Chapter 1 General Weird Sickness

In the center of Luo Yang province, Xiao Zhi, there was no one who didn't know this name.

As said, he is an orphan, he was adopted by Hui Wu Monk, learning and practicing martial art. Everyone knew how excellent his marital skills are. The people who were trying to test his marital art, none of them could see the second day sun rise.

Moreover, when he was twelve years old he joined the army and repeatedly made an meritorious military service. No wonder the court was looking for him non-stop and his administrative position was increased from the second level to the great general. Maybe from second level administrator to great administrator might not count as big achievement but his status and power which is 1/3 of country military force is in his hand. It is enough for people to speak carefully with him.

But the most "legendary rumor" is, that the twenty five years old Xiao Zhi doesn't have a wife and concubine, moreover he doesn't look forward to have any relationship with any popular entertainer or scandal being rumor... videlicet. He is so "clean" that even the citizen of Luo Yang takes this matter in restaurant as a conversation topic, every day they are observing about their great general reason of being "clean/innocent".

Xiao Residence

The slender slim body sitting on the chair. the beautiful good-looking face is showing expressionless-hard to describe expression, by being

supported on his left hand, Xiao Zhi is looking at his hand that is looking at the book and reading one page, his slender finger will gently struck the page and turn to the next page, while the other hand is above the desk allowing Doctor Yu to examine his pulse.

Doctor Yu is trembling while putting the hand back, looking at the pale face of Xia Zhi who has dark circles under his eyes. Frown, sighing why is he is so unlucky today, being asked to come to Xiao's residence. If he knew earlier he would have asked for an sick leave and took rest at home.

“How?” very calm voice asking, Doctor was stunned almost for half day until he gains himself, realizing when the great general shouted at him.

“General, I am afraid you might worry about the country, so you are a little exhausted as long was you take care, i believe you will....”

“I am just asking you, when will I be able to sleep? Xiao Zhi impatiently cuts Doctor Yu words.

“This...Since it has been three days general hasn't slept I will prescribe sleeping medicine, maybe it would help.”

“Is it ginseng, Qing pi, The bark of cork tree (philodendron), angelica, radix, sheng ma , herb, zhi cao, these kind of medicine?” Xiao Zhi raised his eyebrow.

Doctor Yu felt his sweat dripping down from his forehead, in court who doesn't know from the high to the low rank level making the general sleep is harder than official examination. The general body itself is the group of poison, frankly to say even by using the drug to make him unconscious is something impossible.

“Does general has others opinion?” Doctor Yu asking in very “modest” way. According to the past experienced, if the eyes of General has deepen it means his temperament would be worse, and now... he has been to the dangerous mood.

“Are you asking me “*my opinion*”?” He looks like sweeping with his cold eyes and his voice tone changed. Once the doctor heard it, his body stagger while taking three steps backward.

This Xiao general... now just because he is in bad mood, he could even slaughter the small doctor. Desperately, the doctor tries to turn his brain quickly, the doctor almost losing his smile said : “This lowly has method, maybe general could give a try. General body temperature kinda cold, causing the difficulty to get proper sleep. Perhaps by making general body temperature same with the average people, general might easy to get sleep”, paused for a moment, doctor Yu tries to see the expressions of Xiao Zhi, and continue to say : “Since the ancient time, there were often the people who has warm body temperature turn to be able warming others too, maybe general could give it a try.”

“Doctor Zhang Yu, do you mean, asking someone to warm my general body?” The head of Xiao residence house keeper who stood not so far and impatiently, finally spoke out.

Doctor Yu old face suddenly red, “General can find some young maid to hug and get some warm temperature...”

The people of the entire Luo Yang know that the general Xiao is notoriously abstinence, he is not attracted to women. If the general won't go according to the method, it won't be his matter anymore if the general still can't sleep.

Thinking about it, Doctor Yu is in very good mood just trying to relinquish himself and getting out from the Xiao residence.

Suddenly, the sitting Xiao Zhi stand up from the chair, walking toward the lady-maid who is serving tea who posses obsessive looks, he grab her and hugs her on his chest and trying to close his eyes.

The chin falling to ground!

ah~ is this ok?

Doctor Yu and the head house keeper, Xiao Ren dumbstruck seeing the scene in front of them, feeling as if there were lighting hit their head through the door. Even they know the general is someone who is acting strangely but this thing too...

“Does my eyes has problems? Doctor Yu turning look at Xiao Ren.

“I thought... No.” Xiao Ren struggling shook his head.

Shortly after, Xiao Zhi opened his eyes releasing the maid from his arm and seriously said to Xiao Ren : “Next time change it with the fatter ones, this one is so thin, too loose when hugging.”

“yes...” Xiao Ren twitching his mouth.

Chapter 2

Voluntary As Maid

Well, before I start the second chapter translation, I would like to thank [suteki](#) for her kindness to introduce my blog and the readers who are give their time to visit my blog. I will try my best to give and share good translation especially for the C-novel.

If you guys find out first chapter funny, I promise you that second chapter even funnier because our female lead such fills with many naive idea about getting married and her ways to protect her family business for being taking over by her big uncle and brother cousin.

Yue Qin tea house is one of the famous and well-known tea house in the center of Luo Yang city. Ten years ago, it was only a rotten and broken tea house, when the business was about to shut down, the owner's daughter Chu Zhu Yu spent a few years to make the business success again.

Good tea of Zhu Yu isn't the only factor that makes the Yu Qin tea house different compare to the others tea house but it is also because the fresh entertainment. Few days ago, it even introduced new variant of teas. Talking about the tea house, it became one of well-known place where the scholars gather and also make the tea business get into limelight.

At this time, on the Chu's family big lobby, Chu Zhu Yu can't find anyone with happy expression.

Wearing the yellow chiffon dresses makes her well-develop build body more rounded, ay ay it is plump and absolutely not fat. A pair of black sparkling eyes, directly glaring toward two persons, "Big uncle, what do you mean?"

"Zhu Yu, this Yue Qin tea house is Chu family business and your surname is Chu, however you are a girl, in the future you will be married and your children won't be named Chu as the surname. How about handing

the business over to the family who obtain the Chu name?” being judge by big uncle Chu Xiang who stroke his mustache which looked alike mountain goat.

Chu Xiang son's, Chu Mu Cai who sounded alike the opera singer said : ” Cousin, My father willing to pay one thousand of silver money in order to take over your tea house business, it is something extremely best for you so what makes you to think again?”

“Humph,” Chu Zhu Yu sneezing this is about her tea house, her tea house is more valuable than that small silver offer. “The time when grandfather passed away the one who was asking for separation was you guys and grand father had so many business you guys just gave this Yue Qin tea house for my father and I, and now when the tea house business earning some money you guys are thinking to get some share! and now let me ask you if today I advertise one thousand of silver money to sell the tea house, how many people will come and buy?”

Chu Mu Cai face changed, ” The business of Chu family is not something you can sell when you want to sell!”

“The lease is still in my hand, how can I not sell?” Chu Zhu Yu looked with supercilious, she has seen shameless people, but never met some alike her brother cousin and her big uncle kinds.

“Or cousin, you want to meet in court room?” Chu Mu Cai threatening. “As the saying goes, the normal civil people won't pick a fight with the government officer, cousin did you forget my status or second uncle it's better you tell her.”

The person Chu Mu Cai called as second uncle is Chu Zhu Yu's father, Chu Sheng.

Chu Sheng character is soft, he pulled his daughter to his side, speaking with low tone , “Yu er, your bother cousin is the imperial scholar whom obtain seven rank official government not to mention he is an officer who managed the scholar, we can't piss him.”

“Father!” Chu Zhu Yu with comforting tone, what kind of status Chu Mu Cai own she knows well. “It's not like I am greedy for money, I feel

dissatisfied, the time when grand father passed away, mother also passed away, big uncle and the rest didn't even have small sympathy for us. That time when the tea house was in crisis, with hardship we went through and now they want to take advantage from us, not that easy!"

"Yu Er, do you have any idea?" Chu Sheng knows his daughter might has ideas.

Chu Zhu Yu laughed and turned her head, and looked at Chu Xiang and Chu Mu Cai, "Big uncle, brother cousin, you guys are worrying if one day I get married, born children who has different surname and worrying that the Chu's business will be taken over by someone not Chu's?"

Father and Son nodding head and said : "yes."

"it is simple matter." her lips curved upwards and smile so obviously.

"How to solve?", the father and son asking.

"I will find someone who wants to get married into this family, won't it do?" Believing that She, Chu Zhu Yu can find someone in the center of Luo Yang city who wants to marry her with single call. There will be many to pick.

Four corner of world, Chu Zhu Yu finally comes to understand, her ideas to make man married her and get into her family isn't something easy.

On the first day, she went to twenty seven match making door, once they heard Miss from Chu family is finding someone who willing to marry into her family none of the match-making ladies want to take the business even she doesn't set high standard. speak frankly, her requirement not really high. She wants a man who able to do accounting, who can enter the kitchen and serving, understand about tea and it's quality, the most important out of those, he should someone very healthy...

But before waiting her to finish all her requirement, those match-making ladies have kick her out from door.

On the second day, Chu Zhu Yu is trying to find some literate poor guy in the center of Luo Yang city, The category, ambitious person, Lack of money to spend, fast learner, hardly she got 13 persons once she said about her intention, by looking righteousness they said : "We are literate

people, how we could do such dishonor thing about the marriage.”

Please big brother, she doesn't ask for killing people or flaming, this is nothing to do with degrading honor and married into family.

” I can give you money to exam, I also can make you someday bring the honor to the ancestor.”

“Is it still man, if doing such for money!”

“

This kind of conversation more or less very similar with the others 12 person before.

On the third day, Chu Zhu Yu thinking to find some martial art men. those who practicing martial art must be someone who has big heart and good brain. talking about married into family won't be big matter. She is searching, once she finds the suitable candidate, she is prepared to speak but, who knows that the candidate was in conflict. swishing hand, dozen of people flying out.

Chu Zhu Yu body becomes unsteady, she escaped. She doesn't want that one day, when they become husband and wife and fight, she being hit in such a way.

On the fourth day, she directly goes to host house (something alike brothel where men serve women) and find one host (not selling body but sell art and skill such as dancing, singing, etc). “I will give you money for compensation if you get married into my family. won't you?”

That host suddenly knelt down but what he said was different from what Chu Zhu Yu thought, it far from gratitude act : ” Miss Chu, I beg you to let me off. I don't want to die early. I still wish one day to continue my family line, living the normal people life.”

“Marrying into my Chu family, won't you have normal life?”

“Don't you know that your big uncle has spread the word in the center of Luo Yang city, those who willing to marry into your family, let you bear baby, will immediately die without ever having son ah~!”

The man crying miserable, crying till she feels embarrassed.

While walking out from the host house, Chu Zhu Yu felt her head paste into ball.

Is it really hard just making someone to marry into her family? she only wants children that surname Chu. Even the father of children background isn't matter anymore for her.

“Hey, have you heard the rumor? The Sun's family maid shamelessly seduced the master and the worst, pregnant too!”

“Really shameless!”

“Who knows that maid was not lucky enough, when she was found out by Sun Yuan Wai's wife, she was dragged for being hit but she still is pregnant. They said Sun Yuan Wai will marry her as the seventh concubine.

That is gossip talked by those gossiper ladies. After hearing such conversation, giving Chu Zhu Yu idea and raise her hope.

“Become maid? will it easy to seduce the master and bear the child?” She gets closer and asking.

“See, you lady. how come you asking such question?” an Ahjumma lecturing her.

“aiya~ you lady, it is very normal if you don't know.” Said another Ahjumma.

“This is what is called as proximity between the master and maid. In ages there were lots of servant who bears their master's baby and finally became concubine.”

Chu Zhu Yu eyes sparkling after hearing the gossip, so to become maid there is an advantage.

Fine! she decided to become maid. Then she will work hard... bear the child, and about being concubine, let others do it!

The next day, Chu Zhu Yu standing in front one of middle age house keeper.

“ages?”

“18”

“marriage yet?”

“not yet.”

“In this resident the regulation is so many, all should be done carefully and in detail, even though being maid, you should be responsible and don't hold into delusion.”

“yes! yes!” Chu Zhu Yu nodding her head, feeling as if the head house keeper seem to know her intention and it sound alike warning for her.

“But seeing your body more than meat, the general won't mind too.” The house keeper continue.

“General?” She comes to be maid so what is the relation with her body meat?

“Later you will become the maid who serve the general. Every month you will get two Liang silver.” The head house keeper of Xiao gives the working contract. Letting Chu Zhu Yu to make thumb stamp.

What? Wasn't she going to work in Kang resident? How can it changed to general resident?

Chu Zhu Yu got confused nodding her head. running into the front of resident, looked at the plank written three words “General resident” then she gazed side away, Shocking and she looks, the next resident written two words

“Kang resident”

Chapter 3 Hugging on Her and Sleep

Part 1 (one)

On her new status as the worker-maid, Chu Zhu Yu massages her stiff shoulder, she indeed needs a strong body to be maid, even only sweeping the yard, it's tiring her to death. Who knows the general yard is so big which shocking people to death.

The young master of Kang residence and the General residence, General Xiao Zhi are both good looking men. But the differences between them is that the young master of Kang residence is well known promiscuous, has bunches of wives, even he has an affair with the lady courtesan. That's why Chu Zhu Yu decided to sneak into Kang residence to complete her plan. While this Xiao general is famous for his unattractiveness towards women. Coming into Xiao residence as maid, that's mean it really only be ...maid.

Chu Zhu Yu has been massaging her shoulder for half a day but still feeling pain in her back. And at this time she even craving for tea.

From her childhood, she has grown up by her father's influence of "tea" this thing, she loves to smell tea, brew tea, drink tea, even Chu Sheng told Chu Zhu Yu that her body smell alike some types of tea.

She opened the window, Chu Zhu Yu was looking for the full moon. The night was silent deeply, it would be better...

She rolled her eyes, she is sneaking and looking around the general residence and moving out tea set. Then she sneaked into the kitchen secretly boiling a pot of water. In here, there is no choice to brew the tea using good water so she only makes with what she finds.

Chu Zhu Yu puts the tea leaves into the pot until the water boil, she increased the temperature until the tea leaves rotate and then gently scrape, the tea was floating in white foam, and then she covered it with lid.

Her black shadow of plump figure holding tea pot is walking toward her own room. She felt relieved when she is in her own room. Walking inside her room, there is a small table. She poured couple cups of tea and put in the table, the heat of boiling tea and made her room filled with tea aroma. Slowly spread to entire of room.

Chu Zhu Yu can't hold her deep breath. Both of her hands gently raised the cup of tea and using her nose to smell, enjoy the aroma of the tea.

Gently sipping her tea, sweeping all her tired feeling and bad mood of getting mistaken into general residence.

"it's alright, since she is here, just goes as plan, general also good looking man. It doesn't mean no opportunity." In that way, she can comfort herself. One side sipping her tea and the other side looking at the full moon from the window of her room. Suddenly her mouth opens and she read poem "The light of shiny moon, uxorilocal most difficult, if this time the king here, I prefer to marry him..."

At the moment, in front of her eyes, a shadow which is blocking the moon light and gently landed in front of her.

Such a fairy Buddha-look, the wind gently blowing the dark and long straight hair, haunting the moonlight which makes difficult to ignore.

Is this a human? Or the living fairy?

Chu Zhu Yu staring the figure which is standing outside her window. This is a good looking man, tall, long and his lean body wrapped in black robe and the wide sleeves narrow to waist. He is wearing Yu Guan on his hair. While the golden belt tied around his waist, beautiful eyebrow, watery eyes, aquiline nose, thin lips with extremely pale pink, the good looking face in the darkness of night actually gives a sense of immortality feeling.

"Are you human?" the word already blurted out before thinking.

And the person is sweeping her with his glance, "who are you?"

"The maid at Xiao residence." Ng, this is her new status.

"name?"

“Chu Zhu Yu.” She desperately reported her name.

He moves his brow, the next moment he has moved to the front of her window and say weirdly, three words— still be able.

Chapter 3 Hugging on Her and Sleep

Part 2 (Two)

.....” She sweating, “I am plump and not fat!” the meat on her body is one the thing she hates most, every time she sees other girls wearing make up graceful, while she even make her own dresses from the fabric cloth and spend more than others.

“No one said you fat.” The beautiful person looked at her, his voice sound like soft willow but truly nice, “just now what are you reading?”

Alright la, good looking person really good looking, even the voice is nice. She decided by judging his beauty, forgiving him of what he was saying before,

“nothing, reading randomly.” He doesn’t carefully listen to the poem.

“That thing on your hand, what is it?” the beautiful man keeps asking.

“oh, it is tea.” Chu Zhu Yu just remembered if she is holding hot tea cup.

“smell good.” He said.

Once Chu Zhu Yu feels her hand loosen, her cup tea is on the other person hand already.

The slender finger holding the tea shiny purple tea cup, Chu Zhu Yu looking at the beauty and exclaimed beauty man even has beautiful fingers.

Xiao Zhi picks up the tea cup, smell of the tea was very soft not too strong, it had the scent of fruit and flower. Just now, he was had hard time to get sleep, under the moon light he has strolling and get hooked with the scent which is this tea scent.

“Is this a scent of tea?” he felt kind of different from the usual tea he has.

“Do you like to drink tea?” she asked, It is kind of hard to find someone who likes tea in general residence but meeting this kind of skilled person, she must have good chat with him.

He thinks a moment and answered : yes.

Chu Zhu Yu got interested, “So, usually what kind of tea do you like to drink?” as she has been working as maid in general residence, it real hard to meet someone who likes tea, naturally she should have a good chit chat.

“Ju Shan Yin Zhen.” What he said is the yellow types tea that is one of the best tea.

Chu Zhu Yu speechless, that is one of the best tea ah~ , in the market it price extremely expensive, because it is valuable tea, it hard to price. “The others kind?”

“That’s all.” He shook his head.

“....” Speechless, “So you only drink this kind of tea?”

“Is there something wrong?”

“Tea has so many types and variant, you only drink one kind, don’t you feel kind of regret.” She uses very pity eyes sight looking at him, “drinking tea ah~, should trying to taste many types of tea because drinking different tea will give different feeling.”

“Is it true?” he looked down, he looked to the cup in his hand.

Chu Zhu Yu continue said : “Just alike this type of tea in your hand, this is the type of An Hui red tea, this kind of tea has clear red color, once it enter into mouth it fresh lasting after taste.”

While she is speaking, she also uses her sparkling eyes looking at Xiao Zhi, as if her eyes saying, give a try la~ give a try.

Xiao Zhi frowning, but still his hand raise the tea cup. His thin lips close to the lip of tea cup and slowly drink the tea.

She carefully observe his expression, from his expression she not sure whether he likes or dislike with the tea.

“It truly a good tea, this taste is exactly as you describe.” He has smile on his face, this beautiful man seems to satisfy with the tea.

What beautiful smile! In the innocence of him, Chu Zhu Yu realized, She

gets understanding why the ancient people loves to drink tea and smile while chit chat. So, smiling can makes someone feels drowning.

“As I told you.” She smiles, “ drinking tea, you shouldn’t only drink one type of tea but you must try others types of tea too.”

He lower his head, seems to think of what she said, not long after, he walk at the table side, automatically his hand takes tea pot and pour it to another cup.

Once the tea enter his mouth, the thick scent of sweet giving nice feeling, his body slowly feeling relax after scent the tea. So, the bad mood slowly goes away and changes to be better. Once he finished a cup, he pours another cups and keep on drinking.

Even if she brew delicious tea but he can’t keep on drinking in that way! Chu Zhu Yu dumbly looking, then said “ You... don’t you think you have drank too much?”

“No.” he shook his head. “This is a good tea, after I drink it, I am feeling drowsy, it will make me easy to sleep.” Xiao Zhi eyes seriously stare at Chu Zhu Yu while holding tea cup. He fills with expectation.

“drowsy? Do you have problem with sleeping?” in the middle of silent night. Because of his difficulty to sleep, that’s why he strolling at night and incidentally find her place.

“Hm.. difficult to sleep.” He nodding his head. His hand gently massage his forehead, his brow frown showing the exhausted facial.

In the moment, Chu Zhu Yu looked at Xiao Zhi with pity expression, “Does my tea really makes you drowsy?”

“ The tea that you brew are really different with other people, it give me very comfortable feeling.” It’s indeed very comfortable and making my body feel so relax. Never knew that tea will help to cure the weird sickness.

“So that’s it.” She drown in deep thinking. Father also experienced insomnia before, that time her mother was still alive, then every night Mother brew a kind of tea for father to make him easy to sleep. For short period of time, Father insomnia was gone. “You wait a~, let me brew

another type of tea for you to test.”

She directly makes another new type of tea.

“How?” she looks at him gulping the tea, specially asking him. Long time ago, she brew this type of tea for her father, hoping it will give same effect for him.

“Taste good.”

“Do you have feeling of wanting to sleep?”

“Perhaps, I need to drink couple of cups more.”

So, in the middle of night, one brewing tea and another one drinking tea.

Xiao Zhi drinks couple cups of tea until he feels tired. With half open eyes, he come closer to her and shorten the distance between he and Chu Zhu Yu, close to her waist. Chu Zhu Yu begin to clean up the table.

Xiao Zhi suddenly feel the ooze of tea get into his nose. “Smell good...”

“After drinking the tea, naturally will leave some scent.”

“No!” this kind of scent is not same with the one he drank. But the scent comes from her body, it’s like tea but also not tea, the scent is not heavy but also not too soft, it makes those who smells feel so comfortable. It just give a sensation to keep on smelling the scent, more... and more... he really can’t help it, he come closer to her, wanting to scent more and more.

Chu Zhu Yu body stiffen, this posture gesture really...too...too.. equivocal. The most exaggerated is, his head, become very closer to her body, finally he hugs her.

“Hey! You, you, you, you should know that the man and woman are different!” even he is type of rare beautiful man she could meet, but still his attitude is unacceptable a~! Chu Zhu Yu thinking to push him down.

But her hands has been lock up by his broad chest while her waist has tightly hugged by him. And suddenly he dragged her into his arm.

“So soft.” He murmured. “it won’t loosen.”

Please! he just saying her fat! She thinks to give him cold glance and

pointing his eyebrow but she is hugged by him and no way she could do so.

“Hugging you like this is so comfortable.” He drown to drowsiness.

“Hey! Hey! Don’t hug la!” she rejected. But it’s useless.

Chu Zhu Yu is trying use up all her energy to push him down.

Once she pushed, no reaction.

Trying once more, still same, no reaction.

Third time she pushed him, there is slightly a reaction but the result is he hugged her tighter and directly goes straight to her wooden bed.

Crunching!

The wooden bed is sustained two person weight. Clearly it’s really dangerous.

“You wake up ah! Don’t press my body!” she makes loud noise. Frankly speaking she is unmarried girl.

“You really loud!” he frown his eyebrow very dissatisfied because he is in state of getting sleepy, now she is making noises near his ear.

“Hey! If you still won’t get up, I will shout and called people ah! Till that time, I will say you intruded to general residence’s maid room. This won’t be simple accusation.”

“I won’t get any accusation, accompany me to sleep, and don’t make noises.” He is half-sleeping, that frowning eyebrow also disappeared and his facial expression changed to clear crystal. Compare to the first time she saw, it very different. He, at this time makes Chu Zhu Yu as if get into confusion falling to demon world and give a sense being sucked by his evil charm.

Beauty trick! Beauty trick!

Does this count as getting into beauty scheme?

She hardly to swallow her saliva, stuck between the “innocence” and beauty, She still choosing to be clear innocence and during that time she really forget the reason why she entered the general residence. Doesn’t

she want to lose the virginity and have baby?

“Whatever, you are not allowed to hug me, moreover you are prohibited to say wanted that you want me to company you sleep, I am not your...”

“Really not obedient.” Xiao Zhi mumbling. Lift his finger and acupuncture Chu Zhu Yu’s lower body point.

Instantly, she is not able to speak moreover her body can’t move.

Oh my Holy God, is it what they called as martial art? This person who drank so many cups of her tea, the beautiful man who crazily want to hug her, is he someone from martial art world?

Finally Chu Zhu Yu feels this is the most contretemps “moment” that happened to her. In the deep silent night, her body is pressing by the stranger, a pair of hand tightly hugging her, and his head resting on her. Every centimeter of his body is sticking into her body only separate by their clothes and she could even feel the warmth of his body temperature.

The most and most contretemps is, he just...sleeps in that way! So what should she do? Should she stay in this state till the morning comes?

she really wasted her sympathy towards him, let him to drink her tea and at the end she got this kind of “deed” from him! This is the first time Chu Zhu Yu experiences crying without dropping tears.

Chapter 4 The Maids

Early in the morning, it is ruckus in general residence, the head house keeper, Xiao Ren almost flipping the entire house.

“What? You guys haven’t seen the general?” House keeper Xiao glaring one by one the servant in general residence. He only thinks that something bad might have happened to his general.

Yesterday night, he clearly saw the general in his room, but why this morning not even the shadow of general have been seen? Inside the residence all the servants and maids have been asked several times, once he thought the possibility of his master being in danger, Xiao Ren felt cold sweat came out from his body.

If something bad happened to his master, won’t the court be in problems? Since his master hold the military force. This matter is so important.

“Officer Liu, you think...” Xiao Ren turned his head and looking at Liu Shan, who is the subordinate. Liu Shan himself is the regular visitor of general residence.

“Perhaps the general just went out.” Liu Shan didn’t panic as Xiao Ren.

“It’s impossible, the guard who watches the residence didn’t see the general went out.”

“General has very high martial art skill, he might have secretly gone out from residence by flying through the wall.”

“If general was really going to go out, why didn’t he walk out through his residence’s door.” Said Xiao Ren. “Moreover, Officer Liu, do you think the general will going out his own residence by flying through wall secretly?”

“This...” Liu Shan crazily sweating.

