## Chapter 1 ☆

When I was suddenly bitten by a strange middle-aged man, I woke up. Then there was hell.

If what the radio says is true, then this world is already crawling with zombies.... it's only been a week.

A certain terrorist group developed a virus which propagated throughout the whole world, turning humans into zombies.

Though I have to say, these zombies seem like normal human beings. But, apparently when a person gets infected and turn into a zombie, their intelligence decreases dramatically.

When a person gets bitten by a zombie and gets infected, cognitive function rapidly deteriorates. When it faints, it then turns into a zombie.

And then, it will turn into a monster that attacks people indiscriminately.

It was said that this virus that infects humans could also infect other life-forms. This information was provided by a source that watched a crow infected with the virus become more ferocious.

It's easy to tell the difference between a human and a zombie.

When a living being gets infected by a zombie, their eyes redden

because of the virus.

As for the person that was infected and about to turn into a zombie, their eyes will also redden because of the virus.

It is recommended to kill infected people before they completely turn into zombies.

Though killing the victim without discretion is concerning, it must be done, since the vaccine for the virus hasn't been developed yet.

Moreover, the government isn't functioning; though the Police and Self-Defense Force are taking action and committed on the rescue operations, it doesn't seem to be going smoothly though.

..... the aforementioned information was checked and obtained from the internet.

It is much worse than I could ever imagine.

Besides, I don't know how much longer it will be until the internet gets cut off.

Electricity and gas are still usable for the moment, but.....

It's just a matter of time before until it runs out.

I—— Fujiwara Jin decided to turn off the radio which broadcast this hopeless news.

I'll only become more dreary if I heard more of it.

It was at the time when I was walking back to my apartment from the university that I attend.

I was suddenly bitten by a middle-aged man with bloodshot eyes.

I fainted from shock.

I then woke up, only to suddenly see hordes of zombies surrounding me.

Thinking I'll get bitten again, I escaped from that place with all my energy. I got back to my apartment safely.

I made my way to my room trying to understand what has happened, I turned on the television, but all that was displayed was a black sandstorm.

All the channels were the same.

Somehow, the TV station must've been overrun by the zombies.

I listened to the radio instead. Having felt my stomach grumbling, I decided to eat instant noodles while listening.

Afterwards, I started to investigate in various ways using my laptop.

My eyes abruptly fell on the mirror I use for shaving.

One of my eyes was dyed red.

As expected, I'm turning into a zombie.

However, I found it strange that none of the zombies ran after me while I was escaping...

But why is it only my right eye?

Is there evidence stating that there were zombies incompletely turned?

I don't think my intelligence has diminished, and I can still speak properly unlike the zombies who say "Ahh~" all the time.....

Perhaps there are things such as antibodies for the virus in my body?

Hence why I didn't completely turn into a zombie... Is it likely that it only infected a part of me, which is why only one of my eyes is dyed red?

With that being said, it is more natural to think that if another was bitten, there's a 100% probability that that one will turn into a zombie. So there must be some kind of antibody in me.

I want to think that the effects won't turn much worse than this because one week has passed since I was bitten.

However, to have lost consciousness for more than a week.

That explains why I felt hungry.

Although a vaccine for the virus might be produced using the antibodies from my body..... Before all of that, I have to help Saya first.

Saya, Fujiwara Sayaka, is my younger step-sister.

Though my beloved step-sister and I aren't connected by blood, she's still important to me.

Saya is still a grade-schooler.

If I don't help her quickly..... No, considering the situation, she might've already been turned into a zombie...

Saya and I are not connected by blood, so it is likely that she doesn't have antibodies for the zombie virus. However, perhaps——

No, this isn't good, it's bad to have high hopes.

I have to change, or my heart will break completely.

It is necessary to assume the worst.

.....Somehow, those thoughts gave me a feeling that they lifted a heavy weight off my mind.

I decided to leave my apartment.

There's a nice weather outside, it's not cloudy.

First of all, should I prioritize securing a supply of food or means of transportation?

There's a limit to traveling on foot.

I don't own a car, but I do have a license.

Though I rented a car from Rent-a-car, I can't say that it's still rented now.

Let's just say I rented it for good.

It's a state of emergency, so there shouldn't be any problem.

Located near the apartment, the usual convenience store I used to go to fell into ruins.

Commodities were scattered, bloodstains everywhere.

Neither the customers or employees are around.

Though, I thought there might be an employee who is a zombie around here somewhere.

.....!

There is, it's a zombie.

「Aki-chan, you turned into a zombie.」

There she was, Akiko Yuzawa, the most popular sales clerk of this convenience store.

[Yuzawa] was written in her nameplate, in cute adorable letters.

Aki-chan was a highschool student who lived near this convenience store with a devastating bosom that couldn't be compared to other female students. Her hair was black and long, and she was equipped with a smile that radiates like a child's.

However, the current her who had turned into a zombie had a stiff expression.....

But.....

「She's still cute after all.....」

The cuteness which made the male university students create a fanclub was still there.

Though Aki-chan is nothing more than a story now, the zombie seems to think of me as a friend and is unresponsive.

However, zombies quarrel among themselves, so I am refraining from attacking.

The always cheerful Aki-chan..... reduced to this.....

Although I should say, Aki-chan still looked nice even in this figure.

Zombies on the outside are usually stained by the victim's blood, but Aki-chan is still beautiful with just a small bite mark in the neck, and even infected she's still beautiful.

..... Is it possible to have sex with her?

My conscience is breaking, what am I supposed to do.

I intended to be a good Onii-chan to Saya if she was here, but, Saya isn't here anymore.

[ED: HEH] [TN:LOL]

No one is here to judge even if I acted on sexual desire.

「Aki-chan, can you hear me?」

It is unresponsive as usual.

I looked at Aki-chan's face.

This kind of Aki-chan is also cute.~

.....However, she smells a little.

But, it is not the stench of decaying flesh, it smells of slight sweat which could also be my smell.

For one week I haven't taken a shower or bath, which also can't be helped.

But.... this smell, it excites me instead.

It's a woman's scent, it's a smell that could incite a man's carnal desires.

「Aki-chan, can I kiss you....?」

I waited for a response.

Aki-chan was, of course, unresponsive.

All there is, was silence.

I put my lips on Aki-chan's.

I only put my lips. I didn't have the courage to insert my tongue in like one would expect.

.....!

Aki-chan actually slipped her tongue in!!

I was going to pull back and fall from surprise, but I couldn't as I was embraced before I knew it..... !!

Was it because she's a zombie? Her tongue movement felt slightly constrained...

..... After a while, Aki-chan, seemingly satisfied, finally released me.

But, why all of a sudden...

Which reminds me, zombies tend to mimic what they usually do before they were infected.

The reason that is why Aki-chan was here before she was infected

.....Then...

「Then that must mean Aki-chan is a bitch, That she put her tongue in while we kissed. Just how many men in this world had she toyed with?」

I didn't think it was possible, that this cute chick had been with men before.

She may not even be virgin.

The men in the Aki-chan's fan club worshipped her like the virgin mary! Though sadly, reality is cruel.

「.....」

Huh?

Aki-chan just shook her head a little.

Is it my imagination?

Zombies don't have the capability to understand a person's speech, that was said on the net but...

「A~Aah My first kiss with the exception of family, was Aki-chan, but I did not know that this wild chick had this kind of character.」

Aki-chan started to shake her head.

I wasn't mistaken.

.....Does a zombie also have the capability to understand a person speech?

Also, information from the net is unexpectedly unreliable.

「However, you must have opened your legs for other men, right? That's why it's fine, right?.....to violate you.」

I pushed Aki-chan down at the counter next to the cash register.

Aki-chan didn't resist.

It feels like a lie that before she was holding me with power not possible for a girl just before.

「Well, I am different from the man I was before, so I won't be using a condom. I also don't have the money for that.」

I stripped Aki-chan's clothes.

「Wow.」

The chest asserting itself on the clothes with strong power flies towards me.

The breasts were strapped by her bra.

「I will make your oppai comfortable in a moment~」

I'm currently doing what my normal self would never do.

It was in all and every way, somewhat desperate.

I unhooked her bra and massaged her two swellings without mercy.

The soft sensation was pleasant.

Though a zombie, it is still a living thing.

Her body has body-heat present, and maybe due to touching, the nipples have become hard.

Aki-chan's cheeks reddened too.

「Aki-chan, are you getting off from your breasts getting fondled? Pervert.」

As I said that, Aki-chan's face reddened even more.

This type of Aki-chan is so erotic and cute that.....my son erected.

It is said that zombies are monsters, totally separate from human beings, but looking at Aki-chan, it contradicts all that.

「It would be rude to the pussy if I focus entirely on the breasts, wouldn't it?」

Next should be the bottom half, if I started from the top half.

I stripped the remaining clothes that Aki-chan had on, and gazed at her full body.

「This is dangerous... It's amazingly erotic.」

If the wound on her neck wasn't there, this would be the perfect body.

The nipple that became hard had a beautiful pink color, too, and I haven't played with it yet.

And....I gazed at Aki-chan's womanhood.

「Aki-chan, you have quite of them grown, you didn't deal with them?」

It seems Aki-chan haven't shaved her pubic hair area, which could indicate that she had screwed around with other guys.

I pushed through her pubic hair and touched her slit.

Schlick-

「Aki-chan, I only groped your chest yet you're soaking wet. You're surprisingly a lewd highschool girl」

The proof of Aki-chan's horniness has stuck on my index finger.

It is amazingly erotic.

That's it, let's do it.

Aki-chan is an escape from this male virginity.

I took off not only my jeans, but also my underwear and showed off my desiring rod to Aki-chan.

Though the false phimosis, the size is not little.

「Look Aki-chan, my thing has become like this because of your eroticness. So you must take responsibility.」

So to call, I drew Aki-chan's waist at my mercy close to my custard launcher.

Aki-chan cock sheath is now located close to my raging cock.

「Lotion shouldn't be needed, since it's already this wet.」

Aki-chan is only staring at me with a red face.

I slowly thrust my waist, among Aki-chan's wet love juices, the tip went in.

「It's tight..... It went in, but only the tip is in, and only that won't free me from my virginity....」

I sway with force and thrust it deep inside Aki-chan quickly.

「Did everything went in at once?」

Moving slowly inside her tight pussy, to ease up Aki-chan a little.

During this, it has become easier to move.

「Uwaa... Amazing! It doesn't compare with an Onahole....」

It is damp and warm unlike an Onahole, the pleasure brought by Aki-chan's inside was the best.

My waist could come off from the pleasure it never experienced before.

The entrance tightens, and it greets the man and wrapped around it kindly, with the entirety of her pussy seeking the man's custard.

「Superb, Aki-chan. It feels too good.」

Demanding more, Aki-chan feet and waist shook with pleasure.

Aki-chan's vagina twines around me.

It seems to squeeze down.

「Aki-chan, I will release it inside, that's fine, right.....」

Feeling like I'm about to cum, I fondled her breast while waiting for my climax.

I pushed my waist recklessly.

I did not think about Aki-chan's feelings, I who felt too good selfishly moved.

The only sound heard was the sound of bodies bumping to each other...

Once I regained all my senses, I removed my hands from Aki-chan's chest, and licked her hard nipple.

Mouth, nose, ear, eyes, pleasure was avariciously lusted for while feeling Aki-chan's whole body.

「Aki-chan, take it out!」

Retreat, retreat.....

I spit out my desire in Aki-chan's vagina, while I murmur to Aki-chan.

I rub my glans against the womb entrance, the womb was stained by the impure white liquid.

There was this feeling of conquest and satisfaction one got when they got the woman called Akiko Yuzawa.

「Aki-chan, It's the most pleasant graduation of male virginity.」

I pulled out of Aki-chan's insides slowly.

.....Eh? It's dirtied with blood.

Well, that's unexpected.

「Aki-chan, you were a virgin?」

Aki-chan nodded deeply.

Guilt suddenly rose within me.

I suddenly recalled calling the virgin Aki-chan a bitch.

No, rape in itself is a crime.

「I'm sorry, Aki-chan.....」

Having entered Sage-mode, I feel that what I have done is terrible.

Though there are no human rights for a zombie.....

Aki-chan shakes her head.

「Dai-i... Su-u... Ki-i...」

Aki-chan with a red face skillfully moved her mouth to convey her feelings.

Love.

「.....Aki-chan, did you like me?」

Aki-chan revealed an enthusiastic smile and nodded many times.

Since Aki-chan can't pronounce well, to convey her intention, she uses her emotions and movements

Somewhat like a dog.

That sort of Aki-chan is cute and pleasant, moreover it has irresistible lust.

「Aki-chan, let's feel good once more....?」

Aki-chan can't be helped, I was hugged close by the face that expressed the same desire.

In the end, I said my apology one more time.

The pent-up sexual desire that I accumulated over an entire week enabled me to go five rounds.

Though I demanded to keep going, I had to consider that Aki-chan was a virgin just a short while ago.

「Aki-chan, isn't it painful, your body?」

Aki-chan shook her head.

The zombie is insensitive to pain, it can only obtain pleasure thanks to the transformation to the zombie.... the sex with the virgin Aki-chan is proof of that information.

.....Is Aki-chan truly a zombie?

Her eyes are really red, and her pronunciation isn't too well either.

However, she has considerably high intellect.

Why? Is Aki-chan an exception?

No, Aki-chan was the same as the other zombies until it came to contact with me—

「.....!」

I was pulled by Aki-chan while I was thinking of various things.

What? Aki-chan pointed at something conveying to look at that.....

It is a zombie.

The mouth was dirtied by blood, male zombie.

That reminds me, there is this thing that I looked at the zombie.

It has the dossier of the convenience store.

Will this zombie repeat its actions from before it became infected meaninglessly again, too?

「Please go somewhere else.....」

Even though it didn't attack, it's bad for my heart that there is a zombie nearby.

Then.....

「Eh.....」

The zombie went unsteadily out of the convenience store

What is this?

When it heard my voice, it really left.

「Aki-chan, wait a moment here.」

I ran after the zombie.

There were zombies wandering around the convenience store.

As I thought.

I talk to the group of zombies nearby.

「You seem like zombies, dance if you're really a zombie」

The zombies who heard my voice really began to dance!

Oh, it isn't a graveyard here.

These zombies dance really poorly though.

However, they began to dance as I order it.

.....Since there is no music, it is considerable surreal.

The contents of the video which the terrorist provided before the virus

epidemic played through my mind.

『The human will reach true equality with the virus, and it will be managed by a new ruler!』

A new ruler.

The special infected who can give commands to the zombies to start with.

The terrorist called it a special infected by the video. But.....

Is that...me?

## Chapter 2

I left the zombies to keep dancing, and I decided to go back to the convenience store where Aki-chan was waiting.

「.....」

Aki-chan looked at the zombies who were still dancing with a stupefied face.

「Ah, Aki-chan, you don't have to dance..... It seems like I can order zombies somehow.」

Is that so? Aki-chan was staring blankly with a face as if wanting to say those words.

「I, for the time being, will check if there's anything we can possibly use in this convenience store..... So Aki-chan um..... go wear clothes.」

Aki-chan who realized that she was still naked began to put on some clothes.....

The Aki-chan whose face was blushing with embarrassment was also cute.

I went into the yard at the back of the store.

It's impossible to search inside the store without seeing the dressing Aki-chan.....

.....Especially since there seems to be nothing of use.

Though there is a safe, money can only be used to wipe your ass in this situation.

Oya? This back looks pretty.....

Was it Aki-chan?

It was probably used for school, there were writing materials and *etc.*

This is.....

There was a one notebook that caught my eye.

Jin-san Notebook♥ was written on it.

As for the contents, it brought me a hint of concern.

I decided to read the contents for a little bit.

『Today's Jin-san: Today's Jin-san brought potato chips and a cola, if you keep eating nothing but these, you'll get fat, you know! 』

『Today's Jin-san: looked at an ecchi magazine..... After all, it's good for a man to want big breasts?..... If that's the case, I can't be defeated in

size.』

This..... Aki-chan really liked me.

Isn't her love just a step short from that of a stalker's?

.....I'm going to read just a bit more..... Ah?

Just when I was about to read, it was suddenly taken by Aki-chan.

It seems like she was done getting dressed while I was unaware.

「.....！」

Did you see? Aki-chan's face said while looking at me.

Thus far, this was the reddest her face has ever been.

「I'm sorry, I saw it.」

Poka~ Poka~ Aki-chan hit me repeatedly.

It didn't had much power, so it wasn't painful.

If it was the same force from when I was embraced tightly, I would surely be dead; or so I thought.

※

Leaving the back to Aki-chan, I decided to search inside the store.

The store was ransacked.

The rice balls and the likes seemed to have been pillaged by other people.

Mu~?

The packed food around here seems safe.

I'll gladly receive it.

「Aki-chan, what would you do after this?」

When I looked towards Aki-chan, she was trying to operate her smartphone in her shaking hand.

As expected, did the battery run dry? It only worked when charged with a mobile charger.

Do you want to contact someone?

However, after the zombie filled the world, the telephone or the email became unusable.

Aki-chan approached me and showed the smartphone screen.

『Because I can't talk well, I can with this.』

Aki-chan smiled pleasantly.

I see, paper is unnecessary by talking like this, and it is convenient.

.....Although, I don't know how long it will last.

『I would like to be with Jin-san... ..Jin-san?』

「I want to be with Aki-chan too.」

There's no reason not to be with such a cute girl.

.....besides,

「Though I selfishly kissed and raped you, and you might think the order of things were wrong..... I also have loved Aki-chan ever since.」

『I also love Jin-san!』

Aki-chan gave me an answer while disregarding the typing mistakes because her hand couldn't move well.

