Part 1

————「Farbaldin」

was what this world was called in ancient language
and this story occurred in somewhere in this world.

A relatively new 『Society』 was formed in this world.

That new 『Society』 was imposingly named 『Immortal Slayer (Undead Hunter) Society』.

Incidentally 『Undead Hunter』 was a job which specialized in hunting zombies and vampires who were 『Immortal (Undead)』 and akuma (Devil) and akki (Demon) who were 『Devilishness (Evil Spirit)』

The Society gathered numerous orphans and managed orphanages.

And instructed applicants with the secret arts of undead hunters,
and the new undead hunters were accepted as members of the Society.

Ares——a young man with red hair,
also voluntarily aspired the path of an undead hunter.

Ares——the name of the mythical god of war
and he thought that this name was a bit embarrassing——
was raised with other children without knowing the faces of his own

parent's.

He was mischievous, wild, and forced his chivalry on others; he didn't have an excellent physique but he had the capabilities of a warrior.

He was 15 years old when he was recognized by the Society as an undead hunter.

For a while he continued to exterminate the weakest undeads like common zombies

and to do unremarkable logistical support,

And after 3 years he already became an independent undead hunter.

During that time he was invited by adventurer parties as a temporary fighter against undead.

(The Adventurer's Union and Society were cooperating.)

Soon when he was solicited by the Society Headquarters to go to a local branch, he accepted it with pleasure.

And so the red haired undead hunter, Ares Jogshis left his hometown where he was raised together with other orphans by his round and chubby foster mother ——to whom he got his family name from—— and bid farewell to them as he mustered his way to a new land.

That place was the Rago Oceanic Kingdom which possessed the strongest naval forces in the world.

——however, he was actually dispatched to one of the local cities which wasn't facing and had no relations to the sea.

That local city was called Kuoteram.

Ares while being rocked on a wagon along with several undead hunters and adventurers left the capital city Ashteram of the oceanic kingdom.

Since it was a hurried departure, Ares scratched for information from the local adventurers inside the covered wagon

「Is the sun god belief particularly popular in this country? 」

「Yes, because recovery magic is advanced in the cities.」

Answered a warrior from a row of adventurers.

There were several magic in the two systems of what was called 『Sun Arts』.

Undead hunters used the technique called 『Sun Arts • Holy Slash』, while medicine used 『Sun Arts • Heal』.

Although they used identical powers, on one hand anti-undead skills while recovery skills on the other, the difficulty of learning the latter was overwhelmingly harder.

「Well, even I only somehow learned 『Sun Arts • Holy Slash』...」

Ares' self-ridicule comment invited smiles to everyone in the wagon.

Incidentally, even though the sun god belief was popular, in this world belief and magical ability had no relationship,

The meta of 「Priest and Clergy = can use recovery skills」 didn't exist in this world.

Nonetheless, the common notion that clergies want to learn recover magic has completely no relation.

[But still a medical city where the sun god belief is popular——I wonder if it's a stifling city?]

[No, is what I'd like to say...At any rate, there are a lot of sick people but also health resorts. Thanks to that there are red-light districts in the other side of the city...]

[That must be a huge city huh.]

[Ares should also enjoy in the red-light district.]

[Leave me alone...]

Part 2

Ares was plainly perplexed by his colleague's banter.

Although the Society Headquarters which Ares belonged was in the capital of the Mercenary Kingdom which had an incomparable red-light district, he never approached that kind of place.

Was it because he was worried about his childish face, or was he just not interested by sexual pleasures?

[Do the undead and lower evil class spirits here appear during this time?]

In order to change the topic of conversation, he questioned one of the adventurers.

It was already dark when looking outside, a lantern to provide illumination was installed in the wagon.

[Hmm, well—————]

Before an answer was completely returned a scream was heard.
It came from in front.

[Stop!]

As soon as telling that to the driver, Ares had jumped out from the wagon even before the horses were stopped.

The sound of metallic armor rang out at the same time he landed.

[Magician, lights please!]

Chanting of the spell was started together with his instruction and simultaneously when it ended, a more dazzling light than the lantern shone amidst the dark night.

While illuminating the maintained road, in front were several men and women who had desperate expressions were running towards their direction.

Were they a merchant-looking man and his family?

In addition, a strange sound rang out from behind which approached them.

[Warrior-sama! Please help us!]

Shouted the merchant-looking man who was in the lead.

While guiding the men and women behind the magicians, from the darkness appeared three armed skeletons, which rushed while being exposed to the light.

Ares took a stance with his two-handed sword to intercept them.

The undead hunters and warriors followed suit.

(Skeleton warriors huh——)

They weren't tough for undead monsters but they could be considerable difficult for new adventurers.

However Ares had crossed swords with them many times.

Nonetheless, during the darkness of the night it wasn't like the enemies were limited to three. Taking that into consideration even a bit of carelessness wouldn't be permitted.

Sounds of metal objects colliding——

The skeleton warrior's saber was caught with his two-handed sword.

Although it was sharp it wasn't heavy.

In the dark night, magic power in the magic circle shone in the air while the sound of three respective sword fights rang out.

Ares locked swords with the skeleton warrior in front of him.

Then he pushed his opponent in one go.

In the interval when his opponent was staggering, while using his right hand to cross swords with his prey, he struck his opponent's face with his empty left hand.

Naturally it wasn't just a simple punch.

He invoked basic undead hunter magic 『Cross Shot』 and included it in his attack.

Actually this spell didn't really require direct contact.

(Originally a light bullet was shot to the undead through the motion of the fist.

In other words it was used as a projectile weapon.)

There were also warriors who prefer to shout while striking directly because they were aiming for the synergy effect of fist and magic.

(This was named 『Cross Fist』.)

Ares' left fist sunk into the side of the head of the skeleton warrior, which smashed its skull.

A cracking sound accompanied the fall of the skeleton warrior and he took this check the situation of others.

[Guwaaaaa!]

An undead hunter screamed as a skeleton warrior charged to him.

Looking at the scene the enemy's wide saber stabbed deeply into his left thigh.

Without change the saber was drawn out and fresh blood gushed out, and then the undead hunter fell on his backside.

The monster raised its saber above its head and swung it down, but in order to stop that——

A small transparent stone was thrown between the two.

A clear sound like a singing voice resounded at the same time as the stone got smashed,

the sound stopped the skeleton warrior's movement for an instant...

which much less dulled its movement.

Ares leaped above the skeleton warriors head and sliced it in one stroke.

[Sorry. Forcing you to use that stone...]

[Don't worry about it. More than that how is your injury?]

The earlier stone was called [Sacred Voice Stone] and when throwing it and simultaneously chanting a short spell, all undead and devils who hear the sound will flinch.

One skeleton warrior and another two were finally defeated.

[Shit...it hurts...]

Because there weren't any recovery magic user, Ares started preparing for first-aid treatment.

During that, in order to confirm for danger, a warrior started looking around the surroundings, and he suddenly shouted when he saw the way to their destination, Kuoteram City.

[Someone's coming——isn't that a recovery user?]

Recover User——with the same character reading, it specifies a doctor. It was mentioned before in this world as a user of 『Sun Arts・Heal』 to

cure injuries.

Their feature was usually wearing white clothes.

[Is that true? Probably a person from Kuoteram. Anyway first hear them out.]

Without confirming the appearance of recover users,

Ares continued first-aid treatment on the leg.

His undead hunter colleague's deep was just too deep.

While hearing the confirmation of each other's identity in the background,

Ares unfastened his colleague's belt and started taking off his trousers.

His colleague was throwing cold sweat, and was now in silence.

He took out an alcohol which he carried for disinfection purposes, and readied to spray it. In that moment————

[Wait. Please don't do that.]

When he heard a clear and beautiful voice of a female, Ares panicked and looked over his shoulder while standing up.

[Kya...]

Which resulted on him knocking against a delicate and small body.

That time, Ares' nose perceived a faint aroma of flowers.

Ares who held his ground and didn't fall looked, and right there was a lone girl who landed on her bottom.

She wore a white robe, had flaxen-colored side ponytail and pale blue round eyes.

It looked like she was the same age or younger than Ares.

The girl innocently looked up at Ares.

(.....)

Ares was completely enchanted by the girl's loveliness, in addition he had limited experience with girls and so he started getting nervous.

But when he thought over the situation, he presented his right hand in a panic.

[M-my bad, are you okay?]

While the girl also presented her right hand, she felt a bit ashamed as she gazed at the youth's face and took his hand.

[Yes...th-thank you very much.]

He gripped the girl's hand to pull her body, and raised her up.

During that, the pair's cheek were slightly red..

Two recovery users approached them.

[Shirley-sama, are you okay?]

They appeared to be the girl's attendants. The girl named Shirley informed them that she was alright and once again faced Ares.

[My name is Shirley Esteol. My family had been recover users for generations in Kuoteram.]

Shirley and company heard the sounds of rushing back outside the city.

In other words they were the merchant and his family who were attacked earlier.

[I am Ares Diogshis. Currently, I am the undead hunter sent by the Rago branch of the Society. I came here to lead my colleagues and adventurers for the investigation of Kuoteram.]

They came here because undead and lower class evil spirits were recently sighted in the outskirts of Kuoteram.

And since a request was also sent to the Adventurer's Union, it became a cooperation with the Society.

[By the way... the thing that I shouldn't do earlier was...?]

[Ah...for disinfection purposes, I believe that putting alcohol would actually give the opposite result.]

She took out a water sack from her pouch while explaining, and deliberately wiped the wound with it.

Meanwhile, the men who seemed to be her attendants chanted magic in order to relieve the pain.

Shirley then held out her hand over the wound and chanted a spell, and the wound was instantly healed.

His colleague's anguished face softened when looking.

[Thank you. We're saved thanks to you.]

The girl returned a smile to Ares' word.

[It's fine, most likely the pain had not yet completely subsided, so please don't move your leg yet. We're almost in the city. For a while please use a stretcher——]

[It's okay, we came here using a wagon so we can lay him inside. We'll soon reach there by foot anyway.]

Without change the wounded colleague was boarded inside the wagon, and they earnestly aim to the city on foot.

Meanwhile, Ares and Shirley walked side by side and exchanged information and soon they started chatting.

This was the first meeting of these two people.

Part 3

—————The next day。

Since the undead hunter branch didn't have any building in Kuoteram, Ares and his fellow undead hunters resided in a vacant house.

Incidentally the adventurers also rented a similar vacant house, and they will at once return to Ashteram Capital City when this job was over.