“Officer Liu, how about we make a report?” Xiao Ren suggested.

“Make a report? To which court?”

Xiao Ren head aching, the normal military court will handle the missing people,

but he worried there will be none of them who dares take the case, “The general is second rank officer, if it should be reported, it should be report...”

The words haven't finished but the Master of the residence has shown his shadow to and fro their eyes.

“General!” Xiao Ren called with worrying voice, His tears seems be falling.

“What's matter?” Xiao Zhi turned his head, His face is filled with smile.

Xiao Ren and Liu Shan secretly swallowing their saliva, is general smiling? This few days the bad mood general is... smiling!

“Just now, this lowly didn't see the general inside the room, we have been searching general in every corner.” Xiao Ren Said .

“Oh, I was randomly strolling around the residence.” Xiao Zhi walking inside his room and ordering Xiao Ren : “Call the kitchen to bring the breakfast.”

“Yes.” Xiao Ren obediently answered then he starts to be busy.

Then leaving only Liu Shan alone to accompany the general and starts to observe Xiao Zhi aura.

To be honest, he really feeling rare to see his superior smiling in such way, usually, this kind of smiles just prove that the general is in good mood, such as winning in the battle field. Other than that he never sees the general smile in such way. Or else...

Liu Shan slowly being sensed by Xiao Zhi through his eyes sight, his pale expression changed calm.

“Have you slept well, general?” He asked.

“Hm, it has been such long time not sleeping very comfort.” Xiao Zhi sitting on chair, A string of beads slipping out from his hand to his palm. Gently pitching it.

That shiny glossy turquoise beads, moist in his palm, brilliance.

Sleep till awake and the acupuncture point simply opened up.

Chu Zhu Yu for the hundred and eight times cursing the beautiful man whose name she didn't know, he acupuncture her, even hugging and slept with her last night. Even at the end, she woke up dizzily, waiting till she gained her conscious,

her body moves freely, but... but... the pain is extremely bad.

While the culprit has been disappeared, depriving her no chance to make the report to court.

The yard has been swept half, Chu Zhu Yu saw, not far from her, a few maids were gossiping.

The ones who was gossiping is Tao Jie, who has been working in general residence for about two years, and who listened the gossip are few new maids who are working in general residence at same time with Chu Zhu Yu.

“Tao Jie ah~, is this general easy to meet? I have been here for days but I never see the general.” A maid who appearance cute is asked.

Chu Zhu Yu really wants to know the answer, and she quickly moves to make her ears closer.

“This two years, I did saw him few times from very distant way, do you guys think general is really good-looking?” Tao Jie laughed.

“I saw the general.” Another maid who has tall posture said, “once when I was on street, from far far away when he passed by, riding horse.”

“So, it is true that the general really good looking as those folks said?”

“Yes ah, yes ah, General really good looking?”

“He absolutely good looking.” The tall posture maid’s face is faint-blushing red, “The general wore the Armor on his body wasn’t same with those martial art people, he is decent, his gestures are similar to immortal.

Oh? Didn’t know how to compare to last night good looking man, who is more beautiful? Chu Zhu Yu wondering in her mind.

From the conversations of the maids, all of them showing the hoping expression, till Tao Jie heavily sighed, “you guys already entered the general residence, just peacefully become the maid, don’t think just entering the general residence, you guys can come closer to the general. If lucky, been seen and like by the general, perhaps it easy to elevate the status. Aiya, This Xiao Zhi general won’t be easy to fall in love with ordinary women. This few years ago, there was a maid who thought she possess beautiful looks, in the middle of night running

into the general room, the result...”

“What the result?”

“Being hit by the general till went out the door, breaking some of her bones was her luck already.”

Gu Lu(types of voices made by hen or pigeon)!

Chu Zhu Yu hardly swallowing her saliva to her throat, it seems sneaking into the general’s room in the middle at night won’t work.

“Since they said the general only used little of his martial art, if not, that maid might have died.” Tao Jie with very pity tone said : “ She was fine girl, because of moment delusion, got such of result, even the broken bone are healed but still it might hard to move, in the future how can she get married!”

All the maid are showing dumbstruck expression. Chu Zhu Yu is no exception, even though she really wants to have a baby, but she won’t sacrifice herself till breaking all her bones.

“Does general martial art really... that good?”

“It absolutely high martial art. I heard from the head of house keeper, this general martial art is well known as one of the best in the world.” Tao Jie spoke seriously from the bottom of her heart. “General isn’t an ordinary man, his thought no one really can guess, anyway, all of us are just working the best we can, according to our own work.”

“Yes.” All the maid answered dissatisfied.

Chu zhu Yu feels as if there is a dark cloud hanging on her head, will she still be able turn back and run to the next door of Kang’s residence?

General Chapter 5.1

Anyone waiting for more than hugging? hehehehehe...

Because this chapter 5 also quite longer, so I divided it into two or three parts.

Chapter 5 Rapist

Part 1 (One)

Chu Zhu Yu has repeatedly think all over again of her plan, whether she is really too naïve or not?

If he is an ordinary man, perhaps her chance to be pregnant with the baby is so easy, but the person is Xiao Zhi, the person who being afraid of the enemies and others. The auxiliary name as big general of the country, and that well-known person doesn't like women.

Only to bear his child... ah~, it seems to be extremely hard thing to do.

The hardest thing is, even at the same residence, she never even once saw the general with her own eyes, not to mention how will she seduces the general!

If want to say, inside the residence, there are many maids that are more beautiful, youthful compare to her, if really want to seduce those maids are having bigger chance than her!

When the night comes, Chu Zhu Yu is preparing her bed to sleep, when she raises her head she sees someones black shadow, don't know since when he has been standing near to her bed.

That person as before wearing the black cloth, his long hair is pitch black but not same like yesterday night because he is not wearing Yu Guan, instead left down his hair. The gentle soft facial features appear to be so sparkling under light.

He was the beautiful man who made her back ached for the whole day!

“You, the rapist still dare to come here!” when they come to meet face to face her eyes are red, Chu Zhu Yu didn't think anymore she grabbed the pillow and threw at him!

“Rapist?” Xiao Zhi relaxed catching the pillow, that pair of eyes beautifully shining with wondering look.

“You are the same type of men, women enemy!”

“And then?”

“Simply to say your beautiful appearance tend to look timid and downcast but inside you are a wolf.” She keeps on cursing him, until she suddenly rushed in front of him and kicked his leg, plus howling—give me back my innocence!

Xiao Zhi lowered his head, after a while he spoke : “This is the first time someone said something like this to me.”

“If you wanted to admit you are wrong, I could forg...”

His corner of mouth lifts and relaxed smiling, in the middle of night, his laughing voice is so clear, at the moment Chu Zhu Yu looked dumbstruck. The high mighty fairy seems to be fallen into the ordinary human world.

“You are so interesting, very different compare to the others.” His hand holding the string of prayer beads, smiles and looks at her.

OMG! He doesn't seem to make any introspection!

“You... you...” Chu Zhu Yu inhale her breath, “Today you didn't come here to admit your fault, if not, why did you come today?”

“Drink tea.” He said as if it is something naturally.

Spitting blood! “My place isn't tea house!”

“But I want to drink tea which is brewed by you.” He looked so serious when speaking. That pair of sparkling eyes, staring at her with seductively.

Chu Zhu Yu just for a moment, she felt her saliva drooling down, “Cannot.” She begins not to look at his pair of eyes. This kind of eyes really could affect her decision.

“Why?” he seems not to understand.

Leaning his body, Xiao Zhi looked at the person in front of him, he doesn't understand why she is showing an angry face, the other women looked at him always showing an admiring expression but she an exception.

He came closer to her, so close till Chu Zhu Yu can clearly see his

eyelash. Yesterday when he hugged her, it because of acupuncture, she couldn't even to move and see him clearly. And now when she is able to see clearly, nothing she can say except this man indeed is good looking.

“That’s because... because...” wanted to die, under his intense staring, she even difficult to speak but stammered. Quickly, she steps back few step, she firmly said : “Shortly say, I can’t.”

He observes her for a moment, frowning as if he examined and inhale his breath, “Even if I never did it before, but from the way that person told me, I think it is reliable.”

Hah? She starting not to understand what he said, suddenly she feels that his face slowly become bigger and closer, then...

Bang!

Her face turns red because her lips is being pressed by his lips.

Very soft lips, giving her amazed sensation, Chu Zhu Yu feels all her blood is focusing on her lips now. Her lips feeling hot, while that kind of hot feeling releasing from his cold lips.

Is this kissing? She... she... she has been living for eighteen years but being kissed by someone whose she didn't even know name!

For moment, he finally released his lips from her lips.

“And now, you can brew me a tea.” He showed serious looked, not even slightly shown that he is trying to harass her. Moreover he even looked alike refined scholar who entering the tea house who had paid the bill and waiting for his tea to be served.

Chu Zhu Yu is dazzling, confusing and staring sharply to the man who kissed her, what he said, he means... “You kissed me, just for tea?” her voices raise couple octave.

She even growling out.

“Are you angry?”

“Absolutely!”

“Someone told me that as long as I did like just now, girls will do as I said.” He confidently said.

Who said, she wants immediately get that person to be killed! Chu Zhu Yu pissed off.

“Didn’t I kiss you enough for long time?” Xiao Zhi is trying bend down his body, seems to re-try his action once again.

Oh no, isn’t once enough?! “Wait... wait... you, you really serious only want to drink tea?”

He stopped and nodding his head.

“Hm... I will brew tea for you but you are prohibited to do something “stupid”. She walks quickly and rushing to take out all her tea set.

Time passes, Xiao Zhi finally can enjoy the tea he wish to drink, while Chu Zhu Yu non-stoppingly glaring at him drinking the tea, his way of drinking the tea is very elegant and indeed he is good looking man. As long as she looked at him, she doesn’t feel tired.

To think about it, only someone of her that could tolerate his behavior. If it changed to another high classes missy, they might suicide!

“Why you looking at me in that way?” Xiao Zhi takes a glance to Chu Zhu Yu, slightly narrowing his eyes.

She suddenly remembered something after being watching him.

“Who are you?”

“Don’t you know who I am?” He was bit surprised looking at her.

She rolled her eyes. He never told her, how on earth she knows. Frankly speaking, the status and someones background is identified from the bright color they wear. Only monks and guards will wear black clothes.

Two times she met him, he wore black thinking about it, he might be a guard. Chu Zhu Yu guessed his status.

He thought for a moment and moved his head “Jue Qing, you can call me Jue Qing.”

Geez... She doesn’t have any interest in knowing his name, but who could tell her, how the situation turned to be like this?

This time when he finished his tea, she directly and straight forwardly asked him to go back.

But who know he is hugging on her and directly bought her to bed, saying that by hugging her he will be able to sleep. Does he think she is a toy?

“Let me go!” Chu Zhu Yu widely opened her eyes, even though he only hugged her, even they are still wearing the clothes, but— “Hey, don’t you know if you act like this I can make report to the court!”

“No one in the court will take the report.” He doesn’t even loosen his hand.

“How can you be so sure?”

“Whatever it is, I am really sure.” He is absolutely confident, half of his body already lying on her bed.

“Only you, who is so soft hugging others my hand always loosens up. Very soft body, compared to other women, yours is different.”

Based on what he said, makes her on fire, “Did you hug many people before?”

“It’s not like too many. Only a few before.”

“.....” Perhaps he is recidivist! “You can’t sleep by hugging onto me! If someone sees, how they would think about me? Let say if I get drown by them and become a ghost, I won’t let you off!” Chu Zhu Yu threatened him. But with his soft voice, all the “fierce” atmosphere destroyed.

“No one will dare drown you.” His head is closer to her shoulder near armpit. Desperately, he wanted to smell the radiating scent from her body which mixed between tea scent and her body fragrances. “This is so weird, as long as I am hugging onto you, it eases me to get a sleep.”

“Even though you are not hugging me, you still can sleep!” she gives him her fist, pressing to his body but he felt it as if a massage. Xiao Zhi slept even more comfortably, until he sense Chu Zhu Yu facial expression darken.

“Can’t sleep.” He tries to close his eyes and rub his head in her chest, “For other people, sleeping is very easy thing to do but for me, it is real hard thing to do. Even when my mind is blank, I stop thinking for moment still, I am very sober.”

That kind of feeling no one ever understand, even the court doctor, Doctor Yu who came and made diagnosis and giving treatment for him, didn’t heal his sickness.

“Shi Fu, why the others are so easy to get sleep while I hardly can sleep.” When he was fifteen years old he asked his Shi Fu (teacher/sensei), that person is the famous Zen master, Hui Wu.

“There is a thing, for those which is hard to accomplish but for you it really piece of cake.” Hui Wu Shi Fu calmly said : “Jue Qing, as human there is time we lose and also have time gain something, losing and gaining is very natural.”

During that time he had thought for seven days full.

“Even though I want to exchange all my possession with what ordinary people have for example sleep, I can’t do it.” Xiao Zhi said. Maybe the way he said, there is slightly gentle sorrow tone in his voice, gradually Chu Zhu Yu stopped struggling from him.

“Do you know? There was a time I broke my own hand, just wanted to know, whether I could sense the pain or not so I could get unconscious and sleep.”

She felt as if there was something heavy pressed on her, “ And then?”

“Still not able to sleep, even if I hit until it broke, I was still conscious.” He hugged her even tighter.

“Which one... of the hand broke?” Chu Zhu Yu wanted to know.

“Do you want to know?” Xiao Zhi lifting his head, looking at her.

His black hair moves and slowly slipped to back of his shoulder, cheeks, the forehead which strands of hair obscured his eyes, for moment, she wants to act impulsive by putting away those hair and see his pair of eyes.

“Want... to know.” She licking her dry lips.

“It was left hand.” He smiles.

She gazed to his left hand which is being blocked by his sleeves, see nothing that is unusual, “Does it still hurt?”

“Doesn’t hurt anymore. It has been healed for long time.” He comes closer and stick his face to her, “Do you know? At time when I drank your tea, kinds of scent on your body which makes my body relax after smelling it, at the moment I realized, hugging on you makes me drowsy and want to sleep, you have no idea how happy I am.”

That kind of happiness no word could describe since then, he feels like

he is been born again, or like finding the most valuable treasure, searching without ending but accidentally found it. Now he understands the original treasure actually really easy to obtain.

“Zhu Yu, you should stay beside me always company me sleep, won't you?” he murmured softly, his eyes was actually hazy. The way he spoke once sounding like a commanded, once sounded expecting and last beseech.

This... how can she agree! Chu Zhu Yu wanted to refuse. But, looking at his eyes, no words came out from her mouth...

General Chapter 6

In this chapter we still see some funny scenes even not as funny as the before chapters. But, this chapter is showing Chu Zhu Yu trying to find more about “the man in black cloth” that every night visiting her, hugging her and “humiliate” in sweet way

Zhu Yu is growing affection to Xiao Zhi even she still complaining every act of Xiao Zhi.

No matter how Xiao Zhi annoyed her, she still obediently follow his “order”

Chapter 6 Not an Imperial Guard

The first time he slept was sleeping, the second time also sleeping, slept till the third and the fourth time still sleeping.

He slept till Chu Zhu Yu body got numb. The person only hugged on her to sleep, never did something weird to her.

Because of that, she pities on him.

That time, because he really want to sleep he even broke his hand she sympathize him. The easy things that ordinary people can do he hardly does it and need so complicated way to do it. A very good hand he just broke it, didn't it hurt?

If only the simple thing such as hugging her would make him sleep, so why should she be so stubborn.

Of course, she needs the guarantee she doesn't want him to acupuncture her, since being acupuncture left her very uncomfortable feeling.

Accepting her fate, Chu Zhu Yu didn't make any refusal.

So, she asked : "Jue Qing, do you have father and mother in your family?"

"No."

"Siblings (elder/younger-brother/sister)?"

"No, I don't have. I only have my Shi Fu (sensei), does he count as family?"

Hah? Is he an orphan? "Do you ever have thought being someones son-in-law, who is married into the girls family?"

His hand is holding the beads, "I never had thought to get married."

"..." Chu Zhu Yu speechless, even the man who is "the closest" one to her, couldn't be recruit by her if there is an opportunity to bear the baby it

really a good thing. He is someone good looking the child must be beautiful too. Without realizing, she is thinking of the appearance of the baby, possibility if she got pregnant with him.

Compared to the folk about being cruel, ferocious and brutal that could break bones general, he is the safest and best candidate.

But unfortunately everyday he gets in and out of her room, every night hugging onto her for sleeping and wearing cloth.

Even his head moved to her breast, even he sleeps so close to her to smell her tea scent, but there no more intimate act.

Shortly to say, from the start till now at least Chu Zhu Yu is still virgin.

And when she acted alike the prostitutes blinking and winking her eyes, his facial expression looks dumbfound: “Zhu Yu, does your eye not feel comfortable?”

“.....” please, she is trying to seduce, can’t you tell?

From that moment, Chu Zhu Yu has given up she is just thinking to heal Jue Qing’s insomnia sickness and she could get her freedom earlier.

Lazily opened her eyes, the sun shines through her window.

Slowly the sun rises as maid she needs to wake up early, she tried to move up.

A lean arm pressed against her waist, doesn’t let her to raise or even move. Chu Zhu Yu heavily sighed, outstretched her hand from blanket intended to remove that arm.

She pushed!

That arm didn’t move.

She pushed again!

That arm still pressed on her waist.

Chu Zhu Yu put all her energy to pull until her face red, both of her hand grabbing to his hand, but his hand...

“What’s going on?” soft silk voice, He spoke close to her ear.

Once she released turning her head she saw beautiful face in front of her.

Xiao Zhi is lying at one side of bed his black hair messed, because he moves a lot while sleeping, his clothes opened slightly exposing his chest which is so seducing, his lazy facial features, pale lips, his awake with misty looks makes Chu Zhu Yu blood as if going up to her head she quickly turns away.

This kind of man, born to destroy women.

Her ear turned red and she grabbed a pillow to press onto his face “It’s already morning, wake up!”

“Can’t I sleep for a while?” he lifts his head while asking her.

Xiao Zhi stroke his nose and finally removed his hand from her waist, “Zhu Yu, you really different compare to others girl.”

“And then the next line, you want to say that hugging me is extremely soft?” she rolled her eyes, “You have said this sentences so many times, don’t remind me how fat I am.”

“You are not fat.” he said seriously.

“So, why do you often say I am so soft?”

“I don’t like thin girl.” He thinks for while, “I like someone like you, more meat it is so comfortable when huging.”

“.....” it still mean she fat, is there any differences? It seems no.

Chu Zhu Yu is lazy to think about this topic, she moves her body up tidied her bed. While Xiao Zhi walking toward to the only mirror in the room, taking comb and combing his hair.

After Chu Zhu Yu finished tidying the bed, got back to the room and after washing her face looked at him still “fighting” with his hair.

“wkwkwk!” she laughing hardly, “There is no one who combs the hair like you!” he is so clumsy when combing his hair.

When Xiao Zhi looked at Chu Zhu Yu naturally he gives the comb to her.

“Comb hair.” These two words were very simple and explicitly described his intention.

She rolled her eyes, “Are you really an imperial guard? Why can’t you even comb your own hair?”

“Who is an imperial guard?” he asked her back.

“Every day you wearing black cloth, aren’t you an imperial guard or are you a monk?” but she never saw a monk who is sleeping while hugging women.

Xiao Zhi doesn’t speak anything, he just sitting in front of a low stool waiting for Chu Zhu Yu to comb his hair.

With single hand she held the comb and the other hand covered by his hair.

Her palm touching his soft hair, indeed beyond her expectation. Never expect that a man would have kind of soft, silk, smooth hair.

Slowly and carefully she combed his messy hair, until all his black hair are neatly combed.

“Oh ya, yesterday when you came in did you put hair pin on your hair?” Chu Zhu Yu asked.

“I don’t know. It might somewhere near the bed.” Xiao Zhi laughed.

Chu Zhu Yu searching near her bed for while, finally she found the jade hair pin lying under the bed.

The jade hair pin had a very simple design she can’t help but she say with lower voice, since when the imperial guard has this kind of good it is hair pin made from jade. She spoke to herself, Chu Zhu Yu stick the jade hair pin in Xiao Zhi’s hair.

The jade hair pin with his long black hair looks very contrast. When he woke up he looked lazy messy but now after his hair combed he is absolutely a beautiful man.

My God! She uses absolutely beautiful man these words to describe an imperial guard she must be muddled, Chu Zhu Yu quickly combed his hair

and glanced at him who gives odd looking expression at her as if waiting for something.

“Is there any matter?” in other words why is he still here?

“Washing face and rinse the mouth.” His eyes glanced at the side where the washing water is.

Chu Zhu Yu wanted to shout at the sky! Did she come to general residence to serve an imperial guard?

General Chapter 7

This chapter would talking more about the politic issues so there won't be "interaction" between our two leads. Even though this chapter doesn't talk about Chu Zhu Yu "daily intimate acts" with our general but this chapter is related to the future "love rival" for Chu Zhu Yu.

I hope you enjoy this chapter...

Chapter 7 The Seventh Prince Comes

to Visit

Xiao Ren has been working for many years in General Residence, it's really surprisingly to see the general in good mood for straight four days in row.

These days at night the general will go missing but at the second day early in the morning they will see the general walking out from his own room, so he wasn't as worried as few days ago when he was panicking to search for him.

Respectfully handing off the invitation card to Xiao Zhi, Xiao Ren lowered his head his eyes carefully observing his master's expression.

After seeing Xiao Zhi read the invitation card, his face didn't show any expression.

The person who sent the invitation card was from the court, Seventh Prince. Even the Emperor has chosen his crown prince, but this crown prince has very soft character even if he is one capable and wise person but in the palace court he doesn't have someone strong to back up, therefore there are several princes preparing to take over and this Seventh Prince is the among princes who has ambition to take the crown prince position.

Seventh Prince in palace court is one of pity friend of Xiao Zhi.

"Xiao Ren, prepare the horse carriage." Xiao Zhi folded the invitation card, while ordering Xiao Ren.

"Yes." Xiao Ren obedient to the order, quickly went to prepare.

At the second day, Xiao Zhi was about to have dinner but the coming of Seventh Prince was surprised him. He just to check whether this, Xiao Zhi would volatile or not, since his action is well-known in the palace court. Even the two of them count as best friend, but thinking to pull him to his side isn't easy.

Xiao xiong (brother Xiao)" Seventh Prince greeted.

"Seventh Prince." Xiao Zhi politely replied.

After Seventh Prince greeted Xiao Zhi, he sat down and laughed : “As I heard, recently brother Xiao likes to drink tea, so I would like to invite you to tea house for drinking tea.” The Seventh Prince paused as he tried to hit his interest, “This tea house is one of the well-known in the center of Luo Yang city, but as my understanding of brother Xiao, I think you might never went to this tea house.”

That two of them had known each other for more than one or two years, so what type Xiao Zhi temperament has, Seventh Prince knows well. This is a kind of place where the scholars gathered, even though Xiao Zhi wants to come he is lazy to see the crowd.

“Really never went before.” Xiao Zhi calmly said.

The tea house master brings out the best tea set, in front of the Seventh Prince and Xiao Zhi brewed the tea.

This kind of movement while brewing tea Xiao zhi has been seen many times from Chu Zhu Yu, clearly it’s exactly same movement, but he doesn’t think this person knew Chu Zhu Yu. His eyebrow slightly frowned he stared the Master Shi Fu (sensei) who is brewing tea.

Once the Seventh Prince saw Xiao Zhi expression, he hurried asked : “ Is there anything wrong?”

Xiao Zhi pondered but did not answer, the Seventh Prince smelled the scent of tea suddenly come to understand, “ I seem to be forget, Brother Xiao likes to drink Jun Shan Yin Zhen tea.”

After he spoke, Seventh Prince gave a glance to the brewing tea Shi Fu. “ Quickly change the tea to Jun Shan Yin Zhen.”

“Yes, yes, this lowly will quickly change the tea.”After repeatedly bowing his whole body is sweating. If he was not carefully and pissed off these people just by waving hands these people could take his life.

The brewing tea Master prepared and removed the tea, but Xiao Zhi said : “Doesn’t need to discard, drinking won’t give any harm.”

Since the other party said so, the Seventh Prince also not persistent in giving the face. The lowly servant immediately poured the tea in front of Xiao Zhi.

His slender finger picked up the tea cup, Xiao Zhi lower his head to see the yellowish apricot color of tea, the fresh scent of the tea ooze filled his nose.

“What type of tea is it?” He asked.

“Replied to general, this is Bai Hao Yin Zhen tea, this is the form of Jian Zhen tea, because of the white color it called Bao Hao tea. It could refresh the stomach, and gives cooling down effect after taking alcohol.”

Xiao Zhi placed the lid closer to his mouth gently sipping the tea, it is good tea. This Bai Hao Yin Zhen tea had ever been brewed by Chu Zhu Yu for him. He drinks the tea while he is mumble telling himself how difficult and expensive this tea is. Once he sees that rounded face servant was looking afraid, his lip corner lifts and he smiles.

The Seventh Prince looked at the hidden smile of Xiao Zhi, naturally he also gives a smile, giving big reward to the tea Master.

They drinking the tea while discuss the current situation.

Seventh Prince suddenly said : Brother Xiao, do you know what’s the reason I am asking you out?”

“Ng...” Xiao Zhi moving his tea cup, only sneezing. Tea house has been booked by the Seventh Prince, only left with few people who are Seventh Prince confidants. In here he can speak anything, no need to worry about things being leaked out.

Seventh Prince smiled, by using his fingers with the water of tea, he wrote word on the top of the table, a “power”.

Xiao Zhi glanced to the word, asking to the Seventh Prince “Do you want?”

“Of course I want. Which prince don’t want the crown prince position?” since he was little he had desire for power, he only wanted to be stronger than others. The situation right now is that the abolishment of the crown prince is permanent it is going to be sooner or later, if the crown price isn’t abolished and the king passes away, as in fear before the crown prince sit on the thrown he might get killed.

