Tran Sexual Online Chapter 01

Jammerg55 here,

I had actually finished this about an hour ago but made the mistake of over writing it with chapter 2 and THEN closing word so i couldn't fix it, so i had to re-translate it again. Moral of the story — be sure to pay attention!

Anyways, Chapter 1:

Chapter 01: To Virtual Space

「It's hot」

It's already hot despite the fact that it's only May. Golden Week in Tokyo was like being in the midst of a sunbaked desert.

「It's hot.....I'm dying.....」

The sun poured down brilliantly, while I filled my mouth with Ice Cream.

If it's this hot in May, how hot is it going to be this summer? I shudder just thinking about it.

It's noon.

The lectures at college had already ended this morning. I mean, supplementary lessons during Golden Week is a little.....

「Well then.....」

I finish eating the rest of my ice cream in a single bite, and stand up from the bench.

I can't stay in such a hot place any longer.

Let's hurry home and go to (. . .)

I finally got my hands on a popular VRMMO.

The official service begins this afternoon.

After all, the real pleasure is TS. (= "sex change") it seems.

No, it's not a "sex change" operation. Not some graphic story like that.

It's just a feature of the game.

I, Sadzuka Manami, had always wanted to experience what it was to live like a man at least once.

And this game will make that come true.

Obtain a man's body, enter virtual space and destroy monsters right and left——

「Yes.....! What pleasure.....」

I quickened my pace home as I muttered to myself.

There are no more lectures starting tomorrow, I'll probably spend the entire Golden Week at home concentrating on the game.

I don't have a boyfriend, so for a person with few friends such as I, it was a perfect way to spend a holiday.

I chuckle to myself with a very pleased face while I think about it.

I arrived home and started the game.

I installed the game card into a palm sized CPU.

I put on earphones and linked up to the data storage.

I felt a light vertigo as my consciousness began to fade.

I always feel that every time I enter a virtual space (virtual reality area).

I've played VRMMO's ever since I was little but I've never gotten used to it.

A seven colored light is projected on the backside of my eyelids.
Information from my brain is input to the CPU.

A light pain begins to prickle the tips of the fingers on my left hand.
From there it passes through my brain to the fingertips on my right hand.

Then it spreads throughout my entire body.

For a moment a strong light shines on the backside of my eyelids——

I was called to the world of 《Trans Sexual Online》

Tran Sexual Online Chapter 02

Jammerg55 here,

Seeing as the chapters are so short, I'll release them as quickly as I can.

Chapter 02: Suddenly in a Pinch

「U.....n.....」

I opened my eyes.

The scenery gradually stretches before my eyes.

「Wow.....amazing.....」

I'm standing in a valley somewhere.

Is that the crashing of a waterfall nearby that I hear?

I glanced down, I looked at both of my very ordinary looking hands.

Yeah. Not any different than reality.

The five senses were also clear.

And it came at last.

The world of《Trans Sexual Online》that I longed for.

And there was something (. . . .) that I confirmed.

While being a little excited.

「—Un」

Yeah.

It's there.

The thing which I didn't have, was there——.

「..... I became – a boy.」

I was lightly shocked at my own words.

Yeah.

What is it, this deep emotion?

From the bottom of my heart, my senses throbbed.

「.....became a boy.....」

I wanted to dance.

Anyways, I want to dance!

My wish of obtaining a man's body finally came true.

What should I do?

Let's dance?

Shall we dance? (in katakana)

「I became a maaan!!!」

.....aaaaaaaaaaaaaaaaan!

.....aaaaaaaaaaaan!

.....aaaaaaan!

The valley echoes back my voice.

My voice sounded boy-like.

It felt like the timbre was a bit high.

I was expecting a cooler sounding voice, its management's fault.

Anyways.

I became a man in this virtual space (virtual reality area).

I need to raise my dignity and become more like a man.

「.....」

I calmed down a little and looked around the vicinity.

The formal service started just a little while ago.

At the time of login it was written in the manual that all players were sent to different starting points.

Even still, there really doesn't seem to be any one here at all.

Does that mean that, other than me, no one else is here.....?

「.....Well, I guess I'll encounter another user sooner or later.....」

I had to queue up at the shop for such a long time.

It could just be that the login service is clogged due to it just starting and I was the only one able to login at that time.

Well for time being, right now, there's only one thing to do—.

I double tapped in the air a little.

A pale green screen appears immediately.

I confirmed my own equipment.

NAME: Mana

WEAPON: Silver Knife

ACCESSORIES: —

SKILL: —

MAGIC: —

I confirmed the other screens as well.

Checking the status of each item displayed one by one. Confirming every single item was a pain.

I quietly closed the screen, un un, and nodded.

「Well, there's a lot to enjoy. In this world of 《Trans Sexual Online》.」

After saying something good to myself, I pulled out my knife and put it up toward the sun.

My initial equipment.

I wave it around a little.

Shakin.

「Un. It's a knife.」

Next I take a stance and thrust it forward.

Shuba!

「Oh... it went “shuba!”」

The sound effects are pretty cool.

I want to learn a lot of skills fast, I want to “Shakin.”

If only there were a monster handy———.

『purupuru』

「.....There it is」

It was as if it was waiting to appear.

That is a——— ?

I looked over the monsters head.

[NAME] Dzurime [HP] 300/300 [DISPOSITION] Brutal (Tln:

Dzurime “ヱライム” literally translates into something like “Disgusting wig/hair piece”)

「It's heeeeeeeeeeeeeeeeeeeeeere! Sli——— dzura?」

Dzur——ime?

Eh? It's not a slime?

『Just who is a wig you jerk!?!』

「Uwa! The wig talked!」

I fell backwards in surprise.

Eh?

What is this sticky wig?

『Like I said, just who is a wig you say!? You've got some balls don't ya gora!』

Even though I fell backwards the monster approached me quickly.

A green, no matter how you look at it, slime type monster.

Even still, why is it wearing a wig?

Un.

What is it?

「What are you..... I mean where did you get that..... is that some kind of promotional party item.....?」

『There you go again! I (am sparrrrrrta! jk)! I will not allow you to look down on this Wig! I mean don't call me a wig!』

「Eh? You just called yourself a Wig——」

『Aaaaaaaaaaaaaaaaa! I can't hear you! I can't hear you! I mean aren't you a tranny!? Stop talking like a girl! Gross! You're so gross!』(Tln: you'd think you were talking to a 12 year old)

The monster had been spitting green liquid out of his mouth as he hurled insults at me.

Who the hell is a tranny!?

This a TS world that's just how it works you know!

『.....』

「.....What?」

I had goose bumps as the monster suddenly had turned silent.

『.....whatever, you have a pretty cute face don't ya.....』(tln: getting hit on by monsters now?)

「You're way more gross!」

I thrust the knife in my hand forward at that moment.

『Gyaaaa!』

The slime wearing the wig fainted in agony.

And then disappeared.

「.....」

Just what the heck was that.....

This world's monsters.....are they all like that.....?

An item dropped from the Slime wig onto the ground.

【Hagedzura helmet】【Green liquid】【125G】

「.....Un」

I picked the items up in silence.

I wonder where I can go convert these.

Let's hurry an go sell these promotional items.

I'm not sure If they'll sell though.....

「!」

I felt the presence of something behind me, and turned around.

And there were ——

Tens of the same bitter faced wig wearing slimes like the one I had just beaten, staring at me.

Tran Sexual Online Chapter 03

Jammerg55 here, I must say that this was one of the funniest and most disturbing fight scenes I have ever read. Anyways, I had some good laughs and I hope you do too. Enjoy!

Chapter 03: Infighting

I was surrounded by tens of those Dzurimes.

Looking closely, they all have wig feature.

Three hairs in a barcode pattern.....

They all have the same eccentric personality——.

『You jerk! You sure did a number on me just now! That really hurt!』

1

『Yeah yeah! Don't stab me all of a sudden, —just how did they educate you』2

『Apologize! Apologize to this Hagedzura's sincerity! Oops, I said Hagedzura!』1

『What kind of mistake is that baldy!? I keep telling you its not Dzura!』2

『What was that?!』1

『Wanna go!? You jerk!』2

「...」

All of a sudden all the hages started arguing with eachother.

No, Hagedzuras.

Or should I say that they have a shared consciousness.....?

What a retarded system, this VRMMO's world.....

『O,wa-! Hey you! Don't you pick on my Dzura! I just said Dzura again!』2

『I said stop saying Dzura—hey stupid stop that! Stop showing off you wig!』1

『Ouch! You ass! Stop waving Dzura around like nunchakus!』2

『Give—it—back—to! My wig give—it—back—!』3

『Aa! Time out! Where did mine go!? Give me yours!』4

「...」

What chaos.

They completely ignored me and started their own battle royal amongst themselves.....

One dzuraim after the other disappeared.

I went and silently collected what they had dropped.

【Hagedzura's crown】【Hagedzura's filament】【135G】【Green liquid】
【Pale green liquid】
【210G】【Uncommon Hagedzura】【Dark Green Liquid】【95G】
【Abnormal Hagedzura】.....

『A! Hey you guys! That guy, he's taking our treasure without permission』

Ah, busted.

I stopped collecting for a moment and setup my knife.

There were only 3 left.

Un. It'll be fine.

『That treasure is more valuable than our lives is being stole by a

thief.....! Unforgivable!』

One of the Hagedzuras jumped at me.

And then dived.

I avoided it just before it hit.

『You avoided it!?!』

It had been convinced that it would be crushed under its might.

The Dzurime shouted at the Hagedzura who had launched the surprise attack.

I made a full rotation with the silver knife.

Zuba!

A gratifying sound retorts.

Un. Pleasure.

Fighting has to be like this after all.

The Dzurime screamed once more as I raised the knife, underhanded, over my head.

Shaki-n!

『Pigyaaaa!』

The Dzurime disappeared with a bon.

I gradually returned to my senses.

I've been to Virtual Space(virtual reality areas) and experienced many times.

Basic operations don't really differ at all, there are few habitual movements too.

Yep yep, this is a great VRMMO isn't it?

This 《Trans Sexual Online》is.

...。

Except for the(se) monsters.....

『Damn it.....! What should we do.....!』2

『Hey! We can't be frozen by fear! We just have to do it partner!』1

『Hey, stop that! You're embarrassing me! Saying partner..... That's the first time anyone has said that to me.....』2

『O- oh I see. It's been hard for you hasn't it..... No I mean it's the first time for me too to tell you the truth. Using the word partner.....』1

『You.....』2

I ignore the 2 remaining Dzurime's conversation and continue collecting the dropped items.

『Hey, we..... do you think we could become friends?』2

『Wai- stop that! Isn't it obvious!? Whether its friends or lovers———ah』1

『.....』2

『.....』1

They suddenly become silent.

What is with this delicate atmosphere?

Their cheeks were blushing?

Why?

『.....After this battle is over.....』

『Aa.....After we safely get out of this mess, and collect our fellow Dzurra.....』

The Dzurra embrace each other closely.

Nay, Dzuriiimes.

Then with firm determination face towards me——.

『Now! With our hearts one with an 「Ei!」pugyaaaa!』1

『Partner!』2

I strike a blow at the Dzuraime who was approaching from behind.

『Bastard! For my eternal partner 「Ei!」bugyaaaa!』

I struck a blow at the other Dzurime who decided to pay a visit.

And then the last of the Dzurimes disappeared.

『Haa..... That was exhausting but..... I felt something, well whatever.....』

I muttered as I finished collecting the dropped items alone.

【Eternal Hagedzura】【225G】【Bright Liquid Dyed Red】【452G】

After I had finished collecting all the dropped items, I squatted down.

The concept of leveling doesn't exist in this VRMMO.

Regardless of how many monsters you beat, you wouldn't get any stronger.

『.....Well, even still you might get experience for actual combat.....mutter mutter.....』

For the time being, let's just collect items while getting used to this world.

If I remember right this world's time is 365 times faster than the real world.

Which means 6 hours of play time in this game would mean that if I were to log out I would only have been playing for 1 minute.

It's an amazingly wonderful setting for busy modern people.

「I wonder if I can keep collecting items like this..... I'll run into another player eventually.....」

Or rather, I want to learn some **【Magic】**.

How do I learn some.....

I'll read the manual once more afterwards.....

While thinking about that I lay down on the ground right there.

The breeze feels nice.

A clear blue sky.

Can I fly in the sky too?

The excitement doesn't end.

I began to doze before I knew it——.

Tran Sexual Online Chapter 04 – 05

Jammerg55 here,

Ok it's not really an extravaganza. Chapter 4 is just the introduction of our hero(ine) and is TFS. So I tacked Chapter 5 on as well for a double chapter release in one post. On a separate note. I need a new mouse.