Regarding adventurers, the capital naturally had numerous jobs for them.

But the talk is different when there were treasures that slept in ruins and caves in the surroundings.

Unpacking and sorting his luggage, Ares had to some extent decided the place to go.

He was going to greet the person above cooperating to this time's investigation.

He received this order from the branch chief of the Rago branch of the Society.

That person was a woman, and she was the symbol of this city and was said to be extremely knowledgeable and a genius recovery.

Usually, she was inside the medical library of the city, and Ares arranged to meet her there.

When crossing the park, Ares met a certain person.

That person was unexpectedly Shirley.

She was wearing an identical white robe like yesterday, but this time she didn't have her attendants and was alone.

[Hello, Ares-san.]

She greeted with a reserved smile.

[Yo. Thanks for last night.]

A gratitude was again expressed to follow for yesterday.

[It's nothing. It's something a recover user would naturally do.]

Obviously a fee was commonly charged.

Ares planned to followed that, since he wasn't able to pay last night.

[You're not taking you attendants today?]

[...attendants? ...ah, those are father's apprentice you know.]

When recalling last night, she said something about her family being a

recovery user for generations.

[By the way, where is Ares-san heading to?]

[I'm going to meet a recovery user called Grace in the medical library.]

[Oh, you're going to meet onee-chan?]

[That's ri——what did you just say?]

[Onee-chan....Grace Esteol is my elder sister.]

Part 4

There were many white buildings in Kuoteram and the medical library was a prominent white building that had three floors; it was especially famous for its wide first floor and basement.

One of the rooms in the third floor was owned by Shirley's elder sister, and Grace Esteol was waiting there.

Her bangs were arranged in a straight line, and she had long chestnut-colored hair.

She had identical gentle, blue eyes like her little sister.

She had a charming mole near her mouth, and wore glasses which gave an intellectual atmosphere.

Wearing a brown robe, she looked more like a magician than a recovery user.

The upper part of that robe emphasized her big chest.

Incidentally the younger sister Shirley, while having a small stature, possessed a bust which wasn't inferior to her elder sister.

[Welcome, Ares Jogshis-san. It's a pleasure to meet you. My name is Grace Esteol. I am performing as a recovery user.]

Her calm appearance matched her relaxed way of talking.

Grace wasn't just a library clerk, her father was a former director of the largest hospital in this city.

She personally worked there as a high-ranking recovery user, have

achieved the degree of Sage, and since she was an unparalleled avid reader, she was granted this room for convenience.

After Ares also finished his greeting, he explained that the Society Headquarters dispatched two undead hunters and five adventurers for investigating the incident.

Thus, Grace will lend her power as declared by the Rago Branch Chief.

Becoming silent after hearing the explanation, Grace soon glanced at her younger sister who was sitting beside her and ——

[Before proceeding to our talk, it seems you've assisted my little sister last night.]

[N-not really, it was us who was actually helped. She helped out my injured colleague..]

[I see. Even so, for my younger sister who is weak to men to guide you until here——]

Grace stared at her little sister with a suggestive look.

[...O-onee-chan!]

Angrily shouted Shirley with a flushed face in one side.

After laughing for a while Grace returned her expression.

[The number one reason I was nominated by the Rago Branch Chief as the supporter is because I am very knowledgeable about this library. This library doesn't only have things about medicine, but general information about Sun Arts are also collected here. In other words, regarding the incident ——]

[Not only Sun Arts • Holy Slash——but there are also information about undead and devil here——right?]

[That's correct. If before investigating you needed some kind of information, you'll be able to utilize the books in the library through me.]

[...I see.]

[Furthermore...well before that, has Ares-san heard about the Society dispatching reinforcements?]

Ares shook his head with a puzzled look.

[...No, I haven't heard about it.]

[The investigation was expected to run into trouble, was written on the letter which was recently delivered to me. And one of the personnel which will be dispatched, is actually my acquaintance.]

It seems that was one more reason why she was chosen as the supporter.

Nonetheless, for him to be dispatched before the job has even started and the reinforcements had come was a bit unexpected.

Perhaps, the Society could sense something about this incident.

Actually the knights stationed in this city have repelled the undead several times, but the outbreak didn't stop.

In the end to determine the source of the outbreak the power of magic was needed.

After being briefed by Grace regarding the details of the incident, Ares went outside

Shirley volunteered to accompany him and guide him around the city.

The two chatted with each other while they roamed the streets.

[I'm sorry that onee-chan said something strange...]

Apologized to the girl while blushing a bit.

[It's fine...but she's a kind and nice sister huh. How envious.]

[Is Ares-san a single child?]

[...I was an orphan and raised by the Society so I don't have any blood-related family.]

[I, I'm sorry...]

[Nah, It's fine. Instead even though we're not related by blood, I was able to meet a lot of siblings and a kind foster mother. It's not really sad thing.]

[...But the truth is you want to meet your real family right?]

[I wonder?...People whom I don't even know their faces...I didn't really thi——hmm?]

During that time when they were talking, a big black carriage was stopped on the street.

A strange crest was embedded on its side.

Feeling suspicious Ares peered into a gap from the carriage's door and———

Part 5

[Nnn♥ ahn♥ ahn♥ amazing♥]

Inside the carriage which stopped on the street was a pair of man and woman who were intensely having sex.

How long have they been doing this? The carriage's floor was stained with sexual fluids.

A petite girl and a middle-aged man.

The girl had milky white skin and wore a maid outfit.

The middle-aged man had dark tanned skin and wore a black robe.

The girl was facing and straddling on the waist of the seated man.

The girl panted as she swung her hips to match the man's movement.

[Naah♥ This♥ feels good♥ Belkut-sama♥]

[It appears so...but you know you're the only one enjoying this...]

As soon as saying that the man pulled out the girl's black underwear along her leg,

firmly gripped her white round ass and even more intensely fucked her.

[Nnn♥ So rough♥ Haaa♥]

[Ei! Ei! Tighten more! Satisfy me more!]

The girl's silver twintails and drooping ripe chest moved up and down in a big way.

The girl tightly embraced the man, her face seemingly in pain.

[How's this! Who's your owner! Answer while receiving my cock in your pussy!]

[Ah♥ Yes♥ I'm♥ Belkut-sama's...ah♥]

The man fiercely moved and shortened his strokes, and his posture leaned forward.

In response the girl's posture fell backward.

Without change the man's mouth gobbled up the girl's chest, and rolled his tongue on her nipple.

The girl while still bending backward entwined her legs to the man's waist.

[Ah♥ Belkut-sama♥ Forgive me♥ I, I'm coming♥]

[Endure it a bit longer! If you can't do that I will abandon you in that state!]

basun! basun! sounded their waist slapping with each other, and sexual fluids dripped from their intercourse.

They intertwined their tongue and licked each other's mouth.

[I'm coming! Ei! Receive it with your womb!]

[Nnnn! Hiyaaaaaaaaaaaaaaaa! ♥♥]

Along with her short scream the girl had cummed.

The girl's small body received the man's massive semen, and each time she twitched her bountiful breasts shook.

The carriage had been enchanted with a special magic which didn't allow sound to leak outside.

The window glasses were also enchanted which made it impossible to see inside.

But the carriage's creaking and shaking made it easy to imagine what was happening.

After they climaxed the two continued to embrace each other and exchange kisses.

[Belkut-sama♥ You were amazing♥]

[You've endured well. But you know we still haven't finished right?]

[Yes♥] was the girl's reply and buried her face to the middle-aged man's crotch,

then licked the semen on the tip his penis.

From the girl's sloppy crack which earlier had been massively cummed into dripped out a thick string of semen.

The girl tidied up herself, prepared her clothes, and tried to put on her black underwear...but.

「... ! 」

A bit of semen started to leak from her secret place, moistening her underwear.

The girls blushed furiously from her shame.

[What's wrong? Get off at once.]

[U,umm...there's still some of Belkut-sama's semen remaining...and it's...]

The man disdainfully snorted, rolled up the girl's skirt, gripped her underwear with both hands, and raised it up.

[Hyan! ♡]

When her underwear dun into her crotch, the girl let out a lovely scream.

[As if anyone would see it, get off already.]

Part 6

Feeling suspicious Ares was watching the carriage and then its inner door opened.

From inside a silver-haired twintailed maid unsteadily got down.

(! —a night spirit (Mormou) huh...)

Mormou were species from the Moon Race.

Their appearance were practically no different from humans but they had fair skin and had slightly pointed ears (not as long as Elves).

Having superior magical power, high intelligence, and nimble were their characteristics.

From behind the carriage the girl went around the side, and there she suddenly stopped as if she was enduring something.

Seeing her flushing red face as expected Ares called out to her.

[What's wrong? Are you alright?]

While breathing roughly the girl absentmindedly turned to Ares' direction.

To her strangeness and erotic expression the youth couldn't continue his words.

[What are you doing Suu! Hurry and open the door!]

From inside a carriage an angry voice was heard.

[Y, yes...right away...]

The girl opened the door and her master and owner of the voice sluggishly came out.

An arrogant dark-skinned middle-aged man. He had silver hair and beard and his eyes were glaring.

He was wearing a robe, but it was difficult to think of him as a magician because of his physique.

[Too slow! You stupid girl!]

To the man who walked heavily in big steps Ares called out to him.

[Hey, aren't you this girl's master.]

[Aa?]

To the red-haired youth's voice the man turned to him.

The man's eyes then glinted sharply.

[Your her master so it's obvious you need to consider her health right.]

[A brat fussing over other people's maid huh. Do you want to be crushed?]

The atmosphere became strained ———

however at that time, for a moment the man noticed something.

In front of his gaze was the girl who was hidden behind Ares.

For about 1-2 seconds he wore a distracted look, and once again turned frontward and walked heavily and clumsily as if nothing ever happened.

The young maid in a panic bowed to Ares,
and then ran after her master.

To that affair Ares and Shirley were dumbfounded.

[Tsk...the heck was that, such a hateful punk.]

Behind the cursing Ares was Shirley who had a brooding expression.

(Wearing a robe and yet an unknown practitioner...Nevertheless that person...he looked kind of surprised when he saw me...)

Part 7

[...is something the matter Belkut-sama?]

Although there was trouble earlier his master was unexpectedly grinning.

[...Suu, perhaps I've found it.]

[...eh?]

After only saying those words the robed man immediately entered inside the building

and the young maid chased after him.

To the white buildings that were lined up in the street, dark clouds started to hang over.