This feeling..... I gotta say,

「Aki-chan, will you be my girlfriend?」

Aki-chan embraced me silently—— and we kissed.

Of course we just kissed, were there sexual desires? I didn't have any physical strength.

※

I decided to stuff the packed food from the convenience store in a backpack.

『Can we take it without permission?』

「There is nothing compelling us not to. When all we can eat is just rice balls with seaweed, Aki-chan.」

I handed the remaining rice balls to Aki-chan who's becoming hungry.

「Come to think of it, Aki-chan, do you remember anything before I came by?」

『Yes, but it's unclear.』

I put together Aki-chan's story.

That day, Aki-chan waited on the streets for me to come by the convenience store.

Then, a baby with a strange appearance seems to appear.

『Normally, babies are with their mother? But, this baby was alone.』

She found it strange, so she approached it..... Suddenly, it jumped up and she was bitten it seems.

At that time, she was infected with the zombie virus.

Then, in the same way like me, she lost consciousness..... and fainted.

『Then I woke up..... I was in the usual convenience store, feeling

somewhat half-awake and half-asleep.』

After that, I came to the convenience store and.....

I already know the rest.

By the way, I told Aki-chan to disregard whether the zombie virus ends the world.

「But Aki-chan, why did you put your tongue in all of a sudden? Because of that, I've misunderstood Aki-chan.」

『Um~, I've always dreamt of doing it.....』

Dreamt?

『Um~, I always do, dreamt of Jin-san and me dating when I look at you, and it hurts, it does.』

Dreamt of dating me.

『Seeing Jin-san's face this close, Ah~, to think it's not just a dream now...』

「You've always wanted to put your tongue in your dream.」

『Yes..... But! The dream hasn't gone that far ahead yet either.』

So the thing she experience here didn't happen in the dream.

『Something like that... I'm really sorry.』

『It's alright, somehow, my mind felt refreshed when Jin-san did those ecchi stuff.』

When we had sex, it reached the point where she could think clearly?

Is the vaccine in my semen?

That's stupid, this is not some cliché eroge.

.....Although, Aki-chan's complexion looks healthier, is it really possible?

『The various things I must confirm has increased.....』

I have the power to manipulate zombies, I also have antibodies to counteract the zombie virus.

Let's test the power to manipulate the zombies for the time being.

Before that.

『I wanna take a shower.』

Let's have Aki-chan take a shower.

「But how? Should we go to my apartment?」

『But... I wanna change clothes and..... I think my house is closer.』

「Then, let's go to Aki-chan's house.」

We went to Aki-chan's house.

The horde of zombies were still dancing, the zombies were unexpectedly unresponsive too.

As I thought, they might've thought of us as companions.

Thus, we arrived at Aki-chan's house.....

「It stinks.....」

The stench of death.

It smells like rotten blood or something.

『Jin-san, the lock is open.』

「Understood. Aki-chan, wait here for a bit, I'll go see what's inside first.」

If my intuition proves correct.....

I'll ask, to please leave this place.

When I entered inside, the smell strengthened.

My face distorted due to the excessive stench.

While enduring somehow, I advanced further in.

This place, appears to be the living room.

In the living room... Chunks of rotten flesh was lying around.

Perhaps, it's a portion of two people.

There were two parts that I think were right legs.

There weren't any zombies in the room.

Since the window panes was broken, they probably broke in from there, and likely ate everything and left.

This can't be shown to Aki-chan.

I, myself felt like throwing up.

「Aki-chan, I think it's better to avoid the living room if you wanna go in.」

『Did mom and dad turn into zombies? Both of them should have been in the house that day.』

Aki-chan looks at me with reliant eyes.

.....I could only shake my head.

「..... ! ! !」

Aki-chan couldn't utter a word, and walked inside the house.....

I on the other hand, couldn't do anything.

Aki-chan sat down in the living room and kept crying.

Though her speech was a mess, Dad... Mom... I was able to understand what she was saying.

.....I was able to do so.

「Aki-chan, I won't be eaten by any zombie, I won't disappear from your side and I will support you.....」

Like that, I embraced Aki-chan tightly.

I embraced her tightly until Aki-chan stopped crying.

## Chapter 3 ☆

Aki-chan seemed to have settled down

『I'm already okay』

Aki-chan operated her smartphone like she's used to it.

She can't input smoothly at first, but it gradually became easy for her.

Aki-chan is returning from zombie to human steadily.

Her eye is still red however.

「Are you okay?」

『Yes, I'm okay. I'm going to take a shower』

Aki-chan laughed.

But it was clear that she can't laugh.

※

When zombies attack people it's not for the purpose of meal.

Then, why do zombies attack humans?

According to the observation from the internet, it

\*\*\*\*\*

Zombie Watcher 20XX/XX/XX(Wed) 22:00:00 ID:N7526CQ

Though I've said it a lot of times, Zombie has a lot of mystery.

They repeat their habit before infection, quarrels with other zombie...

These guys are doing various things, where do they get their energy?

Unlike humans, they don't feel hungry.

But these guys move in spite not eating anything.

These guys attack humans in order to increase their companions, but where do these zombies get their energy from?

\*\*\*\*\*

This high-school graduate Hiki-NEET me doesn't understand

Namely, Aki-chan's parent's eaten body are scattered around doesn't mean they're mere zombies Those who eat humans are called special zombies.

It's different from the zombie from the internet, I've verified this Special Zombie.

Hey, did you see it?

It's a flying zombie!!

Since I've dabbled in aerodynamics, I can understand it, but with their shape, they shouldn't normally fly in the sky.

Didn't the terrorist mentioned that in the video? About Evolution Specimen?

They said it's for the new evolution of humanity.

Did you mean fusion specimen rather than evolution material?

Majority of the livestock in here got involved.

\*\*\*\*\*

※

Special specimen zombies are generally divided into two types.

First is Evolution individual.

These are those who had more power than they were human.

Their arms grow bigger, getting power beyond humans, killing other zombies and eating them.

(tl: 腕などが巨大化し、人を超えた力で他のZombieを殺害し、食べている。)

And they get stronger the more they eat...

While other zombies don't need meal, these zombies eat to maintain their beyond human power.

Their intelligence is different from other zombies, but they seem to not be able to talk.

Next are the fusion individuals.

This one are those who fuses with other creatures to form a human chimera.

These are as also eating other zombies in order to maintain the fused body.

How does it fuse with other creature, there are lots of different answers.

The internet had seen it fused with dog and birds, there are also some who saw it fused with lion from the zoo.

Perhaps, Aki-chan's parents were murdered and eaten by these guys.

「Then, since we're getting hungry, we must be on the Evolution」

『But, I don't want to eat humans』

Aki-chan had calm down after taking a shower and changed her clothes, we moved to the apartment where I live.

Aki-chan had brought some change of clothes.

Passing through her house, Aki-chan made a bitter expression, there's still a possibility that special zombies are close in our area.

Once we reached the apartment, I opened the my laptop and showed the screen to Aki-chan, it displayed that zombies normally murder their parents

「That's because we have reason and intelligence in contrast to other Evolved individuals, it seems...」

『However, even if we say that we're different from evolved individuals, I do not feel anything strange as difference』

As for me, I can order zombies, an ability that's easy to understand...

But it seems that Aki-chan has no special ability Did I originally have it? or did I just awaken this later?

「I don't know whether unique individuals will follow my order, we still don't know a lot about this ability itself, we need to look up for a lot of things」

『That's right, we also don't understand why my intellect and reason returned after all』

「Aki-chan, for that thing, I have a request...」

Aki-chan returned her intellect and reason when we kissed and had sex.

In other words, my own body fluids might be an antibody against the zombie virus.

「With that, I need to have other girls swallow my saliva, and depending on the case, I might embrace them...」

It might be okay if men give them saliva...

Woah, I think I just got lucky.

「Aki-chan, I'll have to apologize beforehand, Sorry!」

I kneeled on the ground.

The boyfriend dogeza'd on her girlfriend on their first day.

『Oh well, since it's for the sake of humanity, it can't be helped』

I gave Aki-chan an astonished face.

Ooh! Aki-chan is a goddess...!

『I don't mind you having affair with other girls...As long as I'm the legal wife. I won't hand it over』

I'll permit concubines as long as I'm your number one, is what she mean right?

Of course, the only girl I love now is Aki-chan!

But, why did she give me an OK?

『Also, there are a lot of girls who like Jin-san you know?』

It seems that I'm unexpectedly popular

Aki-chan seemed to have some rival.

That's why she thought it can't be helped.

『But, today』

「Should we sleep together?」

Aki-chan still can't move her mouth well so I urged her to sleep together with me.

Before we knew it it's already dark, shall we sleep today?

I decided to sleep together with Aki-chan on a small bed.

Aki-chan occasionally sheds tears, I pretend not to see it.

I only did what I can do to relieve Aki-chan's loneliness, I hugged her tightly, telling her that she's not alone.

Next morning

Looking in front of me, there was Aki-chan's face.

Aki-chan's cheeks are blushing.

Don't look at me with that erotic face, you're making my morning hard.

It's mysterious, I just did her yesterday yet I want to embrace Aki-chan again.

「Aki-chan, this is a physiological phenomeno.....n! Don't touch it!」

I might explode if Aki-chan touched it further.

I made an excuse, but Aki-chan doesn't stop touching my crotch.

She's staring at me with a lewd face

「If you stopped touching my groin, I'll cum...Not in my pants but on the Lewd Aki-chan」

Finally, Aki-chan separated with me.

...Good, it's my turn now.

I reached out under Aki-chan's pajamas the place I've got in and out a lot of times yesterday.

*Schlick...*

The woman part of Aki-chan is soaking wet.

...Could it be?

「Aki-chan, were you masturbating before I woke up?」

Aki-chan's face reddened, then she nodded.

What an erotic woman.

Naturally, I want to make this girl feel good, those are my feelings.

I decided to put my index finger on Aki-chan's slimy genitals.

Is it around here?

When I was at loss, Aki-chan helped my hand gently The finger Aki-chan guided entered her quickly.

It was just one finger inside, yet Aki-chan is tightening hard from feeling good Rather than a finger, a thick penis entering would feel even better.

Remembering our sex from yesterday, the thing in my crotch got even harder.

「Aki-chan, I'm kissing you」

I stole Aki-chan's lips while inserting a number of fingers.

I put in and out two fingers, then twirling my forefinger to torment Aki-chan's pussy.

Aki-chan seemed to felt good from the French-kiss her eyes melt away.

It should be fine.

Unlike yesterday, Aki-chan is not a virgin anymore, and there seems to be more love nectar from her vaginal opening from yesterday.

「Aki-chan, I'll put it in okay?」

I stopped the kiss to tell Aki-chan.

I held the most erect penis, led it and made it kiss Aki-chan's vagina.

I attacked the entrance of Aki-chan and it's making a lewd *Nyuchu*, *Nyuchu* sound The slow-going gives a different unbearable pleasure from sex.

「Jin-san, Hurry up and put it in...」

Oops! My bad.

Let's stop playing for now.

I inserted inside Aki-chan

*zu.....*

Unlike from yesterday, it went in smoothly.

The insides of vagina is so hot it feels good.

My penis is having the illusion of melting since earlier.

Aki-chan's vagina which is sticky, slimy and filled with elasticity had completely swallowed my penis to the root, it tightened so much that I can't take it away.

It feels too good that I might climax with just this.

「Jin-san...Jin-san is mine, you can look at the other girls, but as long as

I'm the last one you'll look at」

Aki-chan moves her mouth telling a pick-up line.

This is unbearable.

「Aki-chan.....Aki-chan ! 」

I mercilessly shook my hips

I removed my penis on the last moment, then thrusts it inside the vagina in one stroke.

Aki-chan's body seemed to tremble from the intensity of my waist.

The repeated piston motion trampled Aki-chan down.

I held Aki-chan's soft ass, I carved my hands on it a lot of times.

「Jin-san, more.....More」

I got even more excited from hearing Aki-chan's erotic voice.

I've filled her vagina with lots of semen that when I move my penis, it waves.

The feel of Aki-chan's depths from my tip is so smooth and lewd and it tightens.

I'm feeling more satisfied as the vagina of Aki-chan making me feel good more, I moved, I dig the glans of my penis to her flesh as I move my hips.

「Hyaaaaaaaa~! Fuaaaaa—It feels goooooood!」

It seems Aki-chan is near her limit.

Whenever I move, Aki-chan raises a sweet voice.

Hearing her lovely voice, I can't help but be happy.

I want to mess Aki-chan more.

I want to drive Aki-chan mad.

More, More—

Whenever I pierce her, the bed creaks

We keep having sex while making a lewd sticky sound from us.

Aki-chans huge chest shakes up and down.

It changes its shape the way I rub it.

Her beautiful long black hair.

Her sweet sighs

I'm at my limit. I hugged Aki-chan close strongly.

Aki-chan's nails sinking doesn't feel painful, it gives me pleasure.

「Aki-chan, I'm letting it out」

「If you're cumming kiss me, it feels better when we kiss!」

I kissed Aki-chan while cumming inside.

My vision turns blurry with pleasure.

I'm here, yet I'm not, I'm having that mysterious feeling.

But having Aki-chan so close, I understood.

While my penis is fixed in Aki-chan's vagina, I continued to ejaculate, inside Aki-chan's womb, I released my sperm.

Kissing while cumming inside had completely become our habit Was that from our second round yesterday?

Leaving that aside, we still have to investigate a lot today, we should prepare...

## Chapter 4

I decided to take shower after doing H with Aki-chan.

「Then, I'll be going ahead of Aki-chan」

But, Aki-chan doesn't separate from my arm.

It can't be helped.

「Do you want to enter together?」

She smiled like a blooming flower.

We washed each other's bodies while taking the shower.

「I can still feel Jin-san inside my stomach」

Aki-chan rubs her belly.

My sperm is inside her soft belly...

I got slightly excited just thinking of it.

...No wait, calm down me.

We just did it earlier.

「Some had dripped」

Sperm had been spilling from the slit of Aki-chan.

Wow, so erotic.

Aki-chan shovels the sperm reluctantly.

Making a face while shoveling my sperm makes me want to pour it inside her again.

...Bad, Bad, self-control, self control.

「Aki-chan's body is so smooth, it's so silky it's irresistible」

I thoroughly washed Aki-chan's body and enjoyed it at the same time.

The soft body of a girl is different from a man.

It is soft everywhere, but the breast is the finest.

My eyes met Aki-chan's.

Both of Aki-chan's eyes are red, unlike me.

It was somewhat mystical, and is sucking me in.

「Jin-san, I love you」

「I also love you, Aki-chan」

We naturally kissed each other.

We took the shower, after changing clothes it's breakfast.

Our today's menu is ready to eat meal and instant miso soup that we nabbed from the convenience store.

「Itadakimasu」

「I'm sorry manager, Itadakimasu」

I talked to Aki-chan while we're eating our meal

「Aki-chan, I intend to go to your home for today」

Aki-chan's face turned gloomy.

Well, it can't be helped.

「I think it's no good to leave Aki-chan's parent's like that. That's why I at least intend to give them burial in their garden...Is that okay?」

Aki-chan stopped using her chopstick.

I decided to wait until Aki-chan answered.

「Yes, please let mother and father rest」

Today's work has been decided.

On our way to Aki-chan's house, there were two zombies who still continue to dance.

Are they still dancing?

「Are they perhaps from yesterday?」

Probably...

If I'm not mistaken, I didn't tell them anything after telling them to dance. Even so, to dance all day.

...Human, rather they're like a program.

They only perform the work given to them and not ask questions.

It might be said that I'm dealing with robot instead of humans here.

「Yes, Stop, Stop! Don't dance anymore!」

When I said so, the zombies stopped dancing ...That reminds me, what happens when I order Aki-chan?

For the time being, Aki-chan is a zombie.

For the meantime, let's test it.

「Aki-chan, dance」

「Should I dance too?」

She looked at me blankly.

It seems that it's not effective somehow or another.

「No, I just thought if you would or not dance! -something like that?」

「No, what's wrong? -I thought」

It has zero effect to Aki-chan.

「My power seems to be not working on Aki-chan」

「Ah! So that's why, then, why not try giving an order the zombie's in front of me?」

Then, shall we try it?

Aki-chan opened her mouth wide.

「Everyone Dance!」

However, the zombies ignored.

These zombies has a high ignoring skill it seems.

「Muu—」

Sulky Aki-chan is cute~

We safely arrived at Aki-chan's house

「Aki-chan, take change of clothes if you may」

Since Aki-chan's clothes were only the spare from her work yesterday, she did take an additional ten day share of clothes.

...Aki-chan will probably not return to this house anymore.

My job is to bury the parents of Aki-chan That's quite a considerable problem.

「There it is!」

Aki-chan mentioned that there was a huge shovel near the street.

It's likely used for gardening since it was a wonderful garden.

The scattered eaten out meat were from two human beings.

It's necessary to dig a big hole to bury them.

It would be a whole day's work for me, but fortunately, there are convenient zombies for me./

I called the zombies wandering here.

「You zombie there, use this shovel and dig a hole. 」

I passed the shovel to the zombie and it dug up a hole.

The excavation is advancing in quite a good pace.

Since zombies don't know fatigue, they can continue working without break. Seeing this much manpower is good.

Since it's being done with more people, it would finish faster than I thought, I must gather Aki-chan's parents while it's early.

I entered the living room.

Fighting my nausea, I gathered Aki-chan's parents. I could let others do it, but I feel that I shouldn't.

Somehow or another, I gathered them this way.

I looked at the garden.

The hole turned too big.

Because I didn't specify the size of the hole, they made it grow deep so fast.

Let's leave it like that.