Xiao Zhi didn’t say anything, he was only lazily sitting on his chair pinching the

beads on his hand, just letting the time pass.

After a moment, finally the Seventh Prince opened his mouth : “ Based on brother Xiao character, if you don’t have any interest, you won’t interfere on something but you should remember old saying, the people will not bear the sin but the status will.”

Xiao Zhi raised his eyebrow.

Then the Seventh Prince raised his finger and stain it with the tea, writing another word on the table, “army”.

Those who have 1/3 military are able to fight for the throne and also with that much military force, very small possibility to lose.

Xiao Zhi still has the same expression, he is still pinching his beads. After a stick of incense burned out, suddenly he raised his body up, “Time is getting late, I should go back to my residence.”

The Seventh Prince understood, he didn’t stop him, but he only glanced at the cup of tea in the table, “Brother Xiao, does the tea really tastes bad?” before watching him drink the tea, his lips showed smiling gesture but not sure why he only take a sip of tea.

“No one can brew tea better than that person.” He exposed his smile. The Seventh Prince got confused.

After that body’s shadow disappeared in front him, Seventh Prince turned his head and spoke to his guard : “Today, General Xiao Zhi smiled twice?”

“Yes. Two times.” Seventh Prince guard replied.

“Are you sure?”

“Yes, I am so sure.”

Is there anything good happening to Xiao Zhi that Seventh Prince didn’t know? No wonder what Seventh Prince was thinking of it.

Chapter 8 Going Out From The Residence

Part 1 (One)

Wearing very simple cloth combing the hair with very simple braid, taking the opportunity when the general residence not really guarded because afternoon-break, Chu Zhu Yu was sneaking out from the general residence through back door.

Her hands carefully opened the knob of the door, at the time she ready to go out, suddenly a very familiar voice called her....

“What are you doing?”

Chu Zhu Yu body stiffen slowly turn her head it turns out to be the person who come every night to her room and sleep in her bed.

“Aren’t you imperial guard? Why are you here?” She furiously glared at him after she asking him.

Xiao Zhi hands rounded in the center of his chest very calmly he looked at Chu Zhu Yu.

Being looked at for some time she winked her eyes desperately because she feels guilty. Standing too long in here they will be found out by people. Until the time, even she wants to stay it will difficult. Once she thinks about it, she uses very soft voice, “I tell you something but you should swear you won’t say it to anyone.”

“Okay.” He agreed.

Chu Zhu Yu moved so close to Xiao Zhi until her face was an inch away from him, she spoke with very low and soft voice : “ I want to go out.”

Because of her close distance her breath was reaching him he feels the air turn to be hot near his ear. It’s a strange feeling, a sense of numb.

“Where are you going?”

“To Avalokitesvara temple.” She spoke softly, looking at his clueless expression, she tries to explain : “Today is the Avalokitesvara birthday, I... anyhow, I am Buddhist devotee, naturally I need to go for praying.”

After she spoke, she touched him “You can’t say to anyone.” She looked at Xiao Zhi.

He thought for a moment and said : “Okay, but...”

“But what?”

“I also want to go.”

What, OMG!

Even after the two person walking in the street, Chu Zhu Yu haven’t finished murmuring, why did the imperial guard job seems to be so relax? Very easy to sneak out? Once she thinks again of the hardship she goes through for slipping out in this afternoon, she had to finish all the job at the morning and bribe some maids, to show how she really is persistent to go out.

At the bustling street of Luo Yang, Chu Zhu Yu is finally relieved she has been in general residence for days during the time she lived in her house she told her father that she went to buy tea leaves. From here walking to two more street that’s her tea house, if there was no person standing next to her she really wants to see her tea house.

“What are you thinking?” Xiao Zhi asking Chu Zhu Yu because she seems not focus. Just now, her face shown little sadness expression he dislikes to see her with that kind of expression. He likes to see her laughing expression.

“No, nothing.” She shook her head. They stopped the horse carriage in front of the temple.

This avalokitesvara temple is filled with stick of incense that being burned non-stop, it’s so crowded. Chu Zhu Yu pulling Xiao Zhi and penetrate his body stays close to her, alike the tea time. They haven’t even gotten close to the temple’s door Chu Zhu Yu is already sweating all over her body.

“Extremely tired. Never thought there will this many people.” She wiped her sweat. She was surprised to see the person next to her, has no changes, the

breath is stable, his forehead has not even one bead of sweat, “How come you’re not sweating?”

“Is it weird?” he even asked.

This... perhaps everybody has different body types, Chu Zhu Yu is staring at people who are forcing one another in order to enter the temple desperately said : “ So many people, don’t know how long we will have to wait to enter the temple.”

“Do you really want to enter?” he bent down and looked at her.

“Of course. Coming here to pray to Avalokitesvara, not entering how is it called praying ah~?” moreover today is the birthday of Avalokitesvara as folk said, during this time praying to Avalokitesvara is the best time. Once she thinks, suddenly Chu Zhu Yu cheek turned red.

“If you want to get in, actually it’s so easy.” He said.

“Easy?”

“Right, just like this.” Xiao Zhi illustrated, he straightened up his body walking to the crowd.

Chu Zhu Yu is blinking her eyes her mouth opens wider and wider. That black shadow moves as fast as wind very simply passing over the crowd till he reached the temple door, those people suddenly stopped moving as if their body was set up.

It wasn’t set up! But they were acupunctured by him.

Then she saw him standing right in front the temple door waving to her and said : “Now it’s easier for you to enter the temple.”

This is not about easy or not easy to enter the temple, but...Chu Zhu Yu is being slander by those who were acupunctured by Xiao Zhi. Suddenly she realized her understanding to Jue Qing (aka Xiao Zhi) is too little. “You faster release their acupuncture point!” she said when she arrived in front.

“Really want to release?”

“Of course, If you don’t release it, there will be a big accommodation!” thinking about hundred of people standing in front of the temple without

moving, it will attract the officer's to come.

“So what?” he doesn't seem to care.

“Whatever it is you should release the acupuncture point of these people.” She angrily stared him.

“Are you angry?” he glanced at her and got confused.

Chu Zhu Yu uses her energy and nodding her head.

“I did as you asked for, why you angry?” she wants to enter faster to the temple, so he acupunctured all of the people in order to make her easier to enter the temple, so she doesn't need to jostle with the people, but why doesn't she show any happy expression as he expected?

chapter 8.2

I really did it!

I finished the part 2 of chapter 8

At the time you guys reading this Translation, I might having ~~late-lunch~~ +Dinner in one package

The second part of the chapter 8 will about how Zhu Yu “educate” our general how to use his martial art in proper and good way. and Zhu Yu wishes to Avalokitesvara that heard by Xiao Zhi and makes our general asking “why”, “what” and “who”....

From this chapter eight part two to the rest chapters, it clearly that general mood is heavily affected by how Zhu Yu acts, Zhu Yu say and even Zhu Yu mood might cause the general mood worse than the ladies “monthly friend”, ahahahaahahah

Chapter 8 Going Out From The Residence

Part 2 (Two)

“Martial art isn’t suppose to be used like this!” Chu Zhu Yu is planning to “educate” him slowly. So, in future he won’t do such things. “Your martial art perhaps are very good, but you can’t use your martial art for your selfishness and hurt others.” Even... he did it for her.

Xiao Zhi lower his head and looked closely at Chu Zhu Yu “educating” expression. So far there is no one who dares to speak like that to him, maybe they see him as someone scary, who could determine people lives by waving his hand. That’s why most of the time people are afraid of him or very timid in front of him.

In this world people who are not scare of him are really really few.

Never thought she is one of those few. Zhu Yu, his precious treasure....

“I like the way you told me.” He abruptly said.

“Hah?” Chu Zhu Yu stunned, she spoke for such long time but he only replied her that way without any repentance.

“You aren’t afraid of me, very good.” His finger tips gently cross her cheek.

While she is dumbstruck standing, his finger tip crossed her cheek, her face felt kind of “hot” and turned red.

Although, Xiao Zhi didn’t spend much time to release the acupuncture point of those people, but they are so furious after being released, that’s why Chu Zhu Yu pulled Xiao Zhi inside of the temple.

Luckily people inside the temple didn’t know what happen outside the temple, so both of them safely prayed in front of avalokitesvara.

The sculpture of the avalokitesvara was very peaceful standing in the altar, even if it was ruckus outside but Avalokitesvara (goddess of mercy) please help him (her) to maintain the equanimity.

Kind, dignified, elegant, only these words can describe Avalokitesvara, her smiling face could get rid the suffering of the world.

Chu Zhu Yu loosened her clutch on Xiao Zhi's hand, reverently kneeling in front of the Avalokitesvara, she said : "Zhu Yu female Buddhist devotee, pleading to the merciful Avalokitesvara to give me a baby, I will take the responsible to be the parent as mother and father, will be teaching good..." a child, only one child, a child who will follow her surname, on that way, her tea house will be protected, father also can retire early.

After praying, she burned incense stick and finally walked out of the temple with Xiao Zhi.

Going out from Avalokitesvara temple, Chu Zhu Yu was thinking the fastest way how she can pregnant while Xiao Zhi face looked so gloomy.

He looked askance with gloomy facial toward her, suddenly asked her : "You came to the temple, to ask for a child?"

"Ah!" Chu Zhu Yu shocked, at the moment her mind blank and then she said : "You were eavesdropping on my conversation with Avalokitesvara?"

"No."

"So, how could you know?"

"I learned martial art." He replied. His hearing ability is sharper compare to the ordinary people.

Chu Zhu Yu biting her lip, "So whatever you heard, you shouldn't tell anyone." After all she is girl who hasn't been married. But carefully re-thinking, if she really had a baby with stranger, she won't be afraid of marring anyone.

Talking about marriage, talking about husband, she never thought about it. Every time when she was still in tea house hearing people talk about those romance books, she would be very interested to listen, But... can she really marry?

Big uncle and Tang Ge (brother cousin) came to make ruckus at house, makes her no choice but urgently finding a man who wants marry into her family, on her way to find the suitable candidate, she never even thought this plan is it

good or bad plan.

Unmarried, how many people will understand this. Perhaps, when the time she is pregnant, she could say to everyone that the child father is someone she encountered when visiting the tea field, they were rushing the marriage and the bandit killed her husband so she only could escape and bring the child to Luo Yang. This reason is still understandable by people. After all the court isn't stable now days, either rebellion or bandits are intrusion inside and outside.

Chu Zhu Yu looked gloomy and Xiao Zhi voice out: "What are you thinking of? Say!"

He used the commander intonation, she furrowed her eyebrow, "I think I don't need to tell you what I am thinking."

"Are you thinking about the child's father?" he controlled himself, almost hugging her entire body. He really hated her idea about that matter, if he could control the time he wants her to only think about him, all about him!

Since when did he desires such thing? He doesn't know. But he understands, even if he can control this desire, he won't control.

Chu Zhu Yu avoided his sight. To say to some extent, what she said earlier the truth is related to the baby and the baby's father.

"I won't let it!" his nose breath thicken.

"Hey, based on what you won't let me ah~?" she only about to argue to him, suddenly from far away she saw someones back, quickly she shrink back to his arms.

Walking slowly from the front, it's really Chu Zhu Yu's Tang Ge (brother cousin)Chu Mu Cai and his foxy doggy friends.

On the standing direction, Chu Mu Cai seem sees Chu Zhu Yu but he doubts.

"Brother Chu, anything wrong?" one of his friend asked.

"I thought I saw my Tang Mei (sister cousin)." Said Chu Mu Cai, just now when he passed the high posture man, he seems to have seen a girl who looked alike his Tang Mei being hugged, her face really similar to Chu Zhu Yu.

"Your Tang Mei, didn't she go to Yan Zhou for tea?"

“It might say so, but...” Chu Mu Cai decided to observe the girl whether she is Chu Zhu Yu or not. He decided to look once more the girl face.

Chu Zhu Yu lowered her head, hearing their foot step coming near, her heart secretly crying.

“Jue.. Jue Qing.” She softly calling Xiao Zhi.

“Hah?”

“When you are hugging me, somehow don’t let those people see my face.” Her hand hugging onto his waist while her head down to his chest, her cheek tightly pressed into his black cloth.

His heart suddenly beating hard, feeling her body aroma coming out, he smells her scent.

Xiao Zhi hands are on her shoulder slightly lifting her jaw, his nose gently rubbing on her hair to smell her scent.

Chu Zhu Yu face is turning red. But she doesn’t seem care about this thing anymore.

“Lady, I am Luo Yang Chu Mu Cai, your appearance seems resemble to someone I know, don’t know whether my lady, could show me your face?” Asked Chu Mu Cai.

Chu Zhu Yu who was hugged by Xiao Zhi was shaking her head, it makes Chu Mu Cai more suspicious, “This lady, please...”

“Scram!” calm voice from Xiao Zhi with high tone, Chu Mu Cai just realized the man who hugged the girl.

This look made his eyes wider. These eyes, this temperament, as long as his eye sight isn’t poor, there is only one person who has all these things!

Suddenly his throat swallowing the saliva, Chu Mu Cai stupidly looking at Xiao Zhi for moment, while sweating he opened his mouth : “Xiao...”

“Scram. Don’t make me to repeat once again.” Xiao Zhi seems to be displeased.

“Yes, yes, yes, this lowly will be gone.” Chu Mu Cai hating himself why he didn’t

carefully look. The well known general who dislikes women at this time hugging a girl, this will be a big news while he accidentally hits on this general. If makes this general unhappy, he might lose his head.

The Chu Mu Cai scrambled so fast while the other side Chu Zu Yu is still has doubt because of her Tang Ge (brother cousin) as long as the other party is fiercer he will scam away as fast as he could.

The fact was she even didn't know the real truth and reason, what her Tang Ge was afraid of....

General chapter 9

The naive general isn't care of his image and directly asking his subordinate opinion about "relationship" topic. while his subordinate are busying to think about country matter and discussing about their military plan for stabilize the rebellion.

The unlucky man was Liu Shan because the general was asking his opinion and waiting Liu Shan to give him a satisfied answer. Liu Shan really clueless about his general but still try his best to please his "possessive-childish, high and mighty" general.

This chapter is talking about how childish and possessive our general toward Zhu Yu, he even put Zhu Yu as his top priority above all things even he doesn't care about the emperor edict.

Chapter 9 Over Bearing

If there are people who exclusively saw Xiao Zhi, they will not believe this kind of elegant and cold man who is also the general who leads the troops to fight in battle field. The genius in military, marching line up, and the well-prepared and obtain high martial art skill. This kind of man, he really beyond the deification, deify till a soldier like Liu Shan not able to think about it, his great general could fall in love with such type of girl. So, when Xiao Zhi asking him : “You say, if a girl is thinking of wanting to have a baby, what does she mean?”

Liu Shan felt suddenly there was something stuck in his throat, while those thousands of soldiers behind him seems to have been choking too.

That time they were discussing about the bandits in Chong Zhou province but who knows once this general opened his mouth he spoke out this kind of words.

Liu Shan face seems pale and famished he didn't know how to answer he just lowering his head but this big general was surely waiting for his answer.

“This... let this lowly carefully to think about it.” He stammered giving the answer.

“It's true. It really needs time carefully to think about it.” Xiao Zi said while his hand grabbed the bead which in table, and spreading straight on his knees.

“General, didn't we come today to discuss about the bandits who are causing trouble in Cong Zhou province?” Liu Shan panicky asking. His majesty has made the imperial edict a month later big general will stabilize the Cong Zhou situation and swept the rebellion if not discussing how to solve the problem now the consequences will be disastrous.

“The bandits of Cong Zhou, only fifty thousand soldiers are enough to make the area stable.” Xiao Zhi said by nodding his head.

“ Fifty thousand? isn't that too little?” Liu Shan did not understand his general while the rest of lower rank general are also shouting in one voice.

“Fifty thousand is more than enough, the rest let me handle it.”

If the general has already said, the rest of the lower general couldn't say anything more, with Liu Shan they are awkwardly withdrawn and are starting to discuss what is going on with their big general.

The army people are mostly of rough fellows but this general's manner is an issue to discuss, because being afraid sometimes would be more important than the war.

One of the lower rank general walked near to Liu Shan, "Liu military officer you say did our general falls in love with which family of lady, and that lady wants to bear general child?"

Once Liu Shan heard this he thought about it reasonably and combined with all of others views, rushed in front of the general and he said : "General, if a girl wanted to bear the child of a man it means that she wants to continue the man's family line." After he spoke, general's hand were closed as the scriptures that he has been read for half.

"And then?"

"That girl absolutely loves that man deeply." After Liu Shan finished, it didn't even make Xiao Zhi expression happy but his face turn to be so gloomy.

"Deeply in love?" Xiao Zhi made a fist from his left hand and rolled up the Confucian book, and wrinkled all the pages.

Liu Shan swallow his saliva he was shocked did he make a wrong guess?

"So come to speak of Zhu Yu has someone she madly in love?" very cold voice, and a very low voice as if it is deliberately suppressed.

Liu Shan was standing dumbfounded he has never once seen this kind of expression of his general, angry, resentment, hesitated... to the extend, he is jealous!

Who was Zhu Yu, that general was talking about? A person that makes the general show this kind of infected expression, a person who has hard character.

While he seriously thought about it, he heard the sound of something falling. Liu Shan raised his head and saw that book which originally held by Xiao Zhi has been squeezing into powdery.

In his mind he is not familiar with that kind of thing moreover he doesn't understand what kind of things makes his general to have such emotions.

She is deeply in love with that man... is it the child she means? Who? Who is that man? He crazily wants to know, repressed the anger and resentment in his chest that he never been had before.

Even when he was young he was surrounded by many enemies which sized three times than his troops in battle field, even when he was be betrayed by his own men before he didn't ever get angry just like now.

But now he even possesses this kind of anger and resentment emotion. All his body is filled with the boiling blood feeling, it's more than the feeling of wanting to kill other people brutally.

Step by step he walked into the familiar room, slowly kicking the door open.

While the person who is lying on the bed is sleeping soundly, he had a feeling wanting to burst out something. Without him of course she could sleep soundly and at ease while he can't without her. If she doesn't company him he is not able to sleep.

He sat at the edge of the bed Xiao Zhi is staring at Chu Zhu Yu sleeping face, he raised his finger and strokes her cheek.

The cold touched made her moan, while shaking her head to throw off the cold feeling.

Slowly he his finger shifting to her nape. The soft silk nape across the skin he can feel the flow of the blood under that skin. She is so gentle and demure only with his little physical strength, she might no longer exist.

"So cold." Chu Zhu Yu muttered while sleeping her eyes are closed. A pair of cold hand touching her even holding her tighter.

She is sharp person immediately wakes up. Blinking few times her eyes not yet fully opened, Chu Zhu Yu looking at the person who standing right in front of her, "Why you come so late, I think you won't come tonight."

Her voice sounded as if she is making a complain, but this simple words even

confused him, stunned him and make him speechless.

“You... waiting for me?” the anger that first time he wanted to burst out suddenly change to the soften mood, the tangled anger mood finally released.

“Come on, get in bed. Outside is so cold.” She patted the empty space in her bed.

Xiao Zhi lying on the bed and stubbornly asking : “Are you waiting me?”

“Yes, yes, waiting for you, I waited till I was drowsy and I fell asleep.”

“I like you waiting for me.” He tightly grabbing on her wrist, “I don’t care who the man is since today you are only allowed to wait for me, not allowed to wait other man.”

“What a man?” she confusedly asking. The wind blowing outside got colder, she quickly wanted to get into her bed and sleep.

“The man that you are madly in love.” He grabbed her even tighter “You cannot love another man.” He is acting as if a rare treasure was taken away by others, the general is losing his usual calmness.

“Madly in love? I don’t... ah~” she stroke her nose, and struggled moving his hand away from her wrist, “ Aiya, you let me go a~, being grabbed like this is hurting me!”

“Does it hurt?” he pulled her to come closer to his chest, very possessive. His lips gently touching her finger joints of back of her hand.

Chu Zhu Yu face suddenly turn red the current him is radiating dangerous atmosphere she did not safe and wanted to run away.

But with her strength she is nothing compared to him, while he takes another hand of hers and kissed it, he deliberately suppressed with a deep voice and he remembered to ask : “Can you tell me, whose child do you want to bear?”

Boom!

Chu Zhu Yu face turned redder and her head getting lower,

“You... in the middle of night, how can you come to ask me this matter?”

“I don’t allow!” suddenly he used agitate voice, he let go her wrist but embrace

her waist.

Desperately pulling her into his arm, “You are mine, I don’t allow you to bear any man child, I don’t allow you to fall in love with any man, disallow you to leave me!”

His series of “allow/disallow”, makes her feel faint.

Struggling to move her body, Chu Zhu Yu just want to push down this person in front her, but the person who hugged her is so big, almost embedded in her flesh. She starting to suspect, her waist will be break by him.

“You release your hand first, my waist so much hurt!” she made a fist from her hand and beating up his shoulder.

Xiao Zhi didn’t move he just keep on embracing Chu Zhu Yu in his bosom hoping that she could get into his flesh and blood.

“If you acting this way, I will never want to see you again!” She spoke harshly, she was confused what is going on with him tonight in the middle of the night.

His body was stunned, finally he slowly released his hand little by little letting her off from his embrace, but his pair of hand still holding in her waist, “Do you really want to leave me?”

He stared at her, his eyes showed panic, confused, fear, anxiety, just letting her stay in daze.

Chu Zhu Yu felt her heart being held tight by someone. The current him very similar to the heaven fairy who is falling to the human world and expression of hurt is no ordinary human pain. Actually she wanted to scold him harshly but now she only keeps all in her stomach.

“What’s matter?” she asked. He gives her a sense of sympathy and pity feeling toward him.

“Don’t leave me.” At the moment his voice sounded hoarse. He buried his head into her hair while spreading as if someone was drowning in the water and trying to grab the wood, “ You are someone I hardly found and obtained, I found you, moreover I can’t let you go.”

She is breathing hard patting his shoulder, “I didn’t say that I am leaving.”

“Don’t leave me whatever you want I can give you all.” If she wanted a baby, can he give her one?

“Okay, okay, I won’t, leaving.” She cajoles him as if he is a little child. As she predicted, he is acting like a child who is being afraid of losing his toys, while she is the unlucky toy.

Getting Chu Zhu Yu guarantee, Xiao Zhi ruthless and tyrannical acts slowly by slowly disappeared.

Like usually he started taking off his hair cap, removing his outer robe, and naturally lying beside her, unimaginable, her few words, could disappearing his anxiety. His heart no longer empty like before as if his heart being put inside something and slowly filled fully.

His hands still embracing her waist but this time the strength is not as tight as before but loosen bit.

“Tired?” Chu Zhu Yu looked at Xiao Zhi who eyes half opened.

“Little.” He murmured and closed his eyes. His nose filled with her scent, which actually makes him feel very comfortable.

“So, let sleep.” Chu Zhu Yu pulling the blanket, shares it half to cover Xiao Zhi’s body.

She just hopes after this she can sleep peacefully

General chapter 10

We are in the middle of the Novel now, It means, I still have half to end this translation project. So, far I really enjoy doing this translation that's why I try my best to make daily up date for it.

This chapter ten is about the one of the Emperor daughter, The Tenth Princess who is well known and fame of her beauty and her pride in the palace. She is the favorable princess of the current Emperor and also the love rival for Zhu Yu.

She could be very rude and wicked for obtaining what she wants. Even killed someone...

Chapter 10 The Tenth Princess

Except the sudden strange acting of Xiao Zhi that night, most of time, Chu Zhu Yu didn't feel anything strange. After went through peaceful days, because of his majesty is falling sick, it even makes the Luo Yang city even very quiet.

In general residence, no one dares to breathe heavily, everyone is feeling so anxious.

It has been many times the general get order to enter the palace, even the house keeper of the Xiao residence also get affected, his face gloomy.

Now, in palace.

Xiao Zhi just left the emperor's place, his face has tired complexion. The emperor is getting old, not really healthy, within this year, he has already sick three times, every time he is worse than before.

The entire Luo Yang, every aspect of forces has been prepared, while he, this few days will go to Cong Zhou to suppress the rebellion, at the time comes, what the situation of Luo Yang will be?

"Brother Xiao, how's Fu Huang (his majesty, usually called by the emperor children) sickness?" the seventh prince who had waited outside, once he met Xiao Zhi, he asked.

"The imperial doctor has said, this time, the emperor is fine." Of course, only this time his majesty is safe if another time his sickness relapse, no one knows the ending.

"Brother Xiao will be going to Cong Zhou for suppressing the rebellion, I hope this time leaving, everything will be safe and sound." Said seventh prince, "Actually I want to hold the banquet for you before leaving, but Fu Huang is sick, afraid holding a banquet will lead to be laughing-stock by people."

"Banquet? Don't need, the rebellion in Cong Zhou should be quick fix." Xiao Zhi massage his forehead.

Seventh prince is wondering, he knows that Xiao Zhi is type of person who

does something confidently. Xiao Zhi who is standing in front him is looked so tired, remembered days before the eunuch had made a report. “Brother Xiao these days entered the palace, I heard you hardly get a sleep, how if asking the imperial doctor to examine your health?”

“No need.” He just wanted to see Chu Zhu Yu right now, just wanted to hug her, just wanted to smell her tea scent and her body fragrance. As long as she is in his side, he could sleep soundly.

A foot step coming closer, one of the palace maid walking closer to the two persons, “General Xiao Zhi please wait.”

“What matter?” Xiao Zhi displeased.

“The Tenth Princess wants to see you.” The palace maid bowing.

Tenth princess is one of many princesses who is doting by current emperor, beautiful, her dance and singing are one of the best, obtaining an outstanding talent, even the emperor ever said that, no one can married her except the hero.

