sort out her silk clothing.*

*After dressing properly, Sister Yunyun recovered her original dignified and wise image, however under the baptism of the continuous orgasms, her body was completely brimming with the strong scent of lewd liquids, her short head was still messy, many strands of hair stuck on her sweaty forehead, a blush still remained on her charming face, her soft waist was unable to support her well rounded smooth body.*

*I kissed Sister Yunyun's cheek, quickly arranging my clothes; my cock went soft, as if it was hibernating like a snake which has lost its vitality. At the time I was lifting my pants, Sister Yunyun mischievously and shyly said: [Just now it was majestic, now it has become well behaved.]*

*I laughed and said: [It sent its essence inside your small pussy, sacrificing and dedicating itself to others, it's character is noble and spirit laudable.]*

*Sister Yunyun difficulty supported her body and said: [Serve's you right, suffering the consequences of your actions.] I took Sister Yunyun's purse, holding her slender waist in my arms, I said: [It's late, let's go.]*

*I called a taxi to deliver Sister Yunyun home. It was already 12'o clock, her house was still dark, it seems that Uncle hadn't returned home yet. I returned to the dorm, feeling powerless to even take a bath, I directly fell on top of the bed without taking a bath, entering into the land of dreams while drowning in the aftertaste of Sister Yunyun's body.*

One day I invited Sister Yunyun to see a movie. I bantered flirtatiously with Sister Yunyun while I was driving the car.

At last we reached the movie hall, we two bought our seats after buying the tickets, this film wasn't seen by many people, the spectators were scattered among the seats, sitting according to their seat numbers, this movie's theme was on art and literature, there were many warm and touching scenes between the lead male and lead female in this film. Seeing them, my blood started to boil, my hand couldn't help but caress Sister Yunyun's thigh, gently caressing to and fro on her stockings, enjoying the smooth feeling.

Originally, Sister Yunyun was diligently watching the movie. Suddenly feeling someone wantonly feeling her thigh, she bowed down to see it was originally her boyfriend's hand, knowing that my perverted heart was moved after seeing the plot on the movie screen, she laughed and let me continue groping her down.

After seeing that Sister Yunyun didn't refuse, I asked at her ear's side: [Sister Yunyun, have you worn tights or stockings today?]

She said [What do you want to do by asking this?]

I excitedly said [I want to grope your pussy.]

Sister Yunyun shyly replied [Hypocrite, if you want to grope then grope, there's

no need of declaring it, today I'm wearing tights~] I felt disappointed, only my hand still explored inside her skin tight dress, unexpectedly touching her fluffy pubic hair near her damp and warm flesh lips.

I was surprised and asked her [You didn't wear panties? Why is there a hole in your tights?] Sister Yunyun replied [Idiot! It's a specially designed tights, which can easily allow urinating, if I wore panties with the clothes I have worn today, it wouldn't be good looking, you don't like it?] How could I not like it, I was simply happy to death, I sped the up the rate at which I was rubbing her pussy, she still deliberately opened up her thighs, making it easy for me to caress her, I pulled her hand near my pants while hiding it under my coat.

Sister Yunyun knew I wanted her to play with my dick, so she followed by perfectly pulling down my pants, fishing out my hot scathing cock and softly caressed it. Her hand skill was becoming more and more awesome, she didn't tease my cock directly, rather used her fingernails to softly scrape down the popping muscles on my penis which tickled me and made me feel comfortable.

After having sex many times, Sister Yunyun already knew my habits; she then softly kneaded my scrotum, sliding against those two testicle sacks. I comfortably closed my eyes, and that jade pillar also expanded more and more, a smooth liquid flowed out of the glans penis, sticking to her lily-white hands.

Sister Yunyun couldn't help but laugh in a low voice and say to me [What's wrong? You're unable to bear it~, seeing the liquids flowing out of your penis, it seems you're feeling more and more horny.]

I explained to her [Your hand's groping is so lewd, again you've worn this open crotch type of stockings, making it possible to even grope your vulva, a man can't bear it, Sister Yunyun, can we play? You're also wet there.]

Originally, under my devil hand's control, she was also burning with desire and thirsting to get ravaged by my cock, but doing it beside someone was very daring. She used this reason to stop me, I suddenly had an idea, I quickly pulled her hand, and we stealthily slipped away towards the back row where there weren't any people.

Sister Yunyun raised her miniskirt till her waist, exposing her pure white and perfectly round jade butt and slender beautiful legs under her stockings, she sat

on top of my crotch. Since she hadn't worn panties, my cock was smoothly swallowed into her vagina through the open crotch region, she seductively shook her butt, joyfully rubbing my cock against her lewd hole's flesh walls.

I enjoyed the delicacy of Sister Yunyun's lewd pussy, while exploring her upper body using my hands, kneading and pinching her tender white beautiful breasts from on top of her clothes. The pink nipples on breasts summit were already erect long ago. Sister Yunyun stuck her red lips on top of mine from time to time, using her tongue to exchange our saliva.

Sister Yunyun had never experienced this kind of hot, fierce and obscene sex, she only felt an indescribable itching being born at her pussy, her breasts were also feeling unwell due to getting swollen, she couldn't help but untie her jacket's two buttons, stitching her tender lily-white hands inside, separating her flesh colour bra, she caressed her tender, white and fascinating jade breasts. After her splendid red nipples were pinched by her hands, they became more bright and warm, however it was unable to reduce the ignited lust, and only made the honey peach at her lower body demand more.