「Stop the digging! Put the shovel back to where it is and return to your original place!」

The zombies stopped excavating, put the shovel back, and returned somewhere unsteadily.

「Ah, Ah, Ah—」

This voice is Aki-chan's.

「Aki-chan, are you okay?」

「Yes, it seems that I can now talk naturally」

That's good.

I feel like I was unreasonably making her talk.

「Jin-san, you're stained in blood」

「Oh right, that's because I gathered Aki-chan's parents, I've already thought of this happening, so I choose clothes that's okay being dirty today」

While I was gathering them, the nausea seemed to have settled.

I feel like my mind is empty somehow.

Humans are said to be living beings...

「I'll also help out」

「Aki-chan is kind」

「I cannot say so, It's because Jin-san is spoiling me, as a daughter, I think I shouldn't run away now. 」

Aki-chan...

Thus, Aki-chan joined me burying her parents.

Aki-chan put her hands together and continued praying.

May their soul rest in peace.

## Chapter 5

「Jin-san, what shall we do next?」

Aki-chan asked, covered in blood, we showered together, since her parent's burial was finished.

「First of all, I intend to prepare and go help Saya.」

「Your younger sister?」

「Yes, but we're not connected by blood.」

Considering the circumstance, Saya could already be a zombie, or preyed on by unique mobs like Aki's parents.

If you are killed, then I will let you rest; though if you are a zombie and can't be human, I will at least stay by your side.

「Let's go! It surely must be lonesome by oneself.」

I certainly would like go there immediately....

We are currently at Prefecture A.

And my parents' home, which is in the adjacent Prefecture B, is where Saya is.

The distance wouldn't even take a day if we travel by train.

「Train.... it is not possible to use it.」

No matter how long we wait, trains won't come to the train station.

It will take too long if we walked.

Then, the only choice left is by car.

「Ah! Please use the car that's at the house, I think that would provide better transportation for you, it is better to bring it.」

Aki-chan holds out the keys to the car.

Oh! Surely we can use this car legally.

「Is it ok?」

「Yes... Father won't be driving it anymore, so... please use it.」

「Thank you, Aki-chan. Despite the fact that we obtained a way of transportation now, I cannot say we'll leave immediately.」

「Why is that?」

First of all, there are many things to consider. For one, my power is ineffective against unique mobs like Aki-chan. Also, weapons are necessary in case we ever run into dangerous individuals like the ones who attacked Aki-chan's parents.

「Weapons?... Like guns?」

「Ma~, I don't think I can handle something like a real firearm; I'm looking for something like a metal bat.」

Though if this was a game, I could fire away, but game and reality are two different things.

It would be serious if the recoil dislocated my shoulder.

「Should I give up on the gun?」

「No? Should we give up on the gun? With everything we possess, we can give the gun to a person who can handle a gun.」

I went to the car that I received from Aki-chan.

Naturally, the speed of the car is overwhelmingly faster than walking.

Driving this thing is easy, but I must be careful about gasoline, because it will not be possible to refuel gasoline here.

「Well, Jin-san, aren't you going to inform the forums on the net about you?」

I heard from Aki-chan who sat in the passenger seat.

「If I expose my existence to the net, it's highly possible that I will sound like God, and might be treated like a Messiah.」

So I'd rather not.

「Why?」

「Actually, there are people on the net known as Zombie Hunter; Aki-chan, try to search it with your smartphone to understand what those people are.」

Aki-chan, who was in the passenger seat, began searching with her smartphone.

「Jin-san, these people....」

「These Yankees, DQN? Ma~, whatever these guys are called.」

Aki-chan was watching a stick animation of a group of people crushing a zombie's head.

「These guys enjoy beating people.」

The animation continues with the several hunters destroying zombies.

「What do you think these people will do if they find out that there's a person that can manipulate zombies?」

「Obstruct us and call to attack us...」

Aki-chan closed the animation site.

「So, since Zombies are dangerous, these guys are allowed to act; however, if it is understood that zombies are not a danger anymore, then there's no need for these guys.」

To preserve their *raison d'être*, they will try to kill me.

I don't want to be marked by these people who can smash a person's head with a smile.

「Furthermore, I will also be chased by people who desperately want to produce the vaccine for the zombie virus, the worst case would be becoming a guinea pig for life.」

In this situation, there are no human rights.

In this case with the exception of I, an infected monarch, will be enough!

[ED:また俺以外の帝王感染者がいた場合、帝王は俺一人で十分だ！ yeah idk wtf]

With that said, there's a possibility they might attack.

To protect myself from these people, I want to hide my existence as much as possible.

「It's hopeless, I have to apologize to Aki-chan for what comes next...」

「What is it?」

We approach near the destination.

「There's actually more to the animation that Aki-chan closed, they the female zombie... they raped her.」

「Rape, is it... but what does that relate to you?」

「To tell the truth, when I raped Aki-chan, I was influenced by that... Ah, it became possible to do since zombies don't have human rights.」

To look at the zombified Aki-chan, and to be able to graduate from my male virginity with Aki-chan, I was pleased by it.

「Umm, Aki-chan... I'm really sorry.」

「No, well... I also suddenly tongue kissed you and I also desired it, it was mutually...」

Aki-chan...!

「Moreover, because I became a zombie it wasn't painful, when Jin-san showed me his penis, Ah I get so wet just thinking about it, it excites my body... Nn, it seems like I will cum...!」

This is dangerous, Aki-chan looks too erotic and cute.

... I have to settle down, I can't vent my sexual desire on Aki-chan now.

Today, I have to verify if my sperm is a vaccine to the zombie virus when embracing another girl.

I have to endure.

「Ah! Ji-jin-san, Po-police station, it's near!」

It's true, let's stop around here.

We arrived at the police station, but...

「Great...」

There was a copious amount of zombie corpses.

Perhaps, there was a shootout with the police here, seems they were shot to death.

When looking carefully, there's also corpse of police officers here.

「They don't have red eyes, suicide?」

It seems becoming a zombie was too much for the police officers...!  
And he chose to commit suicide.

Terrible.

This scene is exactly like hell.

The corpse here are relatively clean unlike Aki-chan's parents.

It still has the form of a human.

However...

「I'll bury these corpses later.」

With that being said, I'll I'll probably bury them somewhere somewhere in the park.

There is manpower everywhere here.

[tl: He's talking about the zombies he can command.]

It's also gruesome inside the police station.

Corpses were lying everywhere, remnants of barricades are also present signifying a dreadful fight, whoever looked here would understand what happened here.

「Jin-san! There!」

Aki-chan pointed, there was a police zombie.

In his left hand... a gun.

「Hey, Officer there, can you be our bodyguard?」

The zombie officer noticed us and approached unsteadily.

... Though I have the power to control zombies, there seems to be some condition.

First, the zombie must notice me.

I knew this because of the zombies near the convenience store.

Zombie around the convenience store, began to momentarily dance the instant it heard my voice.

However, the zombie in the back alley that came from the Main Street in the convenience store that was a step near wasn't dancing even though it heard my voice from that distance.

Second, my natural voice.

Trying in various ways at the time, the zombie did not react at all to the voice of Aki-chan.

First of all, borrowing the notebook from Aki-chan, I wrote 「Dance here!」 The notebook was shown to the zombie who was dancing a little while ago.

But, the zombie didn't dance.

Next using a recording application program from the smartphone, I recorded my voice saying 「Time to dance」 to the zombie, but the zombie didn't dance at all.

It is also understood that my power is not suited for remote operation.

Before I knew it, the power I obtained that I thought was able to do

anything.... Surprisingly, is pretty limited.

「Uu~, Aa~」

The officer poses a policeman salute.

「The gun, does it still have ammunition?」

「Aa~」

The zombie officer nodded after looking at the gun.

Alright, I don't need to handle the gun necessarily.

Though not suited for remote operation, it is possible to use something which you used before being infected.

Making the officer guide lead, we search inside the police station.

Inside the police station it is possible to meet a unique mob, it still can be killed in one shot with a revolver.

There is also a considerably amount of policeman zombies, too. If we're discovered, it will become our bodyguard.

Looking around various places inside the police station, there are no survivors.

Is it a zombie or a corpse?

「Hm? A survivor... also a zombie?」

This time it's a policewoman.

Do I need a addition bodyguard.....I thought.

「Let's try this person.」

If Aki is 100 points perfect score, this policewoman is about 80 points.

She has a very beautiful face.

Maybe late twenties?

「What will you do?」

「For the moment, Ah, for me Aki-chan will always be number 1.」

For a moment Aki-chan was getting a little angry but it's good.

「Excuse me, just drink a little saliva for the moment, sit down and open your mouth.」

The policewoman opens her mouth as I said and is sitting on the corridor of the police station.

An older woman is being made to drink my saliva in this police station, it's unexpected but it's still arousing a bit.

Well, let's let her try drink the saliva.

Tara~

..... Ok, it entered her mouth.

「Yes, drink and swallow.」

The policewoman without any hesitation swallowed my saliva.

「Did it work?」

For Aki-chan it had an effect, but it probably won't work for all humans.... As of now haven't fully comprehend yet.

For now, it's just saliva.

I'll see if my sperm will make a difference on a person.

## Chapter 6 ☆

We kept searching inside the police station

「But, Jin-san, the movement of the police improved?」

Like Aki-chan said, The police zombie's movement gradually improved.

Just like the zombies that dug a hole were having unsteady movements, but when I ordered them, they don't have wasted movements, and gradually their movements become better.

The shaking zombie police before began to walk firmly now Is it because I gave them an order, their brain resumes it's' function?

「I hope that they also begin to talk too...」

I muttered while looking at the policewoman who's having her movement improved.

It seems outside was opened a little.

(TN: 少し開けた所に出たようだ。 / Sukoshi aketa tokoro ni deta yōda.)

There were blankets scattered...could this be a shelter or a refugee camp?

But, no one else but zombies are here, they might've been wiped out or moved to another shelter.

「Sakura!」

Aki-chan suddenly run up to one zombie

That reminds me, that child is...

「Aki-chan, what's wrong?」

「Ah...Jin-san, sorry, I suddenly...But, I saw sakura so I suddenly...」

There was a petite girl with short hair beside Aki-chan Since she's a zombie, of course her eyes are red.

「If I remember correctly, this child is named Sakura right?」

「Yes, this child is named Ashino Sakura...She's my childhood friend and my junior at high school」

Since Aki-chan is a second year, this one's a first year?

She wears a high school uniform, but with her small body and childlike face she can be seen as an elementary student.

Just like Saya.

「Sakura, it's me! Sakura's beloved Jin-san is also here! Hey, sakura, say something...」

Sakura-chan doesn't reply.

She's just standing there.

「I'll try it, Ummm...Sakura-chan? It's me」

She reacted.

However, it wasn't Sakura-chan herself, but it was the zombie that reacted to my word.

I remembered it.

\*\*\*\*\*

Sakura-chan was the child I helped on her homework in summer last year.

It's a girl who's filled with vigor.

「Aki-chan, Sakura-chan was with you last summer and said 「Jin-san, my homework doesn't end, help me!」she was the child that was clinging to me to help her in homework, right?」

「Yes...! That's right, this girl can't finish her homework so she frequently goes to Jin-san's room...」

That's right, and even after you finish the summer homework, you were still coming to my room.

I don't play games with them...

I and Aki-chan reached that mood quickly, that I got rid of my virginity...!

Then, on that moment, Sakura-chan butt in and said「Jin-Anchan! Let's play!」, and the summer ended with me not able to kiss Aki-chan at all.

Looking back, I noticed that Sakura-chan's timing on breaking in was

strange.

Could it be?

\*\*\*\*\*

「Aki-chan, The one you mentioned that likes me, is this girl...?」

「Yes, Sakura is one of them」

So the intrusion was intentional indeed...

「Then, if I kiss her like Aki-chan will her sanity return...?」

Just like Aki-chan, Sakura-chan also likes me, maybe, if I kissed her, a change might happen.

「Aki-chan, uhm...」

「It's okay, if it's Sakura, uhm...I can endure it」

Sorry Aki-chan, I'll give you lots of hugs and kisses later..

While making excuses, I closed up to Sakura-chan.

「...Sakura-chan, I'll kiss you, drink my saliva」

Then my and Sakura-chan's lips overlapped

♥Kiss♥

Sakura-chan is different from Aki-chan, since she doesn't put her tongue in, I used mine on her.

Sakura-chan receives my kiss and accepts my tongue without resistance.

I sent my saliva inside Sakura-chan's mouth

*Nuchonnucho...*

Our tongues entwine as we kiss passionately ...It should be enough.

I separate our lips, and stopped the kiss

「Sakura-chan, You're so erotic」

The child-face left the childlike Sakura-chan, then her cheeks is red and she looks like she's in heat.

This somehow looks like terrible crime...It excites me However, Sakura-chan herself is...

「...」

No reaction.

Her body seems to be in heat, but her mind doesn't appeal

「Aki-chan, it looks like the kiss isn't successful...」

「It looks like it...Ah! I'll be going to the toilet for a moment! ...Jin-san, I'll leave Sakura to you」

Aki-chan seemed to guessed something, then stood up

「Yup. Leave it to me. Ah, policewoman-san, please guard Aki-chan for

me」

I leave Aki-chan to the policewoman, then I faced Sakura-chan.

「Then, Sakura-chan, let's do...dirty things」

※

As expected, even she's a zombie, I have no courage to have others see me having sex.

Well, my beloved said so, but I want to hold back from now on.

「Then, everyone, please get out of the room」

The zombies left the room and only the two of us were left.

「Sakura-chan...would you lie down the blanket?」

Sakura-chan as I instruct her and lied on the spread blanket Her childish face displays redness like never before, yet her red eyes reflect nothing.

「I'm going in...」

Will my son enter such a petite girl?

I feel a bit worried.

There's no lotion either, so I have no choice but to make her wet enough.

It's better for me to touch and stimulate her...

「Sakura-chan, can you masturbate and let me watch?」

Since I can order her, I'll let her do it by herself.

「...」

Sakura-chan took off her uniform and a childish underwear was exposed.

Neither her panties nor bra are flashy.

Why does Aki-chan have black that time?

I'll ask her later, but it seems like it was her battle underwear.

「When I meet Jin-san I always wear my battle underwear」

What am I? A last boss? Was my reply when I heard her reply, but it's not entirely wrong as I am the Zombie Emperor.

Once again, Sakura-chan's chest is different from Aki-chan, when it comes to the charm it doesn't swell at all, but since she's a highschool student, she put on a bra, or even when I say that, it has no appeal at all.

But, it's somewhat erotic.

Sakura-chan is an existence like my younger sister-Saya, So I've never

recognized her as a woman, but I have to reform my way of thinking now.

Sakura-chan doesn't mess around, she has a beautiful single line.

[tl: Sakura-chan は遊んでいないらしく、綺麗な一本すじだ / Wa asonde inairashiku, kireina Ippon sujida)

Her pubic hair grows only to a small degree.

Sakura-chan who took off her underwear began to stimulate her nipples and her clitoris.

Sakura-chan seems to be the type to stimulate both her nipples and clitoris to feel pleasure.

「...!...haa...」

Sakura-chan's breathing turned rough.

She sometimes let out a sweet voice as she melts into the pleasure of the sound between her thighs.

It's different from an ero video, seeing a woman masturbating in front of me, it's really erotic.

...It should already be okay.

「Sakura-chan, stop masturbating, let's go for the main event...」

I showed my thing to Sakura-chan

...!?! there was a change in Sakura-chan!

Her red eyes that didn't reflect anything was glued to my penis.

「Sakura-chan, is this your first time seeing a penis apart from your

father? This is going inside Sakura-chan you know?」

I said that on purpose to embarrass Sakura-chan There might be a further change in her if I raise the feeling of embarrassment this way.

...How's it?

「...!!!」

Sakura-chan's face turned deep red, and she was staring at my penis. In addition, I told her to stop masturbating, yet she resumed.

「Seeing my cock made you feel naughty? You're a pervert, Sakura-chan」

As I torment her with words, Sakura-chan's movement got even more intense She's not a child, but a female animal who's indulging in greed.

「Sakura-chan, should we do it? Sex」

Sex.

The moment she heard the word, Sakura-chan's hand movement stopped.

She expand the hole that she's been fingering.

Please put it in, it's telling me like that.

「Sakura-chan...! I'll put it in...」

I put myself inside Sakura-chan by force!

「I-It's tight! It's more than Aki-chan's...」

The vagina of Sakura-chan is resisting dramatically from its first intruder.

It's tightening like a vice.

I'm putting it in with all my might, but it seems impossible to go further.

I pulled it out for a moment.

「Woah, it's red」

My penis is covered with Sakura-chan's proof of virginity Sakura-chan herself doesn't seem to feel pain at all. It ended already? Is what she want to say judging from her face.

「No? It's still not the end.」

I inserted into Sakura-chan's vagina once again As expected, it's tight. It's too tight that I don't feel good.

「Just a bit more, I'd be happy if you loosen a bit」

...!?

Suddenly, the tight Sakura-chan became loose!

Both of us were surprised.

The body of Sakura-chan seems to be influenced by my power.

...what a convenient power

「Suddenly, moving in got faster...!」

The vaginal meat of Sakura-chan became loose and started to caress my penis gently.

The excessive tightness earlier now began to squeeze, greedily exploiting my semen.

I used Aki-chan's vagina a number of times, and as a result, it doesn't tighten up hard to exploit my semen, it's wrapping up gently like a first class, *fuwa fuwa toro toro*.

It's my own private pussy.

But, in Sakura-chan's case, her vagina is rather tight, or rather, her overall physique is small.

Aki-chan's squirming gives me a different pleasure that rise up my desire to ejaculate, it's a first class pussy Of course, I'm not the only one who felt good...