Anyways enjoy!

Chapter 04: First Login

「I'm home!」

「Welcome home Haru. Mother is going out on night shift now」

「O-k!」

I climb the stair after responding to mother's voice from the living room.

I'm Kataoka Haruomi. A first year middle school student.

Because mother works nights at the hospital, I'm usually alone at night. I've gotten used to it.

I'm an only child, there's no father here. So it can be pretty lonely at night all alone.

But, it's going to be different starting today.

I begged mother and she finally bought me a game. The VRMMO 《Trans Sexual Online》.

The formal service is supposed to start this afternoon, so I should be able to play it now. I asked my uncle, who knew about machines, to

set it up for me.

Because it was my first time playing this kind of game, I was strangely nervous all day.

I was so nervous that I don't really remember any content from class at all.

This game. Tr- transsexual? was it? (He's having trouble because it's in katakana).

It is, switching to a different gender it seems.

In other words, I can play this game as a woman.

And, inside the game. This virtual space has different flow of time.

Apparently one year in the game is one day in the real world.

That's amazing. This is probably going to be really popular won't it.

My friends asked their parents to buy it for them.

I wasn't really interested in becoming a woman though, it's not something you get to experience in real life so it's still interesting.

Moreover, that's not the most interesting part.

You can do absolutely anything in this game. Go into dungeons and fight monsters, or manage a ranch.

My friends were completely ready to go fighting.

But I'm different.

The reason I want to play this game is different, it's for my own dream.

「Alright」

I entered my room, threw my bag onto my bed and took off my blazer.

I mean, it's really hot today. I wonder if they won't change uniforms

yet. It's severe to wear a blazer in this heat. I don't want to wear these jet black clothes.

「Um..... this, goes like that.....」

I don't really play games very often. I don't do console games at all, and this is my first time with online games.

What was I thinking as starting with VRMMO as my first one I thought, well whatever.

I put on the earphones as uncle had instructed and started the game. It should be wrong.

I feel a little dizzy.

My consciousness fades.

It's ok like this right?

It's my first time so I'm not sure but its ok right?

A prickling pain pulses through me as and I completely lose contentiousness.

Thus, I enter virtual space for the first time since I was born——

——I was invited to the world of 《Trans Sexual Online》

Chapter 05: Dreams of a Sweets Boy

「.....n」

This is.....?

I look around at my surroundings.

It seems to be a forest. Wow, this is the game world? The virtual space thingy?

Everyone, I'm playing in this kind of world.

For the time being, I look at myself.

My clothing was a fluttery one piece dress.

What do they call it? Goth loli? These clothes certainly gave that impression.

And there are small bumps, things that I had never had on my chest until now. I felt my crotch and the thing that all men have wasn't there.

What is it? This feeling of loss.

The loss of something that important was probably a huge shock.

「.....」

For some reason, I touched my chest.

Oo, soft. They're small but soft.

Wow, dangerous. How moving it is.

My hair had also grown longer, too. It was blonde. It was super beautiful hair but.

What does my face look like? Isn't there anything like a mirror?

「Um, what should I do?」

My uncle explained how to display the screen.

In a place where there was nothing the screen pops up. It really is a game.

=====

NAME: Haru

WEAPON: Walking stick

ACCESSORIES: —

SKILL: —

MAGIC: —

=====

I don't really get it.

I'll ask uncle later. For now, I arm myself with the walking stick.

I want to use some simple magic so this is probably good.

A town, which direction was something like that?

There is something that I want to do in this world. For that I need a field and a house.

I walked in a random direction, and headed towards a town like place.

Oo, there are a lot of people aren't there?

In a huge town, there were a lot of people.

The people that are here, their genders are reversed from the ones in real life. It's kind of a strange feeling.

I walk around while looking around restlessly at various things, I discover the direction board.

It's not written in Japanese. But I can still read it. I guess it's because of virtual space.

「Um.....」

A place like a public office, is here right?

There was a huge building in the middle of town. I'm sure there are a lot of procedures to do.

I run toward that place at a bit of a run.

I mean, can a just starting play buy a house? A lone maybe?

Can it be properly managed?

I walked for a few minutes and reached my destination.

I don't really understand but, this seems to be an office like place.

Or I think it is but I'm still uncertain.

I should have come here with a friend after all. If I'd have come with a friend then they could have told me about a lot of things.

「Oh well」

I entered the executive office and complete the procedures.

It was unexpectedly simple.

I could use a house with a field near the forest, I also was able to manage a shop in town.

It seems to be a first time login bonus or something like that. Thanks to that I was able to finish it smoothly.

After that, it's up to me.

The thing that I wanted to do in this world.

That is, to make sweets.

Since I was small, my dream was to become a patisser.

So in this world, I think I can practice making sweets.

Start from scratch with the materials, and then sell the cakes that I make.

Because this world's ingredients are recovery items, there won't be a problem selling to people that want them.

After that I left town, Along with the login bonus money that I got, I bought various items.

Seeds for ingredients, things like fertilizer, and simple [Magic]

It's amazing that you can buy [magic].

With this I've become a witch. Just kidding.

By the way, I bought [water magic]

It seemed to be convenient for watering the field.

I walked toward my rented house.

In this world that is my home. It's wonderful that a middle schooler can have their own home.

I unconsciously started skipping as I left town.

I can't start managing the shop yet but I can earn money by collecting ingredients.

I think that if someone buys my cake, and they like it, then my sales will increase little by little.

If I remember right, the recovery rate depends on the ingredients used? I should read the manual later.

After that clothes are important.

Something that was uniform-like would be good.

I'm become a girl after all, so I want to try something like that.

Well, one step at a time right?

In a place a few minutes outside of town, was my house.

The outside looked like a log cabin. Un, that's fine right? The field is considerably wide, I get the feeling I could make a lot of things

here.
First is wheat. And after that, fruit.
Un, there sure are a lot to do. Ah- that was dangerous, the fun part starts from here.

It really is amazing, this game.
My dream swells, my chest swells too!!

That's right. My chest(breasts) will swell too!!

「Let's start by taking care of the field first♪」

That's not game like?
Who the hell cares? I'm going to do what I'm going to do.
I'm going to live the dream!!

Oh yeah.
I looked at myself in the mirror a little bit ago in my room.
A blond girl.

For the first time, I thought I was cute.

I also have twin tails.

Trans Sexual Online Chapter 6

Jammerg55 here, I really hate cliff hangers, don't you? So went ahead and did chapter 6 as well. For those you that like the story, wonderful, thanks for reading. For those that don't, well we just wont speak of them. lol

Any ways please enjoy.

Chapter 06: First Magic

「He-, seeds basically grow in 2 to 3 days.」

After I cultivated my field, I returned to my house and read the manual.

Depending on what is grown, the fastest things grow in 2 days.

Wheat is one of those that grow fast it seems.

Fruit would take longer to grow.

「What should I do about chocolate?」

Make it from cacao? (tln: cacao is basically the essence of chocolate, it grows in tropical/subtropical climates)

No, that would be really difficult. I wonder if they sell it somewhere.

I need to find a shop with someone in the same trade; I'll have to procure the other ingredients.

「.....Oh right」

Not only at my own shop, but I want to sell at other items shops as well. I'll increase sales even more.

It's probably a good idea. Research shops, make contracts with shops in similar trades. I'll need to make items first though. Can't I order things through a mail order service? This is my first time doing something like this so I don't really know. I should have asked uncle more about it. After completing the first stage, let's go out into town.

「Ah, eggs」

I'll also need milk.

What should I do? Maybe I could raise those as well. Might as well. Yep.

I still have some money left. There's a pen attached to the side of the house.

Un, let's do that. Doing everything myself. It's the best.

I mean, the ingredients in this world, there are a lot from the real world.

Well, agriculture and ranching are fun. Adding strange names just makes it confusing.

「Alright. After sowing the seeds, I'll go back to town」

I closed the manual screen, and went outside.

Somehow, this world's value of money is strange. It's this easy to rent a house.

「First lets plant the wheat here...」

I took the seeds out of the item box, and then planted each seed in sequential order, starting on the edge.

I wonder how deep you need to plant these. I wonder if it's the same

as the tomatoes I planted during elementary school.

I've made cake and candy quite often but, I usually just bought the fruit from the market.

In the future, if you're going to aim to be a pro then you shouldn't be so picky over the ingredients.

「Now then」

I planted all the seeds I had purchased.

The next part is fun. It's [water magic]'s turn.

「First, I equip the wand to use [magic]... um, like this?」

From my status screen, I equipped the walking stick and [water magic].

With this I should be able to use [magic].

I held the wand in my hand and pointed it at the field in a long arc.

What should I do about the spell? Is there a spell?

The manual didn't really say anything about it. Well, it did have spells but those were for more advanced spells.

But this was only for simple magic. Probably, silently praying would be good.

Imagine it.

Yeah. That's probably right.

With the image in my mind, I used my senses to draw it out.

Imagine.....

——Rain.

That's right. Something that feels like rain.

Water drizzling down to the parched ground in a myst. ——Like a spray.

——Oh rain, fall.....!!

I prayed strongly in my heart, deep within the recesses of my head it began to get hot.

That sensation traveled to the tips of my fingers and though the wand.

And, waving the stick in my hand with the image drawn in my mind the wand turned it into reality.

「Uwa!!」

It was my first magic.

Shining droplets sprayed onto my fine clothing and poured onto the ground.

It's so, moving.

Magic is just so beautiful. It's amazing. It's amazing, this game!!

「Wa.....ha, haha.....ahaha!!」

I began to run around in the middle of the field, pitter pattering around.

It was cold and pleasant.

Even this feels real.

「Fuha-, haha!」

My mood greatly improved, in the spur of the moment I started dancing around and singing in the rain.

This game seems like it will be fun.

I mean super fun.

The best!

Tran Sexual Online Chapter 07

Jammerg55 here, I thought I would release this today. For those that enjoy it, I hope you get a laugh here. Anyways Enjoy!

Chapter 07: Dark Magic

「N.....Huh? I.....」

I rubbed my eyes as I woke up.
They were full of that sleepy eye crap.
I had fallen asleep before I knew it.

「A-..... If I remember correctly there were still supplementary lessons, I needed to turn in my report.....」

The face of the university professor suspended in my mind.
Ah—, no no.

I entered the virtual world, I don't want to remember things like school.....

I slowly got up, and stretched wide.
How many hours did I sleep for.....?
Since its still daylight probably 3-4 hours?

I looked around the area.
There's a comfortable breeze, I can hear the sound of the waterfall.
I was as if I'd returned to the country side.
I wonder how grandma is doing.....

「.....now then. I hope I can make it to town by night fall」

The plan was to stay logged in continuously for 2-3 days in the real world.

If I were to log out then there might be a restriction as to when I can log back in.

It's something that happens often right after a service begins for a VRMMO.

Hardly any time has passed in the real world, let's take it easy easily.

「Um.....I wonder if it's this direction.....」

I advance in the direction away from the waterfall.

The gloomy forest continues ahead, I couldn't do any sightseeing.

I firmly grasped my silver knife.

I need to pay attention for a monster attack.....

While walking forward, I opened my window and checked how much money I had on hand.

【3145G】

I made quite a bit from that crowd of Dzurimes for a little while ago. I'm not sure what these items that the wigs dropped are for...**【Green liquid】【Pale Green liquid】【Dark Green liquid】【Liquid dyed red】** etc. but I think they're mixing items.

It looks like this virtual world's 「Hand made」system is considerably detailed.

Ranch management to restaurants, clothing shops, arms and armor shops.

Various 「Hand made」fields were available.

「.....That doesn't really suit me. Managing a shop.....」

I want to jump into dungeons and find treasure.

I want to get a weapon that will beat down monsters loudly, I want to hurry up and ‘shakin’.

There should be a **【Monster capturing system】** if I remember correctly.

Make monsters your companions and have them help in battle, or help in a shop——.

「.....But that army of wigs was a bit.....」

I thought about having Dzurimes as companions, and then shook my head.

What exactly can those guys do?

Those were probably beginner class monsters, if I’m going to have a companion it should be stronger——.

『O-ho ho ho!』

「Uwa! That scared me!」

I suddenly heard a woman’s laughter overhead and fell down.

I stood up and set up my silver knife in the direction of the voice.

【NAME】Witch**【HP】**450/450**【PERSONALITY】**Ecchi (Perverted)

「...」

.....Un.

『Ah! You now in your heart thought『an ecchi witch gag!? Uwasabu! (fall down)』didn’t you!?!』

「Un」

『iyunte』(sound for her jumping down, I think)

The thing that jumped down from the tree was, a female magician monster.