Sister Yunyun's lewd cave released a great amount of honey juice, drenching her stockings, her jade scallion sort of finger madly and roughly rubbed on top of clitoris, making more and more sexual secretions flow out, her finger was muddy from getting covered in the honey juice, she couldn't help but bring her perverted finger towards her nose sniffing the obscene lovemaking smell from her vulva.

Sister Yunyun had already surrendered to my jade pillar, reaching her orgasm. I was also on the brink of ejaculation under the tightening of her vagina due to the orgasm. Hearing my coarse and rough breaths, she knew I was going to ejaculate, afraid that the semen liquid would dirty her clothes, she quickly knelt between my legs, taking my warm and wet dick within her small red lips, she continuously swayed her head up and down, letting me rape her mouth, moreover she used her hands to tease the testicles inside the scrotum. Under the extreme pleasure, I quickly spurted out a thick amount of white semen, powerfully shooting it inside her throat.

After the semen had finished shooting, Sister Yunyun raised her head making a very seductive look, swallowing the semen inside her mouth, there were still

traces of white semen near her lips, and her lovely and pathetic seductive appearance was really beautiful. While she was burying her head at my crotch, she very lewdly and excitedly used her finger to rub her flesh bud.

Sister Yunyun only felt her entire body go stiff, releasing happy viscous liquid similar to feeling refreshed after releasing the urine held back for a long time. She used her mouth to clean the secretions on top of my meat pillar like a prostitute, one hand grabbing her chest and the other stretching inside her small skirt she started masturbating. I used a warm kiss to thank her for making me happy, and then we two persons returned back to our seats without dealing with out wet lower bodies.

After continuing to see the movie, I found there were almost no people nearby, moreover it was very dark, Sister Yunyun was leaning against me; and my cock quickly went erect again. I turned the son at my lower body, grabbing Sister Yunyun's ankles, I pulled her two legs on top of my thighs as she leaned her body on the seat.

[Sister Yunyun, can you use your feet to play with it?]

[You're very perverted, we finished playing just now, and you again want to play~?]

[Who asked you meet me this kind of pervert.] Saying this, my hands grabbed her feet and began to remove her boots!

I forcefully pulled her boots half off, in an instant her boots mouth originally at the calf section reached her Achilles tendon region, the boots front part was hanging in the air. Seeing her bootless feet, I thought of masturbating! I used a little force, completely removing her boots, red nail polish was applied on her beautiful feet, this really suited her black socks, making me fell I would die from excessive ejaculation. I raisedr her feet till my lips, a portion of sweet feet fragrance floated inside my nose.

[You, don't, not at here, I .... Oh ... feet.... feet ... aah ... ] her voice started to become vague, because I had already started sucking her toe through her socks, it seems she was quite comfortable, although it tickled, it was also comfortable. I bit on her socks; the legs under her black socks were very tempting!

I licked each of her toes; her scok's toe part was already wet due to my licking! Sister Yunyun issued a voice from time to time due to my teasing. [En ... .. aah ... .. good ... .. good ... .. not bad ... .. I ... .. en ... .. can't bear it ... .. my ... .. boots ... .. return them to ... .. me ... ..] The more I licked, the more spirited I became, I began to lick the back of her feet, soles, heel, then again putting her entire toe inside my mouth and sucked it, making her socks front part loose due to the sucking!

[Oh ... .. aah ... .. socks ... .. socks by you ... .. suck ... .. en ... .. taking off my ... .. boots ... .. still ... .. still sucking the socks ... .. aah ... .. dying ... .. oh ... ..] Sister Yunyun was also excited at this time.

I quickly pulled down my pants, bring out my big dick which was long ago similar to a pillar rising till heaven, rubbing it on top of her feet! I used another hand to grope Sister Yunyun's thigh under her skirt, I caressed the inside of her thighs, then I again attacked her, groping her unrestrained cunt, feeling it was already moist there! She began to writhe her body due to my groping, issuing a *wu wu* moan out of her mouth!

My dick was rubbing on top Sister Yunyun's warm stockings, [co ... .. cozy?] My voice was incoherent due to the excitation. Sister Yunyun was unable to speak and simply nodded! I continued to say, [I ... .. I want you ... .. your socks ... .. your boots!] I continuously fucked her feet.

Sister Yunyun moved her beautiful legs, clamping my glans penis with her foot base, exerting all of her strength to clamp from both sides, I felt my glans penis deflate due to her clamping, however her foot sole's fair flesh made me feel very cozy.

After clamping, Sister Yunyun started to slide her foot soles up and down. An intense pleasure bubbled up, gradually bringing a crazy shuddering which couldn't be explained in words, under this intense pleasure, I couldn't bear it anymore, and a portion of thick semen spurted out like a fountain.

Sister Yunyun softly exclaimed, hurriedly using her sole to press at my glans penis, my thick white semen shot at the socks on her foot and inside the boots!

[You're really bad, cumming all over my foot.] Sister Yunyun said gently, still rubbing my glans penis with her feet.

I embraced her, groping her bosom with one hand.

[Sister Yunyun, you're so much beautiful and lewd, I can't bear it, and your breasts are very soft aah!]