「Jin-nii-cha, mo-re, mo-re!」

Sakura-chan was seeking pleasure, yet her mouth can't say it well.

It seems that Sakura-chan feels better than me.

「Sakura-chan! I'll mess you up more!」

Seeing the erotic figure of Sakura-chan, I further moved my waist.

Every time I move, Sakura-chan raises a sweet voice.

I want to tease her more — My sadistic desire rose up.

「Sakura-chan, it feels so good! As a reward, I'll tease your red blood clitoris」

While moving in a missionary position, I stimulated her bloodshot clitoris with my thumb.

Whenever I rub it, Sakura-chan's body tremble.

It seems to send chill on her spine.

「Aaaa! Jin-nii! Hyuuuuuu!」

*Pushaaaa*

Sakura-chan blew water from feeling too much pleasure.

A warm liquid wets the lower part of my body.

She got too excited.

「I just teased you a bit and you blew a tide...Sakura-chan is such a lewd girl」

Even though Sakura-chan shakes her head, her face was like a female blinded in pleasure.

I'll tease her more.

Love nectar was beginning to leak every time I piston.

The walls of her vagina sticks and tightens on my penis, it's like her vagina was trying to remember the shape of my penis.

「If you stick your pussy so much Sakura-chan, it'll be exclusive for me, I'm at ease」

This time, I'm pinching her nipples as I go deeper.

*Bang bang,*

I can feel her uterus as I shake my waist intensely.

...I'm about to reach my limit.

「Sakura! I'll let it out! Be pregnant with my child!」

「Aaaaaa, lesht it out!」

I kissed her uterus' mouth, and creampieped mercilessly.

I threw my man's dirty desire on her still young body.

## Chapter 7 ☆

As I creampie Sakura-chan she seemed to have climaxed too and her body shook greatly

「Haa...Haa」

Her breathing was rough.

Or rather, I was so absorbed in sex, but just now, did Sakura-chan talk!?

Is my body fluid a vaccine as expected?

When I thought of it—

「Even I want Jin-san's child!」

The voice of Aki-chan sounded in the room

「Aki-chan! When did you...」

Why was Aki-chan naked?

If you look closely, she still wears her shoes and socks, it's quite erotic...

Aki-chan is asking with a tearful face.

「Why, don't you call me without the -chan? Why are you not telling me 「Be pregnant with my child」?...I also want to be verbally abused by Jin-san!」

Aki-chan displayed her erect nipples and her flooding pussy.

I see, Aki-chan...

「Sorry, Aki. I never knew that Aki was such a masochistic woman」

I approached Aki, I pulled her nipples as she request to be touched.

It was so strong that I thought it was going to tear off.

「Nhiiiiiii」

「Look, even though you transformed to a zombie, normally you shouldn't be pleased with pain...you pervert, Masochist girl!」

I continued without mercy, then I pinched then crush her clitoris.

*Gush* her love nectar squirted.

「Aaaaaaa, Jin-san, Jin-saaaan!」

「Look, what do you want next? Tell me」

Aki is showing a joyous face just like when I teased Sakura-chan, my sadistic desire got stronger.

Aki is my first girlfriend, we've done a lot of things, but I controlled my urge to hold her down to support her.

But, it seems that Aki wasn't satisfied with that.

「Aki, I'd pester you if possible, you know how to satisfy us both right?」

「Yes. I, Akiko Yuzawa wants Jin-san to mess me up. Please put your splendid penis inside my pussy and please move it in and out a lot. It doesn't matter if you treat me wildly, please give me a healthy child!」

Saying so, the sexually excited Aki opened her hole with her fingers.

Asking for such a thing and showing such an erotic figure, I can't hold back anymore!

I inserted it inside Aki's vagina without any prior notice.

Even her vagina was suddenly invaded, she caught it gently, unlike the vaginal walls of Sakura-chan this is tightening moderately.

I hold Aki's body with my hand, then I started to swing her hips while I hold her.

When I try to pull out, her vaginal walls attach as if trying to tell me not to separate, when I go deeper, the womb's mouth is sucking me out.

Just like how I shook my waist when I took her virginity, *Aki was zupan! zupan*, obtaining pleasure from being banged.

「I will force my dick this way!」

「Thaaats! I want Jin-san's penis to be violent! Mess me up and break meee! Hyaa! Suddenly teasing my clitoris is foul play」

I'm pleased that she wants to be messed up and be violated, the clitoris that I crushed a while ago got big again so I crushed it once again.

Aki trembles and arches back in pleasure.

I pulled it out on the last minute, then just like that *Zupan* I forced it deep inside.

Unlike this morning, I moved without reserve.

I invade her innermost part, and press up her womb using my penis.

With that alone, Aki seemed to have climaxed.

Her warm vagina sticks to me like a first class pussy, it's caressing me dearly.

Whenever I move, Aki's breast shakes intensely.

Those movements are so lascivious it makes me excited.

「Good! I'll let it out inside to impregnate you! Isn't that fine? Aki's first class pussy is my exclusive pussy...You're my wife after all」

I whispered the word 「Wife」 on Aki's ears softly.

「Yes! I'll give birth! I'll give birth on Jin-san's child! I'll give birth so let it all out! Jin-san, Jin-san!」

While massaging Aki's chest, I let out my semen on the innermost part of her.

I gripped her breast so hard that I thought it would leave a hand mark.

*Doku! Doku Doku...*

It was followed by a quite a long ejaculation.

That's probably the most I let out so far.

I momentarily stopped massaging, then took Aki's lips away.

Cumming while staring at each other might become a habit...

「Puhaa, the kiss might have been too long, huh?」

Aki collapsed on me.

She seem to be unable to stand.

「Jin-san, a big one keeps coming inside me...! My insides are warm, I'm really happy...」

On top of cumming a lot of times, Aki's body is trembling and was shivering slightly.

It seems like a newborn foal.

After kissing her lightly, I stroked her head.

「How was it Aki-chan? Should I do it gently and lovey-dovey just like this morning? Or do you prefer me to do it violently?」

「Both...」

「You're greedy, Aki. Got it, I'll only be calling you without honorifics when I'm going to do you roughly, otherwise it would be usual, that way, it would feel special, right?」

「Yes...Call me as you like Jin-san...」

Saying that, Aki-chan fell asleep as is.

We did a lot today...we buried the corpse of her parents, we found Sakura-chan...

She must be tired.

「Good night」

※

I decided to wrap her in a blanket so Aki-chan won't catch a cold in her sleep.

Now then, what happened to Sakura-chan?...

「.....」

Eh?...

Again, I did not feel any life from Sakura-chan apart from her red pupils.

Her breathing was rough a while ago, she should talk...!

「Sakura-chan, can you hear my voice?」

She reacted as a zombie.

But, I do not feel the Sakura-chan earlier.

What does this mean?

Could it be that my act with Aki-chan earlier influenced her badly?

「Sakura-chan, I'll make you feel good with my dick」

Once again, Sakura-chan reacted.

Since My son did one match with Aki-chan, it's still on half erect-state.

*chomp*

...!

Sakura-chan bit my penis suddenly!

Then, she didn't gnarl at it, rather she moves slowly, then began to serve my using her mouth

She was licking the tip inside her mouth, she licked the tongue on the state of phimosis.

「Uoo...This is bad」

I'm surprised that the sensation is different from the vagina, I'm trying to endure the urge to ejaculate.

Sakura-chan's face move back and forth.

There's no characteristics of a slow zombie here.

「Cumming! Sakura-chan drink!」

That was my fourth ejaculation today, but I don't feel the amount decreasing.

When I become a zombie, did I become peerless?

「.....」

Just like how I instructed Sakura-chan, she drank my sperm.

There was no expression of rejection, but there's no joy either.

Really, just what on earth happened?

## Chapter 8

No way, Sakura-chan is doing cleanup fellatio.

It feels good, but, seeing Sakura-chan's expressionless face is somewhat sad.

「Sakura-chan, why don't we take a bath?」

I talked various things to Sakura-chan

Sometimes, she reacts...but most of the time she's expressionless.

Aki-chan talked about this, I wonder if she's in half-sleep — half awake state?

...That's right, let's experiment.

「Sakura-chan, do whatever you like」

If, Sakura-chan is conscious, she would probably start an action.

She might call me 'the worst' and hit me.

At any rate, I had sex with Aki-chan in front of Sakura-chan...

'You cheater'! Or 'Stud'! Even if she call me that, I can't dodge that.

「...」

But, Sakura-chan just approached me.

Far from hitting me, she grasped my hand.

「You want headpats?」

She nodded in agreement.

Come to think of it, I often pat Sakura-chan's head...

Since I was patting Aki-chan's head a while ago, she's saying to 'Do it to me too'?

「Sakura-chan, uhm...Do you hate me?」

I asked Sakura-chan while patting her head.

After a brief pause, Sakura-chan shook her head.

「I, I already am Aki-chan's lover, yet I still had sex with Sakura-chan, I'm a cheating man you know? Do you mind it?」

Sakura-chan shook her head after taking some time to understand my words.

Somehow, I get the feeling of an old PC from her slow response.

However, she doesn't mind it, does she not mind me having sex with Aki-chan and returning from zombie?

「Still, I was surprised that you suddenly sucked, did you practice with

banana?」

After spending some time, Sakura-chan replied by nodding.  
It was right as expected.

「Jin-san, good mowning...」

Aki-chan seems to have woke up.

「Good morning, Aki-chan. Have you slept long enough?」

「I slept for a moment...Jin-san, where's sakura!?!」

「Actually...」

「I see, so it was like that」

「Hey, Aki-chan. Why did Sakura-chan returned to a zombie?」

Aki-chan pondered for a while, then *Pon!* She clapped her hand.

「This is just my imagination but...」

After some preface, she started talking her idea.

「Could Sakura still not be a Special mob?」

「Still?」

「Yes, I and Jin-san were bitten by a zombie, then woke up after one week didn't we?」

Certainly, it was like that.

I was bitten by a zombie then fainted, then rising up as a zombie and take action has some time lag.

Normal humans become zombie before or after thirty minutes, but in my and Aki-chan's case, it took around one week.

「But I think that there isn't much time passed when Sakura was bitten by a zombie」

There's a bite mark on the back hand of Sakura-chan

This means in this shelter, there was someone who became a zombie recently.

「Then, to become a special mob...」

「I think that special mobs have bodies that doesn't get domesticated by zombie virus to some extent...How about it?」

Certainly that's possible.

「Then, her talking a while ago was just temporary?」

「It will come to it, therefore, for Sakura to get domesticated by the zombie virus, and to be a special mob...」

However, even if we assume that it will take time, we don't know the specific number.

For now, let's see how things will be for one week just like us.

「That's right, Aki-chan you didn't take bath yet? You're sweating」

Or rather, your lower body is stained with body fluids.

「That's a good idea! But, is there a bath here?」

「There may be no bath here...but there's a bathhouse nearby, let's go there」

if my intuition is right, we could enter on hot water.

If it comes to it, we might be able to use the shower.

The public bath was near the police station.

There's also a shopping district near the public bath, so I'll search on it later.

「Now then, how will it turn out」

I took some police zombie and we headed to the bathhouse.

By the way, Sakura-chan is clinging tightly to Aki-chan

Aki-chan doesn't particularly hate it either.

Inside the public bath, there was a clerk who became a zombie.

「A-u-a」

It probably wanted to say「Ah, Welcome」

The clerk isn't charging for fees, he's just standing there.

There were no zombies in the bathroom.

「Aki-chan, how's the ladies bath?」

「Nobody's there」

It's like reserved, well, the zombies don't want to take a bath.

「Then, you guys, please make sure that no other zombies going in the public bath」

Since I confirmed that we're safe, I told the police zombie to get out.

「Should we enter together?」

「Yes! Together with Jin-san!」

「.....」

Sakura-chan nodded.

We took off our clothes at the dressing room

I've seen it several times, but, women taking their clothes off is arousing.

「Jin-san, somehow this looks indecent」

Oops, I can't.

「Now then, how's the water temperature...It's good!」

Just like my intuition, it was a good warm water.

I thought that if the infected zombies repeat their habit, then this kind of things would happen...Bingo.

At this rate, I might be able to rely on zombies on infrastructures that uses electricity.

Well, I still hadn't confirmed if there's a maintenance person infected.

If then, why the television stations are not broadcasting?

I'm curious about it...but let's take a bath for now.

## Chapter 9

We washed out bodies and removed the stains.

The two beautiful girls are are bathing with a man...

If this was a human society with no zombies, this would be a difficult situation.

I mean, I absolutely never did it before infection

「Jin-san, how's my breast washing your body?」

So right now, Aki-chan is using her breasts to wash me.

Her breasts that's filled with body soap is shaking like a jelly on my back.

It's the best feeling.

「.....」

Sakura-chan washed her body obediently when I ordered her at first, but before I knew it, she was cleaning me together with Aki-chan.

She rubs her small body on me with all her might.

Even if she's flat, the soft body of a girl rubbing on my chest feels good.

But since she's so thin, her bones are hitting...

It's not a big deal.

「Both of you, it's great」

Uhh?

For a moment, Sakura-chan laughed...

I don't think it's just my imagination.

It would be better if she can speak sooner.

Now then, it may be regrettable but let's head in the hot water.

※

「Fuu, hot water was nice!」

「Isn't it too hot?」

「No, this bath isn't that hot」

While saying such a thing. We stepped in the bath.

I entered the bath with two beautiful girls.

It's the best.

「Jin-san, what should we do after this?」

「I thought I should take lunch, but...Aki-chan are you hungry?」

「I'm sorry...A little...」

Well, that's true.

We found Sakura-chan today, and earlier in the morning we buried her parents, it can't be helped that she lost her appetite.

Or perhaps I should same that I'm the same.

Aki-chan is closely not letting me go.

She's lonely, and discouraged.

Since she has no parents now, Aki-chan has no more relatives...

That's why, at the very least, she doesn't leave my side.

「Jin-san, please be with me...」

「Of course, and we'll have Sakura-chan with us too, right?」

Huh?

Sakura-chan isn't next to me.....

「.....」

Before I noticed, Sakura-chan was already next to Aki-chan.

She's sticking to Aki-chan again.

「Thank you, Sakura. I'm not alone I guess.」

I had a feeling that Sakura-chan smiled...

※

「Speaking of which, Aki-chan, Sakura-chan's parents are?...」

We got out of the bath and changed our clothes.

「Yes, Sakura's mom, Sakura's mom died from an accident」

Long ago, Sakura-chan said 「Since I have my father, I'm not lonely at all! I also have my Aki-nee too」

Even though they're not related by blood, they're relationship is like true sisters.

I hope the day they can laugh again together comes...

No, I'll make it happen.

「Then, Sakura's father is named Ashino Mori...」

「What's wrong, Aki-chan?」

「Jin-san, I just realized this now...but Sakura-chan's father might, he might be the person who can make the vaccine for this virus!」

What did you say!?

「Sakura's father is a doctor...An infectious disease doctor!」

Infectious disease doctor...I see, even if the vaccine can't be made, he may know huge information about the virus.

「When the dengue fever was endemic 『Dengue isn't an illness to be feared, Your body heat will go slightly high, but it isn't an illness that will kill you. An influenza patient is more likely to die than someone with dengue, so please wash your hands and gargle neatly』 Is what they said.

I see.

「Then, we will look around this whole area to search for Sakura-chan's father. We will also look for food as we go on as there might be people who's not infected yet. Are you okay with that plan?」

「Yes. it's okay. Let's go to the shopping district first!」

※

Us and the police zombies head to the shopping district.

Wait what?

There's a zombie approaching the policewoman...

It's just an ordinary salary man zombie but...?

「A—!」

「Uuuu!」

The policewoman and the salary man zombie hugged each other.

Could it be that these two are...?

「Both of you, excuse me for a moment...」

I looked at the policewoman's ID, then checked the driver's license from the salary man's purse.

Same surname...And this ring.

Are these two a married couple...

「Aki-chan, it seems that these two are a couple」

「Is that true? Then, the husband is...」

Looking at the husband, His suit has a Aizu Matsuichi on it, and his suit is dirty and tattered.

Wife...Aizu Wakako was walking in this section to meet him.

「I'm not certain about it...」

「That's true...It was good that I just left it with just making her drink my saliva...」

Nerori and Netorare isn't my hobby either.

I have no intention of getting involved on other's woman.

From now on, I will confirm if they have a husband or a boyfriend before violating other zombies.

## Chapter 10

「It's impressive isn't it?...」

We were impressed with the continual love of the married zombie couple.

However...could this two possibly be a unique mob?

I must confirm it.

「You too, separate for a moment」

Supposed they're normal zombie, they should be under the influence of my ability.

The Aizu couple feeling reluctant, then separated.

Hmm, it seems that my ability was somehow effective.

This means that even if it's not a unique mob, it's intelligence can restores to some degree.

「Jin-san, what is it?」

「No, nothing, I just want to confirm if my ability is effective on them, It's okay already」

When I said so, the Aizu couple approached each other immediately.

「Husband, don't release the hand of your wife anymore」

I decided to take him along with the policewoman.

※

Now then, before we go to the shopping district, let's take the car that was left behind from the police station.

「Oh! Now that you mentioned it, we left it behind.」

With that said, we moved to the police station again.

However, there's problem that has surfaced.

「Can zombie drive a car...?」

That's right, Aki-chan inherited this car, but it's impossible to put all of the policemen in.

When it comes to it, we'll have to ask the zombies to drive their own car, but...

「It's not like the car they will drive is a police car」

For the time being, let's have them try driving.

The ignition key seems to be tingling on the patrol car.

Ok, let's do with this.