Her chest area was open provocatively and approached me.

Rather than ecchi more like bitch.....?

『.....Oh well. You, you are passing through my territory, you've got some nerve don't you?』

The witch who approaches puts her hand on her hip.

Is it that? Is attack magic going to come at me?

I think I want to see it but, she seems stronger than the Dzurimes from a little while ago.

I gulped.

Seeing that, the witch gave a broad trashy grin.

『.....Ha-han. You.....you're staring at my body aren't you?』

While she wiggled her body back and forth, for some reason she looked pleased.

Un.

She's probably just an idiot.

「Um, Bitch-san」

『It's Witch』

「Ah, excuse me. Um, can Witch-san. Can you tell me how I can get out of the forest, and who to get to the nearest town please? 」

『Eh? Ah- un. Go south to get out of the forest, then from there go east and there is a large town.』

「Oh I see. Thank you very much.」

I bowed lightly as I expressed my gratitude and started off.

That's good. If there's a large town, then I can get my equipment changed.

I was hungry so I want to get something to eat.

『On the way, there's a brutal monster so you should be careful— te hey!』

You just realized something; I heard the voice of the witch behind me.

I just want to stop screaming in that shrill voice.

Because it was vibrating it was making my head pound.....

『Why the heck am I kindly telling you how to get out!? If you want to leave the forest you need to pay money!』

「Money.....?」

「That's right! You need to pay a toll is what I am saying!」

A toll.....

Eh?

I don't wanna.....

「If I refuse.....then what?」

I ask timidly.

While watching her face it turns scary.

『You.....you don't know the terror of this witch who causes crying children to be silent do you.....』

「Yep」

『You're too honest it surprises me』

Well, even if you say that.....

I really don't know.....

『.....Oh well. If you don't know then I guess I'll just have to tell you.....!』

She answers and reaches her right hand into the sky.

I see something black gathering in that hand

Huh.....【Magic】?

『fufufu..... If you're a man then you can't escape from my 【Dark Magic (Darkness)】!』

She shot a fearless smile at me and shot the magic at me.

A black mist envelopes my body.

A completely hopeless pinch——.

「...」

『...』

「...」

『.....Huh?』

The black mist cleared up.

There didn't seem anything particularly unusual.

Was it a misfire?

『Why didn't my 【Charm】work!?! It works on any male, it's my best magic! Are you unusual somewhere?!』

Well even if you say unusual.....

I mean male.....?

Ah—, I see.

「Um you see, Bitch-san」

『It's Witch』

「Ah, excuse me. Um Witch-san. I'm actually a woman.」

『...』

The witch became silent.

She looked at me from head to foot, she gave me an extremely shocked expression.

『You're kidding』

「Ah, well, no it's true.....」

「Eh? Then can I confirm that? 」

「No」

Because the witch had a dreadfully perverted expression I answered promptly.

Just imagining how she intended to confirm it scared me too much.

『You certainly have a girlish face but my male senses are tingling.....』

The witch starts to smell me.

Is there something male smell?

I mean you're close.

You're crowing me.

「Umm, What I mean is, This is the game world of 《Trans Sexual Online》——te Stop touching me!」

I struck the head of the witch who kept groping me without

permission.

It really does seem like her **【personality】** is ecchi.

I probably shouldn't have anything to do with this guy.....

『Ku.....! Then my **【Charm】** won't work on you is what you're saying.....?! That should not be! Then, I ask you, do you feel nothing when you look at this body!?!』

「Well, rather than feel nothing, it looks like you're pushing it too much」『I am not pushing it!』

「I like you're trying to blow off some steam with your eccentric behavior」『I'm not blowing off steam! What do you mean eccentric behavior!?!』

The witch screams into my ear.

You are terribly noisy.

Your voice is making my head pound.....

But, if that **【dark magic (darkness)】** then——.

『.....Wh- what? That scary smile..... No..... stay away..... I'm sorry, I apologize.....! 』

The witch draws away noticing my bloodlust.

I pop my knuckles as I smile from ear to ear——.

『If it's money I don't need it.....! No, I'll pay you instead...! So, so please over look this.....! 』

Even if I were to defeat this monster, there would probably be another 『witch』 that she shares her consciousness with.

『No..... This person is really scary.....! Could it be..... the fear

of a true tranny——』

「Don't say trannyyyyyyyyyyyyyyyyyyyy!!!」

Zudon

I gave her a blazing uppercut.

She disappeared after a moment.

Then an item and gold dropped.

【Torn magic clothing】【Book of Darkness ⑤】【585G】

「【Book of Darkness】.....? What is this?」

There was the figure of a ⑤ carved into the back.

So does that mean there are also a ②and ③?

In any event, I should probably head for town quickly.

I wanted to acquire some information.

Thus, my heroic battle with the witch had ended——.

Tran Sexual Online Chapter 08

Jammerg55 here, this chapter was pretty painful to translate. Anyway Enjoy!

Chapter 8: Burned at the Stake

After exiting the forest.

I headed toward the east and was able to see the vague outline of some buildings.

「Just how long will it take to walk there.....?」

My feet are pretty tired, why not take a rest?

However, I was hungry.

The same senses as reality are reproduced in this virtual space as well.

Although the pain associated with the body seems to be greatly reduced, the senses of smell and taste don't seem to have changed much.

「Kunkun..... Huh? I smell something good.....」

The fragrant smell drifts from town in this direction just then.

What smell could this be?

It's a nostalgic smell from somewhere.....

「.....Let's go. Someone might be cooking something somewhere.....」(Tln: Thank you captain obvious)

I changed my route to where the smell was coming from.

Along the way, my stomach growled.

To even reproduce such a detailed extent.....

After wandering for some 10s of minutes, I arrived at something like a farm.

「.....I wonder if anyone is here.....」

After having logged in for several hours since the beginning.

It's quite possible that other players had plenty of time to build farms and grow products.

Could I finally meet a person at last.....?

At any rate what a good smell——.

『Stop it!』

「Ei——」

From the sudden yell I became nervous.

I face the person that grasped the silver knife.

『It's hot! My body is burning up! Stop it! Please stop!』

This.....is a possible emergency!

Burning up? Is someone being burned at the stake?

『Wai- leave off the soy sauce please! Hot sticky! It's hot! Damn it, it's fragrant!』

「...」

And I am astonished at the spectacle.

A corn monster is.....being barbecued?

『I mean you're the bad one aren't you!? Look! At my surface! It's

become all bare!』

Another corn monster shows the back of its head and shouts.

Certainly, 3 or 4 corn kernels had torn off.....

I mean, what are you doing?

『It's just a little prank isn't it?! Look, it's pretty popular isn't it?!
Something like only part of it is the skin head thing! I mean it's hot!
It's fragrant!』1

『Stop messing around! Who wants that kind of eccentric hairstyle!?
I want a normal haircut!』2

『O, wai-! Enough with the soy sauce already! Bu! Not the face! Stop
with the soy sauce in the face! It's hot! It burns!』1

「...」

This is the reason for the fragrant aroma?

Quarreling?

I mean, is a corn monster trying to be a beautician?

What on earth are the settings of this VRMMO world?

『A, oi! A human came! We'll leave this for now! You can grill me
later!』

『You.....You aren't just saying good things to run away are ya?
.....』

『I won't run away. I mean I'm burning! I'm seriously burning! I'm
fragrant!』

I'm not really sure but, the one corn monster seems to have been
saved.

I, the same as always, confirmed their statuses.

【NAME】Comrade Murderer【HP】20/750【Nature】Dense

Comrade Murder.....

Un, well no problem there.

I mean, go and burn to death.

Is it alright?

「Um, hello」

『Eh? Ah, hello. Good weather isn't it?』1

『Oi! What are you being a good neighbor for and greeting them for?』2

『Ow! That hurts!』1

【NAME】Comrade Murderer【HP】10/750【Nature】Dense

A, it fell another 10 hp.

It's pretty much dead already.

Is it alright?

「Um, would it be alright to ask you something?」

『Yes, what is it?』

『Yes, what is –He's asking me right now! Don't go answering for me!』

『A-』

After hitting him again, the remaining HP disappeared and it died.
With a bon it disappeared and a dropped item appeared.

「...」

『...』

Time flows silently.

What is it?

This unbearable sensation.....

And the one that was poking the other slowly picked up the dropped item.

It looked at me with a forced smile and said.

『...Um.....do you want to eat it? It's freshly cooked』

Tran Sexual Online Chapter 09

Jammerg55 here, this chapter was translated by Echo. He'll start helping translate TSO from now on. Any ways Enjoy!

Chapter 09 – Starting Village

『Iya~, I can really talk to ya! It's the first time in mah life! For someone to listen to me this much! G-awawa!』。

He was looking at me with sparkling eyes and pouted his lips at me. Ugh, It's been jibber jabbering for around an hour now.

『However isn't it that? Bro has the heart of a woman right? Then don't you like men instead?』

Did the topics die out?

Having no other topic it suddenly brought up an inappropriate question

「Well yes.」

I answered while stuffing my cheeks with the grilled corn.

Yep. The taste is palatable.

For an empty stomach it was just right.

If I had a selfish desire it would be to have some Koikuchi soy sauce...

『Would you... .. go out with me?』

「Sure」

『I see.』

It took a step closer, so I retreated back in reply.

I mean he was a toumokoroshi.

Well, since it was calling itself [ore], I have been thinking that it was male.

[Gochisousama deshita] (thank you for the meal)

I stand up to give thanks.

However, it looks at me with a sad face.

What's with that face?

Please stop.

Don't look at me with a teary face.

『Hey... can I ask something hopeless?』

I stand and look straight at the Toumokoroshi.

Even though I have a bad feeling, after having been treated to a meal, I can't be cold.

「...What is it?」

In a moment, silence falls upon us.

I wonder what this subtle mood is.

The wind blows through my hair.

The moment I brush my hair out of the way suddenly—

—with shining and glittering eyes he pointed his lips towards mine

—

「What are you doing, Pervert!」 『Bu-!』

Suddenly I performed an upper cut.

This person...!

He tried to take advantage of the situation and steal my lips——

『Ah, you're wrong! You misunderstand! This is... that! Suddenly the image of you brushing your hair out of the way bewitched me to say...!』

Toumokoroshi tried to explain profusely

Whether it's the dzurime from earlier or the witch, what is with this world's monsters...

After knocking it on its rear I glared at the toumokoroshi, I wanted to head that situation off.

『Ah, wait! Hey, what I wanted to say was that I wanted you to make me a [Monster Companion]——』

From behind me it yelled, but I ignored it while heading toward the city.

If this guy were to be a monster companion, there's no telling what it would do.

Absolutely Impossible. Never Ever.

『Ah, Bro! At least... At least give me your name——』

Good bye, Toumokoroshi-kun.

Your grilled corn, was delicious.

I walked through the wilderness for 3 hours.

I finally arrived at the first town.

「Wah... there's a lotta people...」

Being amazed by the bustling town I let out a noise.

Are these all first time login players?

All of the people going around the town have a readable【LOGIN NAME】displayed over their heads.

Crash—

「Ah, I'm sorry –」

Being distracted by the amount of people around, I bump into someone.

However I replied automatically.

「Ah, sorry. It was also because I was distracted.」

There was an unbelievably beautiful young man, I looked at him with a smile.

Above his head was the text 【**黒久良**】I had no idea what it meant.

However in my mind it was translated into [Kuroa].

If I remember correctly, other than people with visible names, everyone else was an NPC.

Then, does that mean this guy is also one?

「Un? What's wrong? Is there something stuck on my face?」

Kuroa took notice of my gaze.

Oh shit.

This is, dangerous.

This is dangerous in a lot of ways, such as the beating of my heart—

What should I do?

There's that.

Counting the number of sheep.

Iya, It might be better to count the number of Dzurimes.

1 dzurime, 2 dzurimes, 3 dzurimes, 4 hagedzuras—

「...umm....」

While I was being delusional and grumbling, trying to think of what to say I looked at Kuroa.

Calm down, Calm down Mana.

Right now I am a man. That's right, a man

There's no way for a man to fall for another man.

In this world that has the genders swapped, I shouldn't fall in love with a girl.

Yes. That's right, Mana.

If that's the case then there's no problem.

Iya, even if that's the case he really is handsome, Kuroa-san.

Ahh...That silky purple hair, beautiful facial features, mystifying green eyes....

The skin is also so white, those long legs, his fingers are also beautiful—

No, I can't....!

...I need to count more dsurimes!

5 hagedzuras, 6 hagedzuras, 7 naughty witches, 8 friend murdering corns—

「... hmm I wonder if you hit your head. Would it be best if I took you to Susan-sensei's place?」

「Huh?」

While being delusional I began to float.