Sister Yunyun nervously used her hand to block her bosom, however my strength was more than hers, she was simply unable to resist, I grabbed her from outside the clothes for some time, then I untied her jacket making her breasts popped out quickly, my skilful hands played with her bosom.

This wasn't the first time Sister Yunyun was forced by me; my skilful hands gave a sensitive pleasure to her. My tongue licked her earlobes, as my other hand stretched inside her skirt.

At this time, Sister Yunyun had no plan of resisting, her body's desire made it unable for her to resist, but her mouth still said: [Don't ... .. aah ... .. aah ... .. not at here ... .. someone ... .. en ... .. not there ... .. aah ... ..]

I sucked Sister Yunyun's nipples, one hand continuously fondling her huge breast, my other hand impolitely groped her pussy.

Sister Yunyun was lost in passion because of me; her lewd body wanted my dick more and more.

[Aah ... .. en ... .. en ... .. won't do ... .. if you continue ... .. not here ... .. aah ... .. let's go to the toilet ... ..]

[All right. Sister Yunyun. Only, what do you want to do after going to the toilet?]

[Aah ... .. want to ... .. don't ... .. aah ... .. en ... .. en ... ..]

[If you don't say then I'll stop! Quickly say, lewd Sister Yunyun wants to go to the toilet to do what?]

[En ... .. Sister Yunyun wants to go to the toilet ... ..]

[En?] I knew Sister Yunyun was already unable to resist me, therefore I stopped my movement.

[Aah ... .. elder sister wants to ... .. don't stop ... .. aah ... ..]

[Wants what?, how will I know if you don't say?]

[En ... .. aah ... .. aah ... .. Sister Yunyun wants dick, wants huge dick ... .. go to the toilet to fuck me ... .. aah ... .. aah ... ..] Sister Yunyun was already unable to resist her body's desire and started to speak lewdly.

Inside the movie hall gent's washroom, a good show was going on.

[Aah ... .. aah ... .. deeper ... .. aah ... .. en ... .. still more ... .. excellent ... .. aah ... .. quicker ... .. fuck me ... .. I still want huge dick ... .. aah ... .. aah ... ..]

Sister Yunyun was completely naked, urinating with her hand's support, she made loud lewd shouts, I was using my huge dick to fuck her from behind, and my hands were also occupied, playing with her large breasts.

Due to getting fucked, sexual secretions flowed out of Sister Yunyun; she lewdly turned her buttocks, matching my thrusting.

[Very pleasant aah ... .. fuck ... .. I'll fuck you to death ... .. fuck you this slut, shouting so lewdly, getting fucked by me inside the toilet, say whether or not you're a slut who isn't getting fucked enough!]

[Aah! I am a slut, quickly fuck, forcefully fuck Sister Yunyun aah ... .. aah ... .. aah! Excellent ... .. huge dick ... .. fuck me ... .. aah ... .. aah ... .. aah ... ..] Sister Yunyun's sweat and sexual secretions continuously fell on top the toilet floor drop by drop.

[Sister Yunyun, whether or me fucking you gives you pleasure, it's very clear from your so much loud shouting!]

[Aah ... .. aah ... .. very pleasant ... .. elder brother huge dick fucking Sister Yunyun is very pleasant ... .. I still want aah ... .. aah ... .. en ... .. I want huge dick to fuck me ... .. forcefully ... .. aah ... .. aah ... .. aah ... .. excellent ... ..] Sister Yunyun's pussy was getting fucked ruthlessly by my huge dick, continuously issuing out, *pu zi pu zi*, sound of sexual secretions, Sister Yunyun was already fucked for half an hour, reaching her third orgasm.

[Sister Yunyun's really a slut, say whether or not you wanted to deliberately get fucked by a person?]

[En ... .. en ... .. aah ... .. Sister Yunyun ... .. that's why desires to get fucked by you, Sister Yunyun is a slut, quickly fuck Sister Yunyun to death okay? ... .. aah ... .. aah ... .. excellent ... .. aah ... ..] Sister Yunyun lewdly moved her body, and

naturally started to speak lewdly.

I started forcefully thrusting inside Sister Yunyun. [pa pa pa] sound of body collision sounded through the entire toilet.

[Aah ... .. aah ... .. getting fucked makes Sister Yunyun very pleasant aah ... .. en ... .. en ... .. stronger .... .. aah ... .. fuck me to death aah ... .. aah ... .. want to ... .. aah ... .. aah ... .. quick aah ... ..]

Sister Yunyun was addicted to getting fucked by me, her pussy clamped me, I was also feeling much pleasure by getting clamped by her, madly fucking her, she was getting fucked as she lied on her stomach at the toilet floor. She was lying on top of the toilet floor covered with her sexual secretions, raising her buttocks as I fucked her.

[Aah ... .. aah ... .. aah! At last, quickly fuck, fuck me to death, ... .. aah ... .. aah ... .. aah ... ..]

[Aah ... .. aah ... .. going to cum ... ..]

[I doesn't matter ... .. aah ... .. aah ... .. aah ... fuck me to death ... .. aah ... .. cumming inside doesn't matter ... .. aah ... .. just don't stop ... ..]