Two years ago, the Tenth Princess was falling in love with Xiao Zhi at the first sight. The emperor even thinking to marry both of them but helpless* (the waterside flower pining for love shed petal, while the heartless brook babbles on-unrequited love). During that time, The Zen Master, Hui Wui is one of the most respected person by the palace court officer while Xiao Zhi is his disciple. That time, when Zen Master Wu Hui recommended Xiao Zhi, he was asking the emperor to issue out an imperial edict— get married by his own choice. So, the emperor helplessly couldn’t bestow the marriage, just letting his daughter to use her own strength, pursuing her love.

The Seventh Prince— after he heard what the palace maid said, he understood and laughing, “Think to re-think, my ambitious and proud Huang Mei (the prince’s younger sister), is rushing wanted to meet brother Xiao.”

“Xia Guan (this officer), still have things to do, I afraid can’t attend and fulfilled princess invitation.” Said Xiao Zhi, walking passes the palace maid.

The palace maid stunned, she never thought there will someone who so straight forward to refuse princess invitation, while The Seventh Prince followed him at his back, “Brother Xiao, doesn’t want to go?”

“Why I should go?” Xiao Zhi answered without any expression.

“In this world there are so many man who wants to meet my Huang Mei, but it so difficult, doesn't brother Xiao feels regret?”

“She doesn't even someone I want, so why should I feel regret.” He sneered.

The seventh prince dumbstruck, “ I know that brother Xiao doesn't has any attraction to women, but men in the world should marry and having children, my sister is really in love with brother Xiao, if...”

“It not any longer.” Xiao Zhi cut seventh prince words.

“Ah?”

“I already have someone I want, other than her, I don't need and want anyone.” He is rushing to get home, wanting to see her! Xiao Zhi never knows that he actually has feeling of eagerly desire of somebody.

“Actually,... brother Xiao already has someone.” The Seventh Prince only laughed bitterly, this time, his huang Mei might be irritated so much if found out.

Dignified and beautiful face, a kind of elegant aura that could hook people, this kind of girl is not only beautiful, but more than usual beautiful, at the most she is highly self-confident, She is The Tenth Princess, Dai Rui Qin.

Biting her teeth, she furiously asking the person who kneeling, continuously to the shivering palace maid, “ Xiao Zhi really said so?”

“Yes... General Xiao Zhi said so, he couldn't come.”

“So, didn't you ask him what the matter?”

“This... this lowly didn't dare asking more.”

“Did he say another thing?”

The palace maid took a deep breath, think over and over, re-think, but still there is something that she doubts whether she needs to report or not to her master, “ General Xiao Zhi said, he already has someone in his heart, others that that person, he didn't want anyone.”

Bam!

Only one word, spark off all Dai Rui Qin anger, the delicate jade bracelet which above the table being swept to the ground. Because of that cold person, she even condescend her pride, going to learn how to brew tea. She always thought, base on her face and position, he will ultimately kneeling down to her.

But she never thought that, based on her position as princess, he even hard to invite!

“Who? Who is that girl?” she sterns voice asking, her voice has indescribable ruthless tone.

“That the general said himself.” The palace maid quickly lower her head and touching the cold ground, she afraid of looking the scary and flames up princess.

Dai Rui Qian nail is almost embedded to her hands meat, that pair of beautiful eyes, no longer has the trace of feminine. She is dignified Tenth Princess of the country. Her beauty, her status, let her not recognized the word “cannot obtain”.

He is the Zen Master, Hui Wu discipline, has well-known of his skillful martial art in the world and the genius in military, he has non-stop military achievement, letting her to fall in love with him.

She knows that, this is what she searching for this entire time, a man that match for her. Even they match for marriage-relationship but, it doesn't mean she can obtain him.

She knows that he is someone who doesn't seek pleasure and make merry, so she just waiting, waiting till that one day comes, he still is hers. But no one knows, he never falls in love with her but he loves someone else!

What kind of girl who could make him fall in love with her?

“Go, asking people to investigated who is the girl!” She gave order, while she was in envy.

The most beauty person, once she get jealous, her beauty will slowly dim.

General chapter 11

Anyone miss chapter 11?

ahaahhahaah

I was so busy yesterday preparing and celebrating my mom birthday so I didn't make any up date.

Well, Chapter 11 is the chapter, Chu Zhu Yu finally finds out that the man she meets every night, man who hugged her, who is commanding her, who is acting so childish is the owner and master of the residence where she is working, The famous General of Luo Yang city, Xiao Zhi.

No one could be more audacious in General residence except the owner, himself.

Chapter 11 General?

Tao Jie, why today already so late, Xiao head house keeper is not letting everyone to take a rest? Chu Zhu Yu yawning, while asking to the Tao Jie who is keep watching and guarding the stove with her.

“Today the general is coming home, the head of house keeper and the others are busy to prepare his arrival.” Said Tao Jie, while looking at the small fire in the stove. Now, they are stewing the edible birds nest / Swallow bird nest (Yan Wo), the small fire cannot die out, it should be stew continuously so that it will taste good.

Others than this Yan Wo (the swallow nest soup), there still others delicious food. Then, there are some cooks who are in full battle array, waiting for the general arrives, once the superior instruct, they must ready to do.

While here, the work of Chu Zhu Yu, only looks after this small fire, pay attention to the heat but also do not let the fire die out.

Suddenly, the front yard is in turmoil, Tao Jie popped her head to look around, just seeing one of maid who was hurried running closer.

“What’s matter?” Tao Jie pulled the maid and asked her.

“This general just arrived but after that disappeared.”

“Arrived and disappeared?” Tao Jie wondering.

After the little maid catches her breath, she explained : “ When the general horse carriage arrived at the front door, Xiao head house keeper still heard the general voice from the inside of the carriage, but when the Xiao head house keeper opened the curtain that hanging in the carriage window, he didn’t see the general and he also didn’t know where the general was, he was panicking, asking all the maid-servants looking for the general.”

Once Tao Jie listened to the situation, she was thinking and letting few of the cooks to help looking for the general, while Chu Zhu Yu is remained, remain to

taking care the fire.

When these people went out, the kitchen became empty. Chu Zhu Yu eyes filled with rich and varied foods, only could sigh, same human but different fate.

But, she is also curious where this general could be. Does he being kidnap when he was in the carriage? It impossible, as the folks said this Xiao general is someone who has great martial art, even in this human world, there won't be many that matched him.

In the moment she is thinking hard in her head, suddenly a big hand of someone hugged her. Another second, Chu Zhu Yu has fallen to a broad chest, there is familiar scent that sprayed on the side of her neck.

"Jue Qing," she shouted, although she uncertain, but she sure about his manner speaking.

"ng." he calmly replied, he buried his head on her shoulder. Missed her so much, couldn't hold back not to think her. While she, at the moment saw him, her head was blank, her body was hugging by him. At the moment he hugged her, smell her scent, he really could make himself relax.

"By this few days, did you follow the general entered the palace?" she asked him. On that time when the general was entering the palace, she didn't see him in her room.

"Very tired." He murmured, hugging her tighter.

She struggling to release herself, but he not released so she just said: " You released me first, I want to take look at you."

That big hand finally released her from his bosom, she revolving his body, lifting her head to see his face. A beauty elegant face is looked so exhausted, his corner of eyes dark circle in his eyes deepen and darken a lot.

Very natural, she lifting her hand, softly stroke to his forehead, " This few days, you couldn't sleep?"

"I hardly sleep. Once I arrived, rushing looking for you." When he came to her room, he didn't see her, he uncontrolled and almost wanted to flip her entire room.

“So, how could you find me?” She asking due to her curiosity.

“Your scent.”

“Scent?”

“By following your scent, I come to find you.” Fortunately, she is in residence, how about if she isn't in the residence, even he has a sharp nose, perhaps he won't able to find her. Thinking about it, for once more, Xiao Zhi seriously asking : “Zhu Yu, tell me once again, you will never leaving me.”

Chu Zhu Yu rolled her eyes, this kind of words, she has said so many times.

“Okay, I will never leave you.” Even though knowing this is not kind of comforting, but looking at his eyes, she even not dares to say the truth. Lower her head, she trying to avoid his eyes, tried to change the topic : “ Do you always company the general?”

“Why?”

“I just want to know, does the general is really looks like those folks said, he is one of the beautiful man.”

“You want to meet him?”

Chu Zhu Yu strokes her nose, “Wants la, since I have been in the general residence for about two months as maid. As I heard the Xiao general currently likes to drink the tea, the emperor even rewarded him four liang top grades Jun Shan Yin Zhen tea.” That is one the best of tea, compare to the others Jun Shan Yin Zhen tea in market, his is the best.

Chu Zhu Yu is envy, since it really a top grade tea, she afraid even she impoverish herself for her entire life, still she hard to try it.

“Do you want to drink it?” Xiao Zhi stared Chu Zhu Yu.

“Of course la, but I just wondering.” She swallow her saliva, “ That top grade tea, not anyone can drink it. If secretly drink it, the consequence could be losing head.”

“No one would cut your head.” He very serious said to her, he serious.

She didn't listen to his serious words, just recollect his words, suddenly she heard his stomach “ku ku” voice, “You hungry?” she asked.

“Since afternoon I haven’t eat anything.” Xiao Zhi nodding. If not because this sound wakes him, he seems to be forget that he should eat something. Once he arrived at his residence, he just wanted to fly into her front.

“Why don’t you tell me earlier! If you often hungry like this, your body won’t be able to bear it.” Said Chu Zhu Yu, looking at Xiao Zhi, and looking that few cook who might come to the kitchen.

Hesitated for a moment, she hands out one piece of small cake to him, “Oi, eat this.” She hoping no one will know that the cake is losing one piece.

Xiao Zhi doesn’t stretch his hand but opened his mouth, with the gesture of waiting her for feeding.

She heavily breathing, surrender to her fate that she needs to feed him the cake.

Xiao Zhi bites one bites eating, his pale mouth, stained with the fragment of the cake, actually give a sense of unspeakable sexiness.

Chu Zhu Yu feeling thirsty and the air are getting hotter.

Once he finished one cake, Xiao Zhi, spontaneous taking another cake, put into Chu Zhu Yu hand and “feed me.”

OMG! This guy simply very insatiable, it should secretly eating but he just too open and aboveboard, as if all is naturally.

Think to think, after she feed him the second pieces of cake, “ This is the last piece, later on, you are prohibited to eat all things in here.”

Even though said so, but the moment later, there is a woman voice was coming from the kitchen,—

“How could you take Su Juan (roll up short bread)?”

“.....”

“wei, wei, this Yan Wo takes time to stew it, you can’t deliberately eat it!”

“.....”

“OMG, OMG, if the general knows about this, my head will be cut.”

“He won’t cut your head.”

“You said he won’t cut and he really won’t cut?” Chu Zhu Yu fiercely glaring at Xiao Zhi, she told herself, do not pity on him, absolutely can’t soft hearted, if she let him to continuously eating such way, tomorrow her head will be removed from her body.

“You better go out, later on if Tao Jie and the others come in, I will be in problems.” The most important, She is the one who letting him “secretly eating” the things can’t be repositioned, the more she tries to hide the easier to cover up.

“Be good la, faster go out, or else you go to my room, I will there soon.” She continuously pulling him gets out from the kitchen.

He didn’t move, it means he refused to do so.

At the outside of kitchen, there are footsteps sounds, Chu Zhu Yu panicked. My Lord God, that wouldn’t be Tao Jie and others, right.

Chu Zhu Yu panicked, only could say : “ now, you hiding inside the kitchen, hurried finding some place to hide, or else when you see an opportunity to escape, you also can do so, do you have high martial skill?”

“Are you worried me?” his eyes sparkling.

“You have eat so many things, I think to help you cover up it is already late. But, Tao Jie usually is so nice to me, later on I will find an excuse, see, could I go through the motion or not, anyway, don’t let them to find you.” She said. She goes out the kitchen, she intentionally to unlock the kitchen door.

“aiya, Zhu Yu, why you go out?” as expected, Tao Jie and the others are already in front the door, looked at Chu Zhu Yu busying said : “Didn’t I tell you to look after the fire? Why you go out, if the fire die out, what should I do?”

“Tao Jie, inside here....” Chu Zhu Yu hardly thinking what reason that acceptable, “Just now, there were lots of mice in kitchen.”

“What, Mice?” Tao jie and the others are panicking, just go straightly want to look inside.

Chu Zhu Yu is busying to stop, she is thinking the way to give sometime for Xiao Zhi, “Inside is so mess, I afraid the mice still there, if there lot of people coming

in, the mice might shocked and freely running, how about... a moment we will enter.”

“Zhu Yu, quickly get away from my way!” Tao Jie said, she pushed Chu Zhu Yu aside.

“Right! If there mice inside, we better get inside quicker!”

“Didn’t know those food that prepared for the general, how it is now!”

Few of the cook, panicked and confused, following Tao Jie who gets inside the kitchen.

Inside the kitchen, that person who should be disappeared, but stay still inside the kitchen. In front of many people, didn’t show any panic expression, even naturally standing, while his hand freely eating the Yan Wo.

Chu Zhu Yu heart crying loudly, just feeling all her effort telling lies was wasting.

Xiao Zhi straight forward walking in front of Chu Zhu Yu, putting the Yan Wo on her hand, “feed me.”

At this kind of situation, is it really time to feed Yan Wo? She felt lacking on energy on her body, still laughed bitterly said to Tao Jie : “ Tao Jie, he... he only hungry, so he just ate all the food, he didn’t mean...”

Wait, why Tao Jie expression bit difference? Chu Zhu Yu silently thinking, not only Tao Jie, but all the cooks and people who surrounded, their expression are weird, even their face shown the expression being afraid of something.

Haven’t finished reflecting, she even saw, Tao Jie and rest of others said : “Gen... General, what are you doing in kitchen?”

“What? General?”

Chu Zhu Yu feels his head hurt and wants to faint.

Later on, she even see those people and Tao Jie kneeling in front that man who holding Yan Wo, in harmony said : “Respectful welcome general arrived at residence!”

General chapter 12.1

Shocking Chapter for Zhu Yu after knowing Jue Qing true identity. The legendary general who famous and be afraid of people actually a man that every night come to hug her, a man that she critics if he doing wrong, a man that no ones could guess what his mind thinking and acts.

This Chapter is one of the interesting ones since I never thought the general moves so fast, he wants her so much, he depends on her and to the extend he understand his feeling that why, he won't ever let her go. The best to make her stays, Marry her and makes her as his.

Chapter 12 Marry You

Part 1 (One)

“Are you the general?”

“Yes.”

“Why didn’t you tell me that you are the Xiao General?”

“You didn’t ask me.”

“I did ask about your name! Why did you lie to me, saying that your name was Jue Qing?”

“I didn’t lie to you, Jue Qing is me.”

‘.....’ Chu Zhu Yu speechless, alright, his name is Xiao Zhi while Jue Qing is he, the person, doesn’t it mean that he hiding himself from the beginning!

“Zhu Yu, I am General or not, is it really any differences?” Xiao Zhi looked at Chu Zhu Yu seriously.

He ordered all the servant to retire, this room has been always difficult for people to get in because it is general bed room and now in this room only she and he, two persons inside.

Chu Zhu Yu deeply in hale, “You always wearing the black clothes, makes me misunderstood, thinking you are an imperial guard, you are intentionally not telling me about your status, you just wanted to see me being fooled, didn’t you?” the ridiculous when she was in the kitchen, she even worried him so much.

“Are you angry?” her expression makes him feel uneasy.

“I am only the lowly maid, doesn’t have right to angry with the big General.” She lowered her head, her action and expression exactly similar to the ordinary maid who is talking to her master.

“No!” he grabbed her hands, “I know you are angry. I wore the black clothes

because my childhood reason. Shi Fu and I learn about Buddhism. That's why wearing that kind color of cloth. I admitted, I did have determine to mislead you, it because I was afraid if you know about my status, you will act as same as the others people, afraid of me."

He spoke with panicking tone, spoke near her ear. Her wrist feel little pain because he holding hers, but that pain more because his trembling finger, makes her understand that he actually so nervous. Nervous? He, the big General facing her, how could be nervous? Afraid that when said to others, no one will believe.

"Zhu Yu, don't afraid of me, just acted as before you know me, do you?" he murmured.

She raised her head, as if she is bumping into a pair of watery eyes. His eyes always clear and brilliant. Even though he sometimes cold, sometimes warm, but unexpectedly this person gives her a sense of being covered by ashes, but now, it more like being covered by the Mongolian ashes (thicker than usual).

"I..." she doubted.

"Don't be afraid of me, there are lot people who being afraid of me, being scared of me, but you won't. I like the way you interact with me."

"let it be!" Chu Zhu Yu shaking her head, after all, he only hiding his status, the rest he still the same person. Actually, she should know earlier, because there is no Imperial guard who could wear such Jade hair pin, and no Imperial guard who could ever taste expensive Jun Shan Yin Zhen tea, moreover, this is general residence, other than him, what kind of man will possess that kind of good looking face.

And also the jade prayer bead that he always pinching in his hand, the strange thing was, she never heard people said about general likes to kiss randomly. If she really careful to examine, his truth status has revealed earlier.

But, if at the beginning she knew about his status, does she still treating him in that way? She, herself couldn't find the proper answer. But as it said, didn't she also hiding something to him too? From the beginning she entered the general residence, she has her own purposed.

"In the future, you couldn't lie to me again." She looked directly to his eyes,

she was so easy to forget her status, she spoke with him as the usual.

“Alright!” he smiling, pulling her to his bosom, “Zhu Yu, I want to sleep.”

“You go to sleep by yourself!” that big bed is inside the room, it enough for three four person lying on.

“But, I want to hug on you while sleeping.”

“Cannot.” She refused

“Why can’t I?”

“That time when you hugged on me, no one knew, if now you act at the same way, all the people in general residence will know!” and then, the rumor will spread to the center of Luo Yang city. On the end, she will be bullied as a woman who seducing the General and become his love affair and she will be spat by their saliva.

“And so what?” he raised his eyebrow, restrain himself, he can’t wait to hug her anymore, and takes her to bed.

Wei wei, OMG! The act should that fast ma? Once her body above bed, she busy to escape by crawling down the bed, but as soon, he easily catches her ankle.

“Zhu Yu.” He frowned, “Previously you letting me to hug on you.”

“The situation was different.”

“What the differences?”

“Whatever, it just...” her tender body being fixed into his arm, while only can show her red face,

“Others will talk about me!”

He stopped, his half body has crawled to hers, his fingers gently stroking her hair, his eyebrow frowned deeper, as if he is thinking and considering something.

Her finger stretch her palm wider and pushing him away from her body. She even nagging : “Actually, inside this residence there are many maid who willing hugged by you, if you really need someone...”

Suddenly, Xiao Zhi smiling, “How about I marry you, on that way, no one will

talk about you.”

“You married me?” Chu Zhu Yu stunned.

“ng, marry you, I want to marry you, Zhu Yu, I love you.” His lips covered hers as if suck all the sweetness from her lips. Suddenly his mind being enlightened and become very clear.

That right, he loves her, he wants to marry her, marrying someone that makes him sentimentally attached to the girl. Unconsciously, he starting and searching and desire her more and more in any time, wanting to hear she speaks, wanting to touch her, wanting in her body has his own scent.

Zhu Yu, Zhu Yu, like a pearl, like a jade, she is the one he can't let go, the precious ones of his.

He wants to marry her?

The well-known general Xiao Zhi, the big general of the country, wants to marry Chu Zhu Yu?!

Being afraid, once it spoke out, it would be the biggest joke and laughing stock for people. But she knows that he is serious, because he really speaks very serious.

She enters the general residence, the purpose is for bearing the baby of the general who will use her surname, Chu, so her tea house won't be taken over by her big uncle. Once if general Xiao Zhi really marrying her, as afraid that tea house giving to her big uncle, they won't dare to take it. But,...

chapter 12.2

The second part of the chapter 12 is more about the trivial things about Zhu Yu worries. such as: if Xiao Zhi finds out her initial purposed when entering General residence, worries what kind of attitude he will show her, and in this chapter, Zhu Yu is starting to understand her feeling even not too obvious like Xiao Zhi, admitting he really loves her, he really needs her and he wants her stay with him forever.

in this last part of chapter 12, Xiao Zhi is starting to care about his appearance just because Zhu Yu random words...

Chapter 12 Marry You

Part 2 (Two)

Chu Zhu Yu raised her head, looking at Xiao Zhi pair of clear bright eyes. His pair of eyes is so clear, clear to as if there is no slightly distracting thought. He loves her, but how about her? Does she love him?

Weirdly, she suddenly feel guilty, how if he finds out that she is hiding her status, entering the general residence with “mission”... she not dares to imagine how his expression. Angry? Resentment? Or he will be cold heartless?

No matter which ones, she doesn't want to see it. Chu Zhu Yu not realizing, she started to bite her lips, until Xiao Zhi slender finger pinched her jaw, she stopping bites her lips.

“What are you doing, biting yourself?” Xiao Zhi put down the good cup of tea from his hand.

“No, nothing.” She begin with, she doesn't dare to look at his eyes, “Jue Qing, is there anyone who ever lie to you?” she asked, still like to call him with his person.

“There was.” His hand grabbing the tea cup tightly, as if want to break it.

“So, when you found out before, how you dealing with that person?”

“hum.... According to the army military law, I cut that person head, once I ever broke all that person bones, and once I ever banished the martial art, broke one of the arm.” Xiao Zhi answered after thinking for a while.

Chu Zhu Yu feeling startled and shocked after heard, “But don't you learning about Buddhism? On that way dealing with others... was not really good.”

“Since they dared to betray me, naturally they understood their ends. Talking about Buddhism...” he laughing, “Buddha also can kill people, I learned Buddhist scripture, only to suppress my vicious character, My Shi Fu said I killed too many people, the evil aura would be heavy, if I didn't controlled or suppressed it.

Moreover it would make the world filled with river blood.”

Studying Buddhism... only for this? She stupidly looking at his beautiful face, even though she understands that he is General, in the battle field will kill so many people, however she never could imagine if he could kill too many, with that kind of vicious aura. His aura is more alike scholar rather than a general.

She looked at him too focus, his head turned, “Why you staring me?”

She gained herself, randomly said : “oh, you are so good looking, so I dumbfounded looking at you.”

His face showed happy expression, “Zhu Yu, you think I am that good looking?”

Chu Zhu Yu felt that the person in front of her has a very sparkling eyes, alike clear layer of clouds, “very... good looking.” Suddenly she feels that her throat dry, busying grabbed a cup of tea, “If you don’t have that dark circle under your eyes, it much better.”

“Dark circle...” Xiao Zhi lifting his finger and stroking his eyes slightly, this dark circle appeared since he has insomnia and lack of sleeping. He never matters of it before, but after she said so, makes he even frowned, “Does Zhu Yu dislike it?”

“This kind of mark, makes you look alike someone who has heavy sickness, even you are a general, own skillful martial art, if you letting your subordinate to see your outer appearance which looked alike sick person, I afraid it won’t be too good.” While she spoke she also looked at the tea cup which in her hand, “I get it! I have the solution!”

“Oh?”

“By using the tea water and tea leaves.” Chu Zhu Yu takes out all the tea leaves which remaining inside the tea pot, put all the tea leaves on the table and drained the excess water, and also pulled off the clean cotton.

“What is the usage of these all?” Xiao Zhi oddly asking.

“For you to cleanse your eyes and mask your eyes.” She said while taking a sheet of cotton, makes the cotton into a small ball, then stains the cotton with the tea, said to him : “ bend your waist.”

He did as she said, he bend his body till the same parallel level with her sight,

“Is it enough?”

“It enough, enough.” Then she continued with the second order, “Close your eyes.”

“Alright.” He closed his eyes, his black long eyelashes makes Chu Zhu Yu feel envy. This kind of eye lashes, black, little bit curl, there are lot of girls who dream of having it. Her finger, she curious wants to touch it just to know whether it is real or fake.

Soft eyelashes, seems to have same type with his smooth black hair, her finger touching his eyelashes and she get interested with his eyelashes as if she is playing a new toy.

At the moment, Xiao Zhi suddenly opened his eyes, Chu Zhu Yu hands is awkward hanging in the empty air.

“hm, hm, I only want to see for a while, I only want to see for a while, your eyelashes, is it... ah it kind firm.” Her face turned red.

“oh? The result?” he calmly asked.

“They grow not bad, not easy to fall.” She said more awkwardly, “You, quickly close your eyes, I want to use the tea for cleanse your eyes.” Pursuit of petty pleasures, it seems not tolerable, even she only wants to play with people eyelashes, it just same.

Xiao Zhi once again opened his eyes, this time, Chu Zhu Yu is really honest in her action, pouring the tea water into the cotton and masking to his eyes. From eyelids to the eyes, eyes hole and finally stopped at fundus oculi (lower eyes).

“How is it feel?” she asked?

“It cold little bit.” He answered.

“This method was come from old man who is planting the tea leaves, all the tea leaves are treasure, this tea could be drink, others than drink, tea also can cleanse eyes, and as those remaining after drinking tea are the leaves, later on I will make two bag of tea for masking your eyes.” She keeps using the cotton to cleanse his eyes, while he closed his eyes, “Do you feel your eyes much comfortable?”

“Still okay.”

After that, Chu Zhu Yu asking the head house keeper, Xiao Ren who is not convinced, taking the gauze and needle, making two tea bags, letting Xiao Zhi masking his eyes with those bags.

The big general is so obedient listen to her instruction, while Xiao Ren expression looks as if his jaw will drops down.

“Chu... lady Chu, nothing wrong with the general, right.” Xiao Ren feels that recently he is so easy to be surprised. Since he found out that his matchless big general “depend on” with this maid, Chu Zhu Yu. His shocked and it is increasing daily.

Above all, every night when general wants to sleep, he must hugging on Lady Chu, other times, if general wants to eat, he must be feed by Lady Chu, other time again, he even “carelessly” heard that his general wants to marry Chu Zhu Yu as wife.