Part 1

*picha...*chupu*...picha...*

While Ares' consciousness was faint, he was hearing a sound.

It was a sound similar in the past when he fed a stray dog and then it licked his face.

It wasn't only the sound. The sensation was also similar.

However the part that was currently being licked was different.

Something warm could be felt on his lower half.

[nn...♥ nfu...♥ Ares-saan...♥]

[nn...nn...fua...]

Next he heard familiar voices.

Hurriedly opening his eyes, Grace and Sharley who were stark-naked were sucking his cock as if it was a natural thing to do.

[Wha——— ! ?]

To that unbelievable spectacle Ares doubted his own eyes.

The sisters were indifferent towards Ares' bewilderment and continued to caress his penis with the tip of their tongues.

Compared to the time that they met Grace wear an obscene expression.

Shirley with regards to her usual impression, shamefully and timidly stuck out her tongue.

Ares gave a moan.

He was receiving pleasure, and for those two lovely girls to lick his penis he felt aroused from this situation.

He wanted to stop them but somehow his body wouldn't move.

[n♥...nn♥...n...♥]

[chu...nn...nn...]

(TL Note: chu – sound of giving a kiss)

This time a kiss on the tip of his penis. Furthermore they drew out their tongue and started licking the pole as if scooping it.

(Those girls...we've only just met so they shouldn't be doing this kind of thing and yet...)

[I want more] that desire rose halfway.

Grace saw that, and her dark irises giggled.

Sharley stared downwards as her face rapidly reddened.

[Then...I will service your more okay.]

Right after saying that Grace bent her body forwards, stuffed her mouth with Ares' penis, and held it until the deeps of her throat.

[nnmu♥...nnfu♥...nnn♥]

Grace started moving her face up and down.

While sucking she also moved her tongue inside her mouth.

Ares' own penis was wrapped in a warm, soft, and numbing feeling.

*gupo...gupo**

Together with a rhythmical sound he felt that he was nearing his climax.

[Wai...Grace-san, it's bad...stop...it!]

Even so Grace didn't stop.

With upturned eyes she peeped at Ares' expression, and *nii* smiled with a bewitching look.

Byurururururu....!

At the moment of his ejaculation the inside of Grace's mouth was filled with a cloudy liquid.

[!...nnbu...]

Because she couldn't catch everything, when she removed her mouth her face was splattered with semen.

Not only her face but semen also clung onto her hair and glasses

[nnha♥...how warm...♥]

To her action of licking the semen near her mouth, Ares' penis once again got hard.

[A,Ares-san...This time I'll...]

With a fawning expression this time Shirley bent her body forwards.

[First would be...cleaning right♥]

*chu...*chupu*...*rero*...*

(TL Note: chupu – sound of swallowing then releasing
rero – sound of rolling her tongue)

She gave a reserved smile and then started licking the semen which clung on the tip of his penis.

chuu,,,chu...

She then sucked out the remaining semen from the head of his penis.

Although she didn't show an obscene expression like Grace, to that figure with flushed skin and earnestly serviced his penis, as expected

Ares' erection reached its limit.

[It became bigger...this time...please give it to me...❤️]

Bending her body further, she slowly inserted Ares' penis between her chest.

The boy's penis was swallowed into her white abundant swelling.

To that excessive softness Ares gave a pleasant moan.

She then moved back and forth and her twin hills jiggled and distorted their shape.

(My penis is really sinking into Sharley's breasts...)

Furthermore Sharley crawled her tongue to the glans that appeared and disappeared between her breasts.

Ares' moaning raised even higher.

[Sharley's so unfair...even I can use my breasts...!]

To that statement which threw away her usual intellectual mood, Grace thrust out her own breasts.

Colliding against Sharley's breasts, their four breasts drooped and shook.

They then competed on getting Ares' penis.

[You're also unfair onee-chan...even though it's my turn right now...]

Sharley *gyumu* squeezed her armpits to drive her breasts stronger.

[It's because Ares who's feeling good...is just so cute...♥]

Grace increased the pressure on her breasts.

To that mincing movement Ares moans were wrapped with pain.

[Cum♥ Ares-san...]

[Please cum...Ares-saan...♥]

As if responding to the two's desire, Ares' penis sprouted semen which reached up in the sky like a fountain.

The sisters were completely in ecstasy as they basked to that.

Ares thought that scene was awfully obscene, and yet very lovely——

Part 2

[———uwaa!]

Ares sprang up from the bed.

After confirming his current condition, he felt greatly perplexed for a while.

(To have that kind of dream to girls that I've only just met...just why did that happen...)

For a while he fell into self-hatred.

Although in the first place, the capital city Reveria of the mercenary kingdom where the Society Headquarters was situated and also where Ares grew up, was larger than here and had a lot of red-light districts.

That place had numerous temptations and yet he had never been aroused.

(Is it because those two are special...?)

Grace was certainly charming, while Sharley was...

Just thinking about her his heart started beating harder.

A while after his penis had calmed down, he heard sounds and voices of people from the vacant house next door.

The house next door seemed to be a hospital before; it was arranged for them to use since it became a private house but as expected it was too big for only 3 people to live in.

Peeking through the window he saw many luggages being brought. For some reason a lone woman was giving out directions.

She had bob cut hairstyle and its color was close to ultramarine.

She possessed long-slitted blue eyes, and carried a slightly slender ritual sword (Kuritot) on her waist.

Though her breasts weren't big her overall style was great, she was an owner of beautiful legs.

The woman who was looking down from the 2nd floor window noticed Ares, waved her hand while wearing a friendly smile, and now started grandly beckoning him.

Ares who noticed himself being pinpointed inclined his head, and then descended downstairs.

[You're, Ares right?]

Inquired the woman while peering at Ares' face when the two came close.

[That's right...are you the reinforcement from the Society...?]

Just seeing the ceremonial sword on her waist it could be figured out that she was an Undead Hunter.

——As the name suggests ritual sword (Kuritot) was a sword used for rituals, which compared to ordinary swords had designs added on it, and that resulted on its power somewhat dropping.

However it had the advantage of being easier to use the undead hunter magic 『Sun Arts・Holy Slash』.

Obviously it was impossible for people to possess this except for undead hunters.

[I'm Raiza. Besides me 10 Society members have come. Today onwards this will be the temporary Undead Hunter Society・Kuoteram Branch. And starting today I will be taking command.]

ehen Raiza proudly puffed up her chest.

In contrast Ares' face turned sour from hearing that.

(It was still fine that I heard about the reinforcements being late. But in the first place I was supposed to take command.)

[...is that an order from the headquarters or a branch of the Society?]

He calmly asked while holding back his displeasure.

[Nope. It's my decision.]

[...o]

[...any complaints?]

The woman inquired Ares while bending her head to one side.

She bear no ill will but Ares who had just been dispatched was dissatisfied.

[Ares, did you want to take command?]

[...That was my plan which is why I was sent here.]

For that reason he received training from the headquarters.

[But I am the same you know...then, let's settle this by any means.]

[...in what way?]

[Let's have a match.]

Part 3

The temporary Kuoteram branch building has a wide courtyard, and that place was used for training and can be easily prepared.

Although in reality there was only a white line drawn and training armors.

Two people held a training training swords that had its blade withdrawn and wore a part of a simple training armor, and were facing each other.

In the surroundings was a referee and spectators composed of Undead Hunter Society members, making a total of 12 people.

Of the two people was of course Ares who was the undead hunter that had arrived first.

[———When should we start?]

Asked Raiza while turning her head.

[I'm fine any time. Even if we start already...wha!]

Ga———!

Raiza attacked first.

She unleashed a thrust while Ares was in the middle of answering.

However this was easily caught.

Raiza's sword continued to entwine with Ares' sword and in response he pulled it back.

(This guy...isn't he sufficiently calm.)

In her mind Raiza was astonished by his skills.

Both his feet *tan, tan* started to take steps.

(He doesn't have a large built...so he has mobility huh...but...I wonder how he is compared to me?)

Dan———!

In one step she approached him and swung her left hand greatly in a feint.

However far from reading that action, her opponent also faced her with the same speed.

[~~~~———っ!]

Not liking her opponent's movement her feet stopped and withdrew for a moment, which was according to his expectation.

Ares chased after the retreating Raiza and attempted to knock her down.

Unexpected she was able to endure his blow.

However, even more surprising was the degree of shock which shook

her whole body.

An unimaginable physical strength contrary to his outward appearance——

A skillful, quick, and heavy blow.

She completely tasted that firsthand.

(How...for this physique to have this kind of..

Is this the true ability of a person recognized by the headquarters—— ?

But still...even I went to every branch and got my ability to be recognized——)

Raiza held her ground, and paused for a while.

She drew out her speed to the limit and unleashed a combo attack.

According to martial arts her technique could be called as her trump card.

Ares calmly took on a defensive stance, and perfectly stopped each and every blow.

(Not yet, there's still more—— !)

That moment when she flinched because of accelerating——

Ares' weapon was already thrust before Raiza's throat.

Forcibly speeding up her combo attack because of too much impatience resulted in her movement becoming messy.

[...It's my win.]

[...It...seems so...]

Raiza took a breath, and then released a long sigh.

[When I was thinking if you're a speed type or a technique type it turns out you're also a power type huh...]

[I guess so. I'm not smart so I need to do this much.]

To this words Raiza twitched in reaction.

[Huh? Are you not good at using magic?]

[Certainly I've learned to use 『Sun Arts•Holy Slash』. But it doesn't change the fact that I'm not good at it...]

Ares answered with a discouraged expression.

[...Is that your strong point?]

[Well that's certainly my strong point...should we have a match on magic this time?]

[...Let's stop. However there's no doubt your strength is needed for this investigation.]

[Okay. Then I'll provide you with my assistance since I understand that matter.]

Raiza had only just lost and yet Ares had immediately started talking about their field of expertise; her muddy feelings cleared up and she showed a smiling face.

Seeing that expression Ares' chest throbbed for a bit.

[...Thanks, Ares.]

[...About what.]

[...Obviously for paying attention to my feelings.]

[...]

[Once again please allow me to introduce myself. I'm Raiza • Esteol. I'll be your subordinate starting today okay.]

[.....Esteol...?]

[Yup, my parents' house is pretty much in this place.]

[Don't tell me, you're——

[O,onee-chan!]

Just when did she come, Sharley had entered the courtyard.

[Oh, Sharley! My younger sister! As usual you're so cute!]

[Welcome home! How was your training?]

The sisters embraced each other, and Sharley rubbed her cheeks against her elder sister's chest.