Sister Yunyun insanely moved her buttocks, I was also provoked by the lewd Sister Yunyun, forcefully grabbing her breast, my dick entered till her pussy's depths, a portion of thick semen shot inside the depths of her uterus.

[Aah ... .. going to die ... .. very hot ... .. dying ... .. aah ... .. aah .... .. aah ... ..] Sister Yunyun also lost her guard after getting shot inside again, her pussy sprayed out a huge amount of sexual secretion as it reached an orgasm. After the orgasm, she lied on the floor feeling powerless in her entire body.

[Troublesome~, what's to be done if you're found like this by someone, why don't we return home?] Sister Yunyun strongly pinched me and coquettishly said [You're really bad!]

Sister Yunyun took out a bra and panties from her purse, using them to cover her lewd pussy still dripping with my semen and her sexual secretions as well as her breasts which were dark red due to getting grabbed by me. We two left the toilet and continued to watch the movie.

At last the movie ended. I took Sister Yunyun home. She was still indulging in the passion from before and was unable to settle down the entire journey.

She was sitting in the front seat, I was driving the car while looking at Sister Yunyun's appearance, and two flowery blushes were floating on top of her face, giving a very gentle feel to Sister Yunyun, raising her attractiveness, making her more lovely and sexy, it made my evil desire rise again.

My eyes exposed a perverted hungry and thirsty expression, Sister Yunyun could also feel one tepid hand obscenely caressing to and fro on top of her thigh stockings. I couldn't help but use my right hand to caress her beautiful legs from on top of the flesh colour stockings, those thin flesh colour stockings, made her fair jade legs seem more sexy and fascinating.

My hand slowly went inside her skirt after groping her thighs, touching her pussy over her dripping wet panties. Sister Yunyun didn't expect me to be this brazen, there wasn't enough time to prevent me, so she allowed her lewd pussy under the panties to get groped by me as she shuddered all over.

I groped her flesh lips overflowing with sexual secretions, trying to find her erect clitoris, using my finger to rotate it, rubbing it made her entire body limp and numb, her breathing gradually became coarse and heavy, bringing her to the edge of her collapse. I saw her face go pink and also felt my hand get covered in more and more sexual secretions.

I suddenly stepped on the brake, let go the steering wheel, holding Sister Yunyun's mature and lovely body, warmly kissing my lips on her cherry lips. The manly breath from my body, made her limp all over making it unable for her to resist.

I extended my tongue inside her mouth, sucking her fragrant tongue and saliva. Sister Yunyun also delivered her tongue inside my mouth after getting provoked, my hand separated her shirt, bra and pinched the points on her soft and beautiful breasts, and she also couldn't help but grope the swollen region on my pants with her hands.

Our breaths were almost insufficient, we temporarily separated our warm kissing lips, I said [Sister Yunyun, I want you again, right now you're very beautiful and alluring aah]

Sister Yunyun said with hidden bitterness [You this scoundrel, just now you tormented me at the cinema hall, still not enough aah]

I laughed and said [Sister Yunyun, don't you also like making love with me, still excitedly moving like that , right now your stockings are still moist ... ...]

A blush flashed across Sister Yunyun's face as she said while softly hitting my navel region [Who asked you to make Sister Yunyun do such a lewd thing, harming my entire body, making it feel unwell and release so much liquids ... ...] Seeing her shy look, I tenderly caressed her fair glossy face.

Sister Yunyun shyly said [Xiao Jian, if you still want to, how about Sister Yunyun let you make love however you want ... ...]

I joyfully said [Sister Yunyun, I will take you to one place, but you must give me a blowjob in the meanwhile.]

Sister Yunyun said with a gentle voice [All right, I will suck you, Ah! You're indeed my life's nemesis ... ...] Saying this, her lily-white hands moved towards my pants.

I started the car, Sister Yunyun dropped her head until my crotch, shyly pulling down the zipper, fishing out that rep-purple meat pillar, she used her seemingly boneless hands to grip it, wrapping them around my penis and softly groping it, exploring her jade tongue out of her small mouth, she licked the small hole on top of the glans penis.

Sister Yunyun continues to use her tongue to wrap around the glans penis, she this beautiful young married woman, sucked thoroughly, fearless of the filthy shame. She took the initiative to clasp the flesh sacks under, softly rolling those testicles in her soft hand.

I thought my dick was going to cum from the pleasure; however Sister Yunyun sucked my huge cock inside her mouth, swaying her head, thrusting that cock in and out of her lovely red lips. I tenderly pushed her jet-black beautiful hair aside, appreciating her the seductive appearance of flirtatious face sucking my dick, she used her charming eyes to look at me, as if she was asking if I was satisfied with her blowjob.

The purple-red glans penis was muddy with Sister Yunyun's saliva, seeming

glossier, during her intense blowjob; the car had reached the parking lot at the basement of her home.

I stopped the car, starting the small lamp on the car roof, my hand slowly raised Sister Yunyun's head who was sucking my penis just now, seeing a blush appear at her cheeks, my lips stuck to her red lips, tightly hugging her soft body brimming with a sweet smell.

Sister Yunyun said at my ear [Xiao Jian, take off my clothes okay? Elder Sister wants to play with you using her entire body ... ...]

I used my hand to remove her shirt, her well rounded breasts were supported by a flesh colour bra. [Pat] I untied the hook at the front of the bra, the two bra cups fell down, those fair and flexible jade breasts jumped out, attractively swaying in front of my eyes.