「I hope that they won't cause an accident.」

A policeman causing a traffic accident is a joke that won't make you laugh.

「Then, you there...Glasses dude, can you drive this patrol car?」

The zombie rode the police car when he heard my order.

Now then, will it be okay?

Judging from the conclusion, there were no problems at all.

At first, the driving was a bit uneasy, but it gradually became smooth.

The movement of the zombie policemen as per my instructions got their movements better.

Their brain functions seem to be restoring gradually.

「Welcome back, was there a unique mob?」

In addition, there's a zombie on police motorcycle other than the car.

With their high driving skills, they can be appointed as an excellent scout.

Now then, I wonder if there's a unique mob in the shopping district.

「U—」

I shook my head.

Apparently there's non here.

「Cars and motorcycle shouldn't enter the shopping district...」

Just like Aki-chan said, the shopping district originally had a restriction on vehicles.

But, in this situation, there's no need to worry about it.

Or rather, I'd put the blame on the police for doing it.

Nobody would complain.

「Nobody would complain, I think majority of the zombies won't be saying anything」

You shouldn't say that.

When I entered the shopping district, I found out that it's safe.

How many zombies are wondering in the shopping district.

Is there housewife zombie around?

「There's nothing much in the shopping district...」

There's a bit of distance from the university I'm attending at, I lived in the apartment from a different direction from this area, there's a 24/7 convenience store there, that's why I don't come in this shopping district.

「Ah! Jin-san, there's a sports store there!」

Aki-chan's finger is pointing on the sports store.

Oh, there might be a metal bat there.

...Thus, I entered the shop in high spirits.

「Wow...」

The shop's products were scattered.

There doesn't seem to have any weapons left...

「Does this mean that they thought of the same thing...?」

「I guess that's it...it's not expected for a baseball ball to be a weapon indeed」

If weapons are no good...then at least an armor, but I can't find any remaining that might seem to be used against unique mobs.

Were they influenced by the video of a zombie hunter and took it?

「Pull yourself together, let's go to the next one.」

「That's right. Jin-san, what about the greengrocer there?」

Looking at the greengrocer...

Certainly, there were several vegetables.

「But, it's somehow impure...」

Since it fell on the ground it can't be helped.

Those that didn't fall over has blood in it, I don't want to eat those somehow.

It's hard to find a store that's not dirty.

「Au, aa—」

「Ojisan! I'll be taking the fruits and vegetables of your store」

I spoke to him, just in case.

The greengrocer zombie ojisan seems to be telling me to avoid the interior of the shop.

...Oh, the vegetables in this cardboard box seems to be okay.

I'll be taking this gratefully.

「Good, policemen, take all the food in this shop! Put it in the police car」

The zombie police followed my order and entered the store one after another.

They took all the cardboard boxes with vegetables, somehow, this feels

like we're seizing the evidence.

The cardboard box is being brought by blue personnel and stuffed in the vehicle.

It's an amazing scene.

「It looks like the greengrocer-san did a bad thing」

「But the one doing bad is us」

Greengrocer oji-san, sorry.

※

「...」

Sakura-changed the subject for clinging from Aki-chan to me.

Sakura-chan's hand is holding me tight.

What's Sakura-chan was looking at was the depths of the shopping district—There were corpses of headless zombies

「Jin-san, this is...」

「Yeah, this are doings of the humans that weren't infected」

When I listened carefully, there were no zombies, rather a human voice was heard from the stationery store.

That reminds me, is the police motorcycle zombie a unique mob? I didn't hear about that.

Could it be? Was there a survivor?

But, this voice.

Oi, These fellows, could it be?

「Please take care of Sakura-chan, Aki-chan, I'll will check inside」

「Understood, Sakura, come here.」

I left some policemen zombies behind, then went inside the stationery store.

「There's a mother and daughter here, I always wanted to do them—」

「Yup Yup, They're both beautiful and their pussies aren't bad either, Hey! Tighten more!」

「Hurry up and change with me, I still hadn't tried anal yet」

In there, was two zombie women that were restricted using SM goods and some brute heretics.

No, although she forgave me later, I still raped Aki-chan, then violated Sakura-chan so I can't say anything against them.

「Oh, Did you finish moving the luggage? I'll be taking this meat toilet, but she's somewhat noisy...—who are you?」

The three heretics noticed my existence.

The three of them stopped the sex and stared at me.

「Wait, I'm a human, not a zombie!」

「...It seems like it, what? you want to enter the neo-zombie hunter army?」

Neo-zombie hunter army?

Are these people influenced by the zombie hunters on that video?

「If you're a valuable survivor, if you entered this army, you can also use this meat toilet you know」

The men laughed like a leecher.

I'd rather die than be this guys ally.

「I don't no intention to be your companion」

「Huuuuuh!? Acting like an important person aren't you? Do you want me to break your head?」

He swings the bloody bat unnaturally.

Yare Yare, do you think you can threaten me with that?

「All, seize these scums, don't bite them yet」

The police behind me rushed to them.

With their arresting techniques, they were restricted quickly.

Well, we have the number advantage after all.

Just like I instructed them, the police zombies just seized them and didn't bit them.

I see, the people who's not infected weren't good people, but my orders were absolute.

「W-what!? Could this guys be...Zombie!?!」

「That's right, Zombie, I can manipulate zombies.」

I approached the scums.

Oh, he's angry.

What I can't stand the most is that these guys did the same thing as I did to Aki-chan, Sakura-chan is an exception, but it's a similar thing.

I raped a woman that has no free will.

The lowest act for a man.

I did that.

「Now then, what should we do to this murderous scums?」

「Please wait! I don't want to die yet!」

Unsightly begging for his life.

Now then, what should I do?

There comes a time in your life where you have to drop deciding on black or white and chose gray.

That time is right now.

Would I forgive them then free them?

It's no good.

They might go to their friends and come for revenge.

Then, should I kill them?

It's no good.

I'd become a murderer just like these guys.

Just like how Aki-chan's parents were murdered, I don't want to become a complete monster that kills.

That's why, my decision is gray

I will neither kill them, nor pardon them.

「Bite」

That's why I only said a word.

「Nooooo! I don't want to become a zombie—」

「I'll do anything so save me—」

「Forgive me—!」

*Gaburi*

「Jin-san, how was it...?」

「Aki-chan, I...have increased the number of zombies」

The fainted member of the neo zombie hunter force.

He won't be getting up for a while.

...It's the worst feeling.

# Chapter 11

「Is that so?」

I told Aki-chan what I did to these guys.

「But, Jin-san, these people would kill you to protect themselves from zombies aren't they?」

「I know that! ...Sorry」

「Ah, no, I was just surprised for a moment」

I know.

Zombies are manpower for me, but they're enemies for others.

I don't have to kill zombies to protect my own life.

I know that much.

I looked at the headless corpse.

Though I can't see the face, there's no mistake that the body looks good.

「But I can't forgive them! This person was the store owner of that stationery shop, Though I've never asked him when I shopped once before, he was boasting about it's daughter...He was a nice person」

I'm not coming on this shopping district frequently, but this stationery

store remains in my memory.

Oh, he was a good guy though...

「I've only met them several times, but they strangely remained in my memory...If such a person is killed, then seeing his wife and daughter get raped...I, I! I wasn't able to forgive them...」

I can't forgive them.

Men who laughed as they murdered a man, I did rape someone just like them, but in this situation they're just terrorist.

「I was afraid. If they found Sakura-chan and Aki-chan earlier than me, and when I think that they made you a sexual outlet, I don't think I can stop myself」

I won't be able to forgive myself—I was scared.

「Jin-san, It's okay, I'm right here」

I was embraced tightly by Aki-chan.

「Aki-chan...?」

「Jin-san, I don't intend to do ecchi things with other people than Jin-san you know? If they forced me, then I'll bite them!」

Aki-chan smiled.

「Also, Jin-san didn't kill anyone yet you know? You only turned them to zombies. Just like me, their consciousness might return, isn't it a fine punishment?」

...That kind of thinking might be fine.

It eased me up a bit.

I worried and thought too much.

I'm glad that Aki-chan returned my reason.

「But, isn't Aki-chan's thought slightly radical?」

「Rapists should die!」

Well, that impression is honest for a woman.

But then...

「Then, is it better if I die too...?」

「In Jin-san's case it's sex, so it doesn't count! I forgive you so it's fine」

[tl: She means consented sex, though there was no word 'consent' in the raw.]

Is this okay?...

When I looked at her, Sakura-chan was also nodding.

...Sakura-chan's intellect must be coming back.

「Leaving that aside, let's clean up the wife and the daughter! If we leave them like that...」

Certainly, this two people were dirtied by the body fluid of these fellows.

I should better clean them up.

「Can you clean these two people up, Aki-chan? This shop has a residential area so there might be a shower or a bath」

「Got it, Jin-san?」

「I...I will let this person rest」

I can't just leave him alone out in the open.

I must bury it in the park or a vacant land.

If I recall, there's a vacant land near here.

It's bad for the owner of the land, but I'll bury him there...

「Sakura-chan...You're okay with Aki-chan? Got it」

And thus, we separated temporarily.

Even if we separated, it's not by that much.

The vacant lot is next to the shopping area.

Just in case, I stationed a police zombie near the stationery store.

There's the possibility for a friend of neo-Zombie hunter army coming back.

Therefore, I placed riot police zombie.

I ordered them to restrain any human approaching other than me.

Because zombies will keep doing it until I tell them to stop, Aki-chan and Sakura-chan won't be in danger.

In addition, I restricted the neo-Zombie hunter that became a zombie, and shut him inside the police car.

They're treated like a criminal.

Well, they're in fact are.

The vacant land became a construction site.

I think that the foundation works isn't finished yet, so the soft earth is bare.

There were some shovels lying around too.

Because they can likely be used as a weapon, I decided to carry them around.

「Good, we also have shovel here, I should start soon...What!?!」

A man's scream...

Is there someone?

What's there is...

was neither a zombie nor human.

It's a monster with red blood color.

And it ate a human.

「What's this...」

The length...Is around three meter.

It's shape is same as a bipedal human...

Above anything, both of it's arms,

Is sharp just like a knife.

The sword in it's hand is called like a hand used like a sword in striking,  
but that's wrong.

It's completely a knife.

There was a cut pickup truck near the monster.

Inside the care are some food, bat and golf clubs.

Apparently, it seems that it was the car of the neo-zombie hunter army.

「Jiroji? Ichi risuu, Chibo ma Naki?」

[tl: ぢろぢ? いちりすう、ちぼまなき? It's really gibberish. ]

The monster noticed me...

This...is a unique mob...?

It's face completely became inhuman, I don't even understand what it's saying...

## Chapter 12

「Do you understand what I'm saying?」

「doof, uoy」 [1]

[tl: [1] = 「あみお、あうすさえ」You food / All gibberish translation ]

Doesn't seem so...

The red monster slowly approaches.

「Don't come!」

「emoc ,doof」 [2]

[tl: [2] = 「あうすさえ、けうちう」-Food come ]

It ignored my order.

Does my power really work with unique mob...!

「uoy etib em tel,uoy nmad」 [3]

[tl: [3] = 「てうどぬ、うちぢくみせ」-damn you, let me bite you. ]

Close to the knife-like arm is a chopped zombie, he made the size easier to eat.

Does he not care about zombies?

I don't understand what it's saying...But I understand one thing.

This guy's...an enemy!

「Shoot that monster!」

I let the police zombie use their arms The police zombies held their firearms, then fired.

What a great sound.

My ears were pierced...I should've blocked my ears.

「tahw?」 [4]

[tl: [4] = 「(こぬ?)」What ]

Hey hey, his abdomen was hit but he doesn't mind...

I knew it, but as expected, he can't be taken down with shots...

「All members shoot! Shoot until he's swiss cheese」

If one shot was no good, then I'll just shoot a hundred rounds.

I gave a firing order on the police zombies.

All police zombies prepared their guns, then they fired continuously.

Of course, just until all bullets were gone.

What a great sound.

I'm glad that I blocked my ears this time.

It should be dead by now.

「Hey, no way」

But...

Blood was gushing out of his body, but he's still approaching.

He's really a monster.

「uoy llik ,ll'I」 [5]

[tl: [5] = 「あみお、からせ」I'll kill you ]

...The monster clearly vent out it's anger.

I still don't understand what he's saying, but I know that he's angry.

However, I'm also angry.

The corpse of the easy-to-eat zombie, this somehow feels the same as Aki-chan's parents.

Aki-chan's parents were cut to pieces and was eaten out.

This was the unique mob that harmed Aki-chan's parents.

「If there's no weapons...then!」

I'll approach him to hit his head!

Even if it's a zombie, if you destroy its head he'll die.

The video of the zombie hunters did the same way.

The zombie hunters didn't have a video for it, but they confirmed that they also beat a unique mob.

There's no reason for the police zombie to be unable to beat them.

「Good...Everyone with weapon...Remove the limiter of your body!  
Adrenaline from a fire scene! Hit and kill him!」

I gave the zombie an order using my ability.

I'm able to order their body function, I've confirmed this when I had sex with Sakura-chan.

The clamping tightness of Sakura-chan loosened, so it's possible to order the body of the zombies itself.

In other words, if I intentionally ordered them to remove the body limiter...they would draw out enormous strength like from a scene of fire.

「That zombie over there! Hold down that red monster!」

The zombie jumped to surround the red unique mob.

The zombie approached and cling on the foot, but he was cut easily.

I can't buy time?

But, there's a chance!

「Goooo! Crush his head!」

The nice physique riot police zombie jumped out, then hit the unique mob's head with the shovel in his hand.

...Good! He faltered!

「Beat him! Surround him, destroy him!」

The police zombie surrounded the red unique mob, then they began to attack!

...That guy didn't move for a while.

※

「Is it over...?」

I approached the guy cautiously.

His head was deformed...

As expected he should be dead.

「If unique mobs are this strong...I feel that it needs a dozen of people to take it down」

However, there were victims

The zombies had some opening but, they surround and attack him, but this guy resisted and cut down some zombies.

It was fortunate that the wounds aren't deep.

But...

「I never thought that it would be cut into two...」

When he had the chance to attack, he cut the zombie into two.  
His lower and upper body says goodbye to each other forever.

「Thank you, Obasan. we're somehow able to do it because of you, also...  
sorry」

I reached my hand to the obasan zombie that dyed her hair violet for  
some reason.

I'll bury this person too.

I must be able to fight.

Aki-chan, Sakura-chan, and Saya.

I have to defend this three people by myself so I won't hesitate  
anymore.

It's impossible to protect humankind from the threat of the zombie.

I, I will defend who I want to protect.

I will throw『Cut』anything else.

...That will be my fight. [6]

This is all that I can do.

[tl: [6] = le senpai! This is our fight! ]

I determined as I watch the victims buried in the vacant lot.

「Jin-san, are you okay!?!」

Aki-chan and Sakura-chan came.

It seems that they noticed the unusual situation after hearing gunshots.

They just got out of bath, looks sexy.

「It's okay, it already ended」

「Is that so?...Jin-san, this is...」

Aki-chan pointed on the unmoving unique mob.

「Oh, I think it's probably the one who killed Aki-chan's parents, I just avenged them...」

What...?

My head feels heavy...

I'm getting sleepy...

「Jin-san?」

「Sorry, Aki-chan, I'll sleep for a while...」

No good

My eyelids are heavy...

I had a dream.

I was holding a kitchen knife, and I was fighting my zombie companion.

I stabbed the head and chest of the zombie with both of my hands.

But, I was outnumbered

I'm reaching my limit—

So I was bitten by a zombie.

I became a zombie, but even if I was a zombie, I continued stabbing the zombie.

Soon, the boundary of the hand and the knife disappeared and it united [7]

I became hungry with the kitchen knife unified with me, I didn't see anything other than zombies as tasty so I ate zombies.

I cut zombies and continued eating.

As I continue to eat more zombies, my body got bigger, my knife hand somehow stretched to my arm.

And then, I found an appetizing couple [8] in a certain house—

[tl: [7] = he was dreaming the experience of the red monster. ]

[tl: [8] = Aki-chan's parents. ]

「Jin-san! Wake up! Jin-san!」

「Ha!」

What am I...

What was that?

But, the last house I've seen is...

「Jin-san, are you okay...? You look terrible somehow...」

It seems I've worried Aki-chan.

「I'm okay, I just...had seen a nightmare」

「Is that so?」

「But, why lap pillow?」

...Why are you doing lap pillow to me.

Aki-chan put me on her lap.

「I want to try this once.」

Is that so?

「Aki-chan, you see, I...」

I decided to tell Aki-chan about the dream.

In my dream was the house of Aki-chan, so it would be better if Aki-chan should know this.

## Chapter 13

「What do you mean?」

「I don't know it at all」

I told the contents of the dream to Aki-chan.

However, it was a strange experience.

It's almost like a memory of other flowed...

The sense of his hand turning to a blade is still remaining.

It's gradually feeling like a different hand...

「Jin-san, are you really okay?」

「I'm okay...probably not」

I've caused trouble to Aki-chan again.

But, that feeling.

Could it be?...

I closed to the red unique individual that's not moving anymore and touched the knifelike arm.

I pulled it and it detached as it is.

This fellow is a blade— is fused to an inorganic material, probably a rare case which is also an evolution individual.

I touched the knife-arm directly and concentrated my consciousness as I recall the sensation.

A zombie virus exists in my body...

That is that and this guy is also evolved the same way...

The bone in his arm transformed and gradually stretched.

When I opened my eyes, my right arm...became a knife.

The zombie emperor stands above all zombies.

If you can only just order the zombies...you can't be called the emperor.

With this I can copy the ability of other zombies and make it mine.

The flow of memory is for this purpose.