On the other hand Raiza kissed her younger sister's cheek.

Although Sharley's mouth showed reluctance she received it with a not all bad expression.

[...]

Ares finally comprehended Grace's words about her knowing properly one of the reinforcements.

Although it was too late to say this the 3 sisters of the Esteol house was a famous thing in Kuoteram.

(By the way all Society members except Ares knew this.)

Well informed in theories regarding 『Sun Arts・Heal』 and able to display its power in practice, the eldest daughter who is equipped with

knowledge, Grace.

Unskillful on 『Sun Arts・Heal』 so she abandoned that path but instead has a deep understanding of 『Sun Arts・Holy Slash』 and even gifted with bravery, the second daughter who the Society acknowledged her superiority, Raiza.

Having a gift on magical power, the third daughter who possessed a 『Sun Arts・Heal』 that has an immense effect and multiple uses, Sharley.

The three were born under the lineage of Recover Users who master 『Sun Arts・Heal』, which as a result displayed their talents on their respective Sun Arts, they were thus called 『The three sisters loved by the sun』 .

(No way...for those three to be actually related...)

And now Ares couldn't look at Shirley's face directly because he remembered his secret dream.

Part 4

—————After that, days and months passed by for a while.

Ares divided the undead hunters into two groups, and including the adventurers a total of three groups conducted their respective investigation.

Grace reported the investigation to the society, and discussed their subsequent plans.

The three people, *i.e.* Ares, Grace, and Raiza, joined their heads together to figure out the cause of the outbreak of undead and lower class evil spirits.

Their guesses towards the outbreak were:

[A: It was a natural outbreak]

[B: A gate to the Underworld unexpectedly opened]

[C: There was a powerful evil spirit and they were lured and gathered by its power]

[D: A sorcerer or a necromancer summoned them]

They lacked adequate information so they couldn't discard the possibilities from B~D.

At the end of the day, they couldn't deduce the cause.

Incidentally a sorcerer was a practitioner which uses darkness magic,

while a necromancer was a practitioner which used magic to summon undead.

The three investigation groups first started in the vicinity of the city, and were currently investigating an abandoned villa of a noble, a cave, and a ruins.

Obviously they encountered monsters besides undead on their way, and somehow repelled them.

———Either way the results were unfavorable.

Nevertheless since they exterminated the undead and lower class evil spirits which they encountered, this could be added to their results since the city's security was tied to part of their job.

[We can guarantee the security of the area since their numbers have decreased, but since the place where they appear are scattered, their types are also scattered...]

[We've finished reducing their numbers, but it looks like investigation from now on will be difficult...]

In the strategy room of the temporary branch, Ares and Raiza were discussing while sitting side by side on the sofa.

[Since there's no traces of invasion in the cemetery, just where are they gathering...as expected a gate to the underworld had opened huh.]

[Should we widen the scope of investigation...?]

[...hey, the cause being inside the city...is that possible?]

[Inside the town?...if that's the case wouldn't it be caught by the 『Evil Detection (Sense・Unholy)』].

The undead hunters have a spell called 『Evil Detection (Sense・Unholy)』.

It was an elementary spell that any Society member could learn.

It was a useful spell that enables one to see 「negative energy」 of undead and evil spirits.

Incidentally it doesn't mean that it could detect 「a being that has evil thoughts.」

[Then if we used 『Magic Sensing (Sense・Magic)』———I guess it can't detect right...

Incidentally 『Magic Sensing (Sense・Magic)』 is a spell usable by a magician of an adventurer party which was literally a spell that detects magical power.

However, it wasn't possible to specify [What spell was used].

Sun Arts were used everyday throughout this city.

It wasn't possible to identify a spell even if many recovery users did their best and chanted the spell today.

Raiza joined her hands together and spoke.

[Okay. About our hypothesis of the cause being inside the city, let's first figure out if it's an evil spirit or an undead that has intelligence...we can agree to that since this much undead and evil spirit had gathered from the surroundings. Although if that was true the criminal should've been already caught by the 『Sense Unholy』.]

[...That's correct.]

[Then what if the criminal was a human sorcerer or necromancer. If eventually he performed summoning inside the town then it would be caught by 『Sense Unholy』 right?]

[Hmm...what if the criminal was constantly moving outside? The investigation wouldn't by some chance get stuck right?]

Pondered Ares with a troubled face.

Seeing Ares like that Raiza shortened their distance and entwined her arms.

Her breasts weren't big but Ares' arm came in contact with finely-shaped breasts.

[Hey, Ares. A new cake shop was built near the park, would you like to go together after this?]

Invited Raiza with her cheeks slightly blushing.

Ares' face on the other hand was, far from a bit, completely blushing as

he panicked.

[I,I get it! I get it already so don't stick closely to me! You're a girl so please have a bit more decency!]

[Okay...if Ares says so.]

Raiza's eyes turned moist as she gazed at Ares.

[...?????]

(Why are you looking at me with those eyes) Ares fell into confusion.

Thereupon a knocking sound was heard.

The two separated in a panic.

[...Ares-san. It's Sharley.]

[O,oh...you may come in.]

Sharley entered the strategy room.

[Umm...are you still having a meeting?]

[It's fine, we've already finished. I guess we should proceed with the investigation the same way as before,]

As a matter of fact Grace and Sharley also joined the investigation, though not every time.

That was how much of a valuable existence a powerful recovery user was.

[Well...actually a new cake shop was built near the park, I wonder if everyone would like to go together...]

Sharley bashfully asked the two.

[Ah, then why don't the two of go! Since I'll be staying at home...]

[Oi weren't you originally——]

[I,it's not good if onee-chan doesn't come! Besides I've already invited Grace onee-chan!]

During the confusion Sharley pulled their hands and in the end the three people went outside.

Raiza's expression became unusually embarrassed as she failed to hand over Ares to his younger sister who was pulling them.

(Having blood-related sibling is also a good thing huh...)

Ares came to recognize that he will be spending his time together with

these three sisters for a while.

These three sisters had impressions which were different from their appearance, and he came to understand their gap inside, the troubles they carry, and their complex.

The eldest sister Grace was an intelligent and calm woman but was unexpectedly a careless person.

Since she was an avid-reader she knew plenty of topics because of reading books but she had few young acquaintances.

A perfect talented woman, might be one of the causes.

Although Ares was not in the least a bookworm, he was able to some extent match her conversation since he had a very curious mind.

In addition since her father was the director of a famous hospital, as the eldest daughter, the pressure she carried in being a recovery user was heavy.

On that topic, casted away her path as a recovery user and joining the Society, and having a younger sister who trained on various places on that direction, Raiza felt envious in the bottom of her heart.

The second daughter Raiza was an lively and sociable woman, and she had a lot of acquaintances from the opposite sex.

However the majority of them didn't treat her as a girl, [An individual that I can associate comfortably despite being a girl] was a thought that they didn't have.

But because Ares was conscious to that Raiza as being a woman, from

her part while openheartedly accompanying him she developed favorable impression towards him.

Raiza who abandoned the path of a recovery user contrary to Grace, and escaped to the path of an undead hunter felt a bit guilty.

The third daughter Shirley was an obedient and tidy girl, but she was weak towards men.

Being born with huge magical power, for that reason the 『Sun Arts • Heal』 which she learned could produce incredible results.

Furthermore, she could chant a lot more than most people.

But the person herself took pride on that and the same time felt unpleasant on that.

For her elder sisters to spent a lot of effort and yet she was bestowed with this kind of magical power, she felt guilty towards Grace who practiced the same magic and to Raiza who gave up that path.

Ares was able to learn this things from his association so far with these three sisters.

Nevertheless, he——

[How do I appear to them] was a bit ignorant to this.

Part 5

After a few days.

Defeating the undead and lower class evil spirits which now appeared scarcely and irregularly, Ares again came to Grace's private room in the medical library to report.

As always Grace welcomed Ares with pleasure, and brought out tea and sweets.

After listening to his report, Grace invited Ares until the bookshelf inside her room, and started talking about the movement of evil spirits based on a newly obtained book.

On that moment——in trying to get the book which was in a high place, upon touching it the book fell on top of her head and she fell on her backside.

[Are you oka——ah.]

[That hurts——hmm?]

What appeared through the panty stockings that can be seen because of her open legs was her white underwear.

[Kya—— !]

She flusteredly hid it with her robe.

(Incidentally the panty stockings were modeled after the one's from the middle ages of the real world, but in this world's case it was unexpectedly made through magic.)

[D, did you see it..?]

The blushing Grace looked up at Ares.

[No, well...m, more than that are you alright? Can you stand?]

While changing the subject Ares presented his right hand.

When Grace took his hand she also held out her right hand——

And suddenly started talking about an unexpected thing.

[Ares-san...to tell you the truth, I'm being made to attend a marriage interview in the future.]

[Eh ! ? ——ah, i, is that so...]

Ares couldn't find the words to say to that abrupt statement.

However he had mixed feelings in his heart.

(That Grace-san will have a marriage interview with a man——)

Although usually Ares only saw her as a charming woman, he felt awfully devastated to that news.

[I guess my father who is on a sickbed is worried about me...since I'm already 20-years-old...]

Incidentally in this world (although depending on the country and region) individuals from 15-years-old are treated as adults.

That was to say 20-years-old was regarded as already late for marriage.

[...I think father will also bring up this kind of talk to Sharley and Raiza...]

[.....]

[Ares-san...I'm aware that you have feelings for Sharley.]

「 ! ? 」

[Even so...I don't want to lie to my own feelings...]

Grace brought Ares' hand to her chest.

From beyond her robe a soft sensation filled the palm of his hand.

[It's fine even if we're just playing...even once is enough...]

She slowly stood up while wearing a feverish and flushed expression,

and wrapped her hands on the back of Ares' neck.

She then drew close to Ares' ear and whispered.

[Ares-san...please make love with me...]

To those words Ares' line of reasoning snapped and covered Grace's lips with his own.

As if losing herself Grace also responded in ecstasy by thrusting in her tongue.

[n♥...nnn..nn...]

His hand on Grace's breast made circling motions, and before long moved towards her lower half, and massaged her lovely ass.

They both devoured the inside of each other's mouth in bliss.

Eventually Ares couldn't be satisfied with only that much, and so he poured a storm of kisses on Grace's ear and neck.

[Ah♥...that place is♥...]

Grace's body trembled each time she was kissed.

Soon Ares' couldn't take it anymore, he lifted Grace's body with his arms.