I couldn't help but admire them [Sister Yunyun, your breasts are very beautiful aah ... ...]

Sister Yunyun felt shy and happy hearing my praise, she clasped her well developed jade breast, bringing them in front of me she said [Xiao Jian, you love them? Elder Sister's breast wants you to grope and suck it.]

I naturally followed by burying my head within her cleavage, her breasts were full of a milky smell; I sucked her sweet cleavage as my hand pinched her small and exquisite cherry sort of nipple. Sister Yunyun was unable to endure the soft tickling feel on top of her breasts; her mouth issued a *si si* alluring breathing sound, her beautiful jade breasts swayed along with her soft breathing, provoking her lover's lust.

Sister Yunyun was unable to bear the torment of her lust; she pulled her miniskirt exposing her ample buttocks wrapped up under the flesh colour stockings. I took in the beautiful sight, she flirtatiously moved her mature lower body, her plump jade butt moved as if it was requesting me to knead and pinch it. Those graceful and lewd legs opened up in front of me, her wet stockings and panties were already translucent, vaguely showing her black pubic hair.

I stared in awe at this alluring beautiful scene for some time, Sister Yunyun felt that this way I won't take the next step, so she held her fine lily-white hands and put it inside her panties, using her finger to rub her wet scarlet petal up and

down, her mouth lewdly said [Xiao Jian, it's itching here very much for Sister Yunyun. My entire body's warming up, you quickly come and love me, elder sister needs you ... .. aah ... ..]

I forcefully tore her thin stockings, exposing her white colour panties. I pushed aside the damp panties, exposing her mysterious flesh slit in front of my eyes. Sister Yunyun shyly used her hand to cover her face; she knew she was looking like a slut, opening up her plump thighs, making me use my passionate gaze to look at her tender red vulva.

[Aah ... .. Xiao Jian, grope my pussy ... .. aah ... you have to softly grope ... .. Sister Yunyun can feel comfortable ... .. oh ... .. don't pinch that small bean ... .. it's elder sister's clitoris ... .. your pinching will make elder sister itch again .... feel very unwell ... .. aah ... ..]

Sister Yunyun softly moaned.

I used my hand to touch her dark red colour vulva, in order to provoke Sister Yunyun's libido, I separated her two flesh lips, kneading the small clitoris concealed at the top, the kneading made her feel pleasure and itching. Those flesh colour stockings were rolled down her long legs, and couldn't help but sway.

The berry sort of small nipples on Sister Yunyun's jade white breasts slightly trembled, her miniskirt was raised till the waist, and her beautiful lewd lips under the torn flesh colour tights were being played with as much I wanted. Her fine jade foot was wearing a sexy black high-heeled shoe. Along with her lewdly opened up thighs, were placed on top of my shoulders.

Looking at this kind of alluring scene, I was unable to bear it anymore. I adjusted my position, moving my meat pillar until Sister Yunyun's pussy, the shouting Sister Yunyun supported my penis with her hand. She held my hot and hard penis, at once knew I was going to deliver it inside her lewd lips.

[Aah ... .. killing a person with shame, Xiao Jian, you're making me do this kind of lewd thing ... .. aah ... ..] Sister Yunyun shamefully held my dick, aiming it at her lewd lips overflowing with honey juices, she used another hand to separate her red lovely flesh lips, smoothly inserting my cock inside her warm and tight vagina.

My cock felt very comfortable inside Sister Yunyun's lewd hole, I couldn't help but shout with Yunyun [Good Elder Sister, you make my dick very pleasurable ... .. aah ... ..]

Sister Yunyun released a lovely moan [Good Younger Brother ... .. I am a lewd and bad woman ... .. aah ... .. mustn't be forceful like that ... .. lewd elder sister's pussy can't bear it ... .. aah ... ..]

My desire rose up, supporting her beautiful legs on top of my shoulders, I fondled and pinched as much as I wanted, that soft and slippery feel of the stockings provoked my senses. I strongly swayed my butt, making my cock thrust and rubbed inside Sister Yunyun's beautiful hole.

Sister Yunyun hazily gazed at me, wrinkling her brows, she exposed a comfortable and painful expression, softly shouting: [Xiao Jian ... .. I'm dying ... .. Sister Yunyun is going to cum ... .. aah .. .. quickly hold elder sister ... .. aah ... ..]

Although I hadn't ejaculated, my hand still embraced Sister Yunyun's fine waist, another hand clasped her plump fair buttocks, She also explored her tongue out to suck me, her fair breasts on her bosom were swelling due to the excitement, closely pressing against my navel region, her graceful and slender jade legs intertwined around my butt. She had at last reached her orgasm, a thick and great amount of sexual secretions flowed out of her lewd hole.

I gently asked at Sister Yunyun's ear: [Sister Yunyun, you came, you feel pleasant or not?]

Sister Yunyun replied shyly: [Very comfortable, that huge thing is filling up my pussy ... ..]

Sister Yunyun saw that my dick was still hard inserted inside her vagina, she withdrew her body, leaning beside my cock, she tenderly gripped that cock muddy with her sexual secretions. [Xiao Jian, you hadn't ejaculated just now, isn't you dick feeling unwell? Should Sister Yunyun let you insert it again?]