It is to understand the ability accurately to make it my own power.

Normal zombies are under my control like a slave.

I can destroy unique individuals that doesn't obey my orders.

It's the essence of the infected emperor.

This is— the true color of the power I have

「Jin-san, that arm...!」

「Aki-chan, I can return this arm immediately so don't worry」

I return my hand.

It was easier than transforming my hand to a knife.

Putting it back doesn't seem to take much time.

「See? I'm already alright so—」

I laughed to deceive her.

「Jin-san, you can't lie. Even if you laugh, your eyes are not laughing, you can rely on me more. Please don't hold it by yourself!」

It seems Aki-chan saw through it.

I'm no match against her.

「Yup, it's painful. A lot of person was hurt and died because of my order, I did say that I don't want to kill yet in the same breath I did kill former humans」

There's a strong sense of regret from doing it, but there's also the bad sense of accomplishment from the aftertaste of killing.

「I'm the worst」

「That's not true Jin-san, since you avenged took revenge instead of me you're the best boyfriend」

「Aki-chan...」

Saying so, Aki-chan made me squat and hugged me.

In this position, her chest...

「How is it? Are you relieved now?」

「Yeah. I am. It's the best...」

My face is sinking in Aki-chan's big chest.

Maintaining its shape without being defeated by gravity, Aki-chan's breast is the best...

Also, Aki-chan's chest has a faint scent of body soap that has a peculiar sweet scent of a woman.

「Mother does this when I'm having a hard time before」

That reminds me, Aki-chan's mother has a considerably big boobs too. Was she hugged tightly on those breasts?...

「Jin-san, if it hurts you can avert your eyes. Normally I know that it's not good to say. But, we're not normal anymore. Perhaps, what waits us is even more painful」

That's right.

In this situation, the possibility of Saya living is almost zero, even if she's a zombie for example, she might be killed by unique individuals.

Also, I don't even know if I can properly protect Aki-chan and Sakura-chan.

「That's why...For now let's think of something fun and pleasurable to balance it. If you only think of painful things, Jin-san might go crazy you know?」

「Aki-chan...Thank you, you're right」

Balance?

It's certainly important.

More than anything, I don't want Aki-chan to worry any more.

「.....」

「Sakura-chan?」

Sakura-chan taps her own chest...

Her face is looking slightly sad.

「No! I also love Sakura-chan's small breast! Okay!?!」

※

Since the burial and the luggage loading was over too, we decided to return to the apartment.

By the way, I also took weapons such as golf-clubs which was put in the car of Neo Zombie hunter army gratefully.

When I ask the three that became a zombie a simple question, it seems that these fellows move in small groups, It seems that they were a total of five people and two that were driving the car were killed by the unique individual.

Since the zombified guys can still answer simple questions, there's still some intelligence left in them.

But, How dare them rape a zombie raw.

It's said that it's not contagious if you're not bitten but...

They seem to be simpleminded guys.

「It was a troublesome day today...」

「That's true...」

「.....」

By the way, I had the policemen zombie on standby around my apartment.

Since zombies don't sleep they're doing an all night watch.

I don't think they will, but I ordered them to come into my room if they come across an unique individual.

Therefore I didn't lock it.

Furthermore, the Aizu couple are guarding this apartment together.

Because there might be the risk that those guys rape the two beautiful girls from the stationery shop, I placed them on the transport vehicle along with several people.

「Then, Aki-chan, Sakura-chan, let's feel...good?」

Alone with these two, I got horny again.

Let's do it.

## Chapter 14 ☆

「Jin-san that's lewd」

「But Aki-chan is the one who said that I should feel pleasure right?」

Aki-chan seems embarrassed.

However, apart from being embarrassed, the glimpse of joy can be seen.

After all this girl is a masochist.

「I did but...but your lust goes on, doesn't it?」

「I'm the one surprised there. Before I got infected, my lust doesn't last that much」

Normally, it would wither after I masturbate continuously, but I don't have that feeling right now.

Does being a zombie increase your lust?

First, I gave Aki-chan a light kiss and took off her clothes.

The bed feels narrow with three people in it.

「But, I was surprised that Jin-san's arm turned to a knife」

「Actually, it's not just my arm but also my feet, look」

I raised my leg that became a knife

「Waa—amazing...But, could this be...」

Aki-chan's gaze turned to my son.

「Ah, no, the transformation is only up to the bone, that one doesn't change!!」

There's no bone because I'm not a dog.

I might cut when I move, it's a grotesque development.

「T-That's right! ahaha...」

「Sakura-chan, have you finished changing?」

Sakura-chan is on birthday suit.

I didn't order her, Sakura chan took it off herself.

As expected, it seems her reason is coming back.

「I'll give Sakura-chan a kiss as a reward for undressing by yourself」

I take Sakura-chan's lips.

I put a tongue on Sakura-chan this time.

The tongues twine with each other, the two small bumps on Sakura-chan's chest are stimulated.

The finger rolls her nipples.

Whenever I touch, *Piku!*, Sakura-chan's body jumps.

Sakura-chan's small breasts has are small but it has good sensitivity.

I stopped kissing then licked her nipples.

It had a faint salty taste.

「Ouch! Hey Aki-chan!」

Aki-chan pinched my thighs when I licked Sakura-chan's nipples.

Aki-chan seems to be jealous.

「After you kiss Sakura, the next should be me, right?」

Angry Aki-chan is also cute.

It's not scary at all.

「Sorry, Sorry. That reminds me, I did lick Aki-chan's breast a lot on our first」

「Wai, that's not what I mean...! Hyau!」

I jumped to Aki-chan's deadly tits.

I wanted to bite her nipples immediately but I endured.

I circled my tongue on her left areola to stimulate it.

I massage her right breast gently, I rub it slowly.

Aki-chan's breast has a wonderful elasticity.

Just with this, my pre-cum is already leaking.

I want to do Aki-chan right now, I want to caress Aki-chan more, those contradictions put me at loss.

The nipples of Aki-chan that's not licked swelled.

I promptly suck it like a baby.

*Chuu Chuu*, sucking even though there's no milk coming out, I just kept sucking.

「Jin-saa, you can't I'm going crazy...」

Before I noticed, Sakura-chan approached Aki-chan.

...for some reason, I understood what Sakura-chan want to do .

I beckoned Sakura-chan with my right hand that's free from rubbing from the right breast.

「Eh? Jin-san, what are you...Hyuuuuu!!」

Sakura-chan answered to my call and she sucked Aki-chan's right breast.

The two of us sucks Aki-chan's breasts.

「Aaah, you can't...Sakura, let goo...breast milk would really come out...」

Aki-chan's eyes look moistened.

Seeing that swollen face, I feel even more excited.

More.

I want to please more.

I suck up Aki-chan's indecent nipples as she makes an odd sound.

Then...

「Jin-san.....!」

!

Breast milk really came out!

I separate my mouth in surprise, breast milk was sucked from the enduring Aki-chan.

...It had a strange taste.

I saw that breast milk is something close to blood, but Aki-chan's breast milk had some sweet taste for some reason.

I want to drink more.

After a while, Aki-chan's breast milk's vigor calmed down.

My and Sakura-chan's lips were white.

「W-why my breasts...Could it be that I'm already!?!」

「No no, you were a virgin days ago right?」

No matter how you look at it, it's too early for her to be pregnant.

No, saying that she's pregnant...

「Could it be that it's Aki-chan's ability as a unique mob?...」

「Eeeh! T-this!?!」

Milk is still leaking from Aki-chan's breast.

This is erotic.,

「Will it become a weapon like Jin-san's? Isn't this something like a beam like thing getting shoot out?」

「No, but, even though you're not pregnant, breast milk came out so that's the only conclusion」

Aki-chan didn't take any strange medicine, then I can't think of any other cause why her breast milk came out.

「Eeeh!? It feels shocking somehow. I wish I had an combat like ability to be able to support Jin-san」

「I suppose, but just having Aki-chan is enough support for me」

「I-Is that so!?!」

I'm saved by Aki-chan in a mental aspect.

I can no longer imagine a life without Aki-chan.

No Aki-chan, no life.

「Also, Aki-chan's milk was sweet and delicious」

「Ha, haa, but, Jin-san, your crotch gets violent somehow...?」

It is.

My penis is already at it's maximum erection after drinking a from Aki-chan's breasts.

「Perhaps, Aki-chan's breast milk has some aphrodisiac effect in it, look Sakura-chan looks...」

Sakura-chan is masturbating like crazy.

Grasping her clitoris, her finger opened the hole over and over again.

「Ah, Ah, Aaaa! 」

From time to time, her body shakes greatly, but even when she reached the climax, she doesn't stop.

「Uwaaa...My breast is dangerous」

「Yup, Dangerous. You see, Aki-chan, Can I do Sakura-chan first? it seems she's in pain」

「True...I, uhm...am still leaking after you milked me...」

Thus, my plan earlier was to do Aki-chan first but I suppose I have to do Sakura-chan now.

## Chapter 15 ☆

「Sakura-chan, you want this?」

I'm sexually excited, I displayed my penis while lying on the bed on the masturbating repeatedly Sakura-chan.

My superb article was on it's maximum erection that the tip has precum flowing.

「.....!」

Sakura-chan nodded multiple times.

She expands the slimy estrus hole with her fingers just like the time when her virginity was taken away, her face is deep red and she's gazing with expectation.

Good grief, where did she learn this?

...Violating her again in this position is nice, but I want to violate Sakura-chan in a different posture.

「Sakura-chan, can you put your hand on the wall...That's right, like that」

Sakura-chan put her hands on the wall just as I instructed, then the cute small ass was projected to my direction Sakura-chan shakes her ass as if inviting a man to put it in.

Her small ass makes a lewd movement, my groin reverbrate.

「Sakura-chan, I'll mess you up from the back okay?」

I captured her cute ass, then applied my penis to the entrance.

Sakura-chan's small ass is soft and its size fits both my hands.

The foreskin and the glans is wiping against the wet vaginal opening, Sakura-chan's naughty nectar is smeared on my penis.

it should be enough.

「Sakura-chan, I'm putting it in」

The erect penis that's on its limit, I inserted inside Sakura-chan's vagina.

Since Sakura-chan was just a virgin, I should've inserted it gently, but because of the aphrodisiac breast of Aki-chan, I can't endure doing it gently anymore.

It's warm, tighter than Aki-chan, Sakura-chan's vagina is slimy.

Apparently, my order to loosen has expired already., It's pressing hard my penis tightly.

A different place is stimulated as the position is different it feels very good.

I can order her to loosen it again but...I'll be moving violently and reshape Sakura-chan's vagina.

I change Sakura-chan's intravaginal form to my shape.

But...

Is this the effect of Aki-chan's aphrodisiac? My penis is already sensitive, it's about to come out soon.

Endure it, me.

「O...oooo!」

Sakura-chan seems to be pleased that she raised an animal cry.

It seems that I'm not the only one sensitive.

I catch Sakura-chan's waist then began to move.

I pulled it out on the last moment...then thrust it in quickly!

「Shit...! Coming!」

Doku! Dopu...Gopu...dokun dokun.....

Unable to endure it, I let it out after thrusting it...

Furthermore, the force and quantity is enormous.

*Doku Doku*, I continued to ejaculate, I feel that instead of pouring it to the womb, it's being thrown into the womb directly.

「Oooo! Jin-nii...!」

Sakura-chan talked a little...

Is this the effect of my sperm as expected?

「Sakura-chan, it felt good, it's the best pussy」

I pat Sakura-chan's ass as I continue my ejaculation.

...Finally, the ejaculation ended.

But, my superb article is still hard.

Sakura-chan's vagina is clattering.

...Her lust hadn't settled yet.

「Again...! Jin-nii...」

I restart my piston movement.

More.

I want to feel more pleasure in this pussy.

I want to make Sakura completely mine.

I throw my waist a lot of times, I violate Sakura's vagina.

I didn't mind that my penis is still sensitive and let out inside her vagina and just kept moving.

Her small vaginal wall expands and semen is plastered as it moves.

Did I cum? Did I not? That boundary can't be seen anymore.

Whenever we move, the connecting part had semen and love nectar leaking from it, dirtying the sheets.

That sort of situation is erotic so I got excited again, I moved my waist over and over again and Sakura's vagina wraps my penis as I ram it in.

This is my thing.

I'm teaching it to Sakura.

I carve it inside Sakura's vagina.

「Sakura, Sakura, Sakura!」

「Jin-nii! More, More!」

Coming!

I was attacked by a huge wave of pleasure.

I released the best amount of semen so far and filled Sakura's womb.

Her womb grinds and pushes my glans as it drinks the semen.

「Sakura, I love you[1]...I love you[2]」

[tl: [1] = Daisuki , [2] = Aishiteru ]

I pulled out from Sakura and spoke gently.

「Un...Me too, I love Jin-san...」

I can't see her face but Sakura's answered with a happy voice.

Sakura fell down just like that then slept.

She didn't have the strength to continue as expected.

I can't kiss her, but violating a woman from her back feels good.

In addition, I want to try another with Aki-chan as my partner.

Another sexual position again.

「Jin-san, are you done?」

「Yeah, I'm done, but I can still go on」

I show my erect penis to Aki.

Aki has a glass with something that seems to be a mother's milk.

「How was it? Your impressions on having sex with Sakura?」

Aki finished milking and she noticed when she looked at us.

「That's...I want to be violated by Jin-san like that...」

「That's right, I'll be messing you up right now, Aki」

I approached Aki and kissed her lightly.

「Yes! Please treat me like a tool...」

Aki's masochistic character came out completely.

Okay, to the second round—

## Chapter 16 ☆

「Jin-san.....!」

I shared a passionate kiss with Aki.

I just noticed this recently, but it seems that Aki's weak to having her tongue sucked.

Furthermore, she already seemed to be unable to endure after having her tongue sucked on, making a piku~piku~ sound, and being bitten playfully.

Aki's eyes glazed over.

That's probably good enough.

I separated our lips.

「Aki, where should I start? The nipple? Or.....」

「Here.....」

Aki pointed at her red, hardened clitoris.

Her poor clitoris grew to such an extent, being teased and tormented

with the lewd foreplay and it was now waiting for a male.

「I don't understand what you mean by here. Say it properly, you masochist woman.」

Seeing her clitoris made me want to tease her a little.

Let's bring out Aki's embarrassment some more.

「Jin-san you meanie.....! I want you to tease my... my..... Cli-Clitoris ..... Please, not only my clitoris, mess up my vagina and breasts, too.....!」

Aki's face became flushed.

Then let's do as she desired.

I squat down.

Aki's pussy was positioned right before my eyes.

「Yaa~, Jin-san, it's embarrassing.....!」

First, I lightly pinch the clitoris.

Hiyau! A cute voice came out.

「Jin-san!? Wa-..... It's dirty there! Uuu~!」

I lick Aki's clitoris with a Peron~.

Aki's body trembles and twitches.

「There is no dirty parts in Aki, I'm going to lick more.」

I extended my tongue, licking not only the clitoris, but her labia as well.

It seems a little sour?

However, it didn't taste unpleasant.

On the other hand, it excited me more.

Extending my arm, I rolled the clitoris with my tongue while pulling the nipple.

Putting my weight behind it, I apply a considerable force on her nipple and it would normally hurt a little but...

「Jin-san, more!」

It seems like it wasn't painful to her at all.

Tentatively, I tried looking inside the vagina; it wriggled softly and energetically with an Uni~Uni~

There was no problem with it.

Then, I bit the clitoris lightly.

「Aaa~!? Jin-shan, That is!」

Aki's body is filled with ecstasy.

Next I stuck it inside to Aki's intimate place, sucking strongly like a vacuum cleaner.

While sucking out her nectar, I pinched her clitoris with my fingers.

Whenever I stimulate her clitoris, her nectar begins to overflow rapidly.

「AAAaaaaa! Yaaan— No!」

Aki squeezes my head in between her crotch while saying "No".

More, she seems to want me to suck more.

So I sucked even faster.

「Jin-san, it's no good! I'm becoming strange, AAaaa~ I'm Cumming!」

Aki's body trembled with a Gaku~ Gaku~ as her love juices gushed out.

It seems that Aki came.

「Jin-san, that was cruel. I said stop.....」

Calming down, Aki started sulking.

「Even though you said stop, weren't you the one squeezing my head between your crotch?」

「Yes, but...! Even if you get it, please don't say it!」

Poka~ Poka~ I was hit lightly.

Aki is very adorable.

「Then..... shall we proceed with the main act? Aki-chan, I'll be gentle, so come over here.」

「Uu..... I understand.」

Aki-chan spread her legs as she approached me.

I sat in a position that made it easier for Aki-chan to straddle me.

So, we sat facing each other.

「Then, Aki-chan, can you put it in from that position?」

Aki-chan slowly lowers her waist as she straddles me.

「Yes, Suu~, Haa~, Uuu~, It's innn....!」

My erect cock was swallowed into the depths of her vagina which had been teased and stimulated.

As her vagina wriggled softly with an Uni~ Uni~, my penis was engulfed lovingly.

The aphrodisiac effect had faded but although it was not as sensitive as before, it still felt very pleasant.

Every time I inserted it, I felt like I would never get tired of this sensation and instead, I would become even more enamored with it every time I inserted it.

Aki-chan's vagina is demonic.

「It feels good, Aki-chan. Although Sakura-chan's tight pussy is also good, Aki-chan's soft pussy is the best!.....」

I told Aki-chan my honest thoughts.

Both vaginas are supreme.

It is difficult to say which one is better.

「Jin-san, please fill me, please shoot your semen inside of me.....」

「Is it okay? I'll let out a lot though?」

Aki-chan smiled,

「Yes! Please fill me up Jin-san, give me everything.....!」

And she said that.