[Ah...♥]

Their pose became the so-called princess carry.

It was one of Grace's dream to be carried like this by the opposite sex.

Her chest throbbed faster even more.

Grace was carried up to the sofa and then she started taking off her robe.

Soon she was reduced into nothing but her white underwear and panty stockings.

Ares who was still aroused tore off her bra.

His usual gentlemanly behavior towards Grace disappeared.

*purun...*emerged her white beautiful twin hills.

Ares grabbed them as if he was possessed by something.

While diligently massaging them he held in his mouth one of their pointed tips.

[Haaan...♥ noo♥ Ares-san♥ suddenly doing...ah♥...to suck it that much...]

While wearing an enduring expression she allowed Ares to continue.

Ares continued to deeply caress her breasts.

[Fuun♥...Ares-san...are my breasts....nn♥...to your liking...?]

[Ah...yup...I'm crazy about them...]

He toyed with Grace's breasts as he breathe heavily, and rolled her nipples with the tip of his tongue.

[nn♥...I'm glad...please...touch them more...♥]

Her body trembled blissfully from each of his caress.

From just her breasts being fondled Grace's underwear had become drenched, and that could be seen across her stockings.

Ares touched Grace's stockings while taking off his clothes.

[Ah!...that place is...]

A shivering voice.

Ares tore off the panty stockings over her secret place, and brought out his erection from his pants.

[It's my...first time...so I might not be skillful——]

[I,I'm sorry...]

「？」

Grace suddenly began to cry.

[M,me too...even though I'm older...to still be a virgin——]

To her words and expression once again Ares' line of reasoning snapped.

Shifting her panties with his fingers, Grace's dripping wet pussy came in sight.

Spreading that with his fingers, while having no idea which place was correct he thrust in his penis.

Zupupupu...

[Nnnnn——!!]

Unexpectedly he was able to insert it smoothly, Ares' penis was for the first time enveloped by the sensation of a vagina.

When he thrust deep inside with all his strength his reasoning slightly returned.

[Grace-san...doesn't it...hurt...?]

[I'm al...right...n...so please...when it's just the two of us...]

The two were out of breath as they experienced their first time.

「...？」

[Grace...please call me that...]

With her eyes across her glasses moist, she gazed painfully at Ares.

Ares nodded and piled both of their lips.

The two competed in caressing the inside of each other's mouth with their tongue, and before long Ares' hips began to move.

[n...n...ku——]

To his push and pull Grace's face distorted in pain, and her breasts jiggled and shook.

Simply seeing that the youth's excitement rose.

Without knowing any kind of technique, Ares just swung his hips back and forth.

[A...a...fuuu...]

Bewildered by the sensation she was given, she leaked out a feminine voice.

At that time Ares' penis was urged by a surging feeling by her vagina.

(S,so this is a woman's body——th,this is bad...I,i'm already——)

Nupo———pyu!

He was just barely able to withdraw his penis when he came.

The cloudy liquid that he shoot sullied Grace's belly and breasts.

[Haa♥...So this...is Ares'...semen...♥]

Grace gazed at that with an entranced expression.

Nevertheless in Ares' side, since he hasn't made her come yet, he continued to vigorously fuck her.

[Ah...again...nn...♥]

Having only ejaculated once Ares still had margin.

He held Grace's legs and strongly thrust his hips.

[Haa...this time...is more amazing...♥]

Although Grace had composure before, her voice now started to be mixed with sweetness.

(In the first place for her to get easily wet like that...then she should be very sensitive...)

He wholeheartedly moved his hips.

At the same time the sofa's creaking sound resounded.

[Haa♥...I love you♥...Ares-san...I love you♥]

Clearly Grace had started feeling it.

They glued their bodies together and entwined each other's tongue.

There was already no sign of the usual intelligent and calm recover user.

Grace's drooping ripe breasts distorted as they were pressed by Ares' chest.

His hip's thrusting speed accelerated.

Sexual fluids started to ooze from Grace's secret place.

[nn♥...nn♥...I'm coming♥...something is coming♥]

[Come...Grace...go come this time!]

[nnnnnnnn...!!♥)

While in a sprawled posture Grace's body stretched as she climaxed for the first time.

Ares' 2nd extra-vaginal ejaculation soiled Grace's glasses, and even dripped across her breasts which were squeezed together by her two arms.

[Haaa♥...haaa♥...amazing...so this is...sex...♥]

While taking a breath she gazed with a satisfied expression at her semen-splattered self.

Eventually the two embraced and exchanged a kiss, as they both enjoyed the aftertaste.

Part 6

After the deed the two lied down on the sofa and nestled close to each other.

[...Grace.]

「...！」

Ares continued to call her given name which was exclusively for when it was just the two of them.

[About the marriage interview...turn it down.]

[!.....then that means...it won't end with just...one time you know?]

[...I can't let it end from mere playing...]

[.....Okay...thanks...Ares-san♥]

Grace snuggled into Ares' chest with a blissful expression.

[But still...to have this kind of affectionate relationship towards my little sister's crush...]

[Sharley too...to me...?]

[I haven't heard it from her firsthand but...she always talks about you with a delightful face you know...]

「...。」

Ares became silent as he stared at the ceiling.

Grace also stared at it with a worried face.

[Won't Ares-san...confess to Sharley?]

「...」

[If that girl answers with Yes...I have no problems with backing out...]

Ares didn't answer, he started stroking Grace's long beautiful hair.

Grace didn't say anything anymore, she surrendered herself to that pleasant feeling.

The two, were just reminded of Sharley's reserved smile——

Part 7

Under the cloudy weather——From a certain hospital in Kuoteram a single corpse was being carried out.

Two male staff members that were looking at that scene were conversing.

[Did he die without being treated?]

[Nah, it seems he was already in a critical condition.]

[It seems he was extremely suffering. His expression in his last moments, stiffened in horror you know.]

[It seems a few days before he died he was having difficulty sleeping. Because of that his condition worsened.]

Listening to that story from a slightly far place, was a girl that can be found anywhere.

She had brown skin and silver short hair.

She had a cat's ear and tail, she was from what was called beast race.

Her attire was a maid outfit that can be found anywhere.

On her shoulder was a crow.

She left that place when the two men's conversation ended.

[Belkut-sama. It seems to be a success huh?]

While the girl from the beast race was walking, she started talking towards someone for no reason.

There wasn't anyone besides the crow.

[Should I see the other case?]

After saying that, the cat girl displayed their races trait of physical ability by dashing up the wall, to the top of the roof of a private house.

Her skirt fluttered up, and her beautiful tanned legs and blue striped panties appeared.

She then looked at the opposite direction and pointed her finger.

The crow gazed at that direction.

Beyond her finger was the inside of a building that had its window not closed by curtains, where a pair of man and woman can be seen intensely making love.

[This is also...a success right?]

This time she addressed the crow.

[So about Suu...praise her okay?]

While tilting her head to one side, the girl sadly laughed.

Part 1

Since that day Ares and Grace requested for each other everyday——or not, but only after every few days.

(As expected if it was everyday their surroundings...specifically the nearby Raiza might notice it.)

Ares entered one of the rooms in the medical library, embraced and claimed her lips, and devoured her.

During this moment, neither spoke a single word.

[nn♥...mu♥...Ares-san♥]

Grace stuck out her tongue and demanded for Ares' saliva as if she was dreaming.

As the girl yearned by everybody, they probably couldn't imagine her being in such a state.

Ares extended his hand and massaged Grace's plump ass.

[nn♥...yaa♥...is today...that?]

Although she showed a troubled expression her voice was from unpleasant but instead sweet, and the shape of her mouth slackened.

She undressed her own robe, and unfastened her bra.

Her beautiful, snow-white, and smooth skin became exposed, next her drooping berries jiggled as they appeared.

[...please suck them♥...Ares-san.]

While squeezing both of her arms she faced Ares and thrust out her own breasts.

The youth sucked those breasts in a ecstasy.

「ん♥ はぁ♥ ひう♥」

[nn♥ haa♥ hiu♥]

Was it because of too much pleasure, Grace suppressed her mouth with her hand while wearing an enduring expression.

*chu...*chupa*...*

[yaa♥...you're making...sucking sounds...♥]

He kneaded, sucked, and even rolled her nipple with the tip of his tongue.

Grace's legs gave out and she involuntarily sat down on the sofa.

While leaking out long sighs, she voluntarily took off her underwear, sliding it until her ankles.

After instinctively stripping, as expected there was still hesitation over

seducing Ares by spreading her legs.

But during her hesitation, Ares spread her legs and buried his face between her crotch.

[Hyaa...!]

The youth used her tongue and lips to criticize Grace's secret place.

[Ah♥ ah♥ ah♥ that place....]

She was enduring the pleasure as she swung her face left and right.

Torturing her breasts made Grace's secret place drenched to the point that her sexual fluids overflowed.

[It's really easy to get wet...this part of Grace...]

[Yaa...don't say that...]

From beyond her glasses her moist eyes can be seen.

While kissing her dripping place he took out his penis from his pants.

Steadying his aim...slowly moving it at first...and then inserting it all at once.

[nnnn...❤️]

As if Grace got too impatient she entwined him with both of her hands and feet.

*Guchu...*guchu*...*

As Ares' dick pushed and pulled her sexual fluids even more gushed, overflowed, and scattered.

[Noo❤️...this sound...is embarrassing...❤️]

While saying those words she increased the strength on her entwining hands and feet.

His thrust reached even deeper from being glued to each other.

[naah❤️...no❤️...this is just...❤️]

Grace was toyed by pleasure, and tears spilled from her moist, round and cute eyes across her glasses.

As their hips slapped with each other the youth scooped her tears with his finger and kissed her cheek and lips.

While sticking closely to each other, he lifted the girl's body and changed their position so that they were sitting and facing each other.

[Ah❤️...haa❤️...I love you❤️...Ares-san❤️]

As beads of sweat suspended on her white skin, her appearance became even more bewitching.

The youth's rampaging erection stabbed the center of her petal.

Her soft breasts bounced up and down from the tremor.

He lifted her breasts from below with his hands, and kneaded them.

[Grace's body...is the best...]

[Aahn...noo...♥]

Her shame increased from the younger Ares' words, and moreover her skin started flushing.

(I'm...being completely toyed with by Ares...but...I feel happy from that...♥)

Grace stuck out her tongue to request for a kiss.

Ares responded while moving his hips.

As they caressed each other's tongue, he fucked her even more intensely.

[Ah♥ ah♥ ah♥ cumming♥ I'm cumming♥ ah...!]