I pinched Sister Yunyun's snow white big buttocks and said: [Sister Yunyun, I naturally want to, however this time I want to have a boobjob.]

My lewdly pinched her erect pink nipples on Sister Yunyun's beautiful breasts and said: [Sister Yunyun, you use your soft and white breasts to clamp by dick

from both sides ... ...]

Sister Yunyun couldn't help but shyly speak with anger: [From where did you learn these eccentric playing methods? How can someone use breasts to make love?]

I thought Sister Yunyun was unwilling and felt disappointed, however I didn't expect her to clamp her breasts with her hand, and speak while exposing a enchanting smile: [Little pervert is still not going to come quickly?]

I joyfully neared Sister Yunyun's bosom, holding my cock at her snow white cleavage. She used her soft breasts to clamp my huge cock, I began to move my buttock, making my cock rub against her cleavage.

Sister Yunyun leaned her body for the sake of bringing my penis between her breasts, I coquettishly said: [Sister Yunyun, can you near my dick, quickly lick my glans penis ... ...]

Sister Yunyun helplessly lifted her head, letting me look at her intoxicated beautiful face during sex, licking my huge glans penis from time to time, this kind made me passion flare up, releasing thick white semen again, spraying on top of her breasts and red lips. Sister Yunyun tasted my semen liquid, saying to me: [Sister Yunyun will forever be yours.]

Today, dad and mom went out to attend a party, so I went to Uncle's house to freeload food. Entering inside the door, I saw Sister Yunyun's back towards me as she was cooking. Originally I thought of calling her, however, seeing her back made me entranced. Sister Yunyun was wearing a white skin-tight nightgown and a black bra, her entire figure was sticking out, those buttocks were round and flabby, the lace on her panties were closely enveloping her buttocks, I was thinking about her black panties as her buttocks and breasts trembled as she cooked, see them produced huge lewd desire inside me, I thought to myself, did Sister Yunyun wear this kind of dress in order to seduce me?

I slowly walked behind Sister Yunyun, extending my hand to hold her waist, I spoke near her ear: [Sister Yunyun, I missed you.] Sister Yunyun was startled, I used my hands to prop up her well developed soft breasts, using my fingers to pinch her nipples as I licked her earlobe with my mouth.

[Don't lick~! Wu ... .. no ... .. want ... .. can ... .. your Uncle can see ... ..] Sister Yunyun tried to struggle, however she didn't resist. I softly kissed her beautiful neck, moving my mouth towards her face from time to time. My penis was already swollen and was jabbing against her butt hole, finally I started to softly bite her earlobe.

[No need to fear, Uncle's taking a bath, how could he see!] I stretched my

hand towards Sister Yunyun's pussy inside her skirt, groping the base of her panties, it was moist and wet, knowing that originally her pussy was already leaking liquids; I stretched my finger inside the panties, stroking her clitoris. [Aah ... .. no ... .. good ... .. la ... ..] Sister Yunyun's shouts were very lewd.

I inserted my middle finger inside her pussy as I sucked her earlobe, and pinched her nipple with my hand. [Aah ... .. wu ... ..] I followed up by turning Sister Yunyun's body, letting her look at my finger getting sucked inside her pussy [Aah ... ..] She turned her head back, I pushed her T branded bra aside, making her fleshy breasts pop out, her erect nipples were swaying gently.

I used my mouth to suck on Sister Yunyun's pink and sticking up nipple, [Wu ... .. wu ... .. aah ... ..] Sister Yunyun's yelling was unrestrained and lewd.

After sucking, I kissed the whole journey down as I took off her nightgown and panties. Supporting and opening Sister Yunyun's legs, putting her leg on top of the kitchen, her wet pussy was glistening under the light, I extended my tongue to lick it.

[Oh ... .. Xiao Jian, don't~, it's dirty~ ... .. wu ... .. good ... .. aah ... .. good ... .. licking ... .. oh ... ..] Sister Yunyun's hand which set out to push my head away, right now started to tightly pull my hair. [Aah ... .. aah ... .. wu ... .. aah ... .. ow ... ..] The licking filled my entire mouth with sexual secretions, only it was quite delicious, slippery *chan chan*, sticky *chichi*, warm and dense.

Right now, my dick was fiery and erect, unable to endure it, I took off my pants, lifting Sister Yunyun to make her sit on top of the kitchen sink, I separated her legs, I held my penis and directly slammed it on top of her pussy, making my cock directly go forward inside her fertile hole.[Wu ... .. going to die because of you ... .. aah ... .. wu ... .. pierced to death by you ... ..] After she received my sudden attack, she also tactfully matched by shaking her buttocks, using her hand seize my neck, she gave out lewd shouts: [Aah ... .. aah ... .. aah ... .. good ... .. huge ... .. oh ... .. vigorous ... .. oh ... .. oh ... ..]

Sister Yunyun said: [Oh ... .. you don't care that Sister Yunyun ... .. is cooking dishes ... .. oh ... .. suddenly fucking me ... .. you're very bad oh ... ..]

I said: [There's nothing that can be done about it, who asked Sister Yunyun to be so beautiful, so tempting, again wear such an alluring nightgown, I was

unable to bear it after seeing and could only find Sister Yunyun to vanquish the fire.]