“No problems, he only closed his eyes.” Chu Zhu Yu patting her hand.

“So, the general must apply this things everyday to his eyes?” since he speaks to himself, his mouth starting to twitching.

“It seem so.” Till his dark circle vanished.

Suddenly Xiao Ren body shaking, if let others to see this scene, afraid that, the general dignity will end and reach rock bottom.

Chapter 13 You Are Only Belong to Me

Xiao Zhi is starting to clean and mask his eyes every day on time, he really cares with his eyes dark circle, even Xiao Ren sighing, he never know that his general also someone who cares about his “beauty appearance”.

While the first initiator, Chu Zhu Yu, since the first trial has been awarded as “tea’s tribute” by Xiao Zhi.

The top grade Jun Shan Yin Zhen tea ah~, normally if she want to drink it is so difficult, but now the opportunity comes, naturally she should enjoys it.

While Chu Zhu Yu is enjoying her new pleasures, she is not forgetting others people¹, so Xiao Ren and Liu Shan also experiences of tasting the top grade tea too because of Chu Zhu Yu.

“It really good tea.” Liu Shan smells the tea scent, it coveted.

Chu Zhu Yu brewing the tea according to the standard method of brewing tea, after the tea finish brewing, she gives to Liu Shan and Xiao Ren, one cup per person.

Two persons received the tea, Liu Shan said: “As seem, Lady Chu method in brewing tea is very skilled, it really comparable with Tea Master in the tea house.”

“Since I was young at...” tea house brewing tea, luckily isn’t come out from her mouth, she abruptly changes “since I was young I like to see other people brewing tea, so I know some brewing tea master, that’s why I can do it.”

“So how it is. I often hearing the general said the tea which brewing by Lady is taste so good, today experience it, so it really as general said.” While Liu Shan drinking tea, he turned back his head and asking Xiao Ren : “Oh ya, where is general? Why he is not here?”

“This...” Xiao Ren face showing embarrassed expression, doesn’t know how to answer.

“What’s matter? Is something happen to general?” looking Xiao Ren embarrassed expression, Liu Shan startled.

“Nothing, but general is doing treatment to his eyes.”

“What?” Liu Shan hesitated that he heard wrong.

“General is doing treatment to his eyes.” Xiao Ren replied once more.

“Does General hurt his eyes?”

“This.. not, general just wants to dispel his dark circle under his eyes.”

It feels the jaw drop down, since when the general cares with his dark circle? Liu Shan hands shaking, afraid that the tea will fall down.

“Ng, does officer Liu want to meet general?” Chu Zhu Yu who is sitting near him asked.

“Yep, I come to notify the general regarding of the troops that will dispatch to Cong Zhou. The emperor has issued out the imperial edict for general to suppress the rebellion of bandits in Cong Zhou, this few days we are heading to Cong Zhou.”

“You guys... will go to Cong Zhou.” Zhu Chu Yu secretly said to herself, suddenly her heart feels empty. If Xiao Zhi really dispatching the troops to Cong Zhou, it means she will not be able to see him for long time.

Once she thought that she can’t see him, her heart feels so empty, the tea which she holds which actually warm, but suddenly she feels it really cold, drinking it, feels awful.

What happen to her? Why after she heard that Xiao Zhi leaving, this matter makes her feel—getting kind of big hit?

Chu Zhu Yu stupefied staring at the tea cup in her hand, even the next conversation between Liu Shan and Xiao Ren, she doesn’t listen and care anymore.

Her body slightly shaking....perhaps her situation now alike, her body is lying here but her soul is in somewhere else.

Why this bed is not sturdy? Chu Zhu Yu is perplexed thinking, her eyes not fully opened. While her head only thinking the matter of Xiao Zhi who will go to Cong Zhou, to such extent, yesterday she was sleeping late.

Hoam... don't know what time it is, there is also no one who called her up. She thought, her ear seems to hear sound of wheel moving.

Wheel? It seems beside the wheel sound, it also horse footsteps!

"Awake?" one beautiful face show up, it is the general beautiful face.

Chu Zhu Yu gets up, looking four corners, suddenly said: "Why... why I am in horse carriage?" she clearly remembered last night before she slept, she was laying on big bed in general residence.

"We are going to Cong Zhou of course we need to go by horse carriage, or you want to ride the horse?" Xiao Zhi lifting his hand, fixing Zhu Yu messy hair.

"Going to Cong Zhou?!" She startled, "You are the person who going to Cong Zhou but why I am also in the horse carriage?"

"You are going with me." He said, blinking his eyes, "Or else, Zhu Yu not willing to go with me?"

"This... I don't mean like that." this is also means that she doesn't need to be sad or grieve over being separate with him, because he, from the beginning has decided to bring her with him, together. While Chu Zhu Yu feels that her empty heart is filled very full by something, " But, I haven't prepare anything for long distance travel."

"I had told the maid to prepare it, as long the traveling you don't need to worry lacking of things." He looked at her, his customary pulling her into his bosom.

"Oh ya, you are going to Cong Zhou for suppressing the revolt of bandits, will it be dangerous? Will you alright?" suddenly she asked this kind of questions. He is a general, he often goes to the battle field, his whole body certainly has ever injured before!

Once she thinks about it, Chu Zhu Yu face turned white, suddenly propped his body, one of her hand grabbing Xiao Zhi's front collar band... opened out, pulled

down, carefully to examine every inch of his muscle skin.

Half naked upper body, the smooth jade body of muscle has few small scar, the scar won't clearly seen if not careful examine. Still okay, her lips opened and relieved, his body isn't as she thought filled with many scary scars.

Raised head, their eyes meet, at this moment his eyes doesn't have any dark circle, instead of it, his eyes as if having sparkling ignited layers, " Are you worrying me? Zhu Yu." Hoarse voice, even heard so lusting to her, his white cheek, has little pinkish, his strong breath, spread to her face.

"I..." her hand nervously grabbing the front of his collar band. Just realizing what heck she is doing! She even forcedly to opened man cloth, moreover she did it inside the horse carriage! "Cloth... giving back to you."

Chu Zhu Yu helplessly giving back the cloth to Xiao Zhi, he didn't receive it, but he just embraces her into his bosom, warm muscle touching hers.

"Zhu Yu, I like the way you worried about me." That nervous expression, very kawaii, let him helplessly be sentimentally attached to her, "Would you please worry me little more?" in that way he will feel that her cares toward him is incomparably with anything.

Chu Zhu Yu feels that her head in mess. Her breathe and nose is filled all his scent. His face is so close to hers, even she could see herself in his eyes, her helpless expression. Is it really she?

His finger tips gently rubbing her lips, his warm breath made her body tremble in waves. It could be, if it does continue...

Her hands want to push him, but she is firmly held by him, then his lips has pressing to her lips.

"ng..." warm lips, soft but also strong, letting her losing her sanity. Her eyes opened widely, looking at him, the pair of sparkling eyes, once again drowning her.

"Be good, open mouth widely." His hoarse voice whispering on her ear.

She forgetting to think, forgetting the place, obediently opened her mouth.

His tongue crazily entered to her mouth, sweeping her tongue, not letting go.

“My Zhu Yu is only belongs to me.” His lower voice, casual and soft alike net, capturing all her senses.

Love, passion, lust, and others that do not really need to explain to detail since no one could even able describe it clearly.

of War (Mars)” by the folks.

Chapter 14 Misfortune Of Love

The horse carriage has been three days moving, Chu Zhu Yu is lifting the curtain of the horse carriage, looking at outside through the carriage's window and slowly they are getting closer with the City wall. Above the city wall, hanging two words "Chang Ping" not "Cong Zhou".

"Are you sure coming to Chang Ping won't be problem?" Chu Zhu Yu who is sitting inside the horse carriage, asking Xiao Zhi.

"Rebellion, sometime it better to arrive late rather than come early." His hand holding the scripture book, even he has already memorized all the verses of the scripture into his heart. The 50000 soldiers had been sent to Cong Zhou, under Liu officer lead, while his real intention is using three thousands elite soldiers under his command. Not for Cong Zhou, but to pass through Chang Ping, then to Cong Zhou, this purpose is for investigating who is the master mind behind of Cong Zhou rebellion.

Chu Zhu Yu doesn't understand the army or battle field matter, she just excitedly looking outside from the carriage, she non-stop talking : " Later on when we arrive at Chang Ping, I want to go to tea stores and have looking around, the best tea in Chang Ping is black tea, doesn't know this time will encounter what type of good tea...."

"Zhu Yu?" Xiao Zhi closed the scripture book, through Zhu Yu lift the carriage curtain, looking at the outside sky, "Do you want to meet my Shi Fu?"

"Your Shi Fu?" She thinks for moment, he is big general Xiao's Shi Fu, does he — "Do you mean Zen Master Hui Wu?"

"Shi Fu is in the Buddha temple located near in this center of Ping Chang, since we are here, go to visit him is alright."

"I can see Zen Master Hui Wu?" Chu Zhu Yu excited. She excited because the person she wants to meet is the Zen Master Hui Wu who is hard to see even the emperor, himself. Zen Master Hui Wu is retreating so he won't meet anyone.

"Of course you can." He smiles, " Since you are the person I have decided, let

my Shi Fu to meet you is ought to.”

All the way talking, the horse carriage entering Chang Ping city. The second day, Chu Zhu Yu finally meet the most well-known Zen Master who is the life legendary, talked by many people in the world. Amiable – looking, is her first impression. White, a white eyebrow, that pair of kind eyes, filled with the kindness and wisdom. But other than his thin physique, she envisaged no different.

As folks said, Xiao Zhi is one of the Zen Master Hui Wu favorite discipline, they also said, The Zen Master Hui Wu gives all his martial art power to Xiao Zhi, the folks also said, Zen Master Hui Wu doesn't accept any discipline after Xiao Zhi and retreat, this time even harder to find Zen Master Hui Wu compare to the high level Xiao Zhi....

Countless of folks said, finally she able to meet Master Zen Hui Wui because Xiao Zhi relationship with him as Shi Fu and discipline, not because his big general status, but at this moment, a person in front her who is Buddha practitioner, has glaring at her with big small eyes (carefully to observe).

“Is she?” Hui Wu eyes staring at Chu Zhu Yu, looked alike the infinite laser eyes.

“Yes.” Xiao Zhi gives very certain answered.

“Are you decided?”

“Decided.”

“Does she know?” Zen Master Hui Wui still looked at Chu Zhu Yu, as if he doesn't slightest missed or leak out.

“Didn't know.” Xiao Zhi shook his head, Chu Zhu Yu feeling strange. What they are talking, what... she, regarding what.

“Are you sure to let her knows?”

“Absolutely no forever.”

With a firm tone, Zen Master Wu Hui in hale deep breathes, “Jue Qing, I have thing to talk with you privately, coming in.”

Then, he takes the lead entering to the room in the center of temple.

Xiao Zhi gives a signal to Chu Zhu Yu “wait for me a moment”, then he entered the room with his Shi Fu.

Zen Master Hui Wu moves closer to Xiao Zhi when they are in the room, sitting, he said : “since you have made your decision, as your Shi Fu, I couldn’t say much, but as Shi Fu I would like to remind you, in this life, there is always misfortune for people and yours is called as Misfortune in Love. In this world if you never fall in love, you will always safe, but if you fall in love, afraid...”

“Will I die?” Xiao Zhi frowned his eyebrow, but does not show afraid expression. “If in this life time, I can’t get what the most important for me, there is no difference between die.”

“You fall in love with a girl, she might your misfortune, you will die because of her, don’t you regret?” that years, he did pry heaven secret, the prediction turned to be his most favorable discipline biggest misfortune in his lifetime is Love.

“If because of her, I die, I think there is not a problem.”

“If she knows that he is your misfortune, harm you, will she still stay beside you?” Hui Wu as if looking thorough his discipline. He ever thought that his cold character of his discipline won’t ever meeting love barrier. But human just praying while God decided, Not loving doesn’t means can’t love, once fall in love it only goes deeper.

“She won’t never know.” Xiao Zhi holding the prayer bead tightly, one by one. Holding the prayer bead in his hand has been his habit, “Even though she knows, I won’t ever let her go.”

Clearly flowing water sound, this is the normally interior of the Zen, Xiao Zhi stood up, while The Zen Master Hui Wu shutting his eyes and chatting mantras, and the door closed.

Love, this word, some people could obtain but some might never thoroughly understand even for the entire life time.

Either Loving is good or being heartless is good, in this world no one could explain it clearly.

Chu Zhu Yu is standing at outside the room, between the April, the weather still cold, she is slightly shrink her body, rubbing her hand each other to create warmth.

Suddenly, he saw Xiao Zhi walking out from the room, but she didn't saw The Zen Master Hui Wu, "What's happen, Why The Zen Master Hui Wu doesn't come out with you..."

Another moment, her body is hugged and being warm inside his bosom, his strong arm tightly rein her body as if broke her bones, he hugged her to the point she can't breathe.

"It uncomfortable, don't hug me this tight, I can't breathe." She protested.

He, as if reminding her scent, just hugging her tightly, on her ear, he continuously said: "I won't let go, whatever will happen I won't let go!"

"What happen? You faster released me?" His sudden acted makes her feel insecurity.

His body stiff, slowly raised his head, staring at her "Zhu Yu, in this life, I won't let you go."

Perhaps his eyes glance too serious, his earnest expression, she said : "I don't understand, my appearance is so average, can't do martial art, maybe the only skill I have, brewing tea, that's all."

"I also don't know, the beginning, it was your tea scent that fascinated me, then tea that you brewing taste so good, hugging you, I feel so much comfortable. With the lapse of time, I don't want those things being replaced by anyone. Just wanting to drink tea that you brew, sleeping by hugging you, it makes me happy. Then, your voice, your laughing sound, all I want, just solely monopolized you. I come to realized, I have fallen for you." Xiao Zhi is sincere said, even she might his misfortune in love, but he can't let her go.

"But... but there are lot of girls who likes you?"

"But they are not I want, even many people love me, nothing to do." All the feeling he has, all is only for her, impossible to share it with others, even slightest. So... "Zhu Yu, you love me, aren't you?"

Chu Zhu Yu is stupidly looked at Xiao Zhi, can she really loves him? This person is a man who acknowledge by people in the world as the God of War.

General chapter 15.1

Misfortune in Love, last chapter (chapter 14), it about Xiao Zhi weakness.

Everyone has their own weakness including Xiao Zhi who seems as “perfect-human” because he has all things that people envy of him, The beautiful good looking, huge attraction for women, the military power, the status, the high martial skill, etc (too perfect in one package) but his greatest weakness is LOVE. He has love-sickness that once he decided the person he loves then he would love for the rest of his life time and he can't afford to lose, losing someone he loves.

So, His Shi Fu asking him about his “determination” for loving and bearing the consequence even The Zen Master Hui Wu never thought Xiao Zhi falling in love since our general is fame with his ruthless, evil aura, heartless, *etc.*

Chapter 15 Troops to Cong Zhou

Part 1 (One)

Fifty thousand troops are heading to Cong Zhou for dealing with the bandits. All people thought the battle between the palace army with the Bandits of Cong Zhou will fight for quite some time, Xiao Zhi is leading three thousand elite troops, as flash as lightning, surrounded all outside the city of Cong Zhou and corner the bandit to the hills and swept them one by one.

No one knows that Xiao Zhi will use this kind of plan to draw the bandits attention. While he brought the soldier, taking the advantage to kill the bandits in their own hide place.

The originally bandit in Cong Zhou is hundred thousand and now it decrease to thirty thousand. If wants to wipe out them, it doesn't take much time.

While in the center of Luo Yang City, in the palace, a man who is holding secret report, ferociously make a fist of his palm, " Detestable Xiao Zhi, didn't expect use that kind of movement."

"The Third Prince, what should we do now? Does all several years effort being destroyed in such way?" his subordinate who standing near him, carefully asked.

The current Emperor dislike the princes hold the army, so several princes didn't have any military power with them. The Third Prince has spend several years effort in Cong Zhou recruiting soldiers and buying horses, using the status as Bandit in the appearance, whenever the palace sending troops to wipe out the bandits of Cong Zhou, they won't success. It because the influence of the Third Prince in Cong Zhou. Simply say, The Third Prince is Cong Zhou land lord. Cong Zhou is the place for Third Prince to retreat if he loses in competing for the throne. If he really loses, he could start up from Cong Zhou and gaining the power from there.

"Of course I can't afford it." Third Prince hatred voice, he unwillingly that several years effort, being ruined. "Isn't anybody who could stop Xiao Zhi?"

“That Xiao Zhi very good in using his military forces, his martial art is legendary skillful, being afraid...”

“This kind of word, don’t need you to remind!” The Third prince kicked that person chest, “I just want to know, how to protect my military force in Cong Zhou!”

The subordinate in pain kneeling to ground, the face turned pale white, if there really a way, then the army won’t be defeated till reaching dead-point.

“So, there is no way out?” The third prince feet kick up again, then suddenly he heard woman laughing voice.

He looked to the direction, dressed in pink palace outfit that delivered exquisitely figure, The waist belt which attached by the gems and precious stones make her waist outline more obvious, her brow own pride and extravagance, if she is not the Tenth Princess, Dai Rui Qian, then who will be.

“Huang Mei, how can you come here?” The third prince asked. Even this place inside the palace, it is appertaining a secretive place, only few people who knows this place. While this Tenth Princess who is sharing same mother with him, so that why their relation is closer, once the Third Prince gains the power, naturally the Tenth Princess status also goes up too.

“Just now looking at Huang Xiong’s worried expression, makes me feel hilarious. He only Xiao Zhi, that makes Huang Xiong headache.” Dai Rui Qin holding her waist and walking inside the room.

“Does he is someone that easy to deal with? If he really easy to deal with, on the earlier you should have make him to be your husband, then my position won’t be at danger like now” Third Prince coldly said.

Dui Rui Qin expression changed, gritting her teeth, “Naturally, I hope Huang Xiong is doing fine, you and I are people whom getting in same boat, that’s why I especially come here to remind Huang Xiong, nobody is perfect, Xiao Zhi is also human-being, naturally, he has the weakness.

“Oh? What is his weakness?” the Third Prince is getting interest.

“Woman.” Once she asked someone to investigate the general residence secretly and hearing the information, she is impatience to suppress her hatred.

Xiao Zhi unexpectedly falling in love with maid, simple says this is kind irony for her.

“Hahaha!” the Third Prince once heard it, he couldn’t hold his laugh, “In this world, everyone know that Xiao Zhi doesn’t like women, but you even told me that his weakness is woman?”

“Believe or not it up to you, I only could tell you that Xiao Zhi dotting one girl, if you can capture that girl, you have possibility to control him.” Dui Rui Qin coldly said.

The Third Prince muttered for while, “Alright, you are my Huang Mei who is sharing same mother, I believe on you.”

“But my information is not free.” Dui Rui Qin sneered, giving a glanced at Third Prince.

Third Prince is very understand in his mind, his own sister since young is so good at scheme, he knows, “As long as Xiao Zhi able be controlled, naturally, his life will be spared and given to Huang Mei” as abolished Xiao Zhi martial art, or makes him half life half death, it is not within his guarantee.

“Third Huang Xiong understand is fine.” Dui Rui Qin showed brilliant ray, “About that girl, once Huang Xiong able to control Xiao Zhi, solve it together.”

“It’s naturally.”

Both of them looking at each other eyes, their expression as if laughing inside, one wants to solve the current hardship, the other one wants to make use someone to kill someone else. Each of them has their own idea, scheming others.

The soldiers, in the Cong Zhou are one of the normal scenes, but the neat line of army is so rare to see.

Thousands of troops neatly lined up in two. Escorted a horse carriage and walked toward the center of Cong Zhou central city. The people of Cong Zhou didn’t dare to look around, even the one with experienced, after saw the soldiers dressed, someone said: “This is Xiao General army forces ah~, Didn’t the Xiao General should be in the outside of Cong Zhou to wipe out the rebellion bandits? Now, entering the city, did he have completely wiped out all the bandits?”

Many argumentations spreading. Many of people are guessing about Cong Zhou future after the war will be. But these kind of conversation only being whispered and no one would dare to talk facing this kind of military force.

The carriage stopped at the front of Zhi's government repository main door, that old Zhi officer has been waiting with his family to welcome the general at the main door.

Xiao general is known as someone moody, famous as someone capricious even in the court and the commonalty, he only hoping during this period of suppressing the rebellion, don't make anything that would offend the big general.

Once seeing the carriage, Zhi officer busying welcome, "This lowly..."

"Don't need too much courtesy, avoid to make a noise for her." He suppressed his voice to very low, seems to be like dreaming, there is trace of unspeakable gentleness.

Zhi officer absentminded for moment, this voice... is it the cold general speak out? And to the extend, who is the person that he referred as "she" ?

chapter 15.2

Chapter 15 Troops to Cong Zhou

Part 2 (Two)

“Liu military officer.” Xiao Zhi spoke with lower voice from inside the carriage.

“I am here.” Liu military officer who stood next to the carriage also answered with lower voice.

“ If there is a uproar nearby, killed without remit.”

“Yes.”

Zhi officer is shivering, This Xiao general as expected is someone heartless.

The curtain of the horse carriage slowly raise, that elegant silhouette finally appear in front of people. The pitch black of hair is using the jade hair pin, the bright and clean fair skin, but give a sense of grave and stern, deep eyes, a straight high nose, the thin lips slightly raised give an expression of less cold person and more humanity.

In his arm, he is hugging someone, while that exquisite pretty face is showing a dotting expression, a face show dotting to the person in his arm.

Zhi officer suddenly feel his foot became impractical. This person... is he Xiao general?

While the person who is in general arm, because the face is facing general bosom so, only the hair and the posture that seen by people.

“Lead the way.” Xiao Zhi glanced at the Zhi officer who is dumbfounded standing beside him.

“Yes, yes.” Zhi officer answered with same lower voice, even he didn’t have chance to introduce his family member. The person who is guided Xiao Zhi to the mansion house, is specially employed because of Xiao Zhi for the vacated courtyard.

“Xiao General, this is the place for you to rest, if there is something dissatisfied, please inform this lowly.”

“Ng.” Xiao Zhi calmly answered.

The person who is in his arm safely lying in the bed, the person is moving, opened the teary eyes, using the wake up voice said : has arrive to Cong Zhou?"

"Arrived. If you want to sleep just sleep little bit." Xiao Zhi said even he could see that she hasn't fully awake.

"Oh... fine." Chu Zhu Yu yawning, and continue close her eyes, " if she known earlier yesterday, she would not read that Buddhist script, causing she slept so late."

Xiao Zhi carefully put down Chu Zhu Yu on bed, he even takes the blanket cover her body.

While the Zhi officer who standing near him, his body stiffens.

Since the day she arrived at Cong Zhou, outside the war is keep on going, while she just staying at inside the mansion brewing tea. Or watching the opera inside the mansion with the Zhi officer's wives, the concubine and those gretting teeth maids.

Of course, she wants to get out from the mansion but even the outside situation is come to stable, no one dares to agree her begging. Zhi officer afraid to agree, Liu military officer can't agree, while the general, Xiao Zhi is using the beauty scheme toward her, kissing her till she forget to beg her wish.

His kissed, she couldn't refuse, because it is love. Even her face turned red, even when he kissed her, her heart beating and jumping faster, but she doesn't refuse.

She likes the way he kissed her, never stopping called her name, likes how he looked when he sleeping and hugging her, his expression, like his satisfaction expression after drinking the tea that she brew for him, all those things just makes her feel, she is the one very special in his heart...

Of course, being someone so special also has the bad side, the bad side is...

"Lady Chu, I... I haven't go out from the residence to meet my family within this two months, don't know Lady could help me asking half day permission, let me to visit my family." One of the servant in Zhi's residence who is asking to served Xiao Zhi, kneeling on ground asking for her help.

“Hm.. let me give a try.” Chu Zhu Yu agreed.

“Thank you very much lady Chu.” That servant retreated.

Few moments...

“Lady Chu, Wang Er that person who sweeping the floor today, accidentally stepped general clothes which put in chair.” Someone made a report.

“That... just washing the clothes is fine.” Who is Wang Er? She doesn't have any impression of that person.

“Even this Wang Er is careless person, but he has good character kind and honest, hoping Lady Chu puts a several good word, begging for Wang Er life!” that person act as minding his own business, the eyes expression seems old but his eyes is clear.

Life?! “only make the clothes dirty, life would gone?” She almost spat her saliva.

“That because it is general clothes.”

“I will speak to the general, won't let Wang Er losing his life.” She is sweating.

“Thank you so much, Lady Chu.”

Another moment passed

“Lady Chu! Lady Chu!” someone shouting, Lao Yuan turned back. Chu Zhu Yu gets a headache, putting the tea leaves that she observing, raised up her body and walking to the front of room door.

Indeed, a fat figure who was run out the breath, running all the way, Chu Zhu Yu knew the person, she is the mansion Li Mo Mo (elderly maid).

“Lady Chu! Please go with me!” once Li Mo Mo saw Chu Zhu Yu, without any explanation, She pulled her.

“Go? Go to where?” she strangely.

“Go to rescue someone.”

Hag? Help someone? “Are you sure I can help?”

“Sure, very sure, if it is you then it can be helped.” Li Mo Mo pulling Chu Zhu

Yu while speaking, "Our young master didn't listen to the General commanded, he took the army with him to chase the bandits by himself, now he was captured, Master begging the general helped but the general wasn't agreed."

"This is the army matter, I don't understand."

"You don't understand it doesn't matter, as long as you begging to the general for military force, rescuing the Young Master, it will do!" Li Mo Mo said with sad and dreary, "Young Master is the only son of the Master, Master just begging to keep the young master life safe, continuing to be able for praying the ancestors, about after rescuing somewhat he will get punish, all just according to General wish."

"But, If I going will I can rescue him?" Chu Zhu Yu doubted. Coming to Cong Zhou, The Zhi's family is treating her good.