Byuru...!

[Nn♥ fu♥ uuuuuuuu...!]

Grace bent backward as she savored the pleasure from climaxing.

*Biku...*biku*...*

(TL note: ビクツ – Biku: sound of someone trembling.)

She twitched 2-3 times as she received Ares' semen.

They embraced while they both took a short rest, and when they stabilized their breaths the two, without knowing who initiated it, exchanged kisses.

[Nn♥...n...I love you...♥]

[Grace...one more time...]

[Nn...I'm fine with it...]

*Guchu...*guchu*...*

Once again Ares slowly started fucking her.

Part 2

Once again a few days later————

Similar to each time the investigation ended Ares discussed things with Raiza in the temporary branch, and went to Grace's room to report.

They sat facing each other on the sofa that were on both ends of the table. Before long the report ended and they sat side by side, and without saying anything they started exchanging kisses.

[Grace's long hair...is very beautiful.]

[Thank you...very much...]

In a dreamy state of mind Grace's expression became enraptured, and surrendered herself to him.

Eventually the youth groped her breasts.

[...ah...Ares-san wait. I want to show you something today...]

[...hmm?]

She said so and stood up, and slowly pulled up the hem of her robe. Beneath that were daring black underwear and black garter belt.

Both had flower patterns designed on them.

Ares swallowed his saliva.

Seeing his reaction Grace gave a voluptuous smile, though she also blushed like a young girl.

[These are my...special underwear...I wanted to show it to Ares-san no matter what...]

[Yeah...Although Grace is usually lewd...today you look very erotic...]

Ares stripped off her robe, lied down on the sofa first, and positioned Grace's crotch on top of his face.

The angle from below looked very obscene.

He immediately touched with his finger her secret place through her panties.

[nn♥...fua...]

[As usual you have a nice reaction...]

[Noo...it's because...]

(Although I can't avoid dirtying Grace's special underwear..)

Shifting her panties with his finger exposed her private parts.

He started slowly fondling it with his tongue.

[haa♥...ah♥]

Her expression became entranced as she felt it.

Next he kissed her clit.

[hyan...♥...th,that place is...nn!♥]

He blamed her clit by repeatedly pecking her, and her hips trembled from too much pleasure.

[haa♥...ah...I,I'll also..]

While feeling hazy she took out Ares' penis from his pants.

She felt shy and averted her glance a bit when she saw his already hard tower.

[Grace...you're going to do it?]

[I,I've read it in a book so...I'll do it...]

She nervously drew near her mouth, and started licking with the tip of her tongue.

[guu...]

For that intellectual and talented woman to wear black underwear and black garter belt, and suck his penis...

On Ares's side, he experienced a shock as though the dream he saw before became reality.

Holding the upper part of his dick with her mouth, she then sucked it up and down.

[n...nn...nn...nn...n...❤️]

Since she lacked knowledge her movement was simple, but the stimulus she gave to his penis was enough.

Ares didn't want to lose so he continued criticizing her vagina with his tongue and finger, and also played with her clit.

[nfu...❤️]

Grace continued to wriggle her tongue in her blowjob while enduring the stimulus on her genitals.

She carefully hastened her strokes so as not to injure Ares' penis.

[nnnn...❤️❤️]

[guo...!]

Finally the two climaxed simultaneously.

Ares' face became sticky from her sexual fluids that overflowed from her secret place, and Grace's face and glasses became stained with his semen that spurting from his penis.

[Grace...it was amazing...]

[ha♥...I'm glad...]

After cleaning each other's mess, the two moved away from the sofa.

Near them was Grace's study desk

Ares turned towards the back of Grace, and placed her hands on the desk.

While letting her stand, he stripped off her panties.

[Noo♥...this is...embarrassing...]

Only wearing a black garter belt, her round butt shook.

He firmly gripped them and positioned his penis to her dripping vagina, and then thrust in.

[Hyaaa...!♥]

Her voice leaked out from his powerful thrust.

pan...pan... was the sound of their slapping hips which resounded inside the room.

If the room wasn't installed with soundproof magic then rumors might

have gone around streets.

[The talented Grace brought a man to the private room she was given with and had sex.] like this.

[ahn♥...ahn♥...noo...Ares-saan...♥]

Her state of shouting a man's name while her long hair was disheveled might actually affirm those kinds of rumor.

Her two huge breasts shook back and forth as the youth fiercely fucked her beautiful naked body in a standing back position.

While moving his hips back and forth, he kissed her smooth white back and groped her smooth white twin spheres with both hands.

[ha♥...to be done like this...I love everything♥...please...do me more...♥]

After she said that he kissed the back of her ear, and kneaded her soft flesh with both hands.

While continuing that the movement of his hips rapidly accelerated.

The sound of their hips slapping to each other became a fast *pan! pan!* tempo.

[Aah♥ I'm cumming♥ I'm cumming♥ so Ares-san♥ should also cum!♥]

Grace's upper body bent backwards, and started twitching.

byurururu....!

Her vagina contracted and squeezed out Ares semen.

[ha♥...ah...ah...]

Grace stuck her tongue from the last climax as she experienced the best pleasure.

Grace fell tired on the desk, and gazed at Ares with a blissful expression while covered with sweat.

To respond to her Ares lied on her and applied kisses throughout her body——

Part 3

Thereafter the two while feeling guilty of their relationship continued to request for each other as if deceiving themselves.

And then on an event on a certain day——

Ares greeted Raiza in the temporary branch.

[Ares...instead of magic, why don't we try martial arts?]

Although Ares received magic training from Raiza during their breaks from investigating, that day was unusual; Raiza requested Ares on his forte martial arts.

The martial arts taught by the society was a hand to hand combat technique which struck the center of the enemy.

That was natural, since it was better to not do joint or body locks on evil spirits compared to undead.

(Evil spirits weren't restricted to humanoid types, there were a lot that had wings or tails.)

[I'm okay but...is that fine since that's my expertise?]

[Yup, let's do it indoors.]

Although up until now the training grounds was outside, a new training

ground for indoors was prepared.

Inside the rough training grounds were the two who had changed their clothes. They wore gloves and supporters on their hands and feet.

Raiza's attire was a shirt and spats.

Although it wasn't particularly odd, Ares held a slightly wrong feeling towards Raiza's butt inside the spats.

(But still...that Raiza, though her response was normal she looks displeased...)

The two took distance, faced each other, and readied their stance.

As soon as starting, *dan!*...Raiza kicked the floor and charged forward.

She then drew a high kick, but faster than her kick, Ares had reduced their distance.

Already inside her territory he forcibly pushed aside Raiza's body with both hands.

Her posture became unstable as a result of being pushed aside, Raiza staggered as she rebuilt her stance.

To Ares' action that only ended with one attack even though he had entered her territory, she now couldn't hide her annoyance.

(...to make fun of me...!)

She once again rushed, and made a right hook this time.

Ares guarded with his left hand.

Raiza then tried to launch her left knee on her opponent.

However Ares indifferently caught that, and tripped Raiza's remaining right leg and pushed her down.

[...What's wrong? You're movements are considerably crude today.]

He asked Raiza while still pushing her down.

「.....。」

Raiza averted her face and remained in silence.

But after several seconds, she muttered a few words.

[The other day...I saw it.]

[Saw...what?]

[You we're having sex with onee-chan.]

「！！」

While Ares was in turmoil Raiza dragged his ear and pulled him down, reversing their position, and held him down.

[Hey...didn't you...like Sharley?]

With a weeping expression she stared at Ares face from above.

[...And yet...you did such an...indecent act...with onee-chan...]

This time she turned red and averted her glance.

[Even though I've finally...thought of backing down...

—if that's the case...even I'll...do what I want...!]

While in that posture, Raiza suddenly took off her shirt.

Next she unfastened her striped sports bra.

Her well-shaped breasts that have a perfect size for grasping jiggled as they appeared.

After that Raiza didn't know what to do next, so for now she pushed down the upper body of Ares and embraced him.

While Ares' chest received the sensation of Raiza's tits, he racked his brains for the reason this kind of thing was happening.

[I also...want to be held by you...]

She whispered close to his ears.

[Similar with onee-chan...hold me...]

While blushing until her ears Raiza said those words with a voice that seemed to vanish.

Ares with his own will kissed Raiza's face.

[Fua...♥]

Raiza closed her eyes as she accepted that.

After being lightly kissed on her lips several times, she stuck out her tongue and Ares entwined his tongue on hers.

The youth affectionately patted her head while kissing her.

[Stupid...don't do that kind of gentle kiss...]

Even while saying that Raiza unskillfully entangled her tongue with teary eyes.

[nn...nn...Ares♥...I love youu...]

For once they parted their mouth and a faint string of saliva stretched out.

Raiza once again raised her upper body and her nude body was bathed in sunlight that shone from the window.

What entered Ares' eyes were her white skin, beautiful breasts, and narrow waist which shined captivatingly.

[My breasts...are lacking compared to onee-chan right...?]

[Nope...they're very pretty.]

He brazenly extended his hand and grasped those twin hills.

[n...♥]

He then slowly rubbed them in a arcing fashion.

[Haa...♥]

She gasped with an enraptured expression as she bent her body backwards.

[Being touched by a man...is my first time...
so it has this kind of feeling huh...]

She surrendered her body to his hands for a while as she savored the pleasure.

[n♥...nfu....nhaa...♥]

Before long her skin flushed and beads of sweat suspended.

Thereupon, she felt across her spats a swelling erection from the youth's nether region that she was straddling.

(Ares is also...aroused...)

[Raiza...let's change our position...]

Their posture now was Ares's face facing towards her ass.

Raiza's beautiful ass wrapped in spats came into sight.

This time he gently brushed Raiza's butt with both hands.

[Raiza's butt is large huh...]

[Noo...even though I'm worried about it...]

[But you know having a tight form is nice...]

His hands then grabbed and kneaded them.

He then stripped of her spats, and the vicinity of her secret place inside her wet blue underwear came into view.

(For her to get wet and feel it easily from just her breasts, they're definitely sisters...)

[H,how embarrassing...nha♥♥]

Ares suddenly traced her wet genitals with his finger.

From the boundary he then brought his finger inwards, and inserted it inside her vagina.

[N,no...that place is...]

*Guchu*guchu** while making small sounds he stirred up the inside of her vagina.

[nhaa♥ yaa♥ you're finger♥ noo♥♥]

Her beautiful white plump butt trembled alongside his finger's rhythmical push and pull.