Sister Yunyun said: [Good child, oh ... .. your mouth is really sweet, oh ... .. a bit softer ... .. oh oh ... .. Sister Yunyun's very comfortable ... .. aah ... ..]

I quickened the thrusting movement, increasing its power, Sister Yunyun's pussy was filled with liquids, feeling very slippery. Each time I thrust till her end, she released as many shouts as she wanted while enjoying the glee of love making. I sucked her nipple as I fucked her.

Suddenly, my glans penis warmed up, I felt a portion of warm liquid attack my glans penis. Originally, Sister Yunyun was leaking.

Right now, Sister Yunyun was breathing faintly: [My darling baby ... .. Xiao Jian's huge dick ... .. elder sister is on the point of dying ... .. I'm leaking ... .. aah ... ..]

After Sister Yunyun finished speaking, she powerlessly lied on her stomach at the kitchen counter, gasping big breaths of air, she tightly closed her eyes as I strongly fucked her. [Aah ... .. aah ... ..] Unable to bear it, I was going to cum! At the same time, Sister Yunyun's entire body tightened, her vagina started to contract. Oh! We two reached our orgasm at the same time.

Seeing Sister Yunyun's flirtatious appearance post orgasm, my cock went erect once more, the more I fucked the more powerful it became, a portion of semen directly shot inside her uterus. I was exhausted due to the strong and fierce fucking and shouted at the same time: [Sister Yunyun ... .. your pussy's clamping makes me feel good ... .. my ... .. glans penis it wet and itching ... .. Sister Yunyun ... .. I'm going to cum ... ..]

[Xiao Jian ... .. elder sister ... .. is also leaking quickly ... .. elder sister ... .. getting fucked by you ... .. very ... .. cozy oh ... .. aah ... .. good child ... .. you ... .. fuck elder sister to her death ... .. elder sister feels very delighted ... .. I want to ... .. leaking ... .. leaking ... .. aah ... .. elder sister ... .. for Xiao Jian ... .. the pleasure from fucking will kill me ... .. elder sister ... .. wants to leak for you ... .. aah ... ..]

After Sister Yunyun finished shouting, a portion of sex fluids leaked out again, my glans penis was covered by her hot sexual secretion, making my penis rise

again, my waist went forward as a portion of warm semen shot outwards.

Sister Yunyun became aware that I suddenly became incomparably excited, so she shouted loudly: [Xiao Jian ... .. cum .. .. cum inside elder sister's fertile hole ... .. cum ... .. oh ... .. elder sister's going to be fucked to death by Xiao Jian ... .. aah ... ..]

After releasing the semen, I removed my dick from Sister Yunyun's body, a mixture of semen and warm sexual secretions overflowed out of her lewd pussy, following her thigh, falling down on the floor.

I held Sister Yunyun and spoke at her ear: [Very comfortable! Indeed wish to fuck for a lifetime. Sister Yunyun, you mustn't leave me, your lewd pussy has much liquids and juicy, wet and warm, still can suck very well, later we both can have a great time making love with open hearts, okay?]

[Hah! You came inside again! I refuse to acknowledge you!] Sister Yunyun squat her body down, bowing her head to suck my huge wet dick inside her mouth, semen and sexual secretions were still flowing out of her lewd pussy.

[Aah ... excellent ... .. very comfortable ... .. Sister Yunyun ... .. your mouth's very excellent ... ..]

Sister Yunyun sucked for a moment, loving it too much to part from it, she licked all over my dick, pubic hair and testicles.

[Sister Yunyun, change with me ... ..] I supported and raised Sister Yunyun, she obediently stood up, one of her hand was still on my cock hating to part with it.

After I raised her, I separated Sister Yunyun's legs, making her tremble. Her pubic hair was very thick; I squatted down and used my mouth to lick on her wet and moist vulva.

However, in this standing position, I could only lick till her pubic hair region, so I raised Sister Yunyun on top of the kitchen counter, supporting her legs on my shoulders, opening her thighs, her entire pussy overflowing with sexual secretions appeared in front of me. I looked once and went up to lick it, licking from her thigh till her groin, straight till her wet and slippery slit.

[Aah ... .. en ... .. very ... .. very pleasurable ... .. heavens ... .. aah ... ..] Sister Yunyun's entire body went limp, simply forgetting that Uncle was still bathing

inside the bathroom.

Sister Yunyun's pussy was in a total mess leaking and overflowing, milky white sexual secretion and semen flowed towards her anus from the pussy, flowing down on the kitchen counter. Seeing the ripe time has arrived, I held my dick, pushing it against her pussy, looking at her separating slit, slowing swallowing my glans penis.

[Aah ... .. Xiao Jian ... .. no ... .. you can't ... .. you finished just now ... .. you can't do like this ... .. wait for your Uncle to come out ... .. aah ... ..] Sister Yunyun yelled.

However, it was already too late, I forcefully straightened, inserting my entire dick inside Sister Yunyun's vagina filled with sexual secretions and semen.

[Aah ... .. heavens aah ... .. aah ... .. I ... .. can't ... .. aah ... ..]

I recklessly and madly delivered, and pierced Sister Yunyun who was suffering terribly, waving her hands carelessly, overturning some of the bottles.