"Can. The general will only hear Lady Chu words the most. Now the Master and the Mistresses are at loss what to do so they just expecting your help."

Listened? Chu Zhu Yu eyes glancing through to see Xiao Zhi face expression. Fine, she admitted, most of time, he really listened to hers.

That two person impatience walking, absolutely unaware of danger in that road, being followed.

Only walking out from courtyard, Chu Zhu Yu heard "dong" sound, Li Mo Mo that fatty body has lying on the ground already.

"Li Mo Mo" She screamed in fear, seeing a person with black robe, covering the face standing in front of her.

"Are you that woman that Xiao Zhi cares?" the person asked.

"If I am not, will you believe on me?" she trying to look around for help. But suddenly realizing that the guards who guarding the residence are lying on the ground.

"Of course not." The person in black said. "I only listened to the command of my Master, for bringing you back."

"Who is your Master?"

"That should see, whether you still alive or not!" the person in black robe,

hands out knife and forcing Chu Zhu Yu to follow.

She felt in front, her eyes dark, all her body weak and faint. The last things in her mind, if she earlier knows, that time, she should learn one or two martial art movement from Xiao Zhi for escaping, even she can't win but at least can escape.

General chapter 16.1

Third Prince is kidnapping Chu Zhu Yu, decided to trust and believing his Huang Mei (The Tenth Princess) words.

If I could say, this is one of the foolish movement Third Prince ever made in his life.

This Chapter gives me chills at the beginning because poor Chu Zhu Yu was slapped by the Third Prince after he found out his villa being surrounded by Xiao Zhi's army forces. As man and Prince, Third Prince really someone who doesn't have any dignity because he slapped woman who fainted and being tied.

Chapter 16 Open widely to Massacre, for Rescuing Zhu Yu

Part 1 (One)

The silent hall, no one dares to speak. While outside the hall, there are soldiers lining up neatly since morning, only to wait for the commanding, then moving.

The person who kneeling is fully awake Li Mo Mo, that fatty body isn't stopped be hit.

“Tell me whatever you know, all the things, say out.” Slender fingers is pinching the jade prayer beads, Xiao Zhi sleepless expression, his expression like storm clouds approached (troubles lie ahead) very calm.

“In replied... in replied to general, this lowly was ordered by his Excellency Zhi officer to bring and find Lady Chu, originally everything was fine, but who knew when we were walking out from courtyard, suddenly I just fainted.”

On the other side, the Zhi officer heard Li Mo Mo spoke regarding him, his body shivering just similar to hers, no differences.

“Clearly, seeing the person?” The slender fingers still pinching the jade prayer bead, those people who heard only dares to inhale but not exhale.

“No... No.” Li Mo Mo once again fainted because of afraid, this situation is better like this.

“Report!” Liu Military officer walking into the hall, kneeling on the ground, “This lowly followed the scent of the Xiang Cong (fragrant insect/worm), has discovered where the Lady Chu being imprisoned, third courtyard inside villa.

Once this word said, Zhi officer surprised, “Third Courtyard... Third courtyard villa, that, that is the residence of the Third Prince in Cong Zhou, Liu military officer, don't you probe the wrong information, do you?”

“Does Zhi officer doubting the Xiang Cong?” Liu military officer taunting replied. Wen Xiang Cong (Smell of fragrant worm), all the body is gold color, after taking a person blood, whenever the person is, easy to find out. Of course, the person should be warned not to use any strong scent in body.

“Not dares.” Zhi officer just felt his palm sweating more.

The finger that pinching the beads stopped, Xiao Zhi opened his eyes said to Liu military Officer : “Quickly preparing ten thousand of military forces, surrounded the third courtyard villa!”

“Yes!” Liu Military officer received the command.

“Xiao... Xiao general, surrounded the third prince villa isn't small matter, it serious matter, if the Emperor wants to blame the next...” he won't be able to protect his head from his body.

Zhi officer hasn't finished his words, Xiao Zhi has disappeared, not even the shadow remains in the room.

Inside the Third courtyard villa, the Third Prince looked at the fainted and tied up Chu Zhu Yu, doubted, asking : “Is this the woman that you guys had investigated?”

“Yes, she is.” The servant answered.

“So, which part of her that attract Xiao Zhi?”

“This servant doesn't know, but all the people in Zhi's residence said that Xiao Zhi very dotting this woman.”

Third Prince talked to himself, his intention when investigate about this woman, he thought her face or her body is matched to his Huang Mei, but he never thought that....

“You brought her here, anyone followed?” Third Prince is on guarded, asking.

“No one followed.” The guards who were guarding her including the hidden guard had been knocked down by him and fainted.

“Very good.” The Third Prince very happy, but he still has slightly doubting, could one woman really able to control Xiao Zhi?

“It not good! Not good!” a stumbled voice from the outside room, “Mas... Master, this lowly has something to report.”

“What a fuss?” Third prince is displeased.

“Xiao General bring military forces here and surrounded the entire villa!” the servant who is standing outside keeps on talking.

“What?! How could it be, how can Xiao Zhi comes here?” the Third Prince stumbled for while, this time he is secretly coming to Cong Zhou, there only several loyal servant in Luo Yang who knows that he is doing this things. If Xiao Zhi really surrounded this villa, his coming to here will be revealed, “Aren’t you, who bring him to here?” his scary eye sight glaring to the man who brought Chu Zhu Yu.

“This servant won’t let anyone to follow.” That person in black robe explained in hurried.

“So how—-“ the third prince closely glaring at Chu Zhu Yu who is fainting, suddenly seeing gold color worm that flying above her hair near her hair pin, “wretched Wen Xiang Cong! Xiao Zhi unexpectedly using Wen Xiang Cong to this woman!”

Wen Xiang Cong is rare insect, the price is also high, one Wen Xiang Cong could cost thousands of gold, even inside the palace, only raised ten of it and never give a test of human blood for the Wen Xiang Cong.

The Third Prince is shocked and angry, he just feel his bones rattle, raised his hand and slapping the faint Chu Zhu Yu.

Chu Zhu Yu in low spirit being slapped once, directly awake, she felt that on her lips corner there was warmth blood dripping.

“Awake?” the Third Prince said, he continuously slapping Chu Zhu Yu, “ I never thought that Xiao Zhi willing to use Wen Xiang Cong for you!”

Wen Xiang Cong? Chu Zhu Yu perplexed on the current situation, what should it being called? Being abducted?

“Who are you?” she asked, looking at the Wen Xiang Cong that has been in Third Prince hand. This gold color of insect she ever seen before, the first day she

arrived at Cong Zhou, Xiao Zhi letting her to feed the insect one drip of her blood.

“Why this kind of insect eat the blood?” that time she was curious asked.

“As long as it ever tasted the person blood, this type of insect is very sensitive with the person scent, so no matter where the person goes in the four corner of world, do not afraid can’t be able to find the person.” He gently strokes the golden bug, “Zhu Yu, in such way, no matter where you go, I will still able to find you.”

Finds her... finds her...

The pain in her face not really obvious, she only thinks whether he can find her or not.

“You are not in situation and level to know who I am!” Third Prince ordering servant to stand Chu Zhu Yu up, “since Xiao Zhi dares to surrounded my villa, I wanted to know, your existence will give what kind of effect toward him!”

Outside, people shouting, the roaring voices of the soldiers, the sound of the weapons, and also the flesh piercing weapons which the sound makes people shuddered.

“Bring all the military forces in here, unexpectedly Xiao Zhi dares to surrounded my place, then I will make him no place to back!” about the matter that he promised his Huang Mei, only after he finished dealing with this situation, he will clarify to her.

Chu Zhu Yu can feel, this is not ordinary military forces, but the man in front of her, wearing such glamour clothes, and also mention about “military force” these two words.

“Does this person is using her to face Xiao Zhi? That man who cares her, a man that dotting her much, what will happen to him? Once her thought about him who will get problems because of her, perhaps being injured, her heart seems to be dragged out, it hurts.

chapter 16.2

Part two of chapter 16 is talking more the detail how scary General Xiao Zhi could be.

For the first time, Zhu Yu sees the dark side of Xiao Zhi, the legendary general that said by the folks and recognized by people in the world. She even doubting when seeing how Xiao Zhi killed the Third Prince guards, Does he still a man she knows?

While the Third Prince finally experienced “how the enemies feeling when they fought with Xiao Zhi in battle field”...

Chapter 16 Open widely to Massacre, for Rescuing Zhu Yu

Part 2 (Two)

Chu Zhu Yu being dragged forward, then, she saw in front of her there was lot of blood.

So much blood, on the ground lying uncounted corpse.

“This... is this all human?”

“Too scary, no! no! OMG, who can stop him!”

“Xiao... Xiao general, this is the Third Prince’s villa, do you think that you could kill in here, the Emperor will be blaming on you...ah~!”

One of his hands has already stabbed that person chest, only surprised sound once and then no more sound.

Two sides of military forces didn’t stop clashing, while in the chaos of battle field, the most prominent is the person who wore the black robe. He looked different because he is the only ones who didn’t wear armor like others general soldiers, He is the person in black robe who wore the Yu Guan on his head, while one of his hands is holding a jade prayer beads. The original Jade color has been replaced with red color of blood that stained on the prayer bead. Another hand of his is holding Buddhist scripture that never been rumor as... kind of killing weapon used by him.

The long slender fingers, originally is gentle, but how could it changes as a sharp cold weapon, straightly stabbing into person chest, one strike, only by one strike, it could determine the life and death of people.

One by one the dead body, lying near his feet, splashing blood, his left hand dried with red-blood, on his body, his feet, even his face is splashed by blood. God of wars (Mars), or Death God, or Devil?

Ou!

The Third Prince who passing the scene, is someone who has experienced great storming (many dangerous atmospheres), even feeling disgusting. Only Chu Zhu Yu who standing in dazed looking at Xiao Zhi. This is the man she knows, is he still someone she really understands?

That familiar... but also very unfamiliar. Clearly it is a same face, but she never seen that kind of expression in his face before, that kind merciless massacre, even his eyes, the pupil also changed red.

It's vicious atmosphere! All over his body is radiating vicious atmosphere to kill, only by get closer, it makes people shuddering.

In responding to her vision line, he suddenly looked into the direction of her.

"Zhu Yu..." Two words that hardly choked in his throat, finally Xiao Zhi could burst it out, finally he sees her, only by seeing her, the panicked and worries feeling, slowly settling down.

The Third Prince suddenly gaining his mind back, shouted : "Xiao Zhi, if you want to see her alive, surrender."

"If I really surrender, will you really release her?" Xiao Zhi keeps on walking step by step toward the Third Prince, while the people in that villa no one dares to block him, even unconsciously give him way to pass.

"Of course, Ben Huang Zi (Child of Emperor) with this status, naturally, all the spoken words are as worth as thousands golden."

"It's too bad." He calmly said, "Your words, not even one I trust."

"Don't you afraid that I killed her?" Third prince threaten, only after hearing two falling sound, the first two person who held on Chu Zhu Yu has falling into ground, their middle forehead has hit with the jade beads.

He... He even make the string Jade beads as his secret weapon?! The third Prince feels as if there is something stuck on his throat. Crazy! This man is out of sanity, he crazy. This jade beads, was given by Zen Master Hui Wu to Xiao Zhi, it said that being inherit to one generation to another, it has hundreds of history, it also can called as one of country treasure. But now, because for rescuing this

kind of woman, he...

Once Xiao Zhi flies up and down, he has been standing near to Chu Zhu Yu already, his finger stroke, at the moment the rope that tied Zhu Yu cut off.

“Are you okay?” The first responded of Chu Zhu Yu is pulling Xiao Zhi’s robe sleeve, carefully to examine his hands whether injured or not.

“Are you being hit?” The cold voice, no others word could describe how he pissed off.

She dazed, until he raised his finger, stroke her lips corner, Chu Zhu Yu comes to response, he stroke the wound in her face, “This is a small wound.” Compare to those death body, her wounds, really only “small wound.”

“Is it hurt?” he asked with lower voice.

“Before it was hurt, but now, it feels much better.” Once she finished checking one arm, she checked another arm.

“Zhu Yu, I still have another business to do, wait a moment for me, will you?”

“Ya?” Without waiting for Zhu Yu to reply, Xiao Zhi picked her up (like a princess hug) and when he stands in front of Liu Officer, he said : “Protect well her.”

“Yes.” Liu officer received the command.

“If Yes, what will you do?” anyway, he already put aside all the consideration, moreover, he has assigned all his elite military forces to gather, if Xiao Zhi really wanted to fight, he won’t easy lose and still has chance to win. “I am the almighty Prince, Can I teach a lesson to that lowest status girl?”

Xiao Zhi doesn’t speak any words, his eyes sight piercing into the Third Prince with the coldest expression, walking closer to him step by step.

“Xiao Zhi, You, are you thinking to rebel?” The Third Prince screamed because panic.

“Rebel? Xiao Mo (refer to Xiao Zhi himself) never has that thought. But, I am really curious, The Third Prince should be in Luo Yang now, but how come he is in Cong Zhou this time.”

chapter 16.3

The last part of Chapter 16 is kind of LOL

and even made the Third Prince regretting to oppose him.

Chapter 16 Open widely to Massacre, for Rescuing Zhu Yu

Part 3 (Three)

“You... You really dare to touch me, don't you afraid the Emperor take a blame of you?” The scary-cat Third Prince said. Before, he only heard from people how this general was so scary, only by today he sees by himself, he understands how fast Xiao Zhi could kill people.

“I could clearly explain to the Emperor.” He spoke calmly, the military people do not care about the opponent status even the person is Emperor's children.

While on other side, Zhu Yu, stuffed looking at Xiao Zhi. Is it by he means, he still has another business to do? Only because of her, being slapped by that person who is called as Third Prince?

“He... does he wants to continuously kill and kill?” she gulped down her saliva to her throat, Chu Zhu Yu insecure asking.

“Yes.” Liu officer who is next to her, answered.

“That Third Prince, is he really the third child of the current Emperor?”

“Yes.”

“So, why he keeps on forcing that Third Prince to the corner?”

“The general seems want to kill the Third Prince.” It really obvious, the general is extremely angry, if not, he won't kill in such way... so fast.

Hag?

“He really dares to kill the Third Prince?” she felt that something stuck on her throat.

“Dare.” Basically, others than seize the power of palace, Liu Shan really didn't know what kind of thing or matter that his general won't dare to do.

“So, what is the punishment of killing Emperor’s child?” Zhu Chu Yu asked.

“It should be physical punishment for the subject, of course there also kind of death penalty such as being dragged by five horses so the body separate into five, or being beheaded alive, if the Emperor really angry, the possibility...” every time Liu Shan spoke, Chu Zhu Yu face becomes paler and paler.

“Of course, if the general really killed the Third Prince, the Emperor won’t give such punishment to the general.” Since the general has a proof of the rebellion that made by the Third Prince, so the falling of Third Prince dignity to the point of disgrace is soon or later matter.

But, before she heard Liu Shan finished his words, Chu Zhu Yu has been running towards.

“OMG!” Liu Shan screaming, just now the general has commanded him to carefully watching Chu Zhu Yu.

Chu Zhu Yu, herself didn’t understand, how can she passing through all those corpse, with what kind of courage she went through the vicious scene, all in her mind was, all—only thinks about him, she didn’t want his death!

Once she thought that the possibility of Xiao Zhi might die, she couldn’t control her body, while she hasn’t think everything clearly, her body has take the move and react, she running ahead.

She staggered but kept on running, she uses up all her life time speed, only want to come closer to him, only to come a bit closer...

Chu Zhu Yu on the direction toward Xiao Zhi, a pair of her hand, held tightly his waist.

“What’s matter?” Xiao Zhi dazed, his head lower to look the person who keep on holding him, “ This place is so dangerous, doesn’t Liu military officer protect you?” he spoke while hugging her on his bosom.

“There nothing matter with the Liu military officer, it only me who want to speak with you.” She worried.

“Oh? What a matter?” he killed while speaking, he killed with his high skill and

ease while listening to hers.

“That... That..” She is panicking, at last she finally able to speak— “That young master of the Zhi residence was captured by the bandits, could you go and save him?”

“Do you wish me to save him?”

“I wish.”

“Fine, I will ask people to rescue him.”

“And... and there still, a servant who helped us to sweep the floor has been two months not going home, could you give him half day leave?” it is not right, the words she should say not these one! Chu Zhu Yu is so worried, but her mouth just couldn't say the truth about how she felt and she even talking unimportant things.

“Alright.”

“That Wang Er, carelessly step on your cloth, can you forgive him?” actually she doesn't need to say this bunch of nonsense to him!

“Fine.”

Please! What kind of conversation this is! Those soldiers that protecting the Third Prince, shaking their head after heard it XD!

“Xiao Zhi, you don't need to be an arrogant, you think that, you and this woman today can get out from here?” Those guards who protecting the Third Prince are shocked, their expression changed from green to purple, from purple to red, after hearing what their master said.

This Xiao Zhi could give sharp piercing glared to the Third Prince but toward Chu Zhu Yu, he show his gentleness, said : “Zhu Yu, wait for me a moment, I will settle it in very fast.”

Stature movement, one of his hand embracing her waist, while another hand, to and fro which makes people who see it be confused, the guards that protecting the Third Prince, felt down one by one.

Third Prince expression changes to be so panic, he thought to escape, but his villa has been surrounding by Xiao Zhi's military forces.

For his lifetime, this is the first time he feel regret, listened to his Huang Mei suggestion, making the living evil be angered. That five slender fingers, originally could pleasing for the people who see it but at this moment, that fingers could take people life.

When Xiao Zhi come closer to the last guards who protecting Third Prince, the Third Prince even can't shout out loud his voice.

That five fingers that look alike jade, has grabbing the Third Prince's chest...

"Don't!" Chu Zhu Yu shouting and in hurried, grabbing Xiao Zhi's cloth, " You... you can't kill the Third Prince."

"Why? He has injured you." His body paused, as if stopped in mid-air. Those who injured her, he never thought to let off. His eyes saw her face, her corner of lips injured and red, he felt displeasing.

"Mine only small wounds, you shouldn't kill him, he is the child of Emperor, you will have problem!"

"I don't care this."

"But, I care!" she doesn't want something bad happen to him, doesn't want him be convicted, doesn't want she not able to see him in the future! This kind of worries, she even doesn't knows how to express, she only grabbing his sleeves firmly won't let go, hoping this will prevent him.

"Do you care of me?" his expression changed to be pleasant, happy.

"Yes!" She definitely sure with her answered.

"If I don't kill him, will you be more care about me?"

"It... might be."

"Fine, I will not kill him." Xiao Zhi stopped, his eyes sparkling, looking at Chu Zhu Yu.

What? She blinked her eyes, somewhat this is weird. This... also do?

But at this time the savior is in the middle of bargaining with the General...

"I want to go out!" The woman is so stubborn begging.

"How can, all the people said that you have stabilized the rebellion, the current situation is so much stable than before."

The general is sighed, finally put down the book on his hand, "I am not at ease."

"What makes you not feel assured, I am not a child." Chu Zhu Yu muttered.

"Whatever it is, I can't let any possibility of something to happen." Xiao Zhi make a fist of his hand, it's make habit for him to stroke Chu Zhu Yu lips corner,

after she got injured, he always gently stroking her lips corner just to remind himself, because of his careless, she being captured and even being injured.

Chu Zhu Yu shrunken her lips.

Even she really understands how he worried about her, afraid she being hurt, but still Chu Zhu Yu really can't endure. Since then, every time she walking, there will be person followed her, freedom... it far from the time she as maid before in general residence. Moreover since she backs from Cong Zhou, she always wants to visit the tea field, "if you still being in such way to control me, once I really feel unhappy, I will leave you."

Chu Zhu Yu only randomly spoke, but never thought that only with those words, Xiao Zhi expression changed become white pale, "What are you saying?"

"Ah?" She looked at that pale face.

"Do you want to leave me? Zhu Yu." He stands up, occupy commanding position looked at her. Suddenly the atmosphere changed to depressing mood, it seems there is invisible pressure.

"Tell me, is it true or not?" his fingers stroke and grasp her lips, it not the wound in her corner lips that make him stroking her lips from left to right and from right to left.

Somehow her lips began to feel hot, while he, his body is radiating danger atmosphere and it become more intense.

"Jue Qing, you listen to me, I just..."

"Don't say!" he used his palm to shut her up. Doesn't want to heard and listen anything from her, he afraid if she say it, he scared can't bear it.

"I disallowed. Disallowed you to leave me!" Xiao Zhi embraces Chu Zhu Yu, his lips nonstop keep on saying in her ears, what is the most panicking thing deep in his heart? That kind of frightened, kind of pain alike meat being bitten, makes him can't endure.

His hands quivering, his body shuddering, even his voice also trembling when speaking. She never thought that her simple words, could arouse his strong character to oppose.

“You had promised me that you won’t ever leave me.” His nose smells her scent on her body, “Zhu Yu, why you want to leave me? Am I doing not well enough? Or I still not enough in loving you?”

No! not like that! She muttered inside her heart.

“It so strange, once you said that you are leaving, I feel my chest so in pain.” It so hurt and aches till he hard to breathe.

Chu Zhu Yu regretting, why she spoke that kind of words, “ ng... ng..” she wants to speak, but her lips hard to open so her voice just soft saying nothing.

He keeps on kissing her, kissed her eyes, kissed her nose, kissed her neck... only with this kind of action, he can prove that she exist in his side.

My God! How should she acts to make him understand that she just kidding with those words, how should she do to make him understand?

Her body is tightly being embraced by him, her lips being covered, while the part she could move is only a pair of her hands...

With her heart, she moves pair of her hands, clinging Xiao Zhi back.

He is startled for a moment, all his acted pause.

“Zhu Yu, you won’t leaving me, will you?” He asked.

She nodding her head powerful, at same time her head moving, his hand realized her hand on his back.

Xiao Zhi hesitated for a moment, then he removing his hand from Chu Zhu Yu.

“Jue Qing, I’m sorry, I was kidding just now, it not the truth!” she asking forgiveness, “I never thought that you would react on such way.” She never know, she didn’t mean by saying those words which letting him to react on that way.

“Are you just kidding on me?” slowly his face expression changed to be better.

“ng.” she hugged on him as if even she die, she won’t let him go and close her

eyes tightly, “If you really mad on me, you can punch me hardly...”

But then, he just gives her very warm embraces, “Zhu Yu, on the future please don’t scare me like just now.”

He never knows, actually his courage is so small till this kind of point.

Thinking to play out in Cong Zhou, it seems that Xiao Zhi won’t allow. Chu Zhu Yu long sighed, this just same as if being in circle.

Xiao Zhi is so busy these days, everyday he is busying to eliminate the remain bandits in city, while Chu Zhu Yu and the Zhi’s officer wives gathering for doing something such as drinking various of tea types.

It is good that the Third Madam (Third Wife) is one who understands about tea.

“Lady Chu, your technique of brewing tea is so good.” Some of the Madams, who ever drank the tea brew by Chu Zhu Yu, all are praising her.

“I just only can brew tea.” Every time being praised like this, Chu Zhu Yu feel little embarrassed.

“Even many people able to brewing tea, but to brew one good tea, only few will do, I have drink tea in this Cong Zhou city isn’t count little, but there is so little who can brew alike Lady Chu!” Madam Zhi said by laughing.

“It right, it right!” others Madam also followed.

“If it isn’t lady Chu who has good technique in brewing tea, those good teas of the Lao Ye will be wasteful for us!”

“Later on, we should let those maids to learn how to brew good tea or else the good tea will be taste awful.”

“Lady Chu, if you have time, it would be better if to teach those maid how brewing tea.”

“Okay la.” Chu Zhu Yu answered, it just a good chance to let her spending her boring time.

From among the Madams, only the Third Madam who seems to be understand about tea, but she doesn’t speak anything, it seems she has something in her

mind.

“Third Madam? Is this tea taste not good?” the Fourth Madam asked.

The Third Madam shook her head, “This tea really taste so good, it has thick fragrant, heavy and refreshing. But...”

“But what?”

“But recently I heard that there is one Tea Master who came to Cong Zhou, his tea leaves is so special, those people who ever taste his tea would nonstop in praising him, doesn’t know who is brewing better between Lady Chu and the Tea Master.” But from how the Third Madam said, it seems that she is longing about the tea that brewing by the tea master.

“Of course lady Chu is better.”

“This is not something needs to compare.”

Without waiting for Chu Zu Yu speaks, some of the madams are opened their mouth.

“It is me who is wrong.” Third Madam apologized.

But Chu Zhu Yu feels so curious after heard what the Third Madam said. Waiting until all the madams leaving, she called the Third Madam: “Third Madam, please stay!”

“Lady Chu, what matters?”

“Does the Tea Master really brew the tea very special?” Chu Zhu Yu pulled Third Madam closer, asking her.

Once she talked about this topic, the Third Madam seems to be understand, “Yes, as it said it really good, the tea leaves is so special, the technique also so unique. As I heard, that Tea Master is new comer in here, and the Tea House business is not bad.”

Chu Zhu Yu’s spirit goes up, “so, do you know what kind of tea leaves?”

“I don’t know.” Third Madam shook her head, immediately asked : “Does lady Chu interest in?”

“Yes.” She nodding her head.

“How about asking the Lao Ye (Zhi’s officer) to invite the tea master come here?”

“I don’t think it needed.” She even desire to pay visit to the tea house by herself, at the same time, she wants to take a walk and strolling in Cong Zhou Tea House to find out what the differences between Luo Yang tea house with Cong Zhou. Perhaps, she could learn and gain some experience, when she back to Luo Yang she could apply it on her own Tea House.

Once she thought about it, Chu Zhu Yu feels more excited, gets up. Since Xiao Zhi disallowed her to go out openly from the residence, so if she secretly goes out, it seems no problem, as long as Xiao Zhi doesn’t know...

It is not a problem!

General chapter 19

Chu Zhu Yu went out from the residence...