Iya, that's wrong

This is—?

「Kyuubi」

『Yes, Master』

Suddenly with a “Bon” A fox like monster with nine tails appears at my feet.

Eh? Eeh?

[Could you run to Susan-sensei's place?]

『With ease』

Then, Kuroa gets on to the bushy and fluffy back of the fox.

With a loud “Kon”, the fox begins to run through the town at an amazing speed.

I mean—

—Why am I, being princess carried by a handsome man

The drool won't stop...

Chapter 10: Medical Examination

「Fumu...」

Heading south of the city, there was a clinic.

I am in the middle of a medical examination after being brought here.

A young glasses wearing doctor named Susan-sensei had【**லந்ளநக**】above his head.

Which would mean that he is also an NPC—

「How is it? Susan-sensei」

Kuroa asked worriedly from behind.

「Ah, there doesn't seem to be any abnormalities in the head.」

Susan-sensei then slowly brings out a stethoscope.

...hmm?

「Now then take off your shirt」

「...What? 」

Stethoscope.

Taking off your shirt.

Yup.

Nothing suspicious, the sight of a normal medical examination.

「Since I need the stethoscope to touch you, I'm asking you to take off your shirt」

「...」

Yup.

Unmoving, Susan-sensei explains with a wearisome expression. While removing my shirt on his own.

「? Are you okay? Your face is kind of red」

Kuroa, who should have been behind me, peeks at my face anxiously.

Wait a second.

Iya, Certainly, I am currently in the body of a man—

「Oioi, could you move your arm please. The stethoscope can't reach like this」

Becoming red and topless, I do my best to cover my chest.

What is this.

Why has playing doctor started in a man's body...?

Wait wait wait.

This is just a medical examination.

This was just to use the stethoscope to listen to my heart.

That's right.

It's alright.

Calm down, me—.

Then I gradually lower my arm just as told.

Pito~tsu. (sound of stethoscope being placed)

「Hiii!」

Due to the stethoscope being too cold I let out a cry.

Susan-sensei and Kuroa let out wry smiles from that.

Calm down, Calm down Mana

I am, a Man.

Even if I am being seen naked by the two handsome men, it isn't my naked female body, but the naked body of a male.

That's right, there's no reason to have my heart beat so much—

Pito~tsu.

「Hiiii ! 」

Ugh, no more.

My heart is pounding, it's cold, and my voice won't stop.

Hurry and end...!

「...The heart beat is a little too fast, it also seems like you have a fever...」

Finally removing the stethoscope, Susan-sensei is writing something on the medical record.

I equipped my shirt at light speed.

Then took many deep breaths.

For some reason Kuroa is stifling a laugh on the side.

Dammit...! I've become very vexed for some reason...!

「I'll prescribe some medicine for you, umm, your name is——」

「.....It's Mana」

「I see, Mana-kun. You should rest and take it easy for today, please come again tomorrow」

While leaving Susan-sensei's clinic, I give my thanks to Kuroa and start to leave.

For now I need to search for an inn.

Since this town seems pretty large, I'll make a base here and wander around in order to learn about this world.

「Isn't this the first time you've been to this town Mana? Have you decided on an inn to stay at?」

As if reading my mind, Kuroa asked the question.

Meeting his gaze for a moment, I immediately look away.

As I thought it's still embarrassing...

「...I haven't decided」

I replied in a very quiet voice.

With my heart pounding so much it'll eventually burst out of my chest.

「Then how about it, want to come to my estate?」

「...」

Just now, what did he say?

My, estate—?

「It's just an old estate though, just now I was looking for someone to lease it to. You're an adventurer right? A pretty strong one I believe,

how about it? 」

「...」

Certainly, in this world of 《TSO》I am a beginner, however I have played all other VRMMOs until I was sick of them. After one thing or another I defeated many monsters, and have slowly gotten used to the way this body moves.

「The price for one night at an inn is... let's see... a night averages at about 250G. My place is already pretty old so, right now I'm renting it out at 100G per night」

With a refreshing smile Kuroa begins his business operation.

But personally this way is more convenient.

If he instead wanted to let me borrow a room for free, I would fully suspect him.

...『I'll have you pay with your body』or something could be said suddenly...

「...」

「? Why do you start drooling? You're really interesting you know. Even at Susan-sensei's place I had a hard time holding my laughter in 」

With or without knowing my delusions.

Unchanging, Kuroa still had a refreshing smile.

What should I do?

Should I take him up on his offer?

It saves me the trouble for having to search for an inn, furthermore I do owe him.

It's been decided that I need to visit Susan-sensei tomorrow, and since going alone makes me nervous; I might have Kuroa accompany me there.

「...Un. Okay, I've decided. I'll be in your care at your estate」

「I see. That helps. I wonder if this is a kind of fate as well? 」

Haha, Kuroa says while laughing.

That smile is foul play.

I would no longer want to return to the real world.

To live in this world forever or something, these kind of desires come out of my mind—

That's right—

At this time I was still having leisurely thoughts—

Tran Sexual Online Chapter 11

Jammerg55 here, second chapter for today. Echo is doing a really good job. Anyways Enjoy!

Chapter 11: Noble's Son

「Uwa~a...!」

The old estate Kuroa brought me to.

It's that.

It had the old country house feel.

Or rather, the garden is really wide.

There's also a pond, a household garden seems possible.

「For now this is your residence. There is also a newer main building though—」

「Un! Here is good! I like it! 」

I immediately remove my footwear at the porch, and head inside.

Then I proceed to lay down on the tatami floor.

Uwa, it's like I've come back to the country.

It's been cleaned really well, my mood is at its best.

「Haha, I'm glad you like it」

Kuroa sits happily on the porch watching me roll and tumble on the tatami.

Ah...It's picturesque...

「That's right, Mana, after this could you go out with me for a little bit?」

「Huh...?」

Suddenly a love confession...!

I immediately straighten my posture into a seiza.

What should I do...!

Mother...! I have finally been proposed to by a man—

「Above that hill area is a dojo. My house teaches kenjutsu over there」

「...Un? 」

Kenjutsu..?

Well, what is this about...?

「I thought that I would like request a match with you once. Because you seem strong」

「Ah...」

That's what you meant...

I collapse from a seiza position on to the tatami.

Then softly wipe my tears.

Yup.

Well, Life is always something like this.

「How about it? You can observe the grounds while we're at it」

「...Yes...with pleasure...」

「?」

The slightly puzzled Kuroa is also dazzling

Standing up with distant eyes, I head over to Kuroa's side.

「Somehow I don't really understand...well, let's go then」

Under Kuroa's guidance, I come outside from the entrance, and quickly climb the back hill.

Seriously, this place has the same feeling as the country back home. Where all the houses are large, and still have old fashioned architecture.

In the real world, most no longer exist made out of wood.

「Hey, Kuroa. Is it possible that all the houses around here...」

「Ahh, they are the Exfreed family's property」

「? Escu...what?」

「Un? Ah, sorry sorry. My full name is Kuroa ExFreed. Speaking of which, we haven't been properly introduced」

Kuroa sticks his tongue out a little after saying that.

That tongue, is it okay if I suck on it.

「You're called『Mana』right. Even though you're a man that's a strange name」

「...Is it...weird? 」

「Nope. It is a very good name」

...

This is why handsome men are troublesome.

They say heart pounding lines to me without even blinking.

Yup.

May I jump you now?

From there on after climbing the hill for a few minutes, a gigantic dojo appeared.

I hear shouts coming from the dojo, I wonder if it training time for the disciples.

More like—

「Eh? Is Kuroa a noble's son or something? 」

Finally catching up to the conversation the words 『Exfreed Family』 echoes throughout my mind.

Although it's my fault I let the 『Sticking out Tongue』 to steal my heart...

「Noble's son...while I don't know anything about that, well, all of the land around here does belongs to my oji-sama...」

「Wouldn't that be considered being a noble's son...」

「Is that so?」

「Ah, Iya, I wouldn't know」

Handsome.

Noble's son.

And a friendly personality.

Yup.

This guy is...yea.

My heart has somehow started making dark plans—

Women, are scary—

「Ah, waka!」

「Otsukaresama desu, waka!」(Good job, young master)

In the middle of training, disciple like men greeted Kuroa one after the other.

More like, waka...

That makes you a noble's son!

「Sorry about this. Could I borrow the dojo for a little bit?」

「Waka... who is that young man over there?」

Everyone turns their gazes to me.

What should I do.

Should I say『I'm his lover』.

Well, I'd probably be killed after...

「While I was out shopping I hurt him, so I took him to see Susan-sensei. I am currently having him stay over at my mansion—」

Kuroa begins to explain plainly.

Well, it's not like I got hurt anywhere, I got pulled into the flow so it couldn't be helped.

「He's an adventurer isn't he? Which means that waka's 『Bad Habit』 has come out」

「Ah, If that's the case. Certainly, the man over there seems to meet your expectations...」

Un?

Bad habit—?

「Well, something like that. Could everyone dismiss for now」

With a single phrase from Kuroa, all the disciples take their dougi and shinai while scattering.

What is this.

I have a really bad feeling about this—

Then suddenly a place with just the two of us was created.

「...Umm」

Cold sweat flows down my forehead.

What is this?

The atmosphere is a little—

「...Now, shall we begin, Mana」

「Uu...」

Turning around Kuroa became the face of seriousness.

Wait wait wait.

Eh? Weren't we supposed to just spar a little?

「Kyuubi」

『Yes, Master』

The fox that carried me to Susan-sensei's place appeared without a sound.

Along with the thing in its mouth—

Eh—?

「This is my weapon。《Wakou Jiraiya》。Now, you should draw as well」

From the fox, Kuroa catches a long katana.

Wait wait wait.

What's with that sinister violet mist like aura covering that katana?

Eh?

Isn't that totally a demon sword?

Are you okay.

「Umm」

「How about a serious match, I would love to see your strength」

「Iya, I mean, um」

「At that time, when I carried you I immediately realized. You are strong. Could you please show me that strength」

...it is useless.

He totally isn't listening to what I'm saying.

『Bad Habit』?

『Meeting Waka's Expectations』?

Huh—?

Does that mean that Kuroa—

「Fufu, I'm excited...to make my blood boil so much...you're also a sinful man」

「...」

This handsome noble's son is—

—a 『Battle Freak』with a friendly face that doesn't match it.

.....Yup.

Tran Sexual Online Chapter 12

Jammerg55 he-Muahahaha, you thought it was Jammy, but it was ME D- ahem, I mean Echo. We have more chapters coming soon. Guhehehe~ P.S. It's the heroine(lol) chapters.

Chapter 12 Studying

After watering the field, I should once again head back into town. Quite a bit of time has passed. There should be a lot of people playing the game now. This means that more people with management goals like me should have appeared.

I locked the door, and then headed to the town.

After walking for around thirty minutes I arrived at the town.

Compared to before, the town was vibrant and overflowing with energy.

There are shops open, and even some food stalls are set up.

Last time I was here I didn't have the time to leisurely look around; there are a lot of weapon-like shops around. Well I guess that'd be obvious in this game.

Weapon and Armor shops.

Blacksmiths.

Inns.

And finally a normal General Store.

This seems like the place I will be visiting a lot.

It seems like I'll be able to learn something in this store.
I want to know the ingredients and tools in order to make sweets.
I also need to ask whether or not the store would sell the sweets I make.

From here on I'll need to study.

「Alright」

I've decided to call out to the merchants who have opened stalls.
Getting involved with these people early on would be good. Yep.

「Excuse me」

「Oh, ojou-chan. What would you like to buy? 」

The old merchant responded with a gentle smile.
I feel relieved, I was wondering what I would do if it was a scary person.

「Umm, I am planning on opening a store」

「Oh, a merchant. What kind of store?」

「A bakery, with a focus on recovery type items...」

「I see, cakes huh. Perfect for a cute little lady」

I can't get used to being called a little girl.

I mean, I am a boy.

Right now I've become a girl, but I am a boy.

「With that said, I wanted to ask those that have opened shops
somethings」

「I see. Are the candy and sweets handmade going to be made by

you?」

「Yes, right now I am raising the ingredients...」

「Hahaha, that's commitment」

Oji-san laughed with his mouth open.

Do you usually not go that far?

Am I weird? I wonder if it's because I'm new to games...

「And umm, Instead of just having my own store I was thinking that if other stores and stalls like this sell my sweets, it would be nice...」

「Ho ho. That's a good idea. Do you have the items now?」

「Ah, no, not yet. Right now I'm in the middle of obtaining ingredients.....so, for now I wanted to talk to various people and study what I need to learn」

「That's great, ojou-chan. If it's especially for a cute and serious little lady, I'll stock any item you make at my stall.」

「Really!? Thank you!!」

I did it!