Are there any males who would be able to stop themselves if they heard such a thing? No, I don't think so.

I begin to move slowly.

It was not possible to move intensely while in a sitting position with Aki-chan riding me, but the feeling of penetrating her deeply is still very pleasant.

It's a fact that I can truly feel the womb in her vagina, putting a moderate amount of strength as I ravish Aki-chan strongly.

Enjoying this degree of flesh inside Aki-chan is pleasant.

Sakura-chan is petite and skinny, there's a hard place in her body that whenever it's hit her ribs stand out.

It is wonderful in itself, a good degree of flesh is good and soft and becomes more comfortable.

This is a personal preference.

But I love both.

「Aki-chan's body is warm.....」

「Jin-san's thing is hot.」

Swaying little by little while embracing each other closely, we lust for pleasure.

When her soft breasts come in contact with my chest, it feels very pleasant.

Breast milk spouts from Aki-chan's nipples.

[Daily: ROFL WOT]

Our bodies rub against one other as we were covered in each other's body fluids.

We were like one big lump of meat.

I ravish both of her mouths and monopolize Aki-chan.

We continue having sex while making indecent Gujiyu~ Gujiyu water sounds.

I intertwine our tongues, suck her tongue and rub her gum with my tongue, and satisfy Aki-chan.

Aki-chan's red eyes stare at me.

Her red eyes appeared glassy and glazed over.

Aki-chan's eyes reflect my eyes, and my eyes reflects Aki-chan's.....

Neither of us can tell who is who.

But our bodies wouldn't stop moving.

The speed at which she steadily climbs to climax increases.

The movements of Aki-chan's tongue become intense.

As mine also reacts intensely, the entrance to her womb squeezes my penis as if it is trying to suck my energy.

I'm cumming!

Doku~! Dopyu~! ..... Dokun~ Dokun~.....

Our lovey-dovey sex with kissing was out of this world.....

When I casually look at the floor, I saw that it had been sullied by me and Aki-chan's body fluids.

Sakura-chan is asleep on the bed so we did it on the floor, but I never thought it would become this dirty.

「Aki-chan..... I love you.」

「Yes..... I know, I also love you very much.」

We kissed again.

We couldn't stop.

I filled Aki-chan many times, strengthening our desire as I dye her in my lust.

My penis grows again in Aki-chan's vagina.

「Can we go again?」

「Yes, however will it be really possible to make a baby?」

「When that time comes, we'll search for a zombie gynecologist.」

[Daily: ...]

Like hell I'll let Aki-chan be alone!

I will create a new family so she won't be alone anymore.

Our sex continued throughout the day—

## Chapter 17 ☆

「Aki-chan! Aki-chan!」

From the sitting position, I pushed Aki-chan down, fell on top of her, and we continued having sex.

Vigorously shaking my hips, putting it in and out countless of times, hitting the entrance to her womb.

「Jin-san! Drink it...!」

Aki-chan lifts her breast and presented her nipple near my mouth.

Milk begins to leak out of her nipple.

Thoroughly fondling it in silence, I began to suck milk from her nipple.

It was slightly sweet, a strange taste.

...that's right, let's see whether the aphrodisiac works on Aki-chan or not.

Mouth-to-mouth, I made Aki-chan drink the milk.

Aki-chan was first surprised, but when she understood what I intended, she obediently drank it.

「....Puha~, how is it? Aki-chan?」

「Such a strange taste.....! Jin-san! My body!」

Aki-chan's body twitches greatly.

Apparently, the aphrodisiac milk seems to be effective on her.

Aki-chan's vagina wants me, it coils around me tightly.

The vaginal walls which oozes love juice invites the pleasure of ejaculation.

As the force of my thrust and the wrapping power of Aki-chan messily mix together, they create the greatest pleasure.

「Aa~, Aaa~, Jin-saan~, fill me, please fill me fuuulllly~!」

In order to not let me go, Aki-chan firmly held me with her legs.

Even if she didn't do it, I haven't the slightest intention of running away from her.

「Aki-chan! I'm letting it out again!」

「Yesss, let it out!」

Aki-chan embraced me tightly, kissing me that very moment!

Dokun~! Doku~ Doku~..... Dopp~ Dopp.~...

The milk's aphrodisiac effect seems to be effective since my semen that is quickly being mass produced from my testicles, is vigorously being pumped into her womb.

Firmly aiming my custard launcher against her womb entrance, I

released my semen inside her womb.

「Jin-san, can you still go.....?」

「Un, I haven't let it all out.」

I continued the same piston motion with my waist without stopping even while I was ejaculating, continuing to move my waist while ejaculating profusely.

Though I ejaculated, my helmeted meat-soldier still hasn't lost its grandiose, so even if I settled down, my libido still won't diminish.

Continuing the piston motion, the scent of my semen rubs and sticks to Aki-chan's vagina.

Whenever I move, a sound similar to flowing water can be heard.

「Jin-san, both my body and heart are yours you know?」

「Then, we gotta make a lot of proof, proof that Aki-chan is my woman.」

「Yes, I am Jin-san's!」

Rummaging through the walls of her vagina with my love weasel, I made the glans kiss the entrance of her womb, violating Aki-chan.

Suddenly, I caught sight of the blanket which fell down from the bed.  
..... That's right.

I reached out and put on the blanket.

「Jin-san!? Wait a moment, it's stifling.....」

「That's right, in this enclosed space you'll sweat a lot, and I want to be filled with your scent.」

[TLC: these guys really are like rabbits. hehe]

Aki-chan's entire body gradually began to sweat.

Aki-chan's scent fills in this narrow space of this blanket.

Breathing deeply, I fill up my lungs with her scent.

Aki-chan's scent doesn't stink of sweat.

It's a sweet scent that stirs the desire of males causing them to ravish girls.

Somehow my brain was full of pleasure and instincts of sex

「Jin-san, amazing! Jin-san is in! It's like being wrapped up by Jin-san! My head is going crazy!」

Aki-chan is also heavily affected by the smell of my scent.

「It's fine if you become a bit strange. Let's feel good together.....」

The last spurt.

Hastening the movements of my waist, I immediately and completely violate Aki-chan.

The desire to ejaculate became stronger.

However, I want to enjoy the pleasure of Aki-chan's vagina a bit more.

Being caught in a whirlpool of contracted pleasure, the time approaches quickly.

「Aki-chan! Aki-chan!」

「Jin-san! Pleahse! Give me a baby pleahse!」

Dopyu~! Dop~! Dopu~ Dopu~..... Tokutoku~.....

I embrace Aki-chan's shoulder, and within the confines of the small blanket I shower her body with kisses and ejaculate.

Semen is sent to the insides of Aki-chan body like a broken endless hose.

We kissed while sweating together, twining each other's body.....

※

「Itadakimasu~.」

「Sorry, manager-san and Uncle Greengrocer..... Itadakimasu.」

「.....」

I took a shower after we finished having sex, and because we started to feel hungry after cleaning up the mess, we decided to have dinner.

Well, it was great.

The room smelled of the sweet odor of males and females, the bed sheet is dirty, and the blanket is all covered in sweat.

Anyway, we finished cleaning up.

By the way, today's dinner menu is instant ramen that we took from the convenience store and vegetable salad obtained from the grocer.

Sakura-chan also woke up but had returned to an ordinary zombie state.

Umu, still takes time?

Though I prepared instant noodles for Sakura-chan, I'm pondering whether she is going to eat it...

「.....」

Sakura-chan silently eats the ramen.

「Hey! Sakura! I had always said that you also need to eat the carrots!」

Said Aki-chan while being angry.

During summer vacation, she said something like 「Jin-nii, you can eat it」 and pushed the vegetables onto me.

I miss those times.

..... However, that peaceful summer vacation will no longer come back.

It's because of that terrorist organization called 『Noah's Ark』.

After eating our dinner, we opt to decide on tomorrow's plans.

「De, Jin-san. What will we do tomorrow?」

「Tomorrow, we will head to Prefecture B for the time being.」

There is a car and some weapons.

There is also food to some degree, and companions.

We might as well leave.

[TLC: this guy...why can't he just say they'll just fuck all day again tomorrow]

「Is your younger sister Saya-san there? 」

「I don't know yet, maybe.」

It will be great if she alive in a refugee camp somewhere, but the possibility that she has already been zombified is rather high.

My parents also.....

Anyhow, we have to, at least, search for Saya.

Alright, I'm going to go to sleep now.

The blanket and sheets that were taken out of the closet are changed,

sleeping happily with three people parallel to each other, like the kanji for river.

## Chapter 18 ☆

That's right, let's try part-time job.

I, Yuzawa Akiko had decided when it was spring on my first grade at high school.

「Aki-nee will work part-time? Can Aki-nee do part-time?」

Sakura, my childhood friend thinks I can't do part-time job.

Just you see.

I'm going to show you that I can work at a convenience store clerk properly.

「Uhm...That...」

「Hey, hey, isn't it fine? We're just going to play for a bit—」

After a few days of working, I was involved to a strange person...

Internet refers them to DOQ1? They're a race of people called like that.

Uu...his breath stinks cigarette.

Or rather, he's been looking at my boobs since a while ago!

In the end, men are after breasts!

Isn't it?

I'm somewhat confident in the size in the shape.

But, I don't like it when they stare at it fixatedly.

Someone help...

「Oi, Tono. Aren't you troubling her? Stop that」

Help came!

Another man called out this Tono and rebuked him.

It's a tall slim man.

「What? Isn't it Jin?...Got it」

Thus, the strange person went out of the store.

Thank god...

「Are you okay? Did he do strange things to you?」

「Ah, no, I-I'm fine!」

Ah, this person looks at my eyes when speaking.

Not my breasts.

I wonder, is he doing it because of what happened? I'm strangely happy because of that.

「That guy does that but he's not a bad guy, forgive him」

「But, he's a strange person」

The tall man laughed in an embarrassed way.

It's strange.

He's not a ikemen in particular but I become to like this person.

I feel that I've seen his face somewhere having an influence.

But—Where was it?

Returning to the house, I found the true nature of the déjà vu when I arrived at my room.

There's work that I've forgotten inside my room and there's some cat stuff toy.

And then, the face of that person looked a bit similar.

It's the stuffed toy from the time when I was in kindergarten.

It looks familiar indeed.

「Is that so? Tono-san is an old acquaintance」2

「That's right, he's an acquaintance since kindergarten, just like Sakura-chan and Aki-chan's relation」

Summer season.

I have to shorten my distance from Jin-san steadily.

After talking about various things, I understood Jin-san.

Jin-san is a college student who lives near this convenience store, he's frequent in this convenience store too.

Jin-san's parents live in the neighboring prefecture B

And...He plans to return to his parent's house for a while in the summer.

Somehow or another, I want to deepen my relationship with Jin-san during summer!

But how?

「Jin-nii, can you help me with my summer homework?」

「Summer homework? I don't mind but do it by yourself properly?」

Before I noticed, Sakura is close to Jin-san!

No way.

Sakura also looks like she likes Jin-san.

At first she said 「Aki-nee might be influenced by a bad guy」but now she looks at Jin-san passionately.

I go together with Sakura before but we shouldn't've been together if I knew this would happen!

I'll never give up.

「Jin-san! Can you help me with this year's summer homework too? It's somewhat too many...」

「Aki-chan too? I'm fine with it but where should we do it?」

「Of course, Jin-nii's room! It was clean when I came before isn't it?」

Jin-san's room!

I haven't entered it yet!

Sakura—!

「Well! But is it fine for women of age to enter a man's room?」

「It's fine, it's fine! Because I told father that I and Aki will study at

library! 」

Gu!

Even I!

If I pull out I won't be a woman!

「That's right! Jin-san isn't a person who would do anything strange right?」

「Well. That's true...」

I do actually want you to do something strange.

I want Jin-san to steal my virginity mercilessly

I know that Jin-san also has sexual desire.

I confirmed that when I saw him on looking at the ecchi book from the magazine section.

Our eyes met so he didn't buy it, but I saw it properly.

Did Jin-san masturbate after that?

When I masturbate recently, I make a delusion of Jin-san violating me.

I told him to stop but he doesn't, he went violent rather than stopping.

Violating me violently, releasing it inside again and again, then I became pregnant with Jin-san's child—

I don't intend to have such a delusion at first though...

At first I had delusion of Jin-san violating me normally<sup>3</sup>, it got extreme gradually, nowadays it doesn't change from rape.

If Jin-san found out that I'm masturbating...

It'll ruin the mood.

No matter what it takes, I have to make sure it won't be found out.

However...during the summer holiday, we can't do anything because of Sakura's interference.

Well, I can't let Jin-san be together with Sakura, because of her obstruction, I can't say anything hard about Sakura.

Fall came, Sakura who turned third grade in high school got busy so the contact with Jin-san has decreased.

I had the chance of having a relationship with Jin-san, but it stopped to friends.

I think Jin-san perhaps like me too.

But, we can't obtain mutual proof so I can't confess.

Both of us were cowards—

While that thing is happening, winter passed and spring came again.

I.

What's going on?4

I was bitten by a strange baby,  
It's somewhat strange.

My head is going blank...

But, I have a feeling that Jin-san will be at the convenience store.

Ah, Jin-san.

He's also surprised seeing me.

「Aki-chan also turned to a zombie」

Zombie?

Certainly, I do look like a zombie

「You're really cute...」

Jin-san said that I'm cute.

I'm happy.

「Aki-chan, can you hear me?」

Un, I can hear you.

Jin-san's face is close.

Am I stinking?

「Aki-chan, can we kiss...?」

Kiss?

Of course it's fine.

...!

Jin-san is so close to me.

This is my usual dream.

If we kissed, I'd wake up as always.

I don't want to separate from Jin-san anymore.

Don't go anywhere.

Let me stay this way without waking up from this dream.

I grasped Jin-san firmly.

Curiously, Jin-san was surprised that I put force.

「Aki-chan is a slut aren't you? For you to put your tongue in while kissing, just how many men did you play with?」

He misunderstood when I put my tongue in.

You're wrong, I'm just happy.

...My body can't move well.

I can't talk well too, I moved my neck a bit.

「Aah, that was my first kiss aside from my family, I didn't think that Aki-chan is such a wild lady」

Wrong, that's not it...I...

I'm not a loose woman...

「However, you must have opened your legs for other men, right? That's why it's fine, right?.....to violate you.」

Jin-san pushed me down in the register counter.

Eh?

Could it be...

「Well, I am different from the man I was before, so I won't be using a condom. I also don't have the money for that.」

Jin-san who's aroused stripped off my clothes.

Aah, Jin-san will take my virginity as expected...

「Wow」

Jin-san was glued on my breasts.

I'm glad, Jin-san loves breasts.

「I will make your oppai comfortable in a moment~」

Jin-san massaged my breasts mercilessly and lewdly.

Jin-san's face is getting even redder.

My body can make a man aroused properly.

Sakura said 'low grade meat'! but I guess it's not.

「Aki-chan, are you getting off from your breasts getting fondled?  
Pervert.」

Please don't say that I'm a pervert like it's the usual...

The lewd feelings from my breasts overflows steadily.

「It would be rude to the pussy if I focus entirely on the breasts,  
wouldn't it?」

It came!

Jin-san took off my remaining clothes.

I raised my waist secretly to make it easier to take off.

「Aki-chan, you have quite of them grown, you didn't deal with them?」

Don't look at those things...

So embarrassing.

Jin-san's hand is on the place I've never let anyone touch.

Aah, he'll find out.

He'll find out that I'm a lewd woman who's wet from having her breast fondled and is on the verge of being raped.

「Aki-chan, I only groped your chest yet you're soaking wet. You're surprisingly a lewd highschool girl」

Un, that's true.

I'm a lewd highschool girl who got wet selfishly when thinking about being violated by Jin-san.

Jin-san took off not just his jeans but also his underpants showed off his manly weapon.

「Look, Since Aki-chan is too erotic this happened to me, you have to take responsibility」

Responsibility.

I'll take it, I'll take it!

Please let me take it.

Please make me crazy Jin-san with your manly weapon that breaks women!

「Lotion shouldn't be needed, since it's already this wet.」

It's entering...

Huh?

It doesn't hurt as much as I thought...

Is it because it's just the tip that entered?

「It's tight..... It went in, but only the tip is in, and only that won't free me from my virginity....」

Aah, Jin-san was a virgin.

He's going to give me his virginity.

Un, Jin-san, you can throw away your virginity to me, in exchange, I will give my virginity to Jin-san too...!

「Did everything went in at once?」

Amazing.

Jin-san is inside of me...

It reached a place where my fingers can't!

The back of my stomach, perhaps Jin-san's penis pushes up my womb...

This is sex.

Gradually, Jin-san's movements became smooth.

「Uwaa... Amazing! It doesn't compare with an Onahole....」

Jin-san seems to be feeling good...

Jin-san who desperately shakes his waist looks somewhat cute.

「Superb, Aki-chan. It feels too good.」

I feel good too.

Jin-san, superb.

But, it doesn't hurt at all...

Did my hymen break from masturbating too much...?

It feels better than what I imagined...

「Aki-chan, I will release it inside, that's fine, right.....」

Ah, Jin-san's penis got bigger inside of me...

He's about to reach his limit.

Jin-san sucks my nipples as the pleasure raise up.

I'm about to...

「Aki-chan, I'm cumming!」

Doku, doku...

It's coming out from the inside!

Amazing! This is amazing!

I came forcefully!

My insides feel warm and good...!

I never had this from masturbating, I didn't cum by myself, but from the sensation of the other people.

Furthermore, it's from Jin-san who I love very much.

Right now, I feel very happy...