Eventually he increased it two fingers, and quickened his movement.

[n♥ nooo♥ Ares♥ wait♥♥]

He stopped in accordance with her words.

While taking a breath Raiza stared at Ares from behind feeling relieved.

However, Ares instead took out his own penis and steadily aimed at her wet pussy.

[I'm coming, Raiza.]

[Wait...not yet, I haven't prepared mentally——]

Nububububu...

[Nguuuu!]

She received a man's penis for the first time while in a doggystyle position.

(Noo...even though facing each other would've been better...)

Ares moved his hips up and down as he fucked her vagina.

[Ahn...no...it hurts...to do this suddenly...]

However Ares while fucking her was surprised.

He had indulged in sex with the eldest sister Grace, and so he thought that he was more or less accustomed to it.

And yet the tightness of the vagina of the second daughter Raiza was extraordinary.

Was it because of her firm legs and buttocks, the pleats of Raiza's vagina clamped on Ares' penis and *gyugyu* tightened so hard so as not to let him go.

[uu...gu...this is ba...]

Byuru...!

[Fuua♥...Ares'...hot thing.....came out...]

White semen gushed inside Raiza's pussy.

But was it because of Ares' obstinacy as a man, right after ejaculating he continued to fuck her.

[Noo♥...Ares...]

The aroused Raiza let out a sweet voice which was different from normal.

For cumming only once Ares still had composure so he used his semen as lubricant and repeatedly fucked her.

[Haa♥ ah♥ no♥]

Because of pleasure Raiza gradually secreted sexual fluids.

Eventually Raiza also started moving her hips, and her movement became smooth.

From behind Ares caught sight of the voluptuous motion of Raiza's beautiful round butt and of her vagina that repeatedly swallowed Ares' penis.

Ares penis became even bigger and harder from that obscene spectacle.

[Haa♥ amazing♥ Ares'♥ thing♥]

The two shook their hips in ecstasy.

Before long Ares firmly grabbed that buttocks with both hands and ejaculated for the second time————

Byururu!!

[Hyaaaaa♥!!]

Raiza's body trembled as she reached climax.

[Haa♥ ah♥ again...Ares' semen...♥]

Thick fluid spilled out from Raiza's pussy————

Part 4

On the bed sheet spread out on the bed of the training ground were two people embracing each other.

After the act Raiza proactively demanded for a kiss.

It seemed she didn't like that fact that her [First time was in a doggystyle position.]

[Did my body...nn...feel good?]

She asked while entwining her tongue.

[Yeah...it was the best...especially the movement of your ass was lewd.]

[Stupid...]

She said while her face was dyed red.

[However...was it okay that I came two times inside of you?]

[Yup...I've brought medicine so it's alright...but.]

[...But? Was something bad?]

[Nope...being creampie'd...if it's Ares it's fine you know...]

To those words Ares' penis once again recovered its hardness——

Since then Ares' tryst included not only Grace but also Raiza every other few days.

To begin with Raiza lived in the vacant house that was next door to Ares', her chance to be together with Ares was much more compared to Grace because she regularly came to the temporary branch.

(Though Sharley also came to the temporary branch.)

The Society branch members grinned as they sensed that so they didn't spread the usual kind of rumors.

(In the first place it was a fact that the two were like colleagues in an office.)

And then afterwards——

Pan pan pan!

[Nha♥ amaz♥ hyaa♥ ahn♥]

Ares and Raiza were passionately having sex on the bed sheet spread out in the training ground.

Raiza was on all fours with her face buried in the bed sheet, and she received Ares' penis while raising her ass high.

Her lowered underwear was already dripping wet.

Ares in a standing back posture intensely thrust his hips.

[Compared to your first time...how is it, Raiza?]

[Yes♥ it feels good♥ Ares...my place here...how is it?♥]

[The best...on the contrary it's too good...u !]

[Nhaaaa...♥]

While holding Raiza's butt Ares came inside her.

She also climaxed at the same time.

There were still semen remaining as she had been creampie'd 2-3 times.

[nhaaa...♥]

Raiza gasped with a blissful expression each time she was came into.

[Fuu...but still was it alright to come inside many times every time we had sex?]

[Haa♥...ah♥...I've said it already...there's medicine for it.]

[Is it easy to buy that since this is a medical city?]

[Well it's not that easy but...in my case.]

Gara...opened the door of the training ground.

[Raiza! Did you come to my prescription room again without my permission ——ah...]

The person who had come was Grace.

[Welcome...onee-chan♥]

Raiza greeted Grace while still connected to Ares.

[You people...no way...since when did you have this kind of relationship——]

[I knew onee-chan's relationship with Ares so I only forced myself on him.]

Raia slowly raised her upper body, and changed to a knee standing posture.

Although she wasn't naked her panties was stripped until above her knee and her bra was rolled up above her breasts.

[Ares, kiss me...♥]

[Raiza...don't tell me you...]

[...Yup...I also...love Ares...]

Raiza exchanged kissed with Ares who was also in the same knee standing posture.

[n♥...nn...nn...]

[S,stop it...please...Raiza...Ares-san...]

Grace begged with a tear-stained face.

[Stop it? The only one who has the right to say that kind of thing is Sharley right?]

Raiza stared at her sister with cold eyes.

[...Grace. Take off your clothes and come here.]

[Ares...!?!]

This time Raiza was surprised by Ares' words.

[Raiza. Though I also don't have the right to say this kind of thing, please forgive Grace. When we were united on that day, she was feeling miserable regarding her marriage interview.]

Raiza was surprised. It seemed she wasn't informed about anything by her father.

However...that father...[If it's Grace] was capable of such an idea.

It appeared that Grace was the kind of girl who would endure that kind of thing.

[In the first place, she seemed to have the resolution to resign herself to that. But afterwards I held her and selfishly prevented her from saying anything...]

[But...the one who tempted you was me.]

Grace intentionally added more on Ares' words.

Ares stared at Grace who wore a pained expression.

[I'm sorry...I at least...wanted to be united with the person I love before the marriage interview.]

While standing up the eldest sister shed tears in anguish.

[And then...I let myself be deeply spoiled by Ares' kindness...]

Raiza's expression made a complete change from her earlier adamant one into a sorrowful one.

She who, in contrast to her sister Grace, threw away the path of being a recovery user and instead was admitted to the Society and willfully traveled across many nations, felt ashamed of herself.

[Sorry...onee-chan...]

*Gu...*Raiza wiped her tears which surfaced.

[However...as expected I also love Ares. Only to this I won't yield.]

Shuru...

Grace stripped off her own robe and stood beside Ares.

She was wearing a scarlet underwear today.

[Ares-san...what do you think?]

[As I thought you love Sharley huh?]

[I——]

[It's okay, for me...even if it isn't serious if we could have sex like this...]

From Ares' right side Grace brought down her face and kissed the tip of his penis.

[Me too...if you would take out your sexual urges any time you like...]

From Ares' left side Raiza brought down her and kissed the pole of his

penis.

[I'm...the worst...but...the fact that I want to treasure you two isn't a lie...]

[nn♥ nn♥ chu♥]

[ha♥ nchu♥ rero...♥]

While Ares' penis was being felt around by two beautiful girls, he gently brushed with his hand each of their heads.

His penis was continuously kissed and caressed by their tongues from both sides, from the head until the pole, and they even nibbled on his balls.

[Uwaa...I love you...Grace!...Raiza!]

White liquid shot out from his penis like a geyser.

[I'm the same...Ares-san...♥]

[Me too...Ares...]

The two girls received the cloudy liquid on their faces and breasts while having euphoric expressions.————

「.....」

————Thereupon, Sharley stood there with a dumbfounded expression.

Just when had she opened the door of the training grounds.

The three people's expression also turned vacant.

The three had immodest nude figures,

Ares was in an imposing stance with his penis erected,

the eldest sister who was in a knee standing position and was grasping Ares' rode,

and the second sister who was also in the same posture was massaging Ares' balls.

[Sh,Sharley...this is not it!]

The eldest sister tried to make excuses in panic————

[U,umm...it seems you're still in the middle of it... I guess I was a bit ride.]

Sharley started to leave the training grounds with a crimson face.

[Sharley wait! We're not in the midst of it since we've already finished——no uh that doesn't matter anymore, Ares actually likes Sharley!!]

In response to the second sister's words, Sharley halted and looked back.

Nevertheless she couldn't understand why those words came out in this kind of situation.

[U,umm, well...I and onee-chan knew that. But...we also love Ares...so...the two of us...depended on Ares' kindness...and seduced him...]

[That's not true!...I indulged on the goodwill of both of you...I realized that both of you liked me and so I——

[...I knew that.]

[[[Eh???)]]

The three had the same reaction to Sharley's unexpected words.

[N,no...umm...I didn't know about the lewd stuff but...about both onee-chan liking Ares...I knew that you know?]

[You were aware of it...since when...]

The elder sister's expression became astonished.

[After all whenever onee-chan met with Ares in her room she becomes delightful,

and... when onee-chan started adding a slit to her robe...I realized it...

Raiza onee-chan too during the times she stayed in the branch, was investigating, and when teaching magic was overjoyed right?

That's why...since I respect and love my two onee-chan...

I'll absolutely hold it in...is what...I thought...]

[...You planned to endure and keep silent about your own feelings?]

This time the three girls shook from the eldest sister's words.

[...Y,yes..]

Sharley blushed and nodded.

(Put on your pants, Ares.)

Raiza secretly whispered in Ares' ears.

(?)

Ares followed her words.

To such Ares' back someone gave a push and made him stand in front of Sharley.

Part 5

[Sharley...]

[Y,yes...]

The mood was good as the two locked eyes with each other.

Grace and Raiza who were standing behind them looked at each other's faces, and nodded.

(With this it's okay now...right onee-chan.)

(Yes...the things that should be settled are finally sorted out...]

[I played around with your two sisters...I'm the worst kind of guy but... even so would you still like me?]

[...Even now...]

「？」

[Even now...do you still think that you played around with my two onee-chan?]

「...。」

The two girls behind felt confused by Sharley's words.

[It's true that I was in ecstasy towards their bodies...but that was because they were very fascinating, I know that saying this in front of you is ridiculous but...by no means was I only playing around when I had sex with them.]

This time the eyes of the two girls behind became moist.

(I'm glad...I'm really glad Ares...but...)

(You shouldn't...say that kind of thing...in front of Sharley...)

[Then...even now...I still like Ares...]

Sharley answered with a reserved smile while feeling shy.