Isn't this promising!?

Am I, pretty suited for this? Future success!?

Wai-wai-wai, getting a big head here is bad.

This isn't due to my own ability, this is all because oji-san is nice.

All of this is due to oji-san.

「And umm, it's about the ingredients...」

「Hmm? What is it?」

「What ingredients are exactly needed in order to make sweets here?」

「That's right. An easy ingredient to obtain is the dropped liquid from dzurimes which can be processed. Once processed it becomes a sweet honey」

「...Dzu, eh?」

I probably heard incorrectly. That's right, yep.

It had to be slime. Most games have that kind of cute monster around.

More like, monsters become ingredients? Are they delicious? I can't picture it.

More like, is it necessary to fight monsters in order to obtain it?

I didn't intend to do any combat though.

「Since you're saying that, do you buy them?」

「Yea, we deal in them as well」

Oh, thank goodness.

That means I won't have to fight.

I feel relieved hearing that.

「Umm, would it be okay if I asked you to teach me about things?」

「A study bug huh. That's fine, ask me anything」

Afterwards I had the merchant teach me about a lot of things.

Such as: which ingredients to combine, how much the sweets would recover, other items that could become ingredients, and what is needed in order to open my own store.

He also told me about other businesses that would benefit

confectionary making.

I may be studying harder than when I am at school.

If I had listened this intently in class, I wonder if I'd be able to get good grades.

Ah.

After this is done, I'll need to study.

...

So bothersome.

Chapter 13 Beautiful Onee-san

While being taught by the stall merchant, I was introduced to an acquaintance of the General Store.

If you own a store, it would be good to talk to those who are also opening stores.

That merchant, he really is a nice person.

I should've learned his name.

More like, if I remember correct there should've been a name about his head. My name should also appear above my head.

That oji-san from before had random letters I didn't understand above his head.

Ah, what was it, I think they were called NPCs?

That's right. Non-Player Characters.

That means, those people are a part of the game. Not like how my character is being controlled by me.

Umm, those with visible display names are normal players then.

Ah, that person is also a player.

Ah, the person that passed by just now too.

Ah, looking around and staring is rude isn't it. It makes me look like a beginner. I'm so embarrassing.

Umm.

The store I was directed to was located near the fountain plaza I think.

He said there are flowers drawn on the sign, It was named something I've never heard of before.

I wonder if I'm just ignorant.

Ah, there, there it is! It's probably that.

There's a red flower painted on the sign. Wow, it looks so cute. It really has the image of the town's General Store.

Once I open my store. I think an appearance like this would be good.

Alright.

With a store this cute, the owner has to be a cute person. I can relax.

「Hello」

I open the door gingerly and peek around the store.

The interior is also beautiful.

The shelves are also decorated cutely, there are tiny bottles lined up on the shelves.

Waa, I wonder if it's due to the gender swap, even my mood has become like a girls?

Cute things make my heart throb.

「Ara, a customer? Welcome to the store」

「Eh, ah! umm...」

The one who welcomed me was a woman with fluffy pink hair. She was wearing a headband with a flower corsage.

With a uniform like one piece dress covered by a frilly apron. Along with, big breasts.

Wow, when I became a woman I also wanted that much volume.

「Customer?」

「Ah, umm! I was directed here by the stall owner...」

「Stall? Ah, is it possibly Sig-san you're talking about」

The woman replied hitting her palm with a “pon”.

That oji-san is called Sig huh. I need to remember that.

I wonder what this woman's name is. I took a glance above her head.

Ah, there's those strange letters again. Which means, this person is also an NPC, a character in the game.

Umm, the name is—

「Myusera Katetsua...-san?」

「Ara, did you hear from Sig-san?」

「Eh? Ah, ha, yes!」

I see, the only ones that are able to see the display names are players like me.

More like, that was obvious.

I mean, even we usually don't have our names displayed over our heads in the real world.

「You can call me Mira. Everyone else in town calls me that」

「Mira-san. I am, umm, Haru-desu」

「Haru-chan right, now what do you need from me? Since you've been sent by Sig-san you aren't a normal customer right?」

Mira-san replies while smiling at me.

A lovely person, yet somehow she comes off as very mature.

What's it called? An onee-chan kind of feeling.

It's nice, this kind of friendly atmosphere.

「Umm, I am planning on opening a store next time」

「Ara ara, what kind of store?」

「A bakery...with things such as cakes」

「Maa, how cute, isn't that fine. Gaia doesn't have that many stores like that」

「Gaia?」

When I tilted my head, Mira-san told me that it was the name of this town.

This town is called 《Commercial City Gaia》it seems.

I didn't actually properly look.

I need to really learn more about this town, yep.

「Haru-chan, is it possible that this is your first time in this town?」

「Umm, yes. I would be glad if you could tell me more about this town」

「Sure, of course. We'll become people in the same business soon anyway, let's get along well」

Thank goodness, this town is full of good people.

The previous Sig-san and even Mira-san, everyone is friendly, everyone is nice.

「And so, Haru-chan, what kind of sweets are you going to make?」

「Various-desu, not just western sweets, I also want to try to make eastern sweets」

「A confectionary specializing store then, where are you getting your ingredients?」

「I plan on growing what I can grow, and for everything else I was thinking about asking other businesses」

「I see. That means that I'll be able to help you as well, since we stock various rare items through Sig-san」

「Really?」

「Yea, since Sig-San is a traveling merchant he has a lot of ties in other countries」

That person, he was such an amazing person.

How surprising, I thought he was just a merchant.

「If you buy through me I'll get it for you pretty cheap」

「Thank you! 」

「It's fine, if Haru-chan's store flourishes, then my store will also reap the benefits」

Alright. Yay yay!!

All that's left is for me to create delicious sweets.

Since I haven't made anything in this world yet, I'm starting to feel pretty nervous.

Well, becoming timid is bad.

It's okay, it'll turn out fine.

I gave my thanks to Mira-san, and then headed back home.

Ah, I wonder when I should return to the real world.

Since one year in the game is a full day in the real world, all I need to do is make sure to get off after six months for half a day.

Then, I guess I'll stay in the game long enough to make the store turn out well.

First of all I need to get used to the game.

Yep

Let's do that.

Even still, Mira-san is really cute.

Having that kind of older sister around makes me really happy...

Chapter 14 Alcohol is for Adults

「Now then!」

I put the things I bought on a table in the kitchen.

I bought these things in order to taste the various game ingredients. It's not right to cook when you don't know the taste of the things you're using.

Inside it seems like there are various monster like drops as well. It should be fine right, yea.

It's full of things recommended by Mira-san anyway.

「I wonder what I should taste first」

I think I'll start with this fruit.

It is a fruit I found at the grocery store. 『Panaru』is what this red fruit is called.

It looks like a large grape.

But instead of being in clusters, it is a fruit that grows individually. I try to peel the thin skin.

The inside is pink colored, and instead of being soft like a grape it feels more like an apple.

「Ahn」(NOM, in a cute way.)

Biting into it made a “shari” sound.

Then a sour and bittersweet taste spreads through my mouth.

If I had to describe it, it would be close to a lemon.

It is more sour than sweet.

Un, this is delicious.

This can be used raw, and if I boil it, it should still be delicious.

With this I should be able to make a lemon-pie like sweet.

「Now then, next one is this!」

This is a bottle with a honey-like substance in it.

The color is a beautiful amber.

I wonder if it will probably be sweet.

I open the like, and dip the tip of my pinky finger to get a small taste.

「N-tsu!?!」

Bitter!! Super bitter!!

I was surprised because I thought it would be sweet.

This seems like its vanilla essence.

The aroma is sweet, it seems like I can use this.

I think I'll use this as vanilla, this is a happy discovery.

Now, how about this sugar like thing over here.

I also bought a single seasoning set, I wonder if there's anything I can use.

I wonder if there is something like baking powder.

I'll need to ask Mira-san next time.

「I wonder what this is, a drink inside of a tiny bottle...I think」

It was a box full of bottles with assorted colors.

I took one out and opened the lid.

It smells like grapes, I wonder if it's juice.

While smelling the scent, I took a sip.

「...Oh, delicious」

It's sweet and easy to drink.

I wonder what it is, it's like a juice that tastes just like the fruit.

「...Somehow, my body has started heating up?」

For some reason my head has become fluffy.

What's with this, my mood has become better I think?

「I think, I'll drink another one」

I wonder what this orange color bottle tastes like.

If I don't properly taste it I won't be able to make sweets.

This is for the future, it's a very important job.

「Gulp, gulp.... Puha~!」

This is also delicious!

It's refreshing; the feeling on the tongue is the best...!

Super Delicious!!

「Fu fu, ufufufu-Hic」

Somehow, I feel good~.

This game, ish da best~.

It's really fun~...

.....Guu-

Chapter 015 I'm Alone but I'm Alright

「...Nnn?」

Are~, it seems bright outside?

Is it possible that I was sleeping? Huh, when did that happen?

Somehow my head hurts for some reason.

Why...?

「Ah」

The juice I drank yesterday.

Looking at this closely, it has alcohol. I see, it was due to this.

What should I do, I'm a minor...

I-Is this okay? Am I going to get in trouble?

This isn't the real world so I wonder if it is okay.

「W-well it's fine I guess. I should check the field」

If I get in trouble I can just apologize. Yea.

I'll water the field again today, then see if I can make something from the ingredients I got yesterday.

A cake is probably impossible, but I could try to process the liquid drop from the dzurime.

It's used to make a jelly I think.

I guess I didn't mishear the dzur part yesterday.

I wonder what it is, dzurimes, I kind of want to see one.

I wonder if it's wearing a wig, while being bald?

Or is the wig the main body?

This bothers me...

「Now then!」

After watering, I put on the apron I received from Mira-san yesterday.

It's a matching apron with frills.

Except, mine is pink.

That's right, what should I do for the store uniform.

I'll discuss this with Mira-san later.

For things like that, it'll be good to have the opinion of a real woman.

For now, I wonder how I'm supposed to process this into jelly.

This house is also equipped with a refrigerator and other appliances, lucky~.

It somehow feels like I'm having a lot of fun, well, that's fine~.

The hard part starts here on out.

「Umm, First off...」

Let's put in the fruit I tasted yesterday.

Half is squeezed while the other half is cut into bite-sized pieces and put into the jelly.

Un, it's going to turn out delicious.

Tomorrow I should be able to harvest the wheat, with that I should be able to make an actual cake.

Then after that, I'll bring it to Sig-san and Mira-san to ask them to sell it, and then it's time for my shop.

Management, I'm a bit nervous about that but I'll do my best. Because this is the first step to my future.

「Alright! Now with this I'll put in the previous fruit...”tou”!」

After pouring it into a container all that is left is to cool it.

With only this the recovery effect is probably very small.

I wonder if we can increase the recovery effects in a bite sized amount.

Making dried fruits and putting them into cookies might be a good idea.

That'll make it easy to eat and carry around.

A larger portion of fruit would make the recovery effects stronger too.

Un, isn't that fine?

「Before I sell it, I wonder if I can ask them to taste it, I wonder if it'll suit everyone's taste...」

While this house is full of appliances and convenient, it is way too far away from town.

Having a quiet area is nice, but I'm a little lonely.

I wonder if I can buy a pet, being alone is sad, at the very least I'd like a pet.

I wonder if there are cats in this game.

「Am I...Lonely?」

What should I do, why would I be lonely in an online game...
Since starting, I've only talked with NPCs.
I would like to talk to the other players.

Well, once I open up shop there should be a lot of various people coming.

Then I could become familiar with the customers.
To the point where I get regular customers!!

「Alright! I wonder what I should make next!」

How do you make eastern sweets.

I wonder if there's a substitute item for anko. (red-bean paste)

That's it.

That dzurime from before.

Shouldn't I be able to make something from that liquid by boiling it and adding ingredients?

Alright, yeah!

A pretty good idea has come out.

With this pace, let's fill up the menu!

Bring it on loneliness!

It'll be fine to just focus on work!

Ah, I'd like to listen to some music while working.

I usually listen to music while I make sweets or study.

I'd like a work BGM. (Background Music)

「I guess I'll look for it a bit」

Umm.

I bring out the status window and look for anything like that in the menu.

BGM...BGM...

Player...It's talking about me so this isn't it.

Music...I wonder if it's this.

Ah, but there's nothing in the playlist. I guess that's expected.

I wonder if this needs to be paid for or something.

Ah, that's wrong, it seems like I can make searches.

I find a well-known site, then search for my favorite artist and begin playing my work BGM.