She needs fresh air but rather than strolling, she is lured because of the new tea house which being describe by Third Madam.

While Zhu Yu is starting to have fun, going out, Zhi residence was in storming because no one knows the General coming so early and he is the mood ready to kill.

Xiao Zhi is almost lost his mind when he found out Zhu Yu wasn't in her room and in order to find her, he even uses his military forces for shut the City gate and inspecting every corner in Cong Zhou, only for finding Zhu Yu.

Initially Xiao Zhi left hand grabbed papers, at the moment it pulverized.

His body is radiating anger, which really needs something to vent out his anger.

When he came back and arrived at the room, he saw the person that was not her, that kind of losing, that kind of panicking, he even didn't know how to describe. She even secretly went out, her words still on his ears (her promised), but why she still leaving him?

Still, all those words she said to him, didn't it all lies?”

Xiao Zhi crashed and smashed everything on his hands, his hands bleeding, the fresh blood is dripping from his palm, his finger until on the ground.

Xiao Mei is scared till limp on the ground, while the other people who was at

the room, their expression also changed to shock.

“General, your hand!” Liu Shan shocked. He has followed Xiao Zhi for many years, had seen him bleeding during in battle field, but now... only the word “Love”, is the most hurt person, even this general can’t escape for it.

Since he doesn’t care of the blood that dripping from his hand, Xiao Zhi continuously asked : “How about outside the residence of the horse chauffer, have you search it?”

“Still not yet been find out.” Liu Shan replied.

“Do you know where she is going?”

“Has been asked all the people inside the residence, but no one knows where lady Chu was going out.”

Xiao Zhi couldn’t sleep, stroking his lips, it seems he has think something on his mind. All the people, waiting for him without dares to breathe.

The purple fireworks in the sky, time passing slowly by slowly, until she saw the black figure, step by step walking into the inside of Tea House.

He— his black robe, purple gold belt in his waist, his elegant look like the black dancer splashed black ink of scholar, the purple jade color hairpin in his hair, matching with his belt, the black smooth hair falls over his face, his eyes, very similar to his black robe, it pinch dark, almost melt together. He steps by steps walking closer to her, his face expression seems like extremely angry, but still giving a smile.

But the smile, makes hers feel uncomfortable, it sense of the dangerous atmosphere. She feels, this kind of his expression is even scarier than he usually venting anger.

Chu Zhu Yu unconscious steps backward, she steps till the corner of the wall, until her back against the wall.

He stand firm in front of her eyes, occupy a commanding position looking at her, that pair of dark eyes, let her confused of guessing what his thought.

No one pay attention, inside the tea house corner, a woman shrink, throughout watching the scene, hands is already filled with cold sweat.

Her stomach is against his shoulder bones, Chu Zhu Yu head is downward, she look alike the sand bags which hold by Xiao Zhi, walking to street heading back to the Zhi residence courtyard.

“Jue Qing, you put me down!” She shouting, she feels that all the blood of her body flow to her head.

Xiao Zhi silent keeps on walking on the street.

“Fine, I know that I was wrong, I shouldn’t hide the truth and went out secretly, but honestly I do only really want to visit the tea house.” She hardly admitted her fault, she just hoping to escape from this kind of fate.

It has been long that he keeps silent.

When he arrived at the Zhi residence, the Zhi officer trembling welcomed him, “congratz to the general, finally find Lady Chu...”

“Zhi officer, please you say to Jue Qing, let him to put me down!” Chu Zhu Yu seeking for help.

“Yes!” all the guards followed the command.

Xiao Zhi lift down Chu Zhu Yu from his shoulder, shut the door. A moment, Chu Zhu Yu feels dizzy, she has been toss by him in bed.

Hurt, hurt, hurt, hurt ah! Even though the bed has very soft blanket, but still Chu Zhu Yu felt her back hurt because of she was tossing by him.

“I know that I was wrong that secretly leaving, but still you can’t do this to me!” she raised her body, gently massage her back.

“Perhaps I am too good to you, too connive on you, that’s why you forget all the promise you made to me.” Xiao Zhi stands up at next to the bed, lower his body and glaring at Chu Zhu Yu.

“How... how can ah.” She answered with guilty.

“This Cong Zhou isn’t fully safety because there still bandits, you went out such way, how if you meet some danger?” his fingers at the moment stroke her hair.

That slender finger, at the moment stroking her hair, it cold as the ice, once it touching her face skin. That cold touch, as if no intention but also has some meaning. That fingers, more alike emitting a temptation, let others couldn’t breathe.

Suddenly, he trusts his hand pulled her hair on the inserted wooden hairpin.

“Ah!” she screaming, her long hair falls.

He still calmly continue pulled her smooth hair, laughing with foxy tone: “If you don’t know how a feel being captured by the bandits, don’t know the ends of consequence, let me tell you. Perhaps being beaten up, perhaps being beheaded while alive, the most possibility is being played by numerous men, don’t you know what it means of prostitutes, this word...”

His voice is so calm and soft resonating on the inner room, his smile expression stronger and strong, very heavy, but she even scarier after heard it.

“I don’t know it would be like that.” She guilty answered.

“Perhaps, earlier I should make you as mine, perhaps in such way, it really will make you stay by my side.” He sounded like the traditional stringed and woodwind instrument that mesmerizing, like gently feather stroking, softly speak near her ear, it enough to make and reminded people for long time.

His left hand has embraces her waist, while his right hand pulled her waist belt.

“No!” Chu Zhu Yu panicking, she uses all her energy to push down Xiao Zhi, she goes all out to crawl down from the bed.

Does he think to let her... no! no! Even she really likes him, but she doesn't want in such of situation being possessed.

But his hand already grabbed her ankle, getting her back to the bed.

“You let me off! I want to go out! She struggles, but still she can't win over his power, his broad chest pressed against her body, her clothes is spreading and messy.

“Don't resist me, Zhu Yu.” He embraces her and softly said to her ear, the warmth air makes her body shivering, he softly kissed on her forehead and gently moving to hers neck, entirely confine her on his arms. “Only in this way, you will stay beside me, willingly.”

“No, Jue Qing, you don't need to do so, I am willingly stay by your side.” She panic told him, no matter how she tries, she can't push him.

“Is it true?” he laughing.

She raised her head, she sees the silk laugh intention of his, “Jue Qing, you listen to me, I might secretly going out, but I never think to leave you!”

“You think I will still believe on what you said now?” he ripped her clothes, he left the kiss mark on hers body, small bites by bites.

The warm air get contact with the soft skin, she really can't help herself trembling, but that even provoked him to be more desire for hers.

“No....” she wants to push down him, but she even more provoking him to be stronger.

His deep dark eyes are acquired with lust, his tongue slowly shifting to her ear. His tongue repeatedly licked her ears, moves to her inner ear, his husky voice

murmured in her ear: “Zhu Yu, you should know how much I love you? I can’t even leave you, while you, you should also can’t leave me.”

She knows, she has known earlier that how much he loves her, but she doesn’t expect he would do such thing to her! Chu Zhu Yu goes all out to push down Xiao Zhi by kicking his chest, even though that clothes, she even can feel his body temperature is raising... crazily heart beating

So hot! The palm is hot!

Her hands shrinking, he even takes the advantage from the situation by holding her tighter. His lips pressed on hers, his tongue irresistible force enter her mouth to pry her teeth, crazily forcing till inside her mouth.

No time to gulp the saliva, by using his tongue, he does the oral cavity towards her, a liquid flowing out from the corner of her mouth, just a like sparkling silver things.

“Ng...” she moaned, she doing nothing, just letting him to kiss her.

It is so strong, so strong as if he could swallow her at once.

Her face is red hot, suffocated, finally he loosen opens his mouth, his tongue withdraw from her mouth, but still he feels won’t let go her lips. She lost her energy, She only let her tongue to brushes her lips over and over.

“Said, you are mine!” He shouted at her.

She slightly breathing, nothing comes out from her mouth.

Chu Zhu Yu is abruptly take a deep breath, Her pair of eyes looked as if begging to Xiao Zhi, “Don’t! don’t force me to hate you?”

“Will you hate me?” the word of hate which comes out from her mouth, sounded as if the sharp spear, piercing deeply into his heart. His heart beginning to ache, so hurt until he doesn’t know how to control himself!

“I don’t know! but, I don’t like in such of situation being possessed by you. In the name of Love, it also cannot!” she doesn’t want him to hold her in that angry feeling, trying to possess her but she wants him happy and smiling from inside

his heart...

“Dislike?” he muttered.

Chu Zhu Yu continued : “Perhaps I never can understand how your current feeling. But, I really never think to leave you! On that day when your face looked white pale, the trembling body which embracing me tightly, I had told myself that, I will never leave you!”

It true, she will never leave him! Only with her single kidding words, made him to give such strong response, She, Chu Zhu Yu either in moral or in ability, is she really worth to be loved by him?

“Jue Qing, I am not the idiot, your love towards me, your doting, all I understand very well! All are being kept inside my heart. Perhaps at the beginning, I might feel pity of you since you are having insomnia, but... even I, myself don't know, since when I have fall in love with you. Actually I am extremely happy, you hugged on me and able to have good sleep.”

“You... love me?” his eyes opened widely, radiating surprised but extremely happy aura.

“Yes. I love you.” She very sure looking at him, “That's why you really don't need to use such obsessive method, I am even willingly to stay with you, for my entire life!”

She gives her promises, secure his insecurity heart.

He gazed her, he uses very solemn, calm voice, speak slowly words by words, “Even though I experienced thousands of misfortune caused by the karma that ripe, waiting till the chance of the cause to encounter and bearing what is deserve of self. Zhu Yu, able to love you, even I will encounter the misfortune and others obstacle in live, I gladly to enjoy and endure the hardship.”

She blankly wondering, how deep this man really loves her?

“This...” Xiao Zhi hesitated.

“Hm, I will love you, but if you don’t control my freedom, I will more love you.”

“...” The general blinks his eyes left and right, for long time, finally he nodding his head.

Chu Zhu Yu is smiling alike the fishy cat, “Hi hi, I have know that you are the best person. But... hm, Jue Qing, I still have thing to tell you.”

“What?”

“I... I...” she ‘I’ for couple times, finally she realized that, it hard to speak honestly because it need huge courage.

“o?” he calmly waiting for her next words.

Chu Zhu Yu closed her eyes, with hard beating heart, “Actually, when I entered the general residence, I had a purpose.” This matter sooner or later, he will find out so rather than that time comes, it better for she to tell him by herself now.

“I knew it!” Xiao Zhi seems not to be surprised.

What? She feels disbelieve and wink her eyes couples time, “You knew it?”

He nodded.

“How could you know it?” she even thought that she had perfectly conceal it from him.

“The time when you and I went to the Avalokitesvara temple, I aware that you might know Chu Mu Cai, so that, I asked someone to check it out for me, I finally knew that you actually are Chu Mu Cai Biao Mei (Female cousin), you are the owner’s daughter of Yue Xin Tea House.” He spoke so casually.

Chu Zhu Yu stupidly wide opened her mouth, Heaven! That time, he... he actually had known it!

“Do you know what my purpose entering the general residence?” She asked.

“Don’t know.” he shook his head.

“You don’t even know my purpose entering the general residence and still dares to make me stays? Don’t you afraid that I might be assassin that being asked by someone to kill you? Or I might someone who is coming to revenge?” Chu Zhu Yu is nagging and asking, in this world, there are so many people who wanted this Xiao General’s life.

“But you are not.”

“...” She speechless.

“Don’t you feel curious about my purpose entering the general residence?”

“I am not curious.”

Only that three simple words makes she lower her head, even she is getting closer to explain her bad “intention”, but suddenly she doesn’t feel want to say anymore, “You really sure that you love me?”

“Of course.” He widen his hands, pulling her close to his bosom, “No matter what your purpose are, I don’t even care, if you need for my help to accomplish it, I will help you to do so.”

His voice brushed into her ears, her black hair is blowing because the wind, and touch her face. Chu Zhu Yu face beet red.

Well, even both of them have been together for such long time, but still her face is so easy get red and her heart beat fasten.

“Don’t... don’t get too close to me!” she can’t resist to protest. She can only blame that he has so good looking face, while she is someone who can’t resist the beauty.

“If I really absolutely have to get close?” his face even closer to hers, his nose tip touches her nose tip.

Bamn!

Chu Zhu Yu feels that her face is extremely hot, her nose hard to inhale or exhale the air, his black shining eyes, his smooth skin, his straight nose, the pinkish pale lips, all let her...

Her nose, suddenly there is kind of warm things flowing out, dripping unstoppable.

Chu Zhu Yu looked the changes expression of Xiao Zhi, she wipes her nose. On her hands, it is warm blood stain.

My God, won't it be true, she even has nose bleed?

"Raise your head up." Xiao Zhi busying.

"O... alright." Chu Zhu Yu immediately raised her head up, trying to make an explanation : "People are so easily to have nose bleed, My nose bleeding absolutely not because dumbfounded and mesmerized by your beauty and bleeding..."

After she spoke, she carelessly bite her tongue, this doesn't mean she admitted her guilty.

"I know." He puts his hands to hers and examining her pulse.

"You really know?"

"Yes."

"Oh... it good then." She spoke with kind of guilty tone. Her head starts dizzy, is it because the nose bleeding? Her eyes become heavier.

All her body seems to lose all the energy, she can't endure and close her eyes.

Really want to sleep...

This well known doctors of Cong Zhou, this time is sweating lots because examining Lady Chu pulse who is remain unconscious.

Longer the pulse being examined, the ugliest doctor expression, and more sweat he has.

After the doctor finished examining the pulse, he kneeling in front of the general, terrified : "Xiao Min (a person of certain occupation address themselves) only knows Lady Chu is being poison, but regarding the poison

types, Xiao Min skill is limited, unable recognized.”

Xiao Zhi facial expression sudden darken, walking until the edge of bed, looking to the unconscious Chu Zhu Yu.

Her corner of eyes, her ears is starting to bleed. Being poison! When she got poison? In this general residence, all the food that she ate, all the water she drank all have been tested, except...

Suddenly, Xiao Zhi remembered the days when Chu Zhu Yu was in Tea House, “Someone!”

“Yes!” one of the guard replied.

“Immediately send out people to find those who work in Xing Yuan Tea House, bring them all!”

“Yes.” The guard replied.

Xiao Zhi raised up his fingers, gently tried to find out her breath, even it weak at least she still breathing. On this way, he is ensuring himself that she still alive.

Before, she still able joking with him, but now her facial expression is such white pale, lying on bed. If yesterday, when he brought her back from the Tea House, made the diagnosed of her body...

“Zhu Yu...” he bent down, his fingers cross her facial feature, “Believe on me, won’t let you wait too long, I will let you awake!” And those people who poisoning hers, no matter what will happen, he won’t let them live!

“General please spares my life! General please spares my life!” The miserable voices, the unstoppable crying sound from inside the room. Many types of the instrument for the torturing being applied, if he could, uncle Fa just wanted to choose fastest death penalty!

“So, will you make a confession of your crime?” Xiao Zhi sitting on the big chair, starting to ask uncle Fa and his eyes radiating murdered glaring.

“Yes, yes! This lowly confessed... confessed!” uncle Fa hurried answered, “ This lowly, originally was working in Luo Yang city as the Tea Master in Yue Qin Tea House, because lose in gambling, so I owed so much money, that day... that day when I was in gamble house being forced to pay my debt, there was a woman who came and helped me to pay my debt, letting me to come to Cong Zhou tea house and on the days I become very famous in Cong Zhou It would lure Zhu Yu to come and visit, before I was employee who worked in Yue Qin tea house whom the owner daughter is Chu Zhu Yu. That woman told me that on the day Zhu Yu come to visit, I should put small bottle of drug to hers tea.” Although he tries to give many of explanation but all incomprehensible, even his heart wasn’t at ease and worried, putting a bottle of drug which he understood very well that might not any good things, but once he thought about the debt being settled, even he might get some amount of money, he put his courage to do it.

“Do you have any hatred towards Zhu Yu?” Xiao Zhi asked.

“No... I don’t have.” That time during he worked at Yue Qing Tea House, both of father and daughter were treating him not bad.

“So, how could you that cruel!” Xiao Zhi expression cold for moment.

“This... this lowly was being threaten, all was that woman fault!” Uncle Fa just put all the blame to the stranger, a woman that he even didn’t know who her

name is.

“Which woman? Is she?” Xiao Zhi slender finger pointing, his finger pointed at the woman who was at other side in that room, who was covered with dripping blood and being dragged up.

Uncle Fa was looking for a while and scared, he murmured : “Looking at the figure... it, it seems similar! But this lowly never looked at the woman front face because she always wearing bamboo hat.”

“You guys don’t... capture, capture wrong person, the good citizen.” That woman crawling on the ground, very difficult to open her mouth.

“Good citizen?” Xiao Zhi glaring at that woman, “ If you really a good citizen, why you were such hurried passing the city borderline, letting my soldiers chasing you for two days and finally being captured.”

“I went... went out from city, it wasn’t against law...”

“But the place you aiming to go, it was Luo Yang.” Xiao Zhi glared that woman, his voice stay calm and said : “If you still shut your mouth this tight, won’t to admit your crime, believe on me, I have so many ways to dig out things from your mouth.”

That woman eyes expressing a fear, hesitated open her mouth, trying to suicide by biting her tongue, but her action has been anticipated by the guard.

“Block something on her jaw.” Xiao Zhi commanded.

“Yes!” heard something being snapped, that woman mouth has block, her mouth won’t close, she even couldn’t suicide anymore.

“If you still don’t want to say out whom the master mind behind this, even the death will only be the extravagant wish of you!” Xiao Zhi gently waving his hand inside the torture chamber, inside the chamber, it only could hear the sound of torture instruments and the painful sobbing voice.

From Cong Zhou heading to Luo Yang, a group of people go by horse carriage and walking.

No one knows, among the people, there is one of the great general of the

country, Xiao Zhi within the group. He left the fifty thousands of soldiers in Cong Zhou, he only brings Liu Shan the military officer and some of elite soldier as guards, secretly back to the central city.

On his embraces, the unconscious person was wrapped carefully with the thick and warm blanket made from fur, because of her state of unconscious, her forehead was frown and wrinkle to express the pain.

Xiao Zhi lower his head and looks closely to Zhu Yu who is embraced by him, carefully to shield her with his body from the winds, "Zhu Yu, I know that you are in pain currently, please bear with it, alright?"

But the unconscious Chu Zhu Yu not even able to answer back. From the seven apertures, it has been five apertures that bleeding.

Every drips of her blood that bleed, just makes his heart even pain. Her life as if slowly by slowly weaken and vanish, only her weak pulse and breathe that let him knows, she still alive.

General chapter 21.3

Xiao Zhi is hurried back to Luo Yang,
Zhu Yu is remaining unconcious

Dai Rui Qin is worried because her maid hasn't back from Cong Zhou and she will shock with Xiao Zhi sudden visit in her palace

Chapter 21 Detoxicate

Part 3 (Three)

The horses which tired and exhausted were starting to throw-out the white foam from its mouth.

“General, the horse seems not able to hold on.” Liu Shan said.

“Try to make it till the next boarded, then changes the horses!” Xiao Zhi said calmly.

“Yes!”

Three days three night of the vigorous running, tiring so many good horses, only for the woman on his embraces...

Inside the splendid palace, the Tenth Princess Dai Rui Qin is lying on the couch, but couldn't sleep. It because of her waiting-maid who taking care the matter hasn't come back for several days, the latest news that brought by the trusted pigeon, wrote that all the matter had been taking care, she was heading to Luo Yang. Counting the days, she should have arrived, but...

Don't know what is happening, Dai Rui Qin feels distract, tonight the moon is especially dim, as if gives a signal something might happen.

“Lai Ren!” she raised her body up.

“Does the Tenth Princess have any orders?” The maid who guarded for the night shift asking.

“Go and light up the lantern.”

The maid obeys the order, she takes candle and light up the lantern, but she doesn't back for long time.

“Someone! Quickly come!” she impatience shouting.

Silent steps closer to her, one piece of red candle rolling near to her feet.

“Ah!” Dai Rui Qin surprised, she raised up her head, looking at the cold mountain face expression, “You... how can you get in?”

Xiao Zhi—- this is the man that she ever expecting and look forward, even before, she ever asking countless time, letting the maid to call him to this splendid palace, all were being rejected by him. But now, he even comes without speaking... entering here.

At the moment, many of thought appeared. Dai Rui Qin works hard to show that she is so composed. The General that should be in Cong Zhou now, he is inside the palace in Luo Yang. Does he have already known it...

Suppressed her panic expression, She suddenly laughing, she trying to develop gentle soft lady like, “Doesn’t know what makes the Xiao General comes at this late of night?”

“The antidote.” Xiao Zhi said that two simple words.

Dai Rui Qin heart was on panic, even her face was mask with fake smile, “I don’t understand about this topic, what antidote?”

“Since I could enter your splendid palace, naturally I have investigated and known all the things.” Xiao Zhi cold expression.

Her smile face expression, slowly by slowly dim, “If I scream out loud, you guess those the people inside the palace will see you, the general Xiao who came at this late of night, what will they think about it?” moreover to the extend, he even can’t escape from the Emperor palace.

“You won’t have this opportunity.” He has the bloodthirsty on his eyes sight, that kind of eyesight which showed only for accomplish the mission, even he willing to do it at any expenses.

Meets people killed people, meet the Buddha killed the Buddha.

“Don’t you.. really dare...” remaining half of the sentence, she even not able to speak out. The dignified of the country great general, does he really able to massacre inside the palace?

“There is no harm for you in trying.” His cold expression didn’t have any change.

She hate to see that face, this face of his that makes her to grow unrequited love for him, makes her to taste the greatest frustration and humiliation in her life. She even changed to so wicked till wanting to destroy his peaceful, wanting to see him lost his sanity!

“Why you are so sure that I must have the antidote?”

“The maid that you asked to poison has already admitted.”

“But she didn’t know one thing.” Suddenly Dai Ru Qin laughing, “The drug, it doesn’t have any antidote, hahaha—-”

The laughing voice suddenly vanished, Xiao Zhi fingers had grabbed Dai Rui Qin neck, “You said?”

“The drug has no the antidote, on the entire world, there is no the antidote for the drug!” she succeed to see the changes of his expression, but it even makes her more envy and envy, why, how important the existence of that woman inside his heart?

Part 4 (Four)

“As long as it is poison, there must be have the way to antidote, you must be know the way!” he pinch his fingers even deeper, makes her hard to breathe, her face turn to be purple.

“You... k eke (cough voice), if you straggle me, you will never know anything.”

He looks a glance to her, to loosen his fingers.

Dai Rui Qin body weaken till fall to the ground, gulping and breathing, very long then said : “The drug, it true there is a way to detox it, but the way is—- one life compensate to others!”

“What do you mean?” he narrowed his eyes.

“Xiao Zhi, don’t you say that you love that woman? So just trade your life for hers! Hahaha! If you want to save her life, the only way is letting one’s who has extremely high martial art to pull through all the poison on hers onto your own self, if the poison isn’t pull through complete, afraid both of you will die. In this entire world, the people who have high martial art aren’t many, luckily you are one among them. While the only way of pull through the poison is—copulate (sexual intercourse)!” Dai Rui Qin insane laughing and glaring Xiao Zhi, “ Hahaha, at the end if her life is save but she will losing her virginity, while you the person who save her, will die. She is woman, who won’t be able together with you, while her future because of you, she will live in widowhood!”

Does between two persons only one who can live? Xiao Zhi hang down his eyes lids, as if be lost in thought of something.

“Xiao Zhi, do you really willing to sacrifice yourself in order to save her life?” Dai Rui Qin asked. Even if a man really madly in love with woman, but really will lose life, he might hesitate... while she, even if she killed, it also can find a scapegoat.

Xiao Zhi said nothing, sweep away Dai Rui Qin with his eyes, his slender five fingers hold tight, loosen up, until he back to himself after he vent the anger, then he turn his back and went out from the palace.

She surprised, “you want to go? Don’t kill me?” she thinks that he might not spare her life.

“Zhu Yu dislike I killed the Emperor family, so I won’t kill you, but... you still will bear the consequence, I heard recently they need a princess for the He Qin* (feudal dynasty attempt to cement relations with the rules of minority nationality in borders area by marrying daughter of imperial family to them), perhaps you are suitable.” He said before leaving.

He Qin?! Dai Rui Qin just feeling weaken all over her body, finally sitting on the ground. Generally the princess who goes for He Qin, from ten, nine of them won’t have any good luck. Does this is the consequence she must bear?

While the one who is guarding the outside of the palace, Liu Shan, he is kneeling near to Xiao Zhi feet.

“General, you won’t think to use yourself for antidote the poison, will you?” all the conversation inside the room, he had heard it.

“Yes!” he turned his body, Xiao Zhi has fled out, and even his shadow not seen in the darkness.

Misfortune in love! Misfortune in love! This is her misfortune, but also his misfortune too. He understood, the misfortune in love that his Shi Fu said, actually what it is!

Crunch!

At the deep heavy dark of night, perfectly silent, the sound of door being pushed so clear in ears.

Xiao Zhi silently, walking without any sound inside the room, steps by steps walking to the edge of the bed.

She— still lying at the bed, pale white face, the dripping fresh blood from her five apertures, her forehead sweating lots.

“Zhu Yu.” Xiao Zhi raised his hands, takes a piece of silk clothes, slowly wiping her sweat and the oozing thin blood, “You won’t able to hear me, I clearly understand, you are losing your five apertures sense, unconscious for many days, hearing nothing, but...”

Xiao Zhi puts down the silk clothes, took off his Yu Guan, open his waist belt, undressed himself. The thin lean body slowly covered on the weak and pale delicate body, he stroking her face with affection, just wanting to fancy like this for the lifetime.

“Zhu Yu, if you wake up later on, knowing that your virginity is losing because of me, will you be angry?” he murmured, taking by himself, his big hands opened her robes.