[Please associate with me...the same way you do with both my onee-chan.]

[[[nnn???]]]

The three had the same reaction similar to earlier.

(I,Isn't something weird onee-chan...?)

(W,wait...maybe Sharley meant [The two of us are bygones so she wants to start a new relationship with Ares]...)

[That's not it. With my own will, I want Ares-san to continue to associate with both onee-chan.]

Sharley retorted towards her two sisters who were whispering in the back.

[Eh...Sh,Sharley what are you saying...?]

[Y,you can monopolize Ares-san you know...?]

After Sharley saw her sisters' state this time her line of sight turned to Ares.

[Ares-san...]

[Y,yes...]

For some reason the youth used polite expression.

[Up to ending the talk of separating with both my onee-chan...won't you please associate with me together with them...]

[...If that is okay with you.]

While glancing at the two girls behind who had shocked expressions, Ares and Sharley became lovers.

Forget the eldest and second sister, it seemed the third sister was unexpectedly a stubborn person———

Part 6

A short while after that, Ares and Sharley went on dates during breaks from the investigation.

Although the eldest and second sister were still at a loss they accepted the third sister's proposal and continued to associate with Ares...and request for him.

(Nonetheless they abstained for a few days since the two became lovers.)

Sharley was very curious to the kind of lewd things they had done so she asked Ares.

On Ares' side, to be asked by the girl he liked about his affair with other women (what's more they were her sisters) felt like torture.

However seeing her face turn scarlet each time she heard those absurd things, and rapidly become speechless as she hang her head in shame was extremely arousing.

And then finally...after their date, Sharley had the chance to be just the two of them in Ares' room.

Naturally Ares guessed Sharley's intention and so both of them did not utter a single word as they let time pass.

Incidentally for the purpose of their date, Sharley wasn't wearing her

usual white robe, but instead a white themed apron dress-like clothes.

[Ah...I,I need to get something to drink——]

Sharley who planned to stand up got the hem of her clothes grabbed by Ares.

Looking up with moist eyes, was a maiden who have left behind her childishness.

Ares grasped Sharley's feelings and so he corrected his posture.

He quietly moved his left hand towards her back, and used his right hand to lift the girl's chin.

[nn.....❤️]

A light kiss. Ares then kissed her many times as if pecking her.

Eventually he deeply kissed her as if devouring the inside of her mouth.

[n...nmu...nn...❤️]

Sharley was perplexed towards everything she experienced for the first time.

She was even more baffled when Ares entwined his tongue.

(What's a good thing that I can do...I don't know...)

Her chest rapidly beat faster.

Ares then grabbed Sharley's breasts from above her clothes.

Contrary to her childish appearance and petite body were her considerably perfect to grope huge breasts.

[Sharley...]

[Ah,ah...nooo...]

Ares suddenly saw Sharley who was shedding tears.

He reflexively stopped his hands.

[...Are you alright?]

[I,I'm sorry...I was surprised...and my heart won't stop from beating hard...]

He waited for Sharley's trembling to settled down, and it seemed it was time to stop today.

As the sun was setting down, Ares escorted Sharley until her home.

She was awfully worried about not being able to finish until the end.

[I'm sorry...Ares-san...]

[I'm telling you it's fine. Please don't mind it too much.]

(...On the contrary I think that it was cute and typical of Sharley to which I'll keep quiet about...)

[Besides...we were able to kiss today.]

Sharley blushed and looked downwards when she remembered that.

[Tomorrow...are you free tomorrow, Ares-san!?!]

[Y,yup...]

[...Tomorrow definitely...we'll finish until the end!]

[Y,yeah...]

From being too enthusiastic the girl forgot the meaning of her own words.

For now the youth checked if there weren't any people in the surroundings.

Ares returned in his own house after sending home Sharley.

(In case of Grace and Raiza I believe that to some extent I still have surplus but...)

Ares looked up at the night sky.

(Tomorrow for sure——huh. Will you be able to sleep, me...?)

Chapter 4

Part 1

Sharley changed her clothes into her sleepwear, and prepared to go to bed.

She sat on her bed and pondered about the matter tomorrow.

(Tomorrow for sure...I'll be united with Ares-san...

I wonder, will I be able to sleep tonight...?)

Her face was dyed slightly red.

She then embraced her pillow and lied down.

(For that thing to happen today...I've disappointed Ares-san...)

She felt dejected and turned to the other side.

(If I had yielded myself more to Ares things might have been better..)

While looking up at the ceiling Sharley absentmindedly thought about her lover.

(But...since I received those kinds of kisses today...

I'm certain I'll definitely be fine tomorrow...)

She confirmed her resolve, and then muttered a short chant to turn off the Sun Arts-powered lamp.

She pulled up her blanket until below her face and closed her eyes.

Before long, her soft sleeping sound started to become audible.

Part 2

Someone was observing that young lady from a slightly distant place.

Concealed within the trees was a crow——

that was carried in the arms by a girl from the beast race.

Dark brown skin and silver hair. She was wearing the same maid outfit she wore during the day.

Her eyes possessed night vision and she together with the crow intently stared at the girl's state, and then leaped to the sky——and landed perfectly on the ground.

Without change she started running off, and disappeared in the midst of the night.

Part 3

The next morning————

Ares finished his breakfast, changed his clothes, and waited for Sharley to come.

Although he was off duty, just to be sure he entered the building of the temporary branch to meet with the Society members and confirm their situation.

As soon as entering his colleagues called out to him.

[Hey Ares, Raiza still hasn't come yet, did you hear anything from her?]

[Raiza? Nope, I didn't hear anything...]

Then a good-natured slim middle-aged man the room.

It seemed he was a servant of the Esteol House, and seemed to come for Ares.

He handed over to Ares a letter that he was entrusted with by Raiza.

It was certainly Raiza's hand-writing by checking the contents.

The gist of the letter was [I want you to immediately come to the hospital where Grace works. I'll go ahead and wait for you.]

There was no mistake something serious happened——

Ares immediately summoned a carriage.

Part 4

The biggest hospital in the Medical City Kuoteram.

Ares entered inside and explained his situation to a nurse.

He was then guided to the special sickroom.

Inside the room were Raiza and Grace who were talking to each other with strained expressions.

When Grace noticed Ares' presence her expression became shocked.

[Ares-san!?!...why are you here...]

[Because I called him...]

Grace started brooding over something.

[By any chance...did something happen to Sharley?]

[...Yes. Raiza will also go inside the sick room now, and confirm that girl's condition but...]

Grace looked at Ares directly.

[Ares-san. Please don't be shocked no matter what you see inside okay?]

[...Yes.]

Ares was in turmoil as he agreed.

Was Sharley's condition that bad.

Even though she was displaying her lively smile yesterday...

The door of the sick room was opened.

Inside was what was called a VIP room of the biggest hospital in the city. It was wide and looked comfortable to stay in with all its various equipments installed.

It was a reception appropriate for the former director's youngest daughter, also known as the genius and famous recovery user younger daughter.

However, Ares and company didn't have the luxury to look at the room's design,

they just, searched for Sharley's figure.

They then discovered her sleeping peacefully on top of a bed.

[...hmm?]

Over there Sharley's normal sleeping appearance could only be seen.

[...Grace-san, this is...doesn't she look like she's just sleeping normally?]

[...Yes, she is sleeping.]

...or rather...

She has been continuously sleeping the whole time.]

Terrible sounding words.

In other words Sharley has been continuously sleeping without waking up.

[...If it is only that——]

[nnn...]

Interrupted Grace who planned to say more was the voice of the should-be-sleeping Sharley that resounded.

[Sharley!]

Ares' expression brightened as he switched his line of sight from Grace to Sharley but,

in the next moment that expression transformed into despair.

[nnn♥...n♥...nn...♥]

Sharley's face flushed and writhed in agony while she slept.

There was no denying that her voice contained sensuality.

[Th...this is...?]

[—Ares-san, this is why I especially didn't want to show this to you.]

Raiza who called Ares was also stunned.

She knew about Sharley not waking up since morning but she haven't witnessed this scene.

[...Let's change locations. I'll explain things there.]

Part 5

When Sharley knew it she was at an unfamiliar place.

(Huh———?)

I...should've been sleeping at my own room...)

Her clothes was the white robe which she wore before sleeping.

Endlessly stretching clouds filled the surroundings and a blue sky filled the heavens.

Pillars which looked like the ones built in temples and palm trees were disorderly standing here and there.

(This cloud-like floor...is amazingly soft...

For now...I have to confirm where this place is...)

As Sharley stood up in order to explore the state of the vicinity, her foot sunk into the floor, and she returned to her earlier position which was facing upwards.

[Kya...!]

Her whole body sunk into the floor for a bit, which sealed her movement.

[Ah...ah...]

Although she didn't sink anymore further, her limbs were completely restrained.

Then, *jiwaa*...a liquid oozed from inside the clouds towards her sunken body.

The slimy liquid reached Sharley's body, which slowly melted her white robe.

[N...o...]

The girl's white skin was gradually exposed, and soon even her underwear was dissolved.

[Noo...]

With teary eyes she shook her head, and the liquid enveloped the girl which became stark-naked.

Eventually the liquid was absorbed inside the cloud like the ebb of a tide.

The girl's rich breasts to her belly, and even until her secret place were completely visible.

Even though there weren't any people that could be seen from the surroundings, Sharley's face blushed from shame.

And then, this time countless white thread-like semi-transparent tentacles rushed out from the cloud-like floor.

[Hii....!]

They coiled around Sharley's body.

To her arms, armpits, breasts, navel, thighs, and then to a girl's important place——

[Nooo...!]

Each of them twisted, curled, slithered, and wriggled.

[Ah...stop it...!]

As a result of being thread-like and thin, they didn't tightened hard, but the delicate sensation stimulated the girl's body.

[Ah...hi...!]

They swarmed towards her drooping pair of spheres from their summit until their bases.

[Ah...that place is...hyu...!

Similar to a brush, a restless crowd of tentacles entered the girl's vagina. Slender tentacles violated her insides.

[nn!.....noo...stop...stop it...]

Bikun! her body slightly shook, and her whole body started slightly sweating.

The girl's hips trembled and started to lose strength, and drool trickled from her mouth.

However——

[nnn...!]

Without stopping the tentacle roamed around inside the girl's vagina as it pleased.

Furthermore the other slender tentacles didn't stop indulging on the girl's body.

As the stimulus and pleasure began her body once again started quivering.

The girl weakly pleaded with unfocused eyes.