Un, my switch has been flipped. My motivation meter has shot up greatly.

As long as I have this, I'll be able to focus on my work forever.

—I've, awakened.

As if~.

I might be embarrassed now.

Please forget that.

Really, seriously.

Chapter 16 New Friends?

「Did I make too much...」

I wonder if it was because I was listening to music, but I went over the top and made a lot.

Somehow with trial and error I was able to create anko.

With this I can also make eastern sweets.

With that thought, I also tried to make yokan. (sweet bean jelly)

I wonder what I should do.

For now, let's head over to Mira-san's place.

I want her to taste test, I also want to discuss what kind of uniform my shop should have too.

「Alright!」

I put all of the sweets I made into a box, and then prepped myself to head out.

I wonder if it'll suit Mira-san's taste, I also want Sig-san to taste it too.

I also want to thank them for teaching me so much.

Upon going to the city, it is filled with various people just like yesterday.

It should already be night in real life.

In that case, then I wonder if people coming home from school like me are beginning to login?

Well that's fine.

Instead of that, I need to first head to Mira-san's store.

I progress through the town like yesterday and head to Mira-san's place.

After a while a cute sign appears in sight, I arrived without getting lost and open the door with relief.

「Mira-san!」

「Ara, Haru-chan. Welcome」

As usual she's busy.

I handed over the sweets I made for Mira-san, and gave my thanks for yesterday.

「Thank you very much for yesterday, this is for you」

「Ara ara, especially for me?」

「Yes, If possible could you taste it for me?」

「Sure, that's fine」

While smiling Mira-san opens the box.

What I brought was fruit jelly.

The Yokan is in the refrigerator. (sweet bean jelly)

That is for a later date, for now I will have her taste this.

As expected the two sweets wouldn't taste good eaten together.

Mira-san uses the wooden spoon that was included in the box and brings the jelly to her mouth.

H-how is it. I start feeling nervous.

I start remembering the first time I made sweets.

「H-how is it?」

「Un, it's delish! The sweet and sour taste feels good on the tongue」

「Really? Thank goodness」

Feeling relieved my chest lowers, then suddenly a “gasa” noise is heard from the back of the store.

Looking towards the origin of the sound, there were men that weren't there yesterday carrying luggage.

I wonder if they're employees...

「Nn? Ah, that person is my brother」

「Eh, brother?」

Which means that that person is also an NPC.

The display name above his head is definitely the letters of this world.

Umm, the name is...

「Resli, come over here」

Being called over by Mira-san, Resli came over with a sour face.

More like, he's super tall! He's about two heads above my height!?

Is he about 180cm?

He's expressionless with short red hair, he seems a little scary.

「Haru-chan, this is my younger brother Resli. Feel free to call him Rei」

「Uh, huh...」

「And over here is Haru-chan. She plans on opening a store soon, so help her out okay Rei」

「.....」

Rei-san nodded while remaining silent.

Expressionless and silent, even though he looks cool he gives off a scary impression.

There's a large difference from Mira-san.

Even though the sister is so friendly.

「That's right, how about a bite Rei? This is the sweets made by Haru-chan」

「...Nn」

Mira-san scooped some jelly with the spoon then Rei-san bent down to put it in his mouth.

They seem to have a good sibling relationship.

「H-h-hh-how is it?」

He is munching in silence.

I wonder if it doesn't suit his tastes, is it alright?

He won't be angry for feeding him something bad will he? Is it okay?

「U-umm...」

「...」

「Eh?」

「Delicious」

He simply mutters his reply then returns to work.

His voice was really quiet, but he did say it was good...right?

Did I also see a little smile?

Is it my imagination?

「Arara, that Rei really likes Haru-chan's jelly」

「Eh, do you think so?!」

「Yea, that child tends to be very expressionless so it's hard to tell, but he seemed pretty happy」

「Is that so...」

I see.

It seems like he isn't a scary person.

I see, I see so that's what it was. Heh~ I'm relieved.

That's right, he is that Mira-san's brother

There's no way he's a bad person.

「How old is Rei-san?」

「Rei? He's 12 years old」

「Twelve!? The same age as me!?!」

「Ara, is that so? Then, please become friends」

「O-Okay...」

Wait, wait wait.

I still have my growth period ahead of me, I can still grow.

While I am the shortest in line, from here on I'll definitely grow.

...When I log out I think I'll drink some milk...

Chapter 17 Unique Constitution

Kuroa wore a fearless smile in front of me.

If that smile wasn't being directed at me I would be cheering 「Kya~ Kya~!///」in this situation.

Kuroa unsheathed the long sword wrapped in a violet mist. Its dull glowing blade was just like a demon sword.

「...Do you know【Magic】by any chance?」

Kuroa unexpectedly asked me a sudden question.

【Magic】...

I remember when a monster chanted a【Darkness】type of magic before I came to the town.

「Just a little bit...」

I answered honestly.

I unsheathe my silver knife as Kuroa asked.

「My specialty magic is【Thunder】it is the magic that《Wakou Jiraiya》is most suited for... ! 」

Kuroa's expression takes a 180°

I've said it before but if I wasn't in this situation I would be shouting

『Kya~ /// Kuroa-sama!!!!』

This is bad, I'm going to die.

I swallow my saliva with a gulp and take a stance with the knife.

「《Lightning》 ! 」

「Uwa!」

Using the long sword Kuroa swung up from below.

From the tip of the blade dazzling light released electricity aimed at me.

I dodge predicting where the electricity will land.

Iya, this is slashing...?

To fling lightning by slashing...!

...

So cool~~~~!

「As expected! That relaxed expression! Fu fu, it seems like I'll enjoy this!」

Saying that Kuroa kicks off the ground.

Ah, so handsome...

A handsome guy is approaching directly in front of me...

「《Thunder Slash》 ! 」

This time Kuroa used consecutive attacks with his blade wrapped in

lightning.

I do my best to parry the blows with the silver knife.

More like, so fast.

Every blow is heavy.

I can barely follow the actions with my eyes.

「Numbness! I'm getting shocked from the knife!」

「Do you plan on feigning composure the entire time...!」

「It's not composure! It's really making me numb!」

“*Bachi*”, “*Bachi*”, lightning weaves itself between us.

During that time Kuroa did not stop assault.

What should I do.

My hair has begun to stand up due to the static electricity...

「To be insulted to this extent, even I won't stay quiet...!」

At once, Kuroa jumped back and raised his sword toward the sky.

His surroundings began gathering an enormous amount of electricity.

This...is the feeling of an ultimate move...!

『Oi you』

「Hmm?」

I noticed the monster Kuroa summoned was at my feet looking up at me.

I thought this before, but its super-duper fluffy-wuffy fur makes it super cute.

I want to bury my face into its nine tails...

『That's Masters final attack, it would be best to run』

「...Ah, Iya, even if you tell me to run...」

After saying that the Kyuubi disappeared.

I wonder what that was.

I wonder if it's a monster that can freely move through time and space.

That's nice.

It's a big difference from a certain Dzura monster...

「Is it time to be looking away...?」

「Ah—」

Kuroa's words brought me back to reality, yet, too late—

It seemed like even the revolving lantern which flashed my life before my eyes didn't have enough time either.

「—————《Levin》—————」

—I was completely pierced by the lightning shot from the handsome man.

「Hey waka! That noise just now...!」

「Acha.... Did you do it again? Waka...」

「Ahh... There's a hole in the roof of the dojo again...」

The pupils gather one by one due to the sound of the lightning.

「...That's...Im...possible....」

In front of their eyes was a discouraged Kuroa with his sword stabbed into the ground.

「Ah, whoa, seriously! That boy took waka's 《Levin》and is standing there with a calm face!」

One of the pupils yell that while pointing a finger at me.

That's right—

For some reason after taking Kuroa's lightning, my body was unharmed and I just stood there in a daze.

But I think I leaked a little...

Yep.

『Master, that swordsman is probably covered by【Mismatch】the ability to nullify magic』

「【Mismatch】... No way...」

Hmm?

【Mismatch】...?

What's that?

「...Mana, can you give me a second?」

Still wearing a startled expression, Kuroa approaches me. And suddenly grabs my collar—

“*Biriri*”

「Kyaahh! What are you doing!」

「It's fine」

Suddenly tearing off my jacket, I am in a shirtless state.

Wait, It's not 『fine』!

What are you doing!

「Move your hands」

「Of course I won't! What are you doing!」

「It's fine, I just want to make sure of something」

「Something to make sure of—ah」

Kuroa forcibly moved my arms that were covering my chest. Placing a finger on my chest he murmured something.

「Please stop Kuroa!」

「It's not appearing...」

「What isn't!? Nothing's going to come out from there!」

What are you trying to take out!

I'm a guy right now, nothing's going to come out!

Iya, even if I was a girl nothing would come out—

『The emblem isn't surfacing. As I thought this person has【Mismatch】...it's a positive, Master』

The Kyuubi that suddenly appeared at my feet said as such.

Mou! What's been happening!

I mean, let go of my hand already!

It's embarrassing!

「...Can you listen to something? Mana」

Finally releasing my hand Kuroa asked with a serious expression. I grabbed the torn clothes at the speed of light and wrap it around my upper body.

Ah, mou, my heart is pounding...

「Have you ever been hit by【Magic】before?」

「Eh? Ah, well, yea...」

In the forest I was hit by【Darkness】from the witch...

「How was it, at that time?」

「It became depressed」

「?」

「Ah, sorry, that's my bad」

The witch becoming depressed when her magic didn't work on me has nothing to do with this.

...huh?

Magic...didn't work...?

No way—

「...Looking at that face it seems like you've understood. That's correct, you have a unique constitution that nullifies magic【Mismatch】it resides in your body. Just now I used a magic that would make an emblem appear on your chest so to speak」

「Emblem...」

It wasn't that he wanted to touch my chest...

Well, that's obvious.

「Your body doesn't accept any magic into it. Within this 《Commercial City Gaia》the only one with【Mismatch】in their body

is you. This is the maximum advantage you can have...as well as the maximum handicap」

「Huh—」

「While you aren't affected by any magic in return you have a constitution(...) where you aren't able(...) to use(...) any magic(...) Mana」

Chapter 18 Merrill's Clothing Store

「...」

「...Mana?」

「...」

『...he has frozen, Master』

「...」

...I can't use...magic...?

Eh? What do you mean?

Even though I came into a long awaited fantasy world, I can't chant magic?

Eh? Then, flying through the sky with a “*gyun*” is impossible?

No way~

「I wonder if this...was a considerable shock」

Kuroa waved his hands in front of my face many times, but it wasn't time for that.

【Mismatch】the ability inside me seems to nullify【Magic】so that it

doesn't affect my body at all.

Eh? Then what about recovery magic? What about magic to dispel abnormal effects?

So if the entire party is poisoned and a full party cure is cast then I'll have to be "*dokudokudokudoku*" sitting with poison the entire time? (sound of poison damage)

No way~

Eh? Then what about revival magic? Once I've died does that mean I can't revive?

What about aging magic? If I become an old man, then I'll be an old man forever?

A tranny grandpa who speaks using womanly words—

「Mana? Are you—」

「Who's a tranny Grandpaaaaaaaaaaaaaaaaaaaaaaaaaaaaaa!」

“*Zudon*”

『Master!』

「「「Waka!」」」

「.....Ah」

—and then Kuroa flew far away.

「Iya, I'm really sorry」

In the rented room from Kuroa.

I apologized in front of the battered Kuroa.
Speaking of which, you managed to survive Kuroa.

「Haha, you're really a mysterious guy...ouch...」

Kuroa lied on the bed while holding his head.
The Kyuubi looked up anxiously from the side.
The tail is really cute.
I want to fluffy-wuffy.

『Girori』

...I was glared at by the Kyuuni with fierce eyes...

「Kyuubi, Isn't it time to sleep? I'm fine here already」

『...Yes, Master』

The Kyuubi reluctantly replied to Kuroa and disappeared from where it was.

Next time I see it lets bury my face into the tails.

Yep.

「Ah... Iya, I'm really sorry, I got out of control in my head...」

Once again, I apologize by prostrating myself in a dogeza.

I have used a full force upper cut on a handsome man.

Even if I was burned at the stake by all the women in the world I could not complain...

「Please raise your head, Mana. I am also sorry; since I wanted to know your true ability my 『Habit』came out...」

Kuroa said this with an apologetic face as he got up.

Ah, a wounded handsome man is also good looking...

A sight for sore eyes.

「I also ripped your cloths...Let me reimburse you.」

「Eh? Is that fine?」

Kuroa removed money gently from his chest pocket and handed it to me.

【2500G】

The amount of money has been displayed overhead.