[Hu ... .. hu ... .. Xiao Jian ... .. slow down a bit ... .. Sister Yunyun can't bear it ... .. aah ... .. pleasant ... .. this kind ... .. aah ... .. very ... .. excellent ... ..] Sister Yunyun regained her reason in a short while, however she once again flew beyond the topmost clouds under my pumping.

[Sister Yunyun ... .. you're comfortable ... .. I feel comfortable aah ... ..]

[Comfortable ... .. is not comfortable ... .. is ... pleasurable ... .. very pleasurable ... .. Xiao Jian ... elder sister feels pleasurable getting fucked by you ... .. you how ... .. can ... .. how can you like that ... .. pierce my hole ... .. aah ... .. again ... .. again reaching the uterus ... ..]

At this time, I brought Sister Yunyun down from the kitchen counter. Then I made her sit on the ground, turning her body and lifting her butt, exposing her moist and wet pussy, I held my dick, pushing it against her vulva.

[Zi] , my cock quickly went in.

[En ... .. aah ... .. Xiao Jian ... .. fucking like this ... .. elder sister ... .. feels pleasurable ... .. baby ... .. elder sister loves you to death ... .. fuck ... fuck elder sister for you Uncle to see ... .. aah ... ..]

I happily did everything I could do to fuck Sister Yunyun, using my hands to pinch and knead her fleshy tender breasts.

[Oh ... .. elder sister's on the point of dying ... .. aah ... .. huge dick ... .. Xiao Jian ... .. fuck elder sister with your huge dick ... .. oh ... .. pleasurable aah ... .. good older brother ... .. elder sister is going to call you older brother ... .. quickly call me younger sister ... .. your beautiful younger sister Yunyun ... aah ... ..]

[Good aah ... .. younger sister Yunyun ... .. like it or not? ... ..]

[Like ... .. younger sister likes ... .. likes getting fucked by older brother ... .. aah ... .. aah... ..]

[Oh ... .. I ... .. elder sister is going to cum ... .. leak for you ... .. quickly ... .. fuck ... .. strongly fuck me ... .. aah ... .. aah ... .. aah ... .. aah ... .. aah ... .. aah ... .. aah ... ..]

Sister Yunyun's body leaked, a portion dense sex fluids rushed towards my dick.

I still hadn't leaked semen, so I took out my dick, looking at her pussy, overflowing with white lewd liquids, it seemed as if her pussy was breathing as it slightly opened and closed.

I lifted Sister Yunyun's legs, raising her right leg across the wall. I held her right leg, stabbing my moist and wet dick against her lewd pussy overflowing with semen and sexual secretions.

Sister Yunyun was lying on her stomach on the counter, still enjoying the pleasing lingering effect of leaking and cumming. To be able to smoothly pump, she encircled her hands around my neck, leaning her back against the wall, we two were standing as I fucked her from the front.

[Aah ... .. aah ... .. aah ... .. elder sister truly loves you dearly ... .. aah ... .. Xiao Jian, you can fuck the hole ... .. aah ... .. aah ... .. little devil ... .. you're very strong ... .. aah ... .. aah ... .. my good older brother aah ... .. fuck the hole ... .. good older brother ... ..]

[Good older sister ... .. you're the person whom I love the most ... .. I will properly uphold my filial piety towards you ... .. hu ... .. hu ... ..]

[Good ... .. Xiao Jian ... .. how are you going to uphold your filial piety ... .. I ... .. aah ... ..]

[Accompany you to bed ... .. hu ... .. and pierce your hole ... .. ok? ... ..]

[Good ... .. naturally good ... .. however ... .. you mustn't ruin your body ... ..]

[I won't ... .. hu ... .. hu ... .. for you ... .. I'll take care of myself ... .. oh ... .. soon ... .. dear older sister ... .. soon ... .. soon ... .. I'm going to cum ... ..]

[Good ... .. aah ... .. elder sister also wants ... .. aah ... .. cum ... .. let elder sister give birth to your child ... .. Ok? ... .. cum ... .. cum inside ... .. aah ... .. aah ... .. aah ... .. aah ... .. aah ... .. aah ... .. aah ... .. cum ... .. cum ... .. le ... ..]

At last, I once again ejaculated dense semen, that warm liquid poured inside Sister Yunyun's uterus, she climbed on my body, continuously gasping for breaths.

[Xiao Jian, your semen is very hot ... .. my pussy feels comfortable ... .. aah ... ..] Saying this Sister Yunyun used her hand to receive the semen flowing out of pussy, bringing it to her mouth and eating it. After that she sprung up from my body, snuggling against my side.

By the time we two persons properly arranged our clothes, Uncle came out of the bath, I simply chatted with Uncle inside the living room and Sister Yunyun was cooking the meal inside the kitchen with her tightened pussy filled with my semen.

Office, bathroom, conference room, building roof, Sister Yunyun's home ... .. there were vestiges of me and Sister Yunyun crazily making love at all these places. The lovely beautiful belle teacher of the office, seemed very fascinating and charming at my crotch, very lewd and unrestrained, showing an alluring position, every time we cautiously carried out a love affair, it brought a very high excitement!

Under my irrigation, Sister Yunyun grew more juicy and plump, lovely and amorous, a shy and tempting blush frequently rippled across her face, her breast peaks became increasing erect, her waist becoming lovelier and softer, butt perfectly round and plump, whenever she walked down the road, she often became the focus of a man's perverted eyes.