Gradually her skin is exposed in front of his eyes, his skin and hers are concentrated sticking together.

He lower his head, kissing her eyes, kissing her lips, his hands constantly rubbing onto her skin, makes her body warm up little bit.

Yearn for this fragile body, even in coma condition, but he even yearning for her! He kissed more and more deep, gradually he moves to her neck, constantly sucking and leaving a red hickey on her.

His breathing more and more rough. That black of pair eyes has already steeped with lust.

She is his bosom, her hands doesn't have any energy, hang on the bed side.

Both of them are emitted intertwine together, just alike the equivocal between love and desire.

She on his licked and kissed, her body slowly warm up, the white pale face changes rosy pink, appeared to be little bit pinkish.

His eyesight changes to rapacious looking at her face crimson, “Zhu Yu, don't you know? at the beginning I only have myself, Shi Fu, The emperor, the citizens just as the title for myself. Shi Fu had told me, my character is extremely cold, if this cold character can be stay still for my entire life, it isn't such a blessing. But I met you, meeting you the only misfortune in love for myself in this entire life. Misfortune? Yes it is misfortune but I still could choose. I don't save you, you won't be my misfortune. But I just letting you to become my misfortune.”

He never knows, actually for others, he able to give up his life. He sadly licked her lips, his hands touching her bottom, “It will little bit pain, please bear with it.”

“Ng..”

Xiao Zhi gently kissed Chu Zhu Yu mouth swallow her groan, force the internal energy within her body and turn quickly, pushed a little, letting the toxin out from her body and pull through it into his own body.

Longing, in the middle of periphery life and death, repeatedly struggling, depravity, that night inside the room there were continuously voice of let out breath of man and coarse voice of woman.

Until the dawn comes, Xiao Zhi is wobbling walking out from the room.

“General!” Liu Shan kneeling outside the door, he was guarding for a night.

“You find someone that can carefully serving and taking care Zhu Yu.” Xiao Zhi face white pale, his lips changes pale.

“Yes!” Liu Shan followed the command, even he sees the drips by drips blood falling on ground. Looked down at the dripping blood, only to realize that the eyes corner of Xiao Zhi is oozing blood, two tears of fresh blood, “General, your eyes...”

“There is no harm.” He waving his hands, “Don’t tell Zhu Yu, it was me who antidote hers.”

If she knows, she surely will cry, he doesn’t want to see her drops any tears, it only will let him more pain compare to his current condition.

Chapter 22 Ending

Part 1 (One)

So tired! Very exhausted till she doesn't even want to open her eyes, just wanting to continue sleeping in this way.

But she feels hurt in some parts of her body, the pain just making her wants to shout out, but the voice that comes out is the coarse voice.

Ears, vaguely only heard Jue Qing voices, he has speak about misfortune... then speak what he what. She wants to hear clearer, but nothing she able to hear clearly...

Until her pain slowly by slowly vanished, the sounds that she heard more and more. But there is no Jue Qing voice anymore.

“Doctor, you see, Lady Chu moves her eyelids!”

“Perhaps Lady Chu might gain her sense again?”

“Doctor, hurried examines it!”

There are nonstop voices inside the room, the noises crack up her head.

“Ng...” her dried lips moan, Chu Zhu Yu uses all her strength to open her eyes.

Entering the room with the familiar design curve, this room is... in general residence! When she came back to Luo Yang, shouldn't she in Cong Zhou this time? “How could I be here?”

“Lady Chu, you are wake up! You have been here for several days!” one of the maid said.

The doctor help Chu Zhu Yu to examine the pulse, write out prescription so the maid can prepare the prescription of the Chinese herbal medicine.

Chu Zhu Yu feels that even to get down from bed, she needs to use so much strength and times, “What happen to me? I feel so tired, how long I had slept for?”

“Heard from the doctor said, Lady Chu has been poison, now it had been

antidote but still need to drink medicine so it will recover faster.”

“Being poison?” when she had been poison? She only remembered that her nose bleeding after looking at Jue Qing.

“My Lady you are awake now, nothing need to be worry.” The maid afraid that Chu Zhu Yu would think too much about the poison might not completely being purged out.

“Oh ya, where is general?” She asked.

“The general, all the time he is inside the forbidden courtyard, others than Zen Master Hui Wu, no one ever get into that place.”

“Inside of the forbidden courtyard?” does the general residence have that kind of place? Why she doesn’t even has any impression.

“Yes, couple days after the general came back to the residence, he making the inner courtyard garden as the forbidden place, forbid anyone to entering the place.” The maid said.

How could it be? What was going on recently, how could the courtyard changed to be forbidden place? Why jue Qing didn’t come to see me? She has too many question to ask, but don’t know where to start!

That time Chu Zhu Yu was standing in front of the forbidden place, she only could see wall with one entrance and being guarded by the soldier.

“Lady Chu, General has instruct, if there is no his command, no one could enter inside.” The soldier said, stopped her to the outside of the garden.

“So, I am also can’t get inside?” she thought that if she is coming to here, they will let her in.

“Yes, including Lady Chu.”

She stopped, “So where is the Zen Master of Hui Wu?” she remembered the maid ever told her, the Zen Master of Hui Wu has access to get inside.

“The Zen Master of Hui Wu and the general are having Dhamma (Buddhist teaching) talk, afraid it will take much time until he goes out.” The soldier answered.

“Lady Chu, the winds strong in here, how about if we going back and taking a rest.” The maid who came with her suggested and helped to support her body.

Chu Zhu Yu shook her head, she feels the insecure in her heart is getting bigger and more expanding, she really wants to make everything clear, what is happening actually, why after she awakens, there are many things that odd?

“Lady Chu!” the maid panicking, “If you get the cold, it...”

“I want to wait in here, if I couldn’t wait for the general to come out, at least I should wait for the Liu military officer to meet me!” that weak body is stay firm standing on windy weather, her face blows by the wind and her facial change to death white (pale).

Time is slowly passing away, Chu Zhu Yu feels her body is getting numb, her body lifeblood as if being stopped flowing, finally when she sees the white mustache of the Zen Master, dressed in dark blue robe comes out from the garden.

“Zen Master.” She called.

The foot step stopped for moment, that pair of bead eyes even can see thoroughly every matters, blink by blink after looking at her. Chu Zhu Yu uses all the energy that she has, not letting herself to faint. Perhaps if she really faint now, her body will be at ease little bit, but... she has too many questions to ask, she has too many things that she fail to understand.

Pairs of eyes looking at each others, her eyes filled with uncertain feeling, while the Zen Master Hui Wu is clearly understood.

Long, finally Zen Master Hui Wu softly takes a long breathe: “ After all, it has been destined (decreed by fate).”

“This little girl doesn’t understand, requesting the Zen Master to explain it!” she kneeling, but still staring at the Zen Master Hui Wu.

“You are his misfortune, while he is your important person, now you really don’t need to understand anything.” Master Hui Wu simply said.

Misfortune? Important person? What all of these words mean?

Chapter 22 Ending

Part 2 (Two)

“I want to meet Jue Qing, begging Zen Master Hui Wu to bring me to see him!”

“Since he doesn’t want to see you, why you are insisting to see him.” After he said, he didn’t look at Chu Zhu Yu and turned his back, leaving her.

Insist? Is this called as insist? Chu Zhu Yu dumbfounded looking at herself kneeling. That time... the man who were spoke out loud not letting her to leave his side, but now that man didn’t want to meet her but hiding.

Why heart feels so empty? That kind of indescribable grieved, thereby where it come from?

For her, this is only the matter of open and shut eyes moment, but how could... the world change so fast?

Her eyes so hot, something dripping down. Her ears only heard the shocking maid called out : “My Lady, why are you crying!”

Crying? Is she crying?”

So, only because he didn’t meet her, she even so easier to dropping her tears.

The delicate small body, only in this way, she stood outside the garden, never once she moved.

The maid who next to her was so worried, but also knew that she couldn’t help her. While Liu Shan and the Zhi head of house keeper are hurried arrived, only wishes they could help to insist and persuade Chu Zhu Yu to take a rest to her room.

“Lady Chu, this won’t help and benefit for you to recuperate.” Liu Shan said. Even though he wanted to tell all the matter which kept on his heart to Chu Zhu

Yu, but re-thought what the general said to him that night, he wanting to said but finally he swallow it back.

“Yes, if the general sees you in such situation, he will be so worried.” The Xiao head of house keeper straightly said.

Chu Zhu Yu still looking at the only entrance of the garden, “A day he doesn’t meet me, I will stand here a day, if he doesn’t meet me for ten days, I will stand here for ten days, I will wait for him till the days he will meet me.” She only wants an answered, that answer only him who could give her.

“Lady Chu, why you should make things harder... just to think if the general is disappointed you.” Liu Shan took deep breathe.

“So that, let him to come and say it to me...” her head more and more dizzy, her body is exhausted, earlier hard to bear, numb till she might faint at anytime. Chu Zhu Yu struggling hard to support her body by using her nail which pierce into her palm, on this way she will feel the pain and makes herself stay awake.

Her nail piercing into her palm, the fresh blood dripping, slowly it’s spreading all over her palm.

“My Lady, your hand!” the maid who standing next to her just realized the condition, surprised shouted.

Xiao Ren and Liu Shan shocked when they saw the fresh blood were dripping from her hands, they quickly asking someone to take the cotton, even called the doctor.

“Don’t wrap! I still want to feel the hurt, otherwise, I afraid I might faint and won’t wake up.” Chu Zhu Yu calmly said.

“How could we be allowed? If the general knows, he will blame on us!”

“If he really doesn’t care about me, why should he blame on you guys?” at the point of death, even her palm tapped break, but her head even more feel dizzy and intense. Chu Zhu Yu body swayed, her head swayed, she tried harder not to close her eyes. Is the pain still not enough? If she added the pain and ache, will it keep her awake?

“Oh yeah, how could I don’t think of it?” She murmured, on everyone witness,

she pull out her hairpin from her hair, then she fiercely stabbed it into her wrist...

Five slender fingers, firmly knead with the finger, the black shadow of figure, don't know when it has come suddenly just stand beside her, the low tone voice which sounded helplessly : "Why should you injured yourself?"

"General!" all the people in that place kneeling.

Chu Zhu Yu raised her head, she sees his black hair from her pair of eyes, he wears black robe that show how he is thinner than before, his face is pale no pinkish color, his dark circle under his eyes is deeper.

His breathe spreading to her nose, that kind of warmth, she won't let it go.

"Jue Qing?" She burst out the two words, which actually she is not certain.

"It's me." On Xiao Zhi eyesight, he looking at the person who almost faint, the hands covered with blood, and also the swelling and red eyes, at the end still he is the one who hurt her.

She dazing looking at him, looked him so careful, pair of his weary eyes is so perfectly clear.

Jue Qing, will he tell her the answer?

Jue Qing, why you won't to meet her?

Jue Qing, if you really disappointed her, why at last you still come out?

On the day she unconscious, actually what was happen?

"Why don't you come and meet me?" she murmured asked.

"I don't want to." He closes his eyelids, forcing himself not to have looked at her face. He afraid, once he sees her, it will ruin all his determination.

"And what the reason you don't want to meet me?"

"Because I'm tired of you already, that's it." His voice heard not stabilized, ups and downs and also kind of hesitated, as if speaking in front of stranger.

She clearly understand that he is lying, but her tears still dropping down, dropping... dropping, dropping until it fall on her injured hand, also dropping in his five slender fingers that clutching her wrist. Heart, it as if being pierce by countless needles, so close and numerous of ache, the tears of her pain just

blurred her vision.

As if her tears is burned him, he suddenly draw back his hand.

On her ears, he spoke coldly— “If you understand, in the future don’t come here.”

Understand? Yes, she understands, for the beginning she has understood! Chu Zhu Yu staring at Xiao Zhi, open her mouth and slowly by slowly said words by words clearly : “Even though I experienced thousands of misfortune caused by the karma that ripe, waiting till the chance of the cause to encounter and bearing what is deserve of self.”

His tall body suddenly startled, his hands unconsciously changed become fist grip.

Chu Zhu Yu continue said : “You are the person who study Buddhism, this words, you are naturally understand.” It right, that words, was the words that he told her last time, “All is based on the fate, it has cause and effect, today encounter, whether it fortune or misfortune, all are because the past deed, today action and attitude, regardless good or bad, all will be reported afterlife time! Zen Master Hui Wu said, I am your misfortune and you are my important person, so the deed is ripe, because of the past life action, but I still do not want because of this ripen deed, causing today life being lock up and perish. I still want to continue to walk down, sharing that ripen deed together with you for the entire of my life time. Don’t you because of this, telling me those words, do you?”

She crying even harder, “I just believe that time when you told me those words, only on that time, you were looking right into my eyes, so I knew you were not lying.”

Chapter 22 Ending

Part 3 (Three)

His body staggered, as if hiding something, or as if suppressing something, “So, if I see into your eyes and say to you, you will trust me more!”

Chu Zhu Yu stupefied looking at Xiao Zhi, he slowly raise his eyelids up, that kind of black pair eyes bead looked at her. But—- he only gazing into the distance, as if the stagnant lifeless soul, no slightest emotion.

“Toward you, I have felt tired, so then, you really don’t need to look for me.” The voice is so clear, but it similar to the freezing ice.

“So then, tell me that you are not loving me anymore.” Even her body is weak, but at this moment she is so straight forward.

He makes a fist from his hand, looking at her for such long time, gritting his teeth even he biting his mouth.

“You can’t say it out loud, right?” She gave him same eyesight, her eyes expressed she won’t move back.

“I am Xiao Zhi—” he takes a deep breath, he clearly understand this is his last step, he clearly understand he should cut off the ties completely with this woman, a woman that he ever wanted so much in his life, sacrifice anything for her, he clearly understand his strength and capability to suppress and control the poison only in a month, after a month, his seven apertures will be bleeding until he death. So that, he should cut off this relationship, perhaps on this way, later on in the future she might live better off. But... on her eyesight, he realized, to say “I don’t love you” is really hard.

Her lips tightly shut her mouth, the stubborn and sad expression.

“Today won’t love...” his voice little bit spreading by the winds. Xiao Zhi tries to use all the energy he has, struggling to say out the last three words, “Chu...” his blood energy unstopping roll over and over, even using his internal energy, still uncontrollable.

Argh!

A fresh blood burst out from Xiao Zhi mouth, some burst into Chu Zhu Yu face.

The bloody smells shrouded all the body, on her face, neck, all is his blood!

Then, she only could see that his tall body falling on her. On the time he closed to fall down, he still able to fold over his body, protecting her in his arms.

He felt on the ground, while she is falling on his embraced.

She knows, he still loves her, it never changed before. Even he told many lies but actually he still loves her.

She and his preordained fate (karma), today won't vanish, in this lifetime, it will still continue.

She saw the blood on him, eyes, ears are slowly bleeding.

She saw him very weak lying on the bed, even she tired but she couldn't sleep.

She saw the military officer, Liu Shan kneeling in front of her, the seventh feet man, dropping tears from his eyes told her all the matter.

She saw the Zen Master Hui Wu examine her pulse, his expression different, rare expression that showing a hint of surprised.

“Do you really want to save Jue Qing?” The Zen Master Hui Wu spoke softly to her ear.

“No matter what you tell me to do, I willing to do.” She gave her determination as answer.

“But saving him, you and the child should sacrifice at high cost.”

“The child?”

“You are pregnant for months, think about it because that time Jue Qing was trying to antidote the poison, and it makes you becoming pregnant. It because you are bearing his child, having his bloodline, so you are the only person who can help him.” The Zen Master Hui Wu said. All because of the Karma law, perhaps Jue Qing, in this life he never should have it.

Chu Zhu Yu raised her hands and touching her lower abdomen. She...is bearing Jue Qing child?!

The Zen Master Hui Wu continue said : “Initially, this poison only can be suck

once. But you are having his child, so you will be able to use the Xue Gu (blood insect), getting the poison to cross through your body. And this poison. Able to be divided two, half will be on you and the other half will be borne by the child.”

“Couldn’t it all let me bear?” she panicking asked.

He shook his head, “If you are the person who bears all the poison, it means you send your life to death! But because of being divided into two, in the future you need to consume lots of herbal medicine, the body becomes weak, and easily to get sick. While the child, the fetus has carried the poison on it, afraid that it will affect the growth, will be slower than the normal babies, because of this, will you still willingly to do?”

Chu Zhu Yu biting her lower lips, while her hand touching her lower abdomen. In here, it is small life, still will be born, but its life will be harder compare to others, “Alright, I am willing. And this child... Jue Qing and I will work hard and give all the best we can, perhaps he (she) will be bearing the poison since He (she) is a fetus but we will make this child thousand times happier compare to the normal people!”

Her determination words, no doubt on it. The Zen Master Hui Wu staring at Chu Zhu Yu, sigh with emotions. It seems his discipline didn’t make a wrong choice, even this woman looks so weak, but she has very strong heart, something that he never thought before, “so that, I should tell you how to save Jue Qing life.”

“I had known all the matters.” Said Chu Zhu Yu who is sitting on the bed, looking at Xiao Zhi who is not able to sleep and still open his eyes widely.

He gloomy glared at her. Very long, then he gives deep sigh, “Liu Military officer had told you?”

“Yes!”

“That because I was willing to.” He doesn’t want to say anything, avoiding taking a look at her.

“You are willingly to antidote the poison, but you never thought whether I am willing or not, letting you to antidote it!” Chu Zhu Yu pairs of hands touching

Xiao Zhi face, forcing him to look at her, “I tell you, there is no little bit I am willing, not a little bit I am happy on it!”

“Do you blame me because I possess your body?” He suddenly asking.

Aiya! Who is blaming about it! Chu Zhu Yu pissed off until she even gritting her teeth, “you think that after you die, my heart will at ease and living happily?”

“Don’t you think...” his eyes showed his surprised expression.

“Are you scared?” she stroking nose, ruthless said, “You the surname of Xiao, don’t you know that the detestable thing that you did to me? You were antidote the poison on me, still desperately hiding it from me, not letting me to know what is going on!”

“I...”

“What I, I! It was you the person who said that wouldn’t leave me, but at the end you are the one who desperately wanting to cut off all the ties with me!”

“I am only...”

“Are you hoping me to be window, still hoping me to taking care of our child and married to another man?” she pissed off glaring at him.

“Child?” he dumbfound alike the wood.

“It true, the Zen Master Hui Wu had examined my pulse, he said that I am pregnant.” But how long actually she has been unconscious, she didn’t even know.

His face expression keep on dumbfounded until suddenly he burst with ecstasy, then changed kind of angry, “ Damn doctor, he keeps on giving you medicine to recuperate your body but he didn’t even know and diagnosed that you are pregnant!”

“My pregnancy time is short, or perhaps because of your Shi Fu who has high medication skill, so he could diagnosed it.” Her fingers stroking his under eyes that dark circle, “How many days you haven’t sleep?”

“Don’t remember.” His forehead frowns weakly.

She take off her shoes, crawling to the bed, letting herself being hugged by

him, "Alright, now you should obediently sleeping!"

On his embrace the tender soft body, how long he haven't touch it? Xiao Zhi stupefied looking at the person who leans at his body, he uses all his life only to protect this person.

Can't help but he still hugged on her to his bosom, his habit to put his head to her chest, smell her scent.

The clear, thin scent that not too strong, the scent that always makes him feeling at ease.

"Zhu Yu...even without me, you still able to live on..." he closed his eyes, murmured and felt asleep.

How could it be! Chu Zhu Yu rolled up her eyes, looking closely Xiao Zhi who has felt asleep.

His sleeping expression is different from when he is awake, instead it is much elegant charm. Her hand gently stroking his eyes, his nose, his lips corner... in the future their child, will have bigger possibility to look alike him, or will have bigger possibility look alike her?

Child... Chu Zhu Yu hand touching her lower abdomen. She has thousands of sorry for this child. In the future, she will use hundreds of thousands to compensate this child.

But now, she needs to do one of the most important thing, only to do this thing, will be able...

Chu Zhu Yu is slowly gently to remove Xiao Zhi hand from her body, takes out the box and daggers from her body, inside the box there is Xue Gu (blood insect) which giving by the Zen Master.

Deeply in hale the air, she uses the dagger to cut her palm, letting the Xue Gu inside her palm. The insect sucked her bloods, slowly get through onto her skin.

It is slightest tingling sensation spreading from her palm to all over her body, the pain was far from what she has imagine.

The dagger on her hands slowly moves to his left palm, she quickly cut one's more.

Xiao Zhi half awake, the palm is covered with fresh blood, “ Zhu Yu, what are you...”

Without waiting him to finish his words, she has stuck out her palm to his palm. Two person palms are sticking and instantly there is kind of attraction which stick their palm firmly and sucking each other together.

“What are you doing?” Xiao Zhi frowned, the adsorption force of the palm and the tingling sensation, suddenly makes him understand what kind of thing it is, “ Is it Xue Gu?”

“You guessed right, The Zen Master is the one who gave me this Xue Gu, using it to save your life.” Her five fingers stick to his five fingers, intersect holding.

His face expression changed to be very intolerable, “don’t you know that what you are doing will kill you?”

He doesn’t want she killed! It wasn’t easy for him to save her life, he absolutely doesn’t want to see her die! Xiao Zhi wants to conquer the force which stick their palm with his internal energy, once he refused, the poison has been go through to Chu Zhu Yu body.

“it won’t be! Only in this way, both of us will keep on living!” she used all her energy to hold his fingers, to allow the poison on his body, slowly by slowly flowing to hers, “You can live, the child and I also can live. If I don’t bear your child, I might not able to save your life. It just alike what have been destined, I have your child so that I can save you! Even there is no way to really antidote this poison, even for the entire of my life and the child will carry on this poison, will be weaker than the normal people. But... I still want to save you, no matter what the cost would be, I will save you!”

“Do you know what kind of decision you have made?” the palm filled with humid and sticky sensation but warm the heart too, as if he being reminded that -- she is his misfortune, but she also the person who save him.

“I know.” she gives slightly smile, “even experienced thousands of misfortune, waiting till the chance of the cause to encounter and bearing what is deserve of self.”

One glance of eyesight, one smiling gesture, at the moment everything

become clear. He stared into her, slowly move that handshake hand to his lips, gently kissed, “able to love you, even I will encounter the misfortune and others obstacle in live, I gladly to enjoy and endure the hardship for the lifetime...”

THE END

Epilogue

Yeay! I really did it. I finished General Wants to Hug and Sleep (将军抱抱要睡觉) and heading to start the new project right the way...

EPILOGUE

She really... has been so long and so long never come to this Tea House. Experiencing many things, waiting till her body being recuperated, all have been passed couple of months already.

Chu Zhu Yu has been pregnant for six months, come back to Chu's household.

"Chu Zhu Yu, you are shaming our Chu's family name!"

Shaming the family name? Did she? Oh... it seems right because her first initial really intending to do so before, but eventually she has forgetting all those stuffs.

"Even you are my cousin, but you are lascivious woman, not marrying but pregnant, even if you are being locking up with those pigs, I will not help you to speak half of words."

Aiya, of course they won't help her to speak half of any word, since their purpose is only to take over the Tea House business. Chu Zhu Yu pair of hand clapped together under her chin, make an effort to look at that two persons, father and son of the Chu's who are speaking at harmony tone.

"Oh... but, eventually I will immediately get married!" this early in the morning, Jue Qing said that he will enter the palace to greet and meet the Emperor also asking His Highness for writing the imperial decree of a marriage sanction.

"Married? You with whom?" The big uncle of Chu's household asking.

"You with this kind of big stomach, who will marry you?" The Chu's Tang Ge said.

"I will marry with the father of the child." She straight forwardly answered.

Once that father and son of the Chu family heard, they looked each other, the big uncle Chu said: "Zhu Yu, last time you had told us that, you would find a man who will use our family name and willing to live in bride house, if there is no one, this Tea House will be given to us, in order to avoid the outsider to take over this family business."

At the other side, Chu Zhu Yu's father pulled his daughter to his side, with very low voice said: "Ah Yu, since you have find good household, and have a child, this Tea House just giving to them, as your father, I only hope you to have good days, it more than enough."

"Father, don't worry." Chu Zhu Yu comforting her father, turned her head looked at both of her big uncle and Tang Ge, "About using our family surname, I haven't talk it with the child father."

"Does that man will agree to marry into our family and use our surname?" That two persons are panicking.

"I don't know, still haven't asked him this matter..." Chu Zhu Yu just wanting to continue, but at the same time, there are horse hoof steps the front door.

Not long after that, the audacious figure of someone is walking inside the hall, behind his back there are several highly rank general.

This... is this the Xiao General? All the Chu's included her big uncle and his son opened their eyes wider to see.

Inside the main Hall of the Chu's residence, this three persons still don't understand how can the Xiao general comes to here, in this room, while the big stomach woman has already flew to his side.

"Jue Qing!" Chu Zhu Yu with her big stomach flew to his embraces, "I have things to discuss with you, can I?"

"Let me hear it." Xiao Zhi gently embraces Chu Zhu Yu, he afraid that will bump into her.

"You entering and married into my family and using my family surname, will you?" — that words just burst out, all the people in that place, except the person who was asked and the one being asked, all the people expression showed as if their jaw would drop down.

"Married into and live with the bride's family?"

"If you don't married into and live with my family, my Tea house business won't be protected." She really really using "grieved voice" when said.

"Well, Tomorrow when I enter the palace court, I will request to the Emperor,

let him to change little bit of the imperial decree.” Xiao Zhi doesn’t mind with the concept of “married and live in the bride family house”.

On the other side, the big uncle and his son shouted out loud: “Marrying and living into this family won’t do.”

If letting the person who issued the imperial decree know that the great general of the country is married into and living with the bride family because of them... then, then what their life will be!

And about the Tea House... this already makes headache, of course can’t desire and have thought for it anymore!

The end