...huh?

2500G!

「This much? Is it okay, Kuroa?」

It was more expensive than I thought.

It's possible that it's an event reward...

「Ah, adding to the fact that I attacked you, this amount still seems lacking. I'm really sorry about that」

Once again Kuroa deeply apologizes by lowering his head.

Ah, I want to hug you right now.

But you need to endure, Mana.

If I go to crazy in a VRMMO the management is going to get angry...

「If you go down the hill and towards the west there is a 『Clothing Store』 The store is ran by my acquaintance so we can find clothes there」

「Clothing Store...Un, I'll go look」

I depart while leaving Kuroa in the house.

What I'm wearing now is a coat borrowed from him.

I'll need to return it after I buy clothes.

「Welcome~」

Leaving the rented house and heading down the hill, I arrived at the Clothing Store after heading west for 10 minutes.

『Merrill's Clothing Store』 was written on the sign.

Who came out of the back was—

「Ah, good day, are you Merrill-san? 」

Merrill Haiderun

It seems that she is also an NPC in 《Commercial City Gaia》

The trait that stands out the most is her pointed ears.

That's right.

She is an elf.

The largest race that lives in this city is human and following that is the elves.

Wearing clean white clothing, the atmosphere was excellent in the store.

How cute...those clothes...

For now I tell her that I was introduced to the store by Kuroa.

Looking at my ripped shirt under the coat, it was obvious what had happened.

Merrill looks at me with sympathy.

...As expected, his 『Battle Freak』 personality is well known

throughout the City...

「Isn't he strange, that Kuroa」

「Eh? Ah, yes. Even though he's usually nice, once he starts fighting he completely changes...」

「Fu fu, isn't that right. His family was originally the royal family's Mercenary group in the past which may have influenced him」

Royal families mercenary group...

『Originally』which means that I can infer that they are no longer in active service...

...

『Battle Freak Mercenaries』for some reason I really wanna avoid that...

「What would you like? Since your body line is really thin...how about this?」

Holding various outfits Merrill begins to coordinate a look for me.

「Yep...」

However it just doesn't feel right.

That's right, It's that.

I've never bought men's clothes before; they have less types and patterns compared to women's clothing.

I definitely prefer this type of thing being a woman more.

Saying that while being transitioned to male doesn't seem right though...

「Huh...? You...are male right? Your voice is androgynous and the way you choose your clothing is like a girl...」

「Ah, yes. I am 『tentatively』 a male right now....」

「？」

「Ah, just talking to myself」

Merrill tilts her head.

Even if I explain an NPC in a VRMMO shouldn't be able to understand.

However what should I do.

For some reason I can't find any really good male clothes...

「...Hey, since you have a girlish face, how about trying on some girl clothing?」

「Eh?」

For some reason Merrill is wearing an evil expression.

Then taking back all of the men's clothing she brings over a huge selection of female clothing.

.....Huh?

「See, something like this fits you perfectly, Ah, this too! Isn't this skirt really cute! Ah! This is also very sexy...as I thought you look a lot better in female clothing」

「Ah, umm...」

「Just try them out a little! Come on, hurry!」

「Eh, ah, huh...?」

With great force I was pushed into the dressing room.

Why is she so strong.

It hurts.

My arm hurts.

「See, this hairband also matches really well and this ribbon...uwa, so cute...!」

「...」

「Since there are a lot of types of piercings want to try some? More like, let's just try them!」

「...」

「Kya!!!! Doesn't this really suit you! With this your outfit is coordinated—」

「...」

Why are you in such high tension, Merrill-san...

The elvish tailor became drowned in excitement by crossdressing a man...

...

Ah, then again it's not like I can't understand her feelings. Thinking of having Kuroa or Susan-sensei crossdress is...

...

.....

「///」

「Ara? Your face is turning red.....! That's no good! I have an arranged marriage—!」

Merrill has somehow misunderstood.

Iya, I'm a woman...

「Ahn, but sometimes even I want to break from the rules my parents

set...! But it's no good! Ah but the immoral-ness of the situation will dominate my mind...Kya!///」

「...」

Umm...what about my clothes....

Afterwards, while saying Kya! Kya! the entire time I was constrained in Merrill's Store for several hours.

But she isn't a bad child.

While she might be a little 『Rotten』it is just her setting as an NPC.

And finally, we picked a few outfits and accessories.

All together 【1800G】

I got a discount by being introduced by Kuroa.

And all of those clothes were—

—『Women's clothing』obviously.

Yep.

Chapter 19 Crossdressing Man

The Next Day.

In order to head over to Susan-sensei's clinic I decided to visit Kuroa's House.

Because after all, going alone seems somewhat embarrassing. I wonder if he'll use the stethoscope again...

「Ah, you've arrive, then lets hurry over to Susan-sensei's—」

While talking Kuroa became frigid.

Hmm?

Is there something strange?

「...Kyuubi」

『Yes, Master』

Kyuubi suddenly appeared at Kuroa's feet after being called. I wonder why he called Kyuubi...?

「...is that...Mana...?」

『...Perhaps』

「...was Mana...a woman...?」

『...Iya, the scent was male』

「...I see」

「??」

For some reason Kuroa is holding his head while crouching like he's in pain.

What on earth is wrong...

It's fine, it's nothing big, even if I dress like a woman.

Speaking of which, it was Merrill that coordinated this outfit...

「...Mana」

「Yes」

「Why...are you wearing a skirt?」

「Because...It's cute?」

「...」

「?」

Sighing loudly, Kuroa crouches down again.

On the side Kyuubi just shakes its head “*yareyare*”.

Then Kuroa slowly opens his mouth to speak.

「...It's true, that you, look cute...I think」

「Ah, Iya, by『Cute』I meant this skirt—」

「Oh well, just listen to me」

「Ah, Okay」

I was silenced by force...

「Umm, well, I think your white outer shirt really fits you well, and your tied up hair is also cute」

「Un, my hair was surprisingly long so I was able to tie it into one knot」
「Just listen to me」
「Ah, okay...sorry」

I was forcefully interrupted...

「Let me get straight to the point. Are you...that type?」

「Your wrong」

That wasn't even straight to the point...

「Then, why are you wearing women's clothes?」

「Umm...because it was cute?」

At my reply Kuroa once again crouches down while holding his head.

Speaking of which, isn't this conversation going in a loop?

「Ah, there you are, waka! Carpenter Gram-san and his helper are here to repair the dojo... ah what a beautiful lady, is she your "this" waka?」(He has his pinky finger pointing up, which also means lover/girlfriend/boyfriend)

A pupil came in to the foyer with good timing.

We should've met yesterday, but it seems like he doesn't recognize me.

More like what's with that pinky...

That reference is old...

「Such a beautiful lady was living in Gaia! Waka sure is sinful!
Gahahaha!」

「...Let's go, Mana, if we're here then it seems like various things
will be misunderstood...」

「Ah, yea」

「Kyuubi, Head to Susan-sensei's place」

『Yes, Master』

After Kyuubi confirmed Kuroa was on his back, I was placed behind
him.

Last time I rode on the fox I was held in a princess carry...

Ah, then if I get princess carried now I don't think I'll feel
uncomfortable...

「...W-what is it, Mana...your eyes look like you want
something...」

「Hug」

When I open my arms and wink, Kuroa once again holds his head.
What's with that, isn't it fine, it's just that much...

『...Haa, here we go』

Kyuubi leaves the house at high speed while sighing.

What's with that, you didn't need to sigh.

『With this, I'll be off』

Once we reach Susan-sensei's Clinic, Kyuubi disappears again.

I wonder where he usually lives.

Since he appears immediately once called by Kuroa he might be unexpectedly close.

「Hey, welcom—who?」

The handsome gentleman Susan-sensei came out to greet us. However he had a question mark over his head.

「Mana-desu」(It's Mana)

「...Un?」

With his hand on his chin, Susan-sensei inspects me from head to toe.

It looks like Kuroa is holding his head again.

「Umm...you came yesterday...Mana-kun right?」

「Yes」

「...Did you hit your head somewhere?」

「Rude!」

Even Susan-sensei is mocking me.

What's with all this?

「Susan-sensei, this morning when he arrived he was like this...」

Being unable to bear it any longer Kuroa let out his voice.

He also summarized what happened from the rented housing to the fight in the dojo.

He also mentioned 『Merrill's Clothing Store』as well.

「I see, so...this is Merrill-chan's fault」

Susan-sensei seemed convinced.

And then slowly reaches out for my shirt.

「It's okay without the stethoscope!」

I refuse profusely.

But Susan-sensei would not stop his advance.

「Isn't doesn't really matter does it, it's not like your body has become female too」

「For some reason that sounds erotic!」

Thus I am slowly stripped.

Why does it become like this.

「Ah...iya, I'm sorry. For some reason it seems like things have gotten weird. Let's stop this for now, anymore and...」

For some reason Susan-sensei has suddenly become red and is looking away.

Thank god...

That stethoscope is super cold, and being naked is really embarrassing...

I, have narrowly avoided death.

Afterwards the examination is finished with just talking.

Apparently Susan-sensei, Kuroa, and Merrill are old friends from school.

I wonder if the setting is that all of them are older than me.

This《TSO》also has the concept of age just like the real world.

Once I started to leave, remembering that I forgot to ask a question

about my constitution I called out to Susan-sensei and he turns around.

「Sensei, I almost forgot, but I have the unique constitution called【Mismatch】with this ability does it mean that even recovery magic is no longer effective? 」

「【Mismatch】...? Is that the true?」

I thought he was asking me, but apparently I was wrong. Susan-sensei directs the question towards Kuroa.

「...Is this fine Mana? It's not something you go telling other people, so I stayed silent...」

「Eh...? Ah, I see」

Certainly I can understand what Kuroa is saying.

『Magic doesn't work』Hiding that fact will give you the upper hand in a fight and you will be able to take one or two initiatives in combat。

Otherwise『Not being able to use magic』being known would allow the enemy to come up with strategies against you.

Hmm.

It's a very complex situation.

「Fumu...This is the first time I've met someone with【Mismatch】... however in the medical records it's written that “all magic is ineffective” which would mean that even recovery magic has no effect 」

As I thought.

Then that decides my next question.

「However『Recovery Items』have an effect right? Which would mean that, unless I stock up completely on those types of items I'll be in quite a bit of danger? 」

This is what I have been thinking about yesterday while rolling around in the futon.

If I cannot use magic then I need to use tactics that don't rely magic. If magic doesn't affect me then I need an item to replace it.

「That's certainly correct, since you cannot use magic nor be affected by it. You can however, be indirectly affected by it. Technically, items also use【Magic】to cause effects and are also made with magic. The effects themselves however, shouldn't be able to be nullified」

「Hoo...if that's the case then you can relax to a certain extent...」

Then what I need to do is 『Collection of recovery items』in order to protect myself.

After I've gathered recovery items to the maximum limit, I will need to work on completing the skill system.

If there is a support skill that automatically uses possessed recovery items in an emergency I'd be a lot more relaxed...

「Kuroa, I was wondering if you could show me around to places like a general store or skill shop if they exist」

「Sure, it is a simple request; I have caused you a lot of problems. Showing you around isn't a hassle」

Kuroa generously acknowledged my request.

That's great.

This city is way too wide, without a guide I wouldn't be able to tell which store was what.

「Well, keeping this a secret just between all of us would be a good idea. If certain people like slave traders find out about【Mismatch】 then it'll become a big problem for you」

「Slave traders...? So they still exist here... in this《Commercial City Gaia》」

I get slight goosebumps from Susan-sensei's words.

Human trafficking...

Certainly with a VRMMO that is trying to copy the highest degree of freedom it is also fully equipped with that sort of system...

Being on the side that's sold isn't something that I could endure though...

「With that said, your crossdressing could be good camouflage in order to hide【Mismatch】since it is necessary to directly touch the chest in order to use the【Search】magic」

【Search】...

Is it that.

The magic that Kuroa used on me.

That, was really embarrassing.

「【Search】is used to determine the specialty magic of the person it is cast on. Once used, it will reveal the type of magic as an emblem, mine would be【Thunder】while Susan-sensei would have the ice type【Glacier】appear on his chest」

Following Susan-sensei, Kuroa gives an explanation.

How nice...【Glacier】

I like fire and ice magic the best...

「Haa...」

Heaving a large sigh, I give my thanks to Susan-sensei and leave the clinic behind.

However, I can't remain depressed forever.

Even if I can't use magic, there are a lot of things to do.

First I'll have Kuroa guide me around and then finally head toward the guild.

Since this city is so large, I'm sure various commissions【Quests】are submitted.

Do a【Quest】then save money in order to gather equipment.