「Aki-chan, It's the most pleasant graduation of male virginity.」

Un, it was also the most pleasant graduation of my virginity.

Jin-san's penis regrettably went out from my insides.

Hey, wait?

「Aki-chan, you were a virgin?」

I nodded.

「I'm sorry, Aki-chan....」

Uun, I don't mind it.

But, Jin-san is somewhat depressed...

「Dai-i... Su-u... Ki-i...」

I conveyed that much with my mouth that can't move well.

Was he able to hear it?

「.....Aki-chan, did you like me?」

Un!

I nodded multiple times.

I'm glad, it was transmitted properly.

But, Jin-san's penis got big again...

「Aki-chan, let's feel good once more....?」

It can't be helped.

I got violated by Jin-san again.

Thinking about it, my heartbeat doesn't stop.

Thus, I became Jin-san's woman—

I might be pregnant with Jin-san's baby.

...That might be too early I guess.

I'm addicted to having sex with Jin-san.

Though I heard some people acting that they're feeling good for their boyfriend, it's impossible for me.

It feels too good that there's no room for acting.

We're having sex to feel good, even till now, I cum lightly when the penis is inserted into me, and Jin-san's big thing comes at least three

times.

Then he'll blow inside as a finisher.

With just a creampie, my womb and my consciousness gets connected,  
I cum arbitrarily...

Also, it's intense.

I can't live without Jin-san's penis...No, It's impossible to live anymore.

But, I want Jin-san to feel even better with my body...

I thought of having milk with aphrodisiac effect coming out from my  
breasts...

Before I noticed, I'm not normal anymore...

But, Jin-san is happy so it's fine.

# Chapter 19

I somehow had a wonderful dream.

The three of us were peacefully lying on the bed in the river(JII)  
position1

「A-Aki-chan」

「Jin-san...did you see it?」

Waking up, Aki-chan looked at me with a tragic face.

It seems Aki-chan knows she's being seen from the side...

「Un, I saw it」

「Uwawawawaaa...」

Her expression is like the world has ended...

Now that the world is filled with zombies, it really is but...

「Aki-chan, I don't mind if Aki-chan masturbates no matter what」

「It's wrong! That's wrong!」

Frenzied Aki-chan is also good Aki-chan is already in tatters by shame.

Let's make a follow up.

For some reason, she's pitiable.

「Aki-chan's breast isn't inferior, look」

I gently touched her breast.

Aah...What soft breasts.

「Jin-san...」

「Aki-chan, You see, I'm glad that Aki-chan's memory flowed」

「Fue?」

「Well, I'm surprised that Aki-chan had a desire to be raped」

「You see, I can manipulate zombies at will. That's why I thought that Aki-chan likes me because I unconsciously ordered you to love me」

Aki-chan might've done it by my will.

That thought makes me scared.

...If I hadn't found that notebook, I would've been completely convinced.

「But I understood from that dream that it wasn't so. Aki-chan, let me tell you once again, I love you」

Aki-chan nodded happily.

「Yes, I love Jin-san too」

I and Aki-chan kissed while I'm fondling her chest.

Aaa, my palm and lips are happy...

As expected, we restrained from sex.

We decided to refrain to make love as Sakura-chan who's next to us is still sleeping.

「Jin-san, I'm going to prepare breakfast」

「Un, I'll leave it to you」

Aki-chan went to the kitchen skipping lightly.

Our mood is like of newlyweds.

Even if it's called breakfast, it's just instant food.

Although Aki-chan is skilled at cooking, since there's a lack of ingredients, she can't utilize it well.

There's only vegetables, there's no meat so we can do nothing but stir fried vegies...

But, it's hopeless to get raw meat and fish soon...

Well, let's think about that later.

This time Aki-chan prepares instant food.

「I want to finish the bride training so I will capture Jin-san's stomach」

Even if you hadn't captured my stomach, my heart is already captured by Aki-chan already.

Though Sakura-chan was sleeping a while ago, she's not separating from me it seems...

Well, I do love both.

Aki-chan and Sakura-chan.

I don't have to foolishly think about who I should prioritize.

Both are my brides!

That's the truth

That said, having the dream of Aki-chan means that Aki-chan is a unique individual and I can use her ability...

Eh?

Milk coming out from man's breast?

But in this case it isn't breast but male chest.

No no.

My copy ability is to copy the zombie virus they hold and trace the movements of the zombies.

When I copied the ability of that red unique individual, I understood it by instinct.

Although no one taught me...It's strange.

Then, Aki-chan's ability is aphrodisiac on body fluid.

It's not breast milk.

Saliva and of course, penis milk.

Aki-chan let it out from her breast due to her desire to make baby with me.

I'm still uncertain whether a zombie can make a child but if it happened as they wished, I'll never let it.<sup>2</sup>

Will they accept abortion?

「Jin-san, it's done, please wake up Sakura」

Mu, it seems she finished preparing.

※

After eating the instant meal, we went to the B prefecture., But, before that.

「Let's go take Sakura's clothes, As expected, my clothes are too big for Sakura」

When we found Sakura-chan, she's wearing the school uniform, Then, she took off her uniform in my room and wore Aki-chan's pajama but there's the problem of underwear so we collected plain clothes in Sakura-chan's house.

「What's that voice?」

From the blue transport vehicle, a woman's panting voice is heard.

Oioi.

Did the colleagues of the neo zombie hunter group come?

「Jin-san! This is...」

「Aki-chan, go with Sakura-chan, I'm going ahead」

In any case, I changed my right hand to a blade.

Well, if it's the colleagues of them, I'll cut them off.

I won't forgive anymore.

I entered the blue transport vehicle ready to fight but...

「O, Oooo, amazing, too deep!」

「Since I'll lick it, stick it out more」

The beauty parent and child that was left on the blue transport vehicle were attacking the police zombie in a sexual meaning.

What's this?

1. No it's not a new entry in the kamasutra ←
  2. Zombie化しても子供が出来るかどうかはまだ不明だが、お望み通りに出来たら絶対に産ませてやる。←

## Chapter 20

「What's going on...」

I can't understand at all.

What the hell is going on?

For the time being, it seems that weapons aren't necessary.

I thought so, so I returned my right hand and spoke to the parent and child.

「Uhm, what are you doing?」

「Oh? You're different from the policemen」

Doing fellatio on the police zombie, the mother in her thirties replied.

「N, you can't let it out? Do it more, make me pregnant, I want your child」

The daughter that's a junior high school student isn't aware of me and is riding the police zombie.

By the way, I haven't tried cowgirl position with the two...Hey, this is not the place!

「I'm Fujiwara, what are you doing?」

「What?...That's, you know」

She's making a hand sign of squeezing a man's thing.

No no.

That's vulgar.

「Since my body is aching, but it's useless, I have swapped several times but My husband's dick is the best as expected」

Waa.

「I'm Otsuchi Kiriko , the poster girl of the stationery shop」

Being a poster girl on that age but It's insensitive to retort.

But...This person's husband is...

「Then, this child is Otsuhi Rikako, My child」

The daughter kept having sex without worrying about us.

It seems she's not interested in here at all.

「Well, that girl is good for nothing, it seems that she likes the detective」

「It seems so but, e-err...It's quite hard to say」

「My husband died right? I saw it with my own eyes」

She declared it like it's nothing.

「Or is it that the men raped me? Their power is good but those are crude[粗チン]」

...What is it? I feel that I can't win against this person.

※

「Ah, Jin-san...」

「Aki-chan, I feel tired」

For the time being, I decided to make the wife, Kiriko-san to take a shower.

Since the daughter, Ririko-chan doesn't want to leave the detective, I left her in the car for now.

「What is it? A wild person in sec...」

「It seems that she didn't mind much when her husband died...what an amazing person, un」

However...Why did her reason return?

I'm sure that I haven't had sex with them...

Is my semen not absolutely necessary for zombies have their reason return?

「Could it be that the effect is from the sexual activity itself...?」

「Jin-san...This is but my imagination but」

Mu?

Aki-chan seems to have an idea.

「What?」

「Maybe, if lust is satisfied, the virus evolves and returns their human nature」

Regaining human nature and satisfying lust?

No, the act of moving according to desires and reason is quite apart in action.

## Chapter 21

「The red monster Jin-san took down is a unique individual that satisfies its appetite doesn't it?」

「Yeah, I saw it in my dream」

It wasn't 3 meters at the start.

It grew as he eats zombies.

「But, I and Sakura, and Otsuchi too had sex according to our lust...in short a child is made」

Well, the original goal of sex is to make children.

There are women who spread their legs for pleasure and money but the original purpose of having sex is childmaking.

But, what's the relationship?

「Making a child! Maybe their reason returns to humanity because they're aware that they're making a child?」

Certainly it would've been difficult for a human to raise a child in comparison to a wild animal.

Not to mention that raising a child as zombie is already impossible.

「I think that the direction of evolution of unique individuals depends on their desire and lust」

In short—

If the desire is to satisfy their appetite, the ability to prey on zombies will awaken, turning into something inhuman and the intelligence won't return.

Because eating zombies to satisfy their appetite doesn't need high intellect.

It'll only recover to some extent.

In contrast, Lust—it's not the same on child making.

Human baby is different from other wildlife babies as they're very weak, they're not born in huge quantities like insects and fishes.

And in this situation.

If left alone, it would surely die.

For them to protect their child they need to advance in their infection, getting more intelligence and power.

「I see, that explanation falls into place」

「What falls into?」

「Yeah, Hey, Aki-chan. What do you think about being raped so suddenly?」

「Before, I'll be crying」

An immediate answer.

...My crotch got *Whoosh*

「Un...Well, that's normal, but in my case, I raped Aki-chan. No matter how you love that person, you won't forgive them right?」

Aki-chan had a desire to be raped only by me...

「Uuuun, certainly I think that it's the lowest act for a man...But I, felt good, so I don't mind it?」

'Also, I do love Jin-san', Aki-chan smiled.

「That's the case for Aki-chan but what about Sakura-chan, Though Sakura-chan's consciousness hadn't returned yet so we can't say for sure but does she still like me after I raped her? Isn't it strange?」

Love of hundred years might cool down too.

But, Aki-chan and Sakura-chan likes me.

It's like the male made the women yield and made them the man's slave.

The phenomenon that doesn't happen in modern society.

「Obeying the man they like and feeling great joy by giving birth from that man...It's like their own purpose exceeds than their existence」

That choice is natural for the zombie virus.

「The zombie virus in our human body might start inventing something」

What could it be? We don't know yet.

「That's...」

「But it might be wrong」

「Eh?」

There's another possibility.

The race called humans, there might be a new human race born that can counter and doesn't lose to the zombie virus.

「The birth of a new human race...?」

「Whatever we infer, we won't know until they're born.」

Will the zombie virus produce something or will the new human race evolve and be born?

Or could it be another possibility?

「I don't know but...No matter what it is, it would be Aki-chan and my child. We'll properly raise them」

「...Yes!」

Entrusting it to the future generations.

Doing that, the mankind will advance.

I'll love the child no matter what it becomes.

「I borrowed your shower」

Otsuchi-san seems to have finished taking shower.

「Ah, I'm Yuzawa Akiko and this one is Ashino Sakura」

「You're his girlfriend right? Don't worry, I don't intend him from you」

Please spare me from netori.

「Then, where's my daughter? She's still doing it?」

「Ah, Jin-san, It seems that she just finished a while ago」

What's there is a satisfied looking daughter.

Is it my imagination? Her face looks like it's shining.

「Then, please let my daughter have shower next, e-err」

「...Rikako is fine」

「Then Rikako-san, there's a shower in my room, want to take bath?」

「...If I'm with Inoue-san」

Inoue-san?

Oh, that detective? Certainly they're dirty, does she want to get in with him?

The detective-san is like Sakura-chan.

The reason returns occasionally but they're no different from other zombies.

Well, he's a zombie from the police station, he might've become a zombie the same time as Sakura-chan.

Rikako-san and Detective-san was left to Aki-chan and I faced Otsuchi-san.

「I want to ask some various things, do you mind?」

「Well, can I ask of you?」

「And with that, the government doesn't function right now」

「I see, I understood the outline」

While showing the videos and pictures from the smartphone, I told Otsuchi-san what happened.

Sakura-chan is sticking to me, so it's quite serious.

「However, end of century is it?—」

「If it has come to this, I think that I'm going to cooperate...」

The only zombies I can order are mindless zombies.

Because they don't have intelligence, you can't ask them to do hard things, also, I can't put the whole world under my control remotely...It's

unlikely.

Therefore, I must cherish those who cooperate.

「I don't mind though but...I can't do anything great」

「No, I can just find manpower and war potential just about everywhere, so I don't have that kind of expectations...I thought of making a team」

It's impossible for me to build a country

I don't have that ability.

But, I need a companion from the back.

「Those guys that raped Otsuchi-chan isn't that much, I'm uneasy that only the zombies protect oneself from those guys. Please lend me your wisdom and power」

「Understood, but you haven't thought about the advantage haven't you?」

「I don't mind. I have people right now, not zombies but those that think as humans」

If it's just zombies, there's a possibility of something helpless to happen, I need companions.

Basically, I'll cut those I don't need to protect, thinking that, I don't want to abandon those people that are innocent as expected...

Also, if they turned to be a hindrance, I'll just cut them off.

There's no need to think hard.

I must move according to my mind.

「Eerr...Can you lead me to where my husband is resting later?」

「...Oh well, I'll guide you there」

As soon as Rikako-san finished the shower, we went to the shopping district.

## Chapter 22

「Then, when Aki-chan and Sakura-chan finished collecting clothes, could you wait in my room?」

I, Otsuchi-san parent and child and Detective-san would visit the grave and Aki-chan and Sakura-chan would go on a separate way and collect clothes.

Rikako-san doesn't want to separate with Detective Inoue so it can't be helped that he's going with us.

Since Aki-chan is on walking distance, she'll move by foot.

Of course, she's guarded by police zombies.

「Understood, if there's something useful in Sakura's house then we'll take it too」

Oh, that's reliable.

Or rather, Aki-chan is quite tainted [1. I don't know what this means]

At first she had a sense of resistance from taking food from the convenience store.

「Then, please get in the car, Otsuchi-san, we'll go immediately」

I and Otsuchi-san took on the car and went to the shopping district.

I want to end this soon and look for Saya...

「Here? Is that so?」

Otsuchi-san confirmed it one by one and asked.

「Yes, this stone is a substitute for the tomb」

The former vacant lot is now a graveyard with people sleeping on it.

The unique individual I killed, the old woman zombie I had killed, the remains of those that were slaughtered by the unique individual.

Among them is...

「Could I be alone for a moment?」

Her voice trembled...

「Understood, what about Rikako-san?」

「...I'm, fine. It might be painful but I have Inoue-san」

Detective Inoue seems to not want to part with Rikako-san too.

「Father, sweet dreams」

Rikako-san quietly spoke and faced the shopping district with Detective

Inoue.

Otsuchi-san was...

「Husband...」

Let's leave her alone for now.

※

「Sorry」

「No, it's natural」

Otsuchi-san who settled down forcibly laughed.

...If it's the common times, I'm sure that her smile would bewitch men.

But the grief that can't be hidden ooze out of her smiling face.

「What would Otsuchi-san do after this? I intend to go to B prefecture but」

「B prefecture? Is there something there?」

Did she think that there's some kind of shelter there? It's probably wrong but.

「Rather than something there, I'm looking for someone. ...I think that my little sister is definitely waiting for me」

「Is that so?...What should we do then?」

Otsuchi-san seems to have no plan right now.

Then.

「I have a request then」

「Request?」

「Yes, while I'm not here, could you watch out if there's some of those strange guys coming in the shopping district again?」

There might be a chance that those guys might come again.

I left some police zombies for the time being but I'd be uneasy if I only have Zombies as guard.

「Well, the police is also helping, It's fine but...」

「Is that true!? Thank you very much」

I'm glad, the other fellow would stay if it's like this.

Tragedies would be hard to happen.

「Yeah, but if there's a unique individual with a monstrous shape comes, please hide in the house, it's probably something that can't be beaten by a normal person」

「I'll give priority to my life even if you don't say that, if it gets dangerous then I'll take my daughter on the backdoor of the shop immediately」

Well, I don't think a snappish unique individual would appear that

often.

I'd be annoyed if unique individual appears like bargain sale but...

「By the way, do you remember when you were attacked by a zombie?」

「Yes, I do remember, If I'm not mistaken...」

※

On Otsuchi-san's case, her daughter came back on a strange state and she bit her just like that.

「It's been since kindergarten since I was last bitten suddenly by Rikako」

A huge amount of zombies appeared at Rikako-san's school and she was caught and bitten by a zombie when she's trying to run away from the school.

「...They showed up suddenly that there's no one left unbitten in my junior high school anymore」

It seems that there's no refuge in the junior high school.

By the way, the junior high school Sakura-chan and Rikako-san attending is the same.

「...Is Sakura-senpai right now the same as Inoue-san?」

「Yeah, but her reason sometimes appear to recover...」

「I see...but I won't abandon hope. Since Inoue-san protected my that

time, it's my turn now」

Rikako-san embraced Inoue-san.

He seems to be happy but I guess it's my imagination.

...Is this detective a lolicon?

No, even though Sakura-chan is Rikako-san's senior, there are a various things that are sticking out...

Umu.

I decided to leave Otsuchi-san and the police zombie to guard the shopping district and decided to go home.

Sakura-chan has changed her school clothes to her plain clothes and Aki-chan was delighted from my return.

「...With that, I decided to make Otsuchi-san watch the shopping district」

「I see, then we can entrust the shopping district to them! Should we go then?」

「Yeah, let's go」

We headed to the B prefecture while leaving Otsuchi-san at the shopping district.