Obviously I can't just use this one silver knife forever.

For the amount of magic I cannot use, I need to save up enough money in order to spurge on equipment.

I also need to improve in using the item system.

I cost quite a bit of money.

More like my『Unique Constitution』is expensive.

However, I am having fun.

I still have quite a bit of spare time anyway, ne~

Chapter 20 Choosing a Uniform

「Eh, a uniform?」

「Yes, where would I buy something to wear as a uniform for a store?」

After finishing the Jelly I brought, I asked Mira-san about it. Mira-san put her hand on her chin and let out a small “*hmm*” with a furrowed brow.

I wonder what's wrong.

I wonder if there's some kind of problem.

Or is it that I've said something bad?

「Well, there is a clothing store in Gaia」

「Really?」

「Yea, that's the only place to buy clothes in this city...well, it should be fine, since Haru-chan is a girl anyway」

「?」

I am a boy on the inside though.

Well, there's no meaning in telling that to an NPC like her.
Following that, Mira-san said that she would show me the way and
we both head out to the clothing store.

It is a few minutes away from Mira-san's store
『Merrill's Clothing Store』is written on the sign before the store.

Merrill's Clothing Store.

I wonder if Merrill is the shopkeeper's name.

Or if Merrill means something else in this world.

I wonder what kind of person it is.

The number of people I know in this city will be numbered at four.

Sig-san, Mira-san, and Rei-kun were all nice people, I'm sure it'll be
fine.

The fact that Mira-san has had a worried and unpleasant face for a
while has been bothering me though...

「Are you here, Merrill?」

Mira-san called out after opening the door.

Somehow my heart's starting to pound...

I don't have anything strange about me right? I wonder if it'll be
okay...

After lightly grooming myself, someone comes out from the back.

「Ara ara, If it isn't Mira, this is rare, did something happen?」

「Yea, I guess so」

E-e-e-e-ears!? She has pointed ears!

What was it, what were they called!?

I've seen people like this in a western movie before!

It seems like this person is Merrill-san.

She's a lovely person.

Her white uniform emphasizes her pointed ears.

She's a lot like Mira-san and has an image of being neat and clean.

「Merrill, this child is Haru-chan...today we wanted to see some clothes for her」

「Ara, well, isn't she cute, nice to meet you」

「N-Nice to meet you, I'm Haru-desu」

「Merrill is the shopkeeper here, and as you can see she is from the elf race」

Ah, that's right, it's elf.

It's a character that appears often in fantasy type anime and movies.

Wow...I can even meet these types of races.

「And then? What type of clothing do you want?」

「Ah, umm, I'm about to open my own store, so I would like a uniform for that...」

「Hmm...is that so」

Eh? What...?

For some reason Merrill-san is staring at me while examining me from top to bottom not leaving a single detail missed.

I wonder if she's thinking about what kind of clothing suits me.

It makes my heart pound if you stare that hard though.

「You are...a girl right?」

「Eh, uh umm」

「I wonder what it is, your behavior and speech is very boy like」

「I-is that right!?!」

Amazing power of observation.

It's true that the inside is male, so if seen by a perfect women it may feel a bit off.

I wonder if I should act more like a girl. (personally I think you're cute enough)

However, referring to myself femininely is embarrassing. (Japanese when referring to oneself I (Male) = Ore/boku, I (Female) = Watashi)

I mean, I've been a man since I was born.

「Well it's okay, let's see, what type of uniform would be good」

Merrill-san smiles and laughs while picking out my uniform.

Nevertheless, there is quite a lot of clothing here.

I wonder if all of this is handmade by Merrill-san.

「Hey, Mira where's Rei-kun today?」

「In charge of the store」

「Ara, tell him that he can come over to play any time」

「I refuse, it's a pain when you use my brother as a doll」

D-doll...?

What on earth did she do...?

Could it be, magic?

Could this person use that type of magic?

Then turn Rei-kun into a doll!?
Isn't this person, a scary person...?

「Ara, isn't it fine? Rei-kun has a pretty face so if you put on a wig and skirt he looks just like a girl!」

「You know...you should really stop that strange habit of yours, once you find a child of your preference you really go crazy!」

「That's because, don't you just want to dress up cute kids in cute clothing. Ah, how about this outfit for you Mira?」

「I refuse, I won't wear clothing with such an open chest area!」

...

Umm, so you meant as a dress up doll.

I see, so Merrill-san is that kind of person.

I'm a little relieved.

So that's why Mira-san had an unpleasant face before.

「Hey, Haru-chan, how about this maid uniform?」

「Huh, this!? Isn't the skirt a bit short?」

「Ara, isn't it about just right! I think it really suits cute tiny little girls like Haru-chan! Try this one out too!」

「Huh, Wait!? 」

Merrill-san makes me try out this and that trying to put together a uniform for me.

I wonder if it's my imagination that somethings that have nothing to do with a store uniform has been mixed in!?

「Haru-chan, seems a lot like a boy! This is becoming really fun」

Huh?

Well, I am certainly a boy though?

—Several hours have passed since then.

I never expected that looking for one outfit would take so long...

Chapter 21 Monster Companion

「Now then, where do you want to look first?」

Kuroa says this while turning toward me with a refreshing smile.

Fumu.

I guess this is that.

You could say it is a so called “date”.

「...What is it, Mana. You're making that face again...」

「Hug」

I open my arms and wink just like before.

Kuroa makes the same fatigued face as well.

Yep.

Well, if you actually embrace me, I'll freak out though.

With that said, all of the people around are glancing over here every now and again.

I wonder why.

I wonder if it's really that weird, these clothes...

「...You'd stand out no matter where you go...」

「Un? Did you say something Kuroa?」

「...Iya, it's nothing」

「?」

When I looked over my shoulder I could see a crowd of male NPC characters cheering 『Oh!』

...?

Is this? Could it be...?

「...(smile)」

「『『UOOOOOOOOOOHHH!』』』」

As I thought, smiling devilishly at full power brought out a reaction.

「...Please stop, Mana...」

「Eh, ah, wait! Why are you pulling me from the neck! It hurts! My clothing will stretch!」

「It's fine, let's go」

I was pulled around just like that.

I wonder if Kuroa's jealous...

Well, I think that's impossible.

I'm a man anyway.

While going around various stores, we decided to take a break at a coffee shop.

In my hands is a drink that tastes like an Italian blend, “*fuu*”, I blow on it to cool it down.

「As I thought, this city is huge...there's a 『General Store』and『Skill Store』、 as well as an『Item Synthesis Store』and『Magic Shop』. There is also a large『Training Field』and even the『Guild』is large...」

The General Store mainly sold Items, while the Skill Store mainly sold skills.

The Item Synthesis Store allowed you to create various items by combining two different items.

The Magic Shop, like its name says, sells magic. (I question whether or not we needed these explanations)

The Training Field allows you to test your skills and magic on actual monsters.

「The stores we haven't visited are...the『Arms and Armor Shop』 『Blacksmith』 and『Bookstore』which is all that is left」

「Bookstore? ... ahh, speaking of which」

Hearing Kuroa's words I open the item window.

And I pull out a book called『The Book of Darkness ⑤』

「Ahh, that's a piece of a『Grimoire』it is one of the things mainly drop from monsters」

「Un, it was dropped by a haughty like monster called Witch... If this is used then can【Darkness】magic be learned?」

...Well, no matter how much I struggle I have the constitution that I can't use any magic.

「Iya, you cannot learn magic from only a piece of the book. You see the number written on the back right?」

「Ah, yea. ⑤ is written there...」

I flipped book over when asked by Kuroa.

「It varies based on the book but the【Darkness】Grimoire pieces number from ①～②⑩ in total. Once ①～⑤ have been collected you can go to the『Bookstore』and learn『Beginner Dark Magic』」

「Ahh, then with ①～⑩ you learn『Intermediate Dark Magic』, and ①～②⑩ you learn『Advanced Dark Magic』or something like that?」

「That is correct. Of course you can also buy magic from the Magic Shop, but they usually just sell『Beginner Magic』and at a high price as well. 」

Certainly, when I browsed quickly through the Magic Shop, it seemed like if you bought everything one by one the price would start to pile up...

「It is more cost efficient to collect the grimoire pieces dropped from monsters, you can even learn beginner magic using just 5-7 pieces of the spell books」

「I see... by the way, does that shop sell complete『Grimoires』as well?」

「Yea, however even『Beginner Magic』is an absurd sum of 100,000G alone」

「100K! As I thought, it's expensive...」

In the end I guess delving in to the dungeon and exploring for treasure while collecting pieces is way more cost efficient. More like, does a『Dungeon』even exist here...

「Come on, we should probably move on to the next place」

「Ah, sure」

Once Kuroa stands up, I quickly chug the remainder of my coffee and follow.

This place's coffee tasted pretty good.

I should register it in my favorite shops.

「Yo, well if it isn't Kuroa, welcome」

Heading out of the coffee shop we arrive at『Zegaru's Blacksmith』
Coming out of the shop was—

「Tiny old man!」

「...Oi oi Jou-chan, don't start pointing out my sore spot right from the beginning...」

「Ah...I'm sorry...it just happened...」

It was an old man that was about half my height.

More like, he's obviously not human.

「Zegaru is from the dwarf race, I'll introduce you two. This person is『Mana』I am currently having Mana rented my apartment」

「Ah, that vacant house, it's good that you found a resident. Nice to meet you, Mana-jou-chan」

Zegaru-oji-san says this while returning a carefree smile.

More importantly, Jou-chan...

Oh well.

I'm dressed as a woman anyway.

『Boss! The materials have already arrived———AAAaaaaaaaah!!』

A sudden yell from the back startles us.

More importantly, this voice is...?

「What is it? So noisy, there are customers you know, Dzura-cchi」

「Dzura———cchi?」

In front of me the thing that was shaking and trembling was...

The monster I met the most in the beginning.

『Damn you! You've come here 100 years too early! How dare you kill my precious friends! Or more importantly their wigs!(dzura) Ah! I said it was a wig...』

He seems to be excited.

The pale green body of the Dzurime gradually turns red.

More like, why is a monster at a blacksmith...?

「Ah, that's right, could you buy the item drops I have?」

While ignoring the outraged Dzurime, I walk to the counter and begin to place item after item.

【Crown of the Hagedzura】 【Full Metal Hagedzura】 【Uncommon Hagedzura】

【Unusual Hagedzura】 【Immortal Hagedzura】

.....

『Aaaaaaaaahhhh! AAAAAAAAAAAAAAAAAAHHHH!』

The items arranged in a slime(line), were slime drop items.

The dzurime turns completely red, and trembles angrily making

squishy noises.

Isn't this nice, Dzura-cchi?

『The...the wigs of my companions are...! The wigs that are more important than our lives...! AAaahh!』

「Kakaka! You've collected quite a lot Jou-chan! Alright! I'll buy it all!」

【458G】

「Cheap!」『Cheap!』

Dzura-cchi's voice and mine synchronize at the price.

More importantly, isn't this too cheap!

How much do you think I've collect!

「Haha, aren't you two just the perfect match」

Kuroa laughs with a refreshing voice from behind.

「Right! It seems like it is fate! Gahaha!」

Zegaru-oji-san laughs heartily.

『Boss...this isn't a laughing matter...』

「Well, isn't this fine, Dzura-cchi. Since you've ran away from your companions and came to me, isn't it pointless if you start caring now?」

『W-while that may be true...』

「Ah, then are you a stray dzurime, or is it a cast out dzurime?」

『I don't want to be a cast out dzurime! It sounds really bad!』

Dzura-cchi begins to reject the name dramatically.
At some point the red body returned to begin green.

「...Hey, Dzura-cchi. It's been a few years since you've lived here.
Isn't it about time you served a different master?」

「Eh?」『Eh?』

Dzura-cchi and I synchronize once more.
I have a really, really bad feeling—

「The reminds me, Mana doesn't have a『Monster Companion』yet」

「Eh?」『Eh?』

What is this...? The flow of this conversation...

Please stop.

I don't want to...

『Ah, please wait a bit Boss! There are still things I want to learn
from you—』

「Quit it Kuroa! Zegaru-oji-san seems to be trying to push a
troublesome dzurimes on me too—」

『Who's a troublesome wig(dzura)! Ah! I said wig again!』

「Hey! Don't throw around strange green liquid! Ahh, mou! It's
gotten onto my white shirt!」

『What!?!』

「What!?!」

Talking at the same time, neither of us could hear the other...

「Haha, isn't this nice Mana, you guys match each other perfectly」

「Alright! From now on you are Mana's《Contracted Beast》Gahaha!」

「...」『...』

And so I—

—had a strange dzura pushed onto me—
